Who I Am Oldcastle Books

'Are you there, Satan? It's me, Madison' Meet Madison, whip-tongued daughter of a narcissistic film star and a billionaire, abandoned at a Swiss boarding school over Christmas while her parents are off adopting more orphans. Madison dies of a marijuana overdose and awakes to find herself in Hell, sharing her cell with a motley crew of young sinners that's almost too good to be true. Welcome to the afterlife as only Palahniuk could imagine it - he makes eternal torment, well, simply divine.

John Wayne Speaks University of Texas Press

What if, instead of keeping up with change, you could get ahead of it? Our mission as Christians was the same yesterday as it is today and will be tomorrow. The world, however, is changing faster than ever before, and keeping up feels impossible. The realities of human life—from how we

develop relationships to how we use technology to have impact—therefore change rapidly too. It's critical that Christian leaders take this into consideration as they plan for their organizations' future. In *What Comes Next?*, strategists and innovation experts Nick Skytland and Ali Llewellyn use the eight elements of their Futures Framework to teach us how to help shape the future, be visionary, and grow our businesses and ministries. This futures-thinking process is a proven solution for executives, entrepreneurs, pastors, and anyone in between who struggles to respond to an ever-changing world.

How Coppola Became Cage Hachette Books

Why do they call Adelaide, Australia the "City of Corpses"? How many people did Agatha Christie kill with her pen? What was Jack the Ripper's supposed occupation? There's nothing like a little murder to challenge the dark side of your brain. This dastardly little volume is organized by the seven deadly sins, giving you all the gumshoes, guns, and gore you need to explore the sinister side of human nature, including: The worst villains of all time—from Hannibal Lecter to Charles Manson The bloody truth about forensics Weaponry to die for Private dicks, dangerous dames, and

dubious characters The most puzzling unsolved mysteries Who's really gotten away with murder From amateur sleuths to serial killers, this murderous miscellany of crime—both real and imagined—is just the thing for a dark and stormy night.

The Quotable Actor University of New Mexico Press

"I love my FedEx guy 'cause he's a drug dealer and he don't even know it . . . and he's always on time." --Mitch Hedberg Talking about weed? It never gets old. There's just a whole lot to be said. And in this book, you'll find more than a thousand hilarious, half-baked quotes about marijuana and its (medicinal, calming, overall awesome) influence on movies, people, politics, and pop culture from well-known stoners like Tommy Chong to closet inhalers like Jennifer Aniston. Within these papers (er, pages), you'll be treated to tasty nuggets of wisdom from Jay Leno ("Forty million Americans smoke marijuana and the only ones who didn't like it were Judge Ginsburg, Clarence Thomas, and Bill Clinton.") to Bob Marley ("When you smoke the herb, it reveals you to yourself.") and every pothead in between. As you roll through these words of wisdom, picking up new knowledge to drop on your friends, you'll wish you thought of these killer buds first. So gather

around the bong, grab some snacks to share, and burn through this collection of essential pothead wisdom.

Pottery in Alberta Faber & Faber

NEW YORK TIMES BESTSELLER • From the chef behind Momofuku and star of Netflix's Ugly Delicious—an intimate account of the making of a chef, the story of the modern restaurant world that he helped shape, and how he discovered that success can be much harder to understand than failure. ONE OF THE BEST BOOKS OF THE YEAR: NPR, Fortune, Parade, The New York Public Library, Garden & Gun In 2004, Momofuku Noodle Bar opened in a tiny, stark space in Manhattan's East Village. Its young chef-owner, David Chang, worked the line, serving ramen and pork buns to a mix of fellow restaurant cooks and confused diners whose idea of ramen was instant noodles in Styrofoam cups. It would have been impossible to know it at the time—and certainly Chang would have bet against himself—but he, who had failed at almost every endeavor in his life, was about to become one of the most influential chefs of his generation, driven by the question, “What if the underground could become the mainstream?” Chang grew up the youngest son of a deeply religious Korean American family in Virginia. Graduating college aimless and depressed, he fled the States for Japan, hoping to find some sense of belonging. While teaching English in a backwater town, he experienced the highs of his first full-blown manic episode, and began to think that the cooking and sharing of food could give him both purpose and agency in his life. Full of grace, candor, grit, and humor, *Eat a Peach* chronicles Chang's switchback path. He lays bare his mistakes and wonders about his extraordinary luck as he recounts the improbable series of events that led him to the top of his profession. He wrestles with his lifelong feelings of otherness and inadequacy, explores the mental illness that almost killed him, and finds hope in the shared value of deliciousness. Along the way, Chang gives us a penetrating look at restaurant life, in which he balances his deep love for the kitchen with unflinching honesty about the industry's history of brutishness and its uncertain future.

