At once a memoir, a call to support the Boycott, Divestment and Sanctions movement, and an argument for queer solidarity across borders, this book tells the story of

how novelist and activist Sarah Schulman's became aware of how issues of the Israeli occupation of Palestine were tied to her own gay and lesbian politics.

How do we make sense of Ezekiel 40-48? Ezekiel's temple vision has long mystified Bible readers and scholars. Is this a temple that is going to be built in the future? Or is

this merely symbolic? Why so many details? Is there any relevance to this section of the Old Testament at all? This book addresses these important questions, showing how Ezekiel's temple is more than just symbolic. Yet its ultimate fulfillment is not in any physical building, but, according to the New Testament, in Jesus and the new heavens and new earth. Not only will this book illuminate Ezekiel 40-48 for you, it will also help you understand important issues of

interpretation in our day, such as typology, the role of the temple in biblical theology, and the New Testament use of the Old Testament. You will learn that yes, in fact, Ezekiel 40-48 is very relevant to the Bible's storyline.

Rediscover—or discover for the first time—the things that make you passionate in life Vital Signs is about what inspires passion and what defeats it. How we lose it

and how we get it back. And ultimately it's about the endless yet endlessly fruitful tug-of-war between freedom and domestication, the wild in us and the tame, our natural selves and our conditioned selves. Each chapter in *Vital Signs* will contain a core sample, an intimate biography of one of the strategies we employ to gain or regain our passion. The book also affirms the importance of courageous inquiry into dispassion—where we're numb, depressed, stuck,

bored—so the reader can recognize and change these tendencies in themselves.

You'll find out how some animals are able to glow in the dark and how others change their colours to hide from predators. Keep reading to discover why leaves change colour in the autumn, why your veins look blue but your blood is red, and why the language we use shapes the colours we see . . . And you'll learn exactly how to make a rainbow - in space.

A Dayton Literary Peace Prize Finalist **A

National Jewish Book Award Finalist for Debut Fiction** In this “nuanced, sharp, and beautifully written” (Michael Chabon) debut novel, a young man prepares to serve in the Israeli army while also trying to reconcile his close relationship to two Palestinian siblings with his deeply ingrained loyalties to family and country. The story begins in an Israeli military jail, where—four days after his nineteenth birthday—Jonathan stares up at the fluorescent lights of his cell and

recalls the series of events that led him there. Two years earlier: Moving back to Israel after several years in Pennsylvania, Jonathan is ready to fight to preserve and defend the Jewish state. But he is also conflicted about the possibility of having to monitor the occupied Palestinian territories, a concern that grows deeper and more urgent when he meets Nimreen and Laith—the twin daughter and son of his mother’s friend. From that morning on, the three

become inseparable: wandering the streets on weekends, piling onto buses toward new discoveries, laughing uncontrollably. They share joints on the beach, trading snippets of poems, intimate secrets, family histories, resentments, and dreams. But with his draft date rapidly approaching, Jonathan wrestles with the question of what it means to be proud of your heritage, while also feeling love for those outside of your own family. And then that

fateful day arrives, the one that lands Jonathan in prison and changes his relationship with the twins forever. "Unflinching in its honesty, unyielding in its moral complexity" (Geraldine Brooks, Pulitzer Prize-winning author), *Sadness Is a White Bird* explores one man's attempts to find a place for himself, discovering in the process a beautiful, against-the-odds love that flickers like a candle in the darkness of a never-ending conflict.

Twenty-five years after her passing, Audrey Hepburn remains the most beloved of all Hollywood stars, known as much for her role as UNICEF ambassador as for films like *Roman Holiday* and *Breakfast at Tiffany's*. Several biographies have chronicled her stardom, but none has covered her intense experiences through five years of Nazi occupation in the Netherlands. According to her son, Luca Dotti, "The war made my mother who she was." Audrey Hepburn's war included

participation in the Dutch Resistance, working as a doctor's assistant during the "Bridge Too Far" battle of Arnhem, the brutal execution of her uncle, and the ordeal of the Hunger Winter of 1944. She also had to contend with the fact that her father was a Nazi agent and her mother was pro-Nazi for the first two years of the occupation. But the war years also brought triumphs as Audrey became Arnhem's most famous young ballerina. Audrey's own reminiscences, new

interviews with people who knew her in the war, wartime diaries, and research in classified Dutch archives shed light on the riveting, untold story of Audrey Hepburn under fire in World War II. Also included is a section of color and black-and-white photos. Many of these images are from Audrey's personal collection and are published here for the first time.

