. . . I wanted you more than you'll ever
know, so I sent love to follow wherever
you go. . . Love is the greatest gift we
have to give our children. It's the one
thing they can carry with them each and
every day. If love could take shape it
might look something like these heartfelt
words and images from the inimitable

Nancy Tillman. *Wherever You Are* is a
book to share with your loved ones, no
matter how near or far, young or old,
they are.

The Highlights Book of Things to Do is
the essential book of pure creativity and
inspiration. Kids ages seven and up will
find hundreds of ways to build, play,
experiment, craft, cook, dream, think,
and become outstanding citizens of the
world. This highly visual, hands-on

activity book shows kids some of the best ways to do great things--from practicing the lost arts of knot-tying, building campfires, connecting circuits, playing jump rope, drawing maps, and writing letters, to learning how to empower themselves socially, emotionally, and in their communities. The final chapter, Do Great Things, inspires kids become caring individuals, confident problem solvers, and thoughtful people who can change the world. Full List of Chapters: Things to Do Inside Things to Do Outside Science Experiments to Do Things to Build Things to Do with Your Brain Things to Do in the Kitchen Things to Draw Things to Write Things to Do with Color Things to Do with Paper More Things to Do with Recycled Materials Do Great Things

 THE #1 NEW YORK TIMES BESTSELLER IS NOW A MAJOR-MOTION PICTURE DIRECTED BY RON HOWARD AND STARRING AMY ADAMS, GLENN CLOSE, AND GABRIEL BASSO "You will not read a more important book about America this year."—The Economist "A riveting book."—The Wall Street Journal "Essential reading."—David Brooks, New York Times Hillbilly Elegy is a passionate and personal analysis of a culture in crisis—that of white working-class Americans. The disintegration of this group, a process that has been slowly occurring now for more than forty years,

has been reported with growing frequency and alarm, but has never before been written about as searingly from the inside. J. D. Vance tells the true story of what a social, regional, and class decline feels like when you were born with it hung around your neck. The Vance family story begins hopefully in postwar America. J. D.'s grandparents were "dirt poor and in love," and moved north from Kentucky's Appalachia region to Ohio in the hopes of escaping the dreadful poverty around them. They raised a middle-class family, and eventually one of their grandchildren would graduate from Yale Law School, a conventional marker of success in achieving generational upward mobility. But as the family saga of *Hillbilly Elegy* plays out, we learn that J.D.'s

grandparents, aunt, uncle, sister, and, most of all, his mother struggled profoundly with the demands of their new middle-class life, never fully escaping the legacy of abuse, alcoholism, poverty, and trauma so characteristic of their part of America. With piercing honesty, Vance shows how he himself still carries around the demons of his chaotic family history. A deeply moving memoir, with its share of humor and vividly colorful figures, *Hillbilly Elegy* is the story of how upward mobility really feels. And it is an urgent and troubling meditation on the loss of the American dream for a large segment of this country.

Abel James, the ABC star and creator of the #1 Fat-Burning Man Show, shares his revolutionary weight-loss program in *The Wild Diet* - now a New York Times Bestseller! Can you really lose 20 pounds in 40 days while enjoying real butter, juicy burgers, chicken parmesan, chocolate, and even cheesecake? The answer might surprise you. By focusing on simple, fresh ingredients and nutrient-dense meals, *The Wild Diet* programs your body to burn fat as its main fuel source. Eating Wild, thousands of people across the world have dropped 20, 60, or even more than 100+ pounds without hunger... and often with minimal exercise. In *The Wild Diet*, you'll find that we are not meant to starve ourselves, count calories, or avoid delicious food. We're wired to eat luxuriously and live

well without getting fat. If you think that you're stuck with the genes you inherited and there's nothing you can do about it, read closely. *The Wild Diet* paints a different picture, one in which we have the power to influence our genetic expression by taking control of the quality of food we eat, the way we move, and the environment around us. We once had access to an immense variety of fresh seasonal foods from small, local sources. Now we have access to few varieties of processed foods from a massive industrial system often thousands of miles from where we live. The secret to great health simply getting back to our wild roots and enjoying real, Wild foods grown on a farm and not in a factory. By prioritizing foods found in the natural world, rich in

fiber and nutrients, your body will burn fat instead of sugar for energy. When you reduce your consumption of processed grains, sugars and other simple carbohydrates in favor of healthy plants and animals, you will be shocked by how quickly you can reverse the damage of decades of poor eating. The Wild Diet proves that it's possible to get in best shape of your life while eating delicious foods like chicken parmesan, bacon cheeseburgers, and even chocolate pudding. If you want to know how to burn more fat by indulging in incredible meals and exercising less, it's time to treat yourself to The Wild Diet. Games, Activities, and Other Fun Ways to Help Children and Teens Learn Etiquette Knopf

