Pathetic, contrite and hapless, Benjamin is nonetheless the  
scapegoat at The Store: there is nothing for which he cannot be  
blamed. While his blunders remain minor, most of his unwitting  
victims can find it in their hearts to forgive him, but when violent  
explosions begin to follow him around, he inevitably becomes the  
prime suspect. With his girlfriend Julie by his side, Benjamin  
thrusts himself into uncovering the mystery, delving deep into  
underground Paris and pursuing the truth through a maze of  
bizarre criminality and oppressive shadows.

I have decided to write this short book for my little Michelle, if

something unpleasant were to happen to me one day I thought it only right that she should know the truth. The little one said many strange things when she was little more than in infancy and to keep them as memories I always wrote them in a simple workshop notebook... but that notebook was full to bursting... and I was too

"I have always had faith that the best writers will rise to the top, like cream, sooner or later, and will become exactly as well-known as they should be-their work talked about, quoted, taught, performed, filmed, set to music, anthologized. Perhaps, with the present collection, Lucia Berlin will begin to gain the attention she deserves." -Lydia Davis  
**A MANUAL FOR CLEANING WOMEN** compiles the best work of the legendary short-story writer Lucia Berlin. With the grit of Raymond Carver, the humor of Grace Paley, and a blend of wit and melancholy all her own, Berlin crafts miracles from the everyday, uncovering moments of grace in the Laundromats and halfway houses of the American Southwest, in the homes of the Bay Area upper class, among switchboard operators and struggling mothers, hitchhikers and bad Christians. Readers will revel in this remarkable collection from a master of the form and wonder how they'd ever overlooked her in the first place.

One night I woke up suddenly, disturbed by the shaking of the mattress. It was four in the morning and I was alone. My girlfriend, and I hoped my soon-to-be-wife, was in the other room, having fallen asleep cuddling our little girl. I put the palm of my hand on the mattress to check that the distress I was experiencing was not the fruit of my imagination. I cried out aghast: "Blimey! What is this? An earthquake?". Then I touched the bedside table where I usually put my glasses, but it was completely still, not shaking in the least. I then switched the light on and in fact everything was steady...except for the bed-cover. I then wondered if it had been some kind of earthquake-swarm. The next day I would check on Google to see whether that was the case. It also occurred to me, however, that it might be the evil I fight every day; but how could the Devil have become so strong - I wondered - to attack me like that? I then took hold of the Gospel, which was on my bedside table next to my glasses, and put it on the mattress, saying out loud: "But in any case we have Free-will!", and the shaking stopped within seconds.

This study of a unique social world probes beneath the thrill and spectacle of horse racing into the lives of the "honest boys," the "gyps," the "manipulators," the "stoops," and the "Chalk eaters"--the constituents of race track society and the players of the racing game. With scientific precision and journalistic vigor, Scott describes the everyday activities--the objectives and strategies--of those whose lives are organized around track proceedings and who compete with chance and one another. The players in the

racing game range from track owners to stable boys, from law enforcers to lawbreakers, and from casual sportsmen to pathologically addicted gamblers. Considering the self-interests, the normative and operational codes, and the interactional relationships among the major types and subtypes of participants, the author defines the components of strategic movement within the framework of rules and resources to show how a player's relations to the "means of production" governs his behavior. The fruitful application of sociological theory and method to an unusually interesting social context makes this particularly useful still for courses in social problems and the sociology of organizations and of leisure. "...when he was teaching at Berkeley, Goffman asked me to come to his seminar to hear a student, Marvin Scott, present his research on horse racing. ...in the course of his presentation, Scott suggested in passing that gamblers, including horse players, sometimes had winning streaks' or losing streaks.' Goffman, who had been listening appreciatively until that point, interrupted to say that of course Scott meant that they thought they had such streaks of good or bad luck. But Scott said no, these were observable facts.' Goffman, unwilling to accept such supernatural talk, persisted, appealing to the laws of probability to assure Scott that such streaks' were natural occurrences in any long run of tries in such a game as blackjack or craps."--Howard Becker Marvin B. Scott retired in 2001 as professor of sociology at Hunter College, City University of New York. He previously taught at San Francisco State College and received his Ph.D. in 1966 at the University of California, Berkeley. A young woman goes on a perilous journey in search of her absent father. What ensues is a Freudian adult fairytale in this exciting debut by young Swiss author Michelle Steinbeck. A child attacks Loribeth with an iron while she is sleeping. In retaliation Loribeth throws the iron onto the child from an upstairs window, packs the damaged body into a suitcase and sets off on her travels. Thus starts Steinbeck's unusual, poetic novella about a young woman's transition from childhood to adulthood.

*Where the Heart Is* Andrews McMeel Publishing

Long hailed as a seminal work of modernism in the tradition of Joyce and Kafka, and now available in a supple new English translation, Italo Svevo's charming and splendidly idiosyncratic novel conducts readers deep into one hilariously hyperactive and endlessly self-deluding mind. The mind in question belongs to Zeno Cosini, a neurotic Italian businessman who is writing his confessions at the behest of his psychiatrist. Here are Zeno's interminable attempts to quit smoking, his courtship of the beautiful yet unresponsive Ada, his unexpected-and unexpectedly happy-marriage to Ada's homely sister Augusta, and his affair with a shrill-voiced aspiring singer. Relating these misadventures with wry wit and a perspicacity at once unblinking and compassionate, Zeno's Conscience is a miracle of psychological realism.