420 Meditations U of Minnesota Press

This compelling, honest book investigates the growing epidemic of prescription painkiller abuse among today's Generation Rx. Through gripping profiles and heartbreaking confessions, this memoir dares to uncover the reality -- the addiction, the withdrawal, and the recovery -- of this newest generation of pill poppers. Joshua Lyon was no stranger to substance abuse. By the time he was seventeen, he had already found sanctuary in pot, cocaine, Ecstasy, and mushrooms -- just to name a few. Ten years later, on assignment for *Jane* magazine, he found himself with a two-inch-thick bottle of Vicodin in his hands and only one decision to make: dispose of the bottle or give in to his curiosity. He chose the latter. In a matter of weeks he'd found his perfect drug. In the early half of this decade, purchasing painkillers without a doctor was as easy as going online and checking the spam filter in your inbox. The accessibility of these drugs -- paired with a false perception of their safety -- contributed to their epidemic-like spread throughout America's twenty-something youth, a group dubbed Generation Rx. *Pill Head* is Joshua Lyon's harrowing and bold account of this generation, and it's also a memoir about his own struggle to recover from his addiction to painkillers. The story of so many who have shared this experience--from discovery to addiction to rehabilitation -- *Pill Head* follows the lives of several young people much like Joshua and dares to blow open the cultural phenomena of America's newest pill-popping generation. Marrying the journalist's eye with the addict's mind, Joshua takes readers through the shocking and often painful profiles of recreational users and suffering addicts as they fight to recover. *Pill Head* is not only a memoir of descent, but of endurance and of determination. Ultimately, it is a story of encouragement for anyone who is wrestling to overcome addiction, and anyone who is looking for the strength to heal.

Chronic City Harvard University Press

The author explores the darkest corners of the American psyche—including the sexual fantasies of Star Trek fans, the hidden agendas of IQ tests, the homoerotic subtext of professional football, the poetic aspects of spam email and much more.

ILLBORN Lulu.com

A New York Times Best Seller “Powerful...an important read.” —Publishers Weekly New York Times bestselling author Steve Almond takes on America's biggest sacred cow: football In *Against Football*, Steve Almond details why, after forty years as a fan, he can no longer watch the game he still loves. Using a synthesis of memoir, reportage, and cultural critique, Almond asks a series of provocative questions: • Does our addiction to football foster a tolerance for violence, greed, racism, and homophobia? • What does it mean that our society has transmuted the intuitive

physical joys of childhood—run, leap, throw, tackle—into a billion-dollar industry? • How did a sport that causes brain damage become such an important emblem for our institutions of higher learning? There has never been a book that exposes the dark underside of America's favorite game with such searing candor.

Sound & Vision Llewellyn Worldwide

It is often suggested that there are 'secrets' to comedy or that it is 'lightning in a bottle', but the craft of comedy writing can be taught. While comedic tastes change, over time and from person to person, the core underpinning still depends on the comedic geniuses that have paved the way. Great comedy is built upon a strong foundation. In *Writing the Comedy Movie*, Marc Blake lays out – in an entertainingly readable style – the nuts and bolts of comedy screenwriting. His objective is to clarify the 'rules' of comedy: to contextualize comedy staples such as the double act, slapstick, gross-out, rom com, screwball, satire and parody and to introduce new ones such as the bromance or stoner comedy. He explains the underlying principles of comedy and comedy writing for the screen, along with providing analysis of leading examples of each subgenre.

Quotable Sherlock Adams Media

Chase Insteadman is a handsome, inoffensive fixture on Manhattan's social scene, living off his earnings as a child star. Chase owes his current social status to an ongoing tragedy much covered in the tabloids: His teenage sweetheart and fiancée, Janice Trumbull, is trapped by a layer of low-orbit mines on the International Space Station, from which she sends him rapturous and heartbreaking love letters. Like Janice, Chase is adrift, and trapped in a vague routine punctuated only by Upper Eastside dinner parties and engagements. Into Chase's life enters Perkus Tooth, a wall-eyed free-range pop-critic, whose soaring conspiratorial riffs are fueled by high-grade marijuana, mammoth cheeseburgers and a desperate ache for meaning. Perkus' countercultural savvy and voracious paranoia draw Chase into another Manhattan, where questions of what is real, what is fake and who is complicit take on a life-shattering urgency. Together Chase and Perkus attempt to unearth the Truth - that rarest of artifacts on an island where everything can be bought. Beautiful and tawdry, tragic and forgiving, Lethem's new novel is as always, utterly unique.