"Most people spend far more time in

preparation for their vocation than they do in preparation for marriage." With more than 35 years of experience counseling couples, Gary has found that most marriages suffer due to a lack of preparation and a failure to learn to work together as intimate teammates. So he put together this practical little book, packed with wisdom and tips that will help many develop the loving, supportive, and mutually beneficial marriage they envision, such as: What the adequate foundation for a successful marriage truly is What to expect about the roles and influence of extended family How to solve disagreements without arguing How to talk through issues like money, sex, chores, and more Why couples must learn how to apologize and forgive Ideal for newly

married couples and those considering marriage, the material lends itself to heart-felt, revealing, and critical conversations for relational success. Read this book and you'll be prepared for—not surprised by—the challenges of marriage. - Bonus features include: Book suggestions and an interactive website to enhance the couples' experience "Talking it Over" questions and suggestions to jumpstart conversations over each chapter Appendix on healthy dating relationships and an accompanying learning exercise

A Workbook for Preserving Your Legacy Macmillan

Don't miss this New York Times bestselling "impossible to put down" (Buzzfeed) novel with deadly stakes, thrilling twists, and juicy secrets--perfect

for fans of One of Us is Lying and Knives Out. Avery Grambs has a plan for a better future: survive high school, win a scholarship, and get out. But her fortunes change in an instant when billionaire Tobias Hawthorne dies and leaves Avery virtually his entire fortune. The catch? Avery has no idea why--or even who Tobias Hawthorne is. To receive her inheritance, Avery must move into sprawling, secret passage-filled Hawthorne House where every room bears the old man's touch--and his love of puzzles, riddles, and codes. Unfortunately for Avery, Hawthorne House is also occupied by the family that Tobias Hawthorne just dispossessed. This includes the four Hawthorne grandsons: dangerous, magnetic, brilliant boys who grew up with every

expectation that one day, they would inherit billions. Her apparent Grayson Hawthorne is convinced that Avery must be a conwoman, and he's determined to take her down. His brother, Jameson, views her as their grandfather's last hurrah: a twisted riddle, a puzzle to be solved. Caught in a world of wealth and privilege, with danger around every turn, Avery will have to play the game herself just to survive.

Things the Grandchildren Should Know

Grand Central Publishing

A NATIONAL BESTSELLER This beloved memoir "is an extraordinary, honest, nuanced and compassionate look at adoption, race in America and families in general" (Jasmine Guillory, *Code Switch*, NPR) What does it mean to lose your roots—within your culture, within your

family—and what happens when you find them? Nicole Chung was born severely premature, placed for adoption by her Korean parents, and raised by a white family in a sheltered Oregon town. From childhood, she heard the story of her adoption as a comforting, prepackaged myth. She believed that her biological parents had made the ultimate sacrifice in the hope of giving her a better life, that forever feeling slightly out of place was her fate as a transracial adoptee. But as Nicole grew up—facing prejudice her adoptive family couldn't see, finding her identity as an Asian American and as a writer, becoming ever more curious about where she came from—she wondered if the story she'd been told was the whole truth. With warmth, candor, and startling insight, Nicole

Chung tells of her search for the people who gave her up, which coincided with the birth of her own child. *All You Can Ever Know* is a profound, moving chronicle of surprising connections and the repercussions of unearthing painful family secrets—vital reading for anyone who has ever struggled to figure out where they belong.

A Highly Judgmental, Unapologetically Honest Accounting of All the Things Our Elders Are Doing Wrong Citadel Press
How does one young man survive the deaths of his entire family and manage to make something worthwhile of his life? In *Things The Grandchildren Should Know* Mark Oliver Everett tells the story of what it's like to grow up the insecure son of a genius in a wacky Virginia Ice Storm-like family. Left to run wild with

his sister, his father off in some parallel universe of his own invention, Everett's upbringing was 'ridiculous, sometimes tragic and always unsteady'. But somehow he manages to not only survive his crazy upbringing and ensuing tragedies; he makes something of his life, striking out on a journey to find himself by channelling his experiences into his, eventually, critically acclaimed music with the Eels. But it's not an easy path. Told with surprising candour, *Things The Grandchildren Should Know* is an inspiring and remarkable story, full of hope, humour and wry wisdom.

