 Le Livre Blanc, a "white paper" on homosexual love, was first published anonymously in France by Cocteau's contemporary Maurice Sachs and was at once decried as by the critics as obscene. It is now possible to issue it under Cocteau's name. The semi-autobiographical narrative describes a youth's love affairs with a succession of boys and men during the early years of this century. The young man's self-deceptive attempts to find fulfilment, first through women and then by way of the church, are movingly conveyed; the book ends with a strong plea for male homosexuality to be accepted without censure. The book is fully illustrated and includes many woodcuts by the author.

 La génétique textuelle, créée par L. Hay et son école, vise à élucider les mécanismes de la production littéraire en la restituant dans son mouvement même. Recourant aux analyses radiographiques ou chimiques, elle analyse de façon scientifique les documents autographes, de l'ébauche au manuscrit définitif. « Copyright Electre »

 Hidden away in the Record Department of the sprawling Ministry of Truth, Winston Smith skilfully rewrites the past to suit the needs of the Party. Yet he inwardly rebels against the totalitarian world he lives in, which demands absolute obedience and controls him through the all-seeing telescreens and the watchful eye of Big Brother, symbolic head of the Party. In his longing for truth and liberty, Smith begins a secret love affair with a fellow-worker, Julia, but soon discovers the true price of freedom is betrayal.

 When published in 2009, The Art of Flying was hailed as a landmark in the history of the graphic novel in Spain for its deeply touching synthesis of individual and collective memories. A deeply personal testament, Altarriba's account of what led his father to commit suicide at the age of ninety is a detective novel of sorts, one that traces his father's life from an impoverished childhood in Aragon, to service with Franco's army in the Civil war, escape to join the anarchist FAI, exile in France when the Republicans are defeated, to return to Spain in 1949 and the stultifying existence to which Republican sympathisers were consigned under Francoism. The Art of Flying is immensely moving and vivid, beautifully drawn by Kim. It was highly praised in Spain on first publication, where it was compared to Art Spiegelman's Maus. It went on to win six major prizes, including the 2010 National Comic Prize.

 New York City's Lower East Side was a well-known landing strip for recent arrivals in the United States. For more than a century it was home to thriving communities of artists, radicals and working class families. In a gripping series of fictionalized accounts, political artist Seth Tobocman illustrates the L.E.S. of the late 80s an era of homelessness and gentrification, ACT UP and the AIDS epidemic, tent cities and squatted apartment buildings, street brawls between punks and skinheads and, above all, an emerging gulf between rich and poor.  This book provides both students and scholars with a critical and historical introduction to the graphic novel. Jan Baetens and Hugo Frey explore this exciting form of visual and literary

communication, showing readers how to situate and analyse graphic novels since their rise to prominence half a century ago. Several key questions are addressed: what is the graphic novel? How do we read graphic novels as narrative forms? Why is page design and publishing format so significant? What theories are developing to explain the genre? How is this form blurring the categories of high and popular literature? Why are graphic novelists nostalgic for the old comics? The authors address these and many other questions raised by the genre. Through their analysis of the works of many well-known graphic novelists - including Bechdel, Clowes, Spiegelman and Ware - Baetens and Frey offer significant insights for future teaching and research on the graphic novel.

 Here is Richard McGuire's unique graphic novel based on the legendary 1989 comic strip of the same name. Richard McGuire's groundbreaking comic strip Here was published under Art Spiegelman's editorship at RAW in 1989. Built in six pages of interlocking panels, dated by year, it collapsed time and space to tell the story of the corner of a room - and its inhabitants - between the years 500,957,406,073 BC and 2033 AD. The strip remains one of the most influential and widely discussed contributions to the medium, and it has now been developed, expanded and reimaged by the artist into this full-length, full-colour graphic novel - a must for any fan of the genre. 'From now on, McGuire will be known as the author of the novel Here, because it's a work of literature and art unlike any seen or read before. A book like this comes along once a decade, if not a century' Chris Ware, Guardian 'Promises to leapfrog immediately to the front ranks of the graphic-novel genre' New York Times Richard McGuire is a regular contributor to the New Yorker magazine. He has written and illustrated both children's books and experimental comics. His work has appeared in The New York Times, McSweeney's, Le Monde and Libération. He has written and directed two omnibus feature films, designed and manufactured his own line of toys, and is also the founder and bass player of the band Liquid Liquid.

 Shortly after Albert Cohen left France for London to escape the Nazis, he received news of his mother's death in Marseille. Unable to mourn her, he expressed his grief in a series of moving pieces for La France libre, which later grew into Book of My Mother. Achingly honest, intimate, and moving, this love song is a tribute to all mothers. Cohen himself expressed, "I shall not have written in vain if one of you, after reading my hymn of death, is one evening gentler with his mother because of me and my mother."

It's a tiki murder mystery in the tropical heart of Trois-Rivières! When a former limbo champion is found dead in her apartment, the local police force finds no reason to suspect foul play. But amateur detective (and bookworm barmaid extraordinaire) Marie-Pomme knows there's more to this case than just too much piña colada... and she intends to prove it, even if it means risking her own life at the bowling alley! The Pineapples of Wrath is a quirky detective story as well as a loving tribute to tiki kitsch and old school exotica. Cathon's exuberant art has both the vibrant tone of a steel guitar solo and the refreshing feel of a tropical drink topped with a toothpick umbrella. So sit back, relax and enjoy this insanely funny story set in the imaginary Hawaiian neighborhood of sunny Trois-Rivières, Québec.

WINNER OF THE COMEDY WOMEN IN PRINT PRIZE 2020 'Simmonds is a copper-bottomed genius... she is as brilliant a writer as Britain has' Jenny Colgan, Mail Online Cassandra Darke is an art dealer, mean, selfish, solitary by nature, living in Chelsea in a house worth £7 million. She has become a social pariah, but doesn't much care. Between one Christmas and the next, she has sullied

the reputation of a West End gallery and has acquired a conviction for fraud, a suspended sentence and a bank balance drained by lawsuits. On the scale of villainy, fraud seems to Cassandra a rather paltry offence - her own crime involving 'no violence, no weapon, no dead body'. But in Cassandra's basement, her young ex-lodger, Nicki, has left a surprise, something which implies at least violence and probably a body . . . Something which forces Cassandra out of her rich enclave and onto the streets. Not those local streets paved with gold and lit with festive glitter, but grimmer, darker places, where she must make the choice between self-sacrifice and running for her life.