 Will animosity towards

Jews and the State of Israel never end? This book ventures to rectify the misrepresentations, propaganda, obsessions, and falsifications widely disseminated in the media and public discourse, explaining the motivations behind them. The issues Michael Curtis scrutinizes are complicated and controversial, sometimes even baffling, but he reviews them in as objective and rigorous a manner as possible. Curtis divides his arguments into five key areas: political correctness and the

obsessive attack on Israel; the surprising and disturbing rise of antisemitism; the Arab world and the Islamist threat; the Palestinian narrative; and the Israeli/Palestinian conflict. The first section focuses on the censorious attitude toward Israel taken by many in the international community. A second section consists of essays on the increase of contemporary antisemitism in Arab and Muslim countries as well as European democracies. In the third section, the

author addresses changes in the Arab world, the threat of Iranian ambitions, the new alliance of Sunni Islamist states, and the growing strength and danger of Islamic fundamentalism and extremist behavior. His fourth section, on the Palestinian Narrative, details the acceptance by many critics of Israel and the international media of the Palestinian narrative of victimhood. Finally, the section on the Israeli-Palestinian conflict details the continuing struggle within the Middle East

between Israelis and Palestinians. This book is a must read for historians, political scientists, Jewish studies scholars, and all those interested in one of the most volatile and controversial regions in the world today.

 Even at four in the morning, the strip clubs and watering holes

surrounding the Honolulu studio were still hopping. The recording engineer heard a car pull into the lot, and soon the biggest man he had ever seen walked in. When he stepped into the studio, the floated floor shifted beneath the engineer's feet. Israel Kamakawiwo'ole engulfed the engineer's hand in his and said, "Hi, bruddah." The product of that impromptu recording session, a delicate medley of "Somewhere Over the Rainbow" and "What a Wonderful World," has

driven sales of Facing Future to nearly two million copies. Each time the medley is licensed to appear in advertisements, in movies, even on American Idol, Mainlanders embrace it anew as a touch of the unfamiliar in their otherwise staid record collections. But in Hawai'i, a state struggling with the responsibility of its native heritage, Facing Future is much more. Gaining unprecedented access to Israel's family, friends, and colleagues, Dan Kois tells the remarkable story

of Bruddah Iz and the album that changed his life-and his death.

The Good Song Harvest House Publishers
Why do we watch movies? If we read in search of more life, as Harold Bloom is fond of saying, then we watch movies, this book proposes, in search of wonder. We watch movies in search of awe-inspiring visions, transformative experiences, and moments of emotional transcendence and spiritual sublimity. We watch movies for many of the same reasons that we

engage in religion: to fill our ordinary evenings and weekends with something of the extraordinary; to connect our isolated, individual selves to something that is greater than ourselves; and because we yearn for something that is ineffable but absolutely indispensable. This book, through an exploration of some of the most intriguing films of the past two decades, illustrates how movies are partners with religion in inspiring, conveying, and helping us experience what Abraham

Joshua Heschel refers to as "radical amazement": the sense that our material universe and our ordinary lives are filled with more wonders than we can ever imagine, and that it takes spiritually—as well as cinematically—trained eyes to uncover these ever-present ocular gems. In addition to illustrating how films utilize religious themes and theological motifs to convey a sense of wonder, this book offers new interpretations of key films from canonical American

directors such as Martin Scorsese, Terrence Malick, Richard Linklater, Wes Anderson, and the Coen brothers. *Dutch Girl* Duke University Press

*Violence against lesbians
 and gay men* has
 increasingly captured

media and scholarly
 attention. But these
 reports tend to focus on
 one segment of the LGBT
 community—white,
 middle class men—and
 largely ignore that part of
 the community that
 arguably suffers a larger
 share of the
 violence—racial
 minorities, the poor, and
 women. In *Violence
 against Queer People*,
 sociologist Doug Meyer
 offers the first
 investigation of anti-queer
 violence that focuses on
 the role played by race,
 class, and gender.

Drawing on interviews with forty-seven victims of violence, Meyer shows that LGBT people encounter significantly different forms of violence—and perceive that violence quite differently—based on their race, class, and gender. His research highlights the extent to which other forms of discrimination—including racism and sexism—shape LGBT people’s experience of abuse. He reports, for instance, that lesbian and transgender women often

described violent incidents in which a sexual or a misogynistic component was introduced, and that LGBT people of color sometimes weren’t sure if anti-queer violence was based solely on their sexuality or whether racism or sexism had also played a role. Meyer observes that given the many differences in how anti-queer violence is experienced, the present media focus on white, middle-class victims greatly oversimplifies and distorts the nature of anti-queer violence. In fact,

attempts to reduce anti-queer violence that ignore race, class, and gender run the risk of helping only the most privileged gay subjects. Many feel that the struggle for gay rights has largely been accomplished and the tide of history has swung in favor of LGBT equality. Violence against Queer People, on the contrary, argues that the lives of many LGBT people—particularly the most vulnerable—have improved very little, if at all, over the past thirty years.