Things the Grandchildren Should Know Harper Collins

From a gifted young writer, the story of his quest to reclaim his family's apartment building in Poland--and of the

astounding entanglement with Nazi treasure hunters that follows Menachem Kaiser's brilliantly told story, woven from improbable events and profound revelations, is set in motion when the author takes up his Holocaust-survivor grandfather's former battle to reclaim the family's apartment building in Sosnowiec, Poland. Soon, he is on a circuitous path to encounters with the long-time residents of the building, and with a Polish lawyer known as "The Killer." A surprise discovery--that his grandfather's cousin not only survived the war, but wrote a secret memoir while a slave laborer in a vast, secret Nazi tunnel complex--leads to Kaiser being adopted as a virtual celebrity by a band of Silesian treasure seekers who revere the memoir as the indispensable

guidebook to Nazi plunder. Propelled by rich original research, Kaiser immerses readers in profound questions that reach far beyond his personal quest. What does it mean to seize your own legacy? Can reclaimed property repair rifts among the living? Plunder is both a deeply immersive adventure story and an irreverent, daring interrogation of inheritance--material, spiritual, familial, and emotional.

This Might Be Too Personal Penguin
This book is designed to help Grandparents make lasting memories for themselves and their grandchildren. There are over 100 creative ideas of things to do. Special Activities for Grandparents and Grandchildren... more fun things to do with grandchildren. This book focuses on grandchildren 4-16.

Goldie's Guide to Grandchilding

Things the Grandchildren Should Know

The New York Times bestseller: "A superb, thoughtful biography" of the creator and star of Mister Rogers' Neighborhood (David McCullough). Fred Rogers was an enormously influential figure in the history of television and in the lives of tens of millions of children. Through his long-running television program, he was a champion of compassion, equality, and kindness. Rogers was fiercely devoted to children and to taking their fears, concerns, and questions about the world seriously. The Good Neighbor, the first full-length biography of Fred Rogers, tells the story of this utterly unique and enduring American icon. Drawing on original interviews, oral histories, and archival

documents, Maxwell King traces Rogers's personal, professional, and artistic life through decades of work. King explores Rogers's surprising decision to walk away from his show to make television for adults, only to return to the neighborhood with increasingly sophisticated episodes, written in collaboration with experts on childhood development. An engaging story, rich in detail, *The Good Neighbor* is the definitive portrait of a beloved figure, cherished by multiple generations.

Share Your Love, Share Your Stories!

Your grandchild is the cherished next chapter of your family's story. Let this guided journal help you share your own chapter of this story with your grandchild. The prompts will help you use your own words to tell your life stories from childhood to present day. Share memories of your parents and your schooldays, the important lessons you learned as a young adult, the wisdom you've gained from raising a family, and the hopes and dreams you have for your grandchild. Whether you live around the corner or across the country from your grandchild, the stories

you share in these pages will connect the generations of your family for years to come.

Creating an Heirloom Journal for Your Grandchild Harmony

An acclaimed indie rocker from the Eels discusses his turbulent upbringing outside of the sphere of his absent acclaimed physicist father, the tragic losses of his family members, and his efforts to forge a career in the alternative music scene. 75,000 first printing.

The Book of Two Ways Macmillan

In his new book, *It's Not a Big Thing in Life*, Arnie Witkin asks you to consider what actions you should take in handling life's troubles and triumphs. The 65 topics covered include: Principles of success Love and relationships Sex Work

and money Facing difficult challenges and decisions Taking responsibility for yourself Humour as a coping strategy Public speaking guidelines Coping with illness The power of vulnerability Self-compassion How to deal with sexting, cyber bullies, pornography, racism, drugs, anger, jealousy, envy, gambling, trust, etc. It's all about your big things in life and your less big things in life and the energy that you assign to each. Arnie was a successful investment manager and a pioneer in the private equity industry in South Africa. Since retiring from active business he has been a speechwriter, public speaking coach, executive coach and mentor. His path was far from smooth. After emigrating in 1989 he found himself out of work for three years, living off

