Healing Back Pain Saint Martin's Paperbacks
'Christian has achieved something very beautiful and funny with this book, weaving ordinary life and every day sadness into something hopeful and profound. I loved it.'
Russell Brand As a radio DJ in London, Christian O'Connell appeared to have it all.

He held the number one spot nationally, with a faithful audience of millions who'd listened to him for years. Celebrities flocked to come on his show and no other radio DJ had won more awards. But not everything was as it seemed. Minutes before going live one morning, something happened that changed everything and led to a decision of seismic proportions. He

quit his job, moved to the other side of the world, where no one knew him, and took on the toughest radio market in the world - Australia. Why? is the question he's been asked every day since landing Down Under. Until now he's never shared the real reason. *No One Listens to Your Dad's Show* is the story of Christian risking everything, uprooting his wife, two daughters and his dog to move to Australia. A move that lands him as a complete unknown in a country where, he soon finds out, no one wants to hear him on the radio. He was failing, fortysomething and falling apart. Until he wasn't.

BESTSELLER Includes
all-new ma-ma-

material! ALL NEW CHAPTER: Baba Booeey's Afghanistan Journal! and . . . the Shvoogie Buzzer story! One of pop culture's great enduring unsung heroes: Gary Dell'Abate, Howard Stern Show producer, miracle worker, professional good sport, and servant to the King of All Media, tells the story of his early years and reveals how his chaotic childhood and early obsessions prepared him for life at the center of the greatest show on earth. Baba Booeey! Baba Booeey! It was a slip of the tongue—that unfortunately was heard by a few million listeners—but in that split second a nickname, a persona, a rallying cry, and a phenomenon was born.

Some would say it was the moment Gary Dell'Abate, the long-suffering heroic producer of The Howard Stern Show, for better or worse, finally came into his own. In *They Call Me Baba Booeey*, Dell'Abate explains how his early life was the perfect training ground for the day-to-day chaos that comes with producing the most popular radio show on earth.

Growing up on Long Island in the 1970s, the youngest of three boys born to a clinically depressed mother, Gary learned how to fend for himself when under attack. Obsessed with music, he listened with religious intensity to Casey Kasem's Top 40 every Sunday morning, compulsively bought 45s of his favorite songs, and

nerdily copied the lyrics into a notebook. Music became an ordering principle to his life, even as the chaos at home got out of hand. Dell'Abate's memoir sketches the trajectory from the obsessive pop-music trivia buff to the man in the beekeeper's mask who handily defeats his opponents playing "Stump the Booeey." We learn about the memorable moments in his life that taught him to endure epic bouts of humiliation and get his unique perspective on some of his favorite Stern show episodes—such as the day he nearly killed the Mets mascot while throwing out the first pitch, or the time his mother called Howard's mother and demanded an apology. Hilarious, painful, and

eye-opening, it's Gary as you've never seen him before, telling a story that even Stern show insiders can't begin to imagine. Crash and Burn Scholastic Inc. Rock stars and rap gods. Comedy legends and A-list actors. Supermodels and centerfolds. Moguls and mobsters. A president. Over his unrivaled four-decade career in radio, Howard Stern has interviewed thousands of personalities—discussing sex, relationships, money, fame, spirituality, and success with the boldest of bold-faced names. But which interviews are his favorites? It's one of the questions he gets asked most frequently. Howard Stern Comes Again delivers his

answer. This book is a feast of conversation and more, as between the lines Stern offers his definitive autobiography—a magnum opus of confession and personal exploration. Tracy Morgan opens up about his near-fatal car crash. Lady Gaga divulges her history with cocaine. Madonna reminisces on her relationship with Tupac Shakur. Bill Murray waxes philosophical on the purpose of life. Jerry Seinfeld offers a master class on comedy. Harvey Weinstein denies the existence of the so-called casting couch. An impressive array of creative visionaries weigh in on what Stern calls “the climb”—the stories of how they struggled and eventually prevailed.

As he writes in the introduction, “If you’re having trouble finding motivation in life and you’re looking for that extra kick in the ass, you will find it in these pages.” Interspersed throughout are rare selections from the Howard Stern Show archives with Donald Trump that depict his own climb: transforming from Manhattan tabloid fixture to reality TV star to president of the United States. Stern also tells of his Moby Dick-like quest to land an interview with Hillary Clinton in the run-up to the 2016 election—one of many newly written revelations from the author. He speaks with extraordinary candor about a variety of subjects, including his overwhelming

insecurity early in his career, his revolutionary move from terrestrial radio to SiriusXM, and his belief in the power of psychotherapy. As Stern insightfully notes in the introduction: "The interviews collected here represent my best work and show my personal evolution. But they don't just show my evolution. Gathered together like this, they show the evolution of popular culture over the past quarter century."