High Fidelity Hachette UK

From the bestselling author of *The Speed of Trust*, a revolutionary new way to lead, deemed “the defining leadership book in the 21st century” (Admiral William McRaven, author of *Make Your Bed*) that “every parent, teacher, and leader needs” (Esther Wojcicki, author of *How to Raise Successful People*). We have a leadership crisis today, where even though our world has changed drastically, our leadership style has not. Most organizations, teams, schools, and families today still operate from a model of “command and control,” focusing on hierarchies and compliance from people. But because of the changing nature of the world, the workforce, work itself, and the choices we have for where and how to work and live, this way of leading is drastically outdated. Stephen M.R. Covey has made it his life's work to understand trust in leadership and organizations. In his newest and most transformative book, *Trust and Inspire*, he offers a simple yet bold solution: to shift from this “command and control” model to a leadership style of “trust and inspire.” People don't want to be managed; they want to be led. *Trust and Inspire* is a new way of leading that starts with the belief that people are creative, collaborative, and full of potential. People with this kind of leader are inspired to become the best version of themselves and to produce their best work. In this “beautifully written page-turner” (Amy Edmondson, Harvard Business School professor), Covey offers the solution to the future of work: where a dispersed workforce will be the norm, necessitating trust and collaboration across time zones, cultures, personalities, generations, and technology. *Trust and Inspire* calls for a radical shift in the way we lead in the 21st century, and Covey shows us how.

The Reason for the Darkness of the Night Simon and Schuster

Who is Holmes? The world's most famous detective? A drug addict with a heart as cold as ice? A millstone around the neck of his creator? He's all of these things and much, much more. An iconic fictional creation, inseparable from his partner-in-crime Dr John Watson, Sherlock Holmes has charmed and fascinated millions of people around the world since his first appearance over a century ago. This book takes a look at the extensive collection of Sherlock stories penned by Sir Arthur Conan Doyle, as well as some of the sleuth's stage and screen incarnations.

Reefer Movie Madness Troubador Publishing Ltd

Long acknowledged as one of rock music's most intelligent and literary performers, Pete Townshend—guitarist, songwriter, singer and founding member of The Who—at last tells his wild story in this candid and immersive autobiography. Raised in west London by an eccentric

grandmother, while his parents were off living the early post-war, rock 'n' roll lifestyle, Townshend describes a frenetic childhood of displacement and abuse. Then, in high school, everything changed when he met Roger Daltrey and formed a band that would travel the world, earning fame, fortune and critical acclaim. In *Who I Am*, Townshend brings us from the inner sanctum of Eric Clapton's drug-ridden hotel rooms to the feet of Jimi Hendrix and his electric kool-aid guitar; from the first trial performance of Townshend's rock opera, *Tommy*, in a London bar to his infamous arrest (and acquittal) on child pornography charges. With his trademark eloquence, fierce intelligence and brutal honesty, Pete Townshend has created a work of literature that stands as a primary source for popular music's greatest epoch. Readers will be confronted by a man laying bare who he is, an artist who has asked for nearly sixty years: who are you?

Against Football Abrams

In recent years, the Confederate flag has become as much a news item as a Civil War relic. Intense public debates have erupted over Confederate flags flying atop state capitols, being incorporated into state flags, waving from dormitory windows, or adorning the T-shirts and jeans of public school children. To some, this piece of cloth is a symbol of white supremacy and enduring racial injustice; to others, it represents a rich Southern heritage and an essential link to a glorious past. Polarizing Americans, these flag wars reveal the profound--and still unhealed--schisms that have plagued the country since the Civil War. The *Confederate Battle Flag* is the first comprehensive history of this contested symbol. Transcending conventional partisanship, John Coski reveals the flag's origins as one of many banners unfurled on the battlefields of the Civil War. He shows how it emerged as the preeminent representation of the Confederacy and was transformed into a cultural icon from Reconstruction on, becoming an aggressively racist symbol only after World War II and during the Civil Rights movement. We gain unique insight into the fine line between the flag's use as a historical emblem and as an invocation of the Confederate nation and all it stood for. Pursuing the flag's conflicting meanings, Coski suggests how this provocative artifact, which has been viewed with pride, fear, anger, nostalgia, and disgust, might ultimately provide Americans with the common ground of a shared and complex history.