dwindling capital. Calling on all his inner strength and resilience he started again at age 50 and once again reached the top of the tree. Possibly the greatest challenges he faced were being diagnosed with advanced thyroid cancer in 2001, which has metastasised to his lungs, and prostate cancer in 2009. He has developed strategies for coping and living a full life, which are all detailed in the book. He still plays golf three times a week, so everything must be OK. As an awkward teenager he was quite obese with all the angst this can create. As a result he understands anxiety that shy people can have about sex, inclusion, envy, jealousy, power and ambivalence about what to do with their lives. He has been married for forty seven years, has two sons and six grandchildren. His

eldest grandchild said, 'Grandpa, I think that you understand everything'.

BLURB 'The title suggests that these memoirs are for his grandchildren, but they are valuable musings for any and every one. As you go through the pages, you'll find a lot of humour, as life is supposed to have its frivolity and fun. I can only hope folks will enjoy the pages, as I have, and we learn to appreciate a thing or two about life from an all-rounder who has experienced his fair share of thorns and roses.' - Michael Holding (West Indian Test Cricketer, Cricket Commentator, and pundit for Sky Sports and SuperSport)

A Memoir of a Family and Culture in Crisis Family Tree Books

#1 NEW YORK TIMES BEST SELLER • In this urgent, authoritative book, Bill Gates sets out a wide-ranging, practical—and accessible—plan for how the world can get to zero greenhouse gas emissions in time to avoid a climate catastrophe. Bill Gates has spent a decade investigating the causes and effects of climate change. With the help of experts in the fields of physics, chemistry, biology, engineering, political science, and finance, he has focused on what must be done in order to stop the planet's slide to certain environmental disaster. In this book, he not only explains why we need to work toward net-zero emissions of greenhouse gases, but also details what we need to do to achieve this profoundly important goal. He gives us a clear-eyed description of the challenges we face.

Drawing on his understanding of innovation and what it takes to get new ideas into the market, he describes the areas in which technology is already helping to reduce emissions, where and how the current technology can be made to function more effectively, where breakthrough technologies are needed, and who is working on these essential innovations. Finally, he lays out a concrete, practical plan for achieving the goal of zero emissions—suggesting not only policies that governments should adopt, but what we as individuals can do to keep our government, our employers, and ourselves accountable in this crucial enterprise. As Bill Gates makes clear, achieving zero emissions will not be simple or easy to do, but if we follow the plan he sets out here, it is a goal firmly

within our reach.

A Memoir of Family Property and Nazi Treasure Delacorte Press

An acclaimed indie rocker from the Eels discusses his turbulent upbringing outside of the sphere of his absent acclaimed physicist father, the tragic losses of his family members, and his efforts to forge a career in the alternative music scene. 75,000 first printing.

This audio CD tells the extraordinary true life story of songwriter Mark Oliver Everett, lead singer of the band Eels.

It's Not a Big Thing in Life First Second Books

A frisky, feminine, funny, and profoundly genuine essay collection on

relationships, sex, motherhood, and finding yourself, by the editor of New York Magazine's Sex Diaries. Alyssa Shelasky has a lot to tell you. In this hilarious and intimate essay collection, Alyssa navigates life as a wild-hearted woman and her thrilling career as a sex, relationship, and celebrity writer in New York City. From double-booking an interview with Sarah Jessica Parker and an abortion appointment and unsuccessfully quitting sex and men entirely to have a baby via an anonymous sperm donor, to hooking up with a hot musician while eight months pregnant and then finding her life partner but vowing to never get married, Alyssa's essays paint a deeply genuine, romantic, and uproarious portrait of a woman who craves both love and lust,

and refuses to settle or sacrifice her fierce inner-spirit, sometimes to her own regret and detriment. And she's not afraid to give you every single beautiful, messy, embarrassing, and emotional detail of her bleeding heart and busy bedroom. This *Might Be Too Personal* is like having (several) drinks with your best friend who has seen, heard, and done everything. Literally, everything. Told in a refreshing candor with jolts of humor, undeniable relatability, and irresistible energy, Alyssa's book is the ultimate meditation on living an authentic life with big feelings, hard decisions, and the small victories and painful mistakes of motherhood, womanhood, and profound independence.
