Learn to create modern quilts more quickly and easily than ever with this popular method, featuring

thirteen projects and twenty-five bonus ideas. Do you believe rules were meant to be broken? If so, this improvisational quilt-as-you-go technique is for you. Instead of dealing with precise paper patterns and cutting measurements, you'll learn how to piece fabric onto small, manageable batting blocks. Let your creative juices flow as you quilt directly on the blocks (not the whole quilt!),

whether in large abstract zigzags or small structured stitches. After the blocks have been joined, all you need to do is add backing fabric and binding, and—voilà—it's finished! A modern approach to quilting that's fresh, fun, and simpler than it sounds; it will change the way you quilt (for the better) Great for moms or anyone with a busy schedule—the se thirteen projects are easy to

transport because they make it simple to pick up where you left off Go your own way: This method allows you to use a pattern or improvise, creating a wide variety of design options Save money! Learn how to finish your own quilts without the use of a longarm professional “Quilting is easier than ever with Jera Brandvig’s modern spin on the popular quilt-as-you-go technique.” —Modern Quilts

Unlimited “Quilt-as-you-go (QAYG) is one of those techniques that every quilter is curious about trying, but can be daunting as the process is so different to the traditional process of making a quilt top and then quilting it. . . . The book introduces the technique very thoroughly, so you can clearly understand the difference between traditional piecing and quilting and QAYG. Then

there’s a great selection of gorgeous quilts that are sure to appeal to the modern quilter. A must if you’ve ever thought about trying QAYG and haven’t had a clue where to start.” —Make Modern Magazine **The Big Book of Baby Quilts** Annie’s Wholesale Basic Quilting includes historically significant patterns and techniques for making the quilts of yesteryear.