Trust and Inspire Vintage

In 1998, the Coen Brothers followed the global success of their smash hit *Fargo* with a rambling tale of lies, corruption and bowling in early 90s LA - *The Big Lebowski*. It flopped at the box office. But in the years that followed, the movie took on a life of its own, spawning a culture of quotable lines, White Russians and even *Lebowski Fest*, an annual event attracting thousands of Big Lebowski die-hards. In *I'm a Lebowski, You're a Lebowski* ('That's terrific') the curators of *Lebowski Fest* offer the complete guide to one of the few true cult movies of the last twenty years, with photographs, real locations and interviews with the stars of the film, including John Turturro, John Goodman and Julianne Moore - and a foreword by the Dude himself, Jeff Bridges. The book also contains a glossary, trivia questions and the ultimate soundtrack listing - in other words, the whole *Lebowski*.

I Must Not Think Bad Thoughts Clarkson Potter

Steven Hyden explores nineteen music rivalries and what they say about life in this "highly entertaining" book (*Rolling Stone*) perfect for every passionate music fan. Beatles vs. Stones. Biggie vs. Tupac. Kanye vs. Taylor. Who do you choose? And what does that say about you? Actually -- what do these endlessly argued-about pop music rivalries say about us? Music opinions bring out passionate debate in people, and Steven Hyden knows that firsthand. Each chapter in *Your Favorite Band Is Killing Me* focuses on a pop music rivalry, from the classic to the very recent, and draws connections to the larger forces surrounding the pairing. Through *Hendrix vs. Clapton*, Hyden explores burning out and fading away, while his take on *Miley vs. Sinéad* gives readers a glimpse into the perennial battle between old and young. Funny and accessible, Hyden's writing combines cultural criticism, personal anecdotes, and music history -- and just may prompt you to give your least favorite band another chance.

Shoe and Leather Reporter Harper Collins

This collection gives you the chronic knowledge of 411 (plus 9) with a trilogy of stoner classics: *Weed*, *The Quotable Stoner*, and *Stoner Slang*. With this box set of high proportions, you'll have the THC-approved knowledge and know-how to roll out when the time is right. And it's always the right time when it comes to smoking up.

King Magazine Farrar, Straus and Giroux

"Adventure is worth while in itself."--Amelia Earhart, 1932 A fearless pioneer and a record-breaking pilot, Amelia Earhart engaged the nation and the world when she became the first woman to fly

solo across the Atlantic. Today people remember her most for her disappearance on the last leg of her round-the-world flight in 1937. But more than a record breaker or a ghost lost over the Pacific, Earhart was ambitious, driven, and strong at a time when all three of these traits were considered unfeminine. Earhart's words and her example encouraged women to step beyond the narrow confines of their traditional roles. The Quotable Amelia Earhart brings together statements from a variety of sources and covers a wide range of topics, including Earhart's flights and her opinions on politics, work, religion, and gender equality. This definitive resource provides a concise, documented collection of Earhart's quotations so that her words, as well as her achievements, may inspire a new generation.

[What Comes Next?](#) Adams Media

A modern, magical twist on the Gothic Romance and Girl Detective genres, this book will appeal to fans of both Beautiful Creatures and the Mortal Instruments series. Reviewers have praised the take-charge heroine and the spellbinding romance. Bound together. Worlds apart. Kami Glass is in

love with someone she's never met—a boy she's talked to in her head since she was born. This has made her an outsider in the sleepy English town of Sorry-in-the-Vale, but she has learned ways to turn that to her advantage. Her life seems to be in order, until disturbing events begin to occur. There has been screaming in the woods and the manor overlooking the town has lit up for the first time in 10 years. . . . The Lynburn family, who ruled the town a generation ago and who all left without warning, have returned. Now Kami can see that the town she has known and loved all her life is hiding a multitude of secrets—and a murderer. The key to it all just might be the boy in her head. The boy she thought was imaginary is real, and definitely and deliciously dangerous. "A sparkling fantasy that will make you laugh and break your heart." --Cassandra Clare, New York Times bestselling author "A darkly funny, deliciously thrilling Gothic." --Kelley Armstrong, New York Times bestselling author "Readers will laugh, shiver, and maybe even swoon over this modern Gothic novel." --Melissa Marr, New York Times bestselling author "Breathtaking--a compulsive, rocketing read."--Tamora Pierce, New York Times bestselling author "Captures the reader with true

magic."--Esther Friesner, author of Nobody's Princess "A laugh-out-loud delight." --Publishers Weekly
