Excerpt from Teamwork for Employment and Management Act of

1995: Hearing of the Committee on Labor and Human Resources

United States Senate, One Hundred Fourth Congress, First

Session, Permitting Labor Management Cooperative Efforts That

Improve America's Economic Competitiveness to Continue to

Thrive, and for Other Pu There are going to be other Senators coming - I am not going to be the only one here - but Senator Kennedy has said please go ahead and start. He is on his way, as are other Senators. Before I call the first witnesses, let me just give an opening statement which will give a little background on the legislation that we are going to be discussing today. We are going to be hearing testimony on the cutting edge of human resource practices. It is always hard for us to begin to think anew of ways that we can work in the workplace or work in the Congress; we have a hard enough time just thinking about ways to change our committees. But I think that if we really want to get ahead and make a constructive effort wherever we are, that we have to be willin to think anew. About the Publisher Forgotten