The Donnelly Album

Hachette UK

The Donnelly Album By now everyone in Canada knows at least one version of the brutal slaying of members of the Donnelly family on the night of February 3, 1880. The Donnelly

Album tells in compelling detail the story of the Donnellys—James and Johannah and their seven sons and one daughter. Arriving in Canada from Tipperary, Ireland, in the 1840s, the family settled in the boisterous Irish pioneer community in Biddulph Township near London, Ontario. For the next thirty years, their activities gained wide notoriety in the surrounding district. The father was once convicted of murder but escaped the gallows. The sons grew up to be handsome, reckless, enterprising in business, and dangerous in combat. Largely because of their presence, Lucan, the village nearest their farm home, became known as the

widest town in Canada. What is it about the Donnellys that have fascinated so many people for many years? Were they really as wicked as their enemies have portrayed them? Why was no one ever convicted of the murders? What happened to the surviving Donnellys? Why do local people today still fell so strongly, both pro and con, about the family? After fifteen years of exhaustive research, Ray Fazakas has produced the definitive account of the famous feud and its tragic consequences. He has also collected an astonishing treasure trove of old photographs, contemporary drawings, maps, and documents of the

Donnellys, their murderers, and the sites and people involved in the events. This unique combination of narrative and illustration recreates not just an epic tragedy but an entire segment of Canadian frontier life. Ray Fazakas is a well-known Hamilton lawyer.

New York Times comedy critic Jason Zinoman delivers the definitive story of the life and artistic legacy of David Letterman, the greatest television talk show host of all time and the signature comedic voice of a generation. In a career spanning more than thirty years, David Letterman redefined the modern talk show with an ironic comic style that transcended traditional television. While he remains one of the most famous stars in America, he is a remote, even reclusive, figure whose career is widely misunderstood. In Letterman, Jason Zinoman, the first comedy critic in the history of the New York

Times, mixes groundbreaking reporting with unprecedented access and probing critical analysis to explain the unique entertainer's titanic legacy. Moving from his early days in Indiana to his retirement, Zinoman goes behind the scenes of Letterman's television career to illuminate the origins of his revolutionary comedy, its overlooked influences, and how his work intersects with and reveals his famously eccentric personality. Zinoman argues that Letterman had three great artistic periods, each distinct and part of his evolution. As he examines key broadcasting moments—"Stupid Pet Tricks" and other captivating segments

that defined Late Night with David Letterman—he illuminates Letterman's relationship to his writers, and in particular, the show's co-creator, Merrill Markoe, with whom Letterman shared a long professional and personal connection. To understand popular culture today, it's necessary to understand David Letterman. With this revealing biography, Zinoman offers a perceptive analysis of the man and the artist whose ironic voice and caustic meta-humor was critical to an entire generation of comedians and viewers—and whose singular style ushered in new tropes that have become clichés in comedy today.  THE NEW YORK TIMES AND SUNDAY TIMES BESTSELLER Hi! I'm Seth! I was asked to describe my book, Yearbook, for the inside cover flap (which is a gross phrase) and for websites like this one, so... here it goes!!! Yearbook is a collection of true stories that I desperately hope are just funny at worst, and life-changingly amazing at best. (I understand that it's likely the former, which is a fancy "book" way of saying "the first one.") I talk about my grandparents, doing stand-up comedy as a teenager, bar mitzvahs and Jewish summer camp, and tell way more stories about

doing drugs than my mother would like. I also talk about some of my adventures in Los Angeles, and surely say things about other famous people that will create a wildly awkward conversation for me at a party one day. I hope you enjoy the book should you buy it, and if you don't enjoy it, I'm sorry. If you ever see me on the street and explain the situation, I'll do my best to make it up to you.

back, Robin writes with the same warmth, strength, and candor that endear her to millions of fans.

For all the discussion in the media about creationism and 'Intelligent Design', virtually nothing has been said about the

evidence in question - the evidence for evolution by natural selection. Yet, as this succinct and important book shows, that evidence is vast, varied, and magnificent, and drawn from many disparate fields of science. The very latest research is uncovering a stream of evidence revealing evolution in action - from the actual observation of a species splitting into two, to new fossil discoveries, to the deciphering of the evidence stored in our genome. Why Evolution is True weaves together the many threads of modern work in genetics, palaeontology, geology, molecular biology, anatomy, and

development to demonstrate the 'indelible stamp' of the processes first proposed by Darwin. It is a crisp, lucid, and accessible statement that will leave no one with an open mind in any doubt about the truth of evolution.

From Judd Apatow comes an intimate portrait of his mentor, the legendary stand-up comic and star of *The Larry Sanders Show*, with never-before-seen journal entries and photos, as well as new

Garry Shandling was a singular trailblazer in the comedy world. His two hit shows, *It's Garry Shandling's Show* and *The Larry Sanders Show*, broke new ground and influenced future sitcoms like *30 Rock* and *Curb Your Enthusiasm*, and his stand-up laid the foundation for a whole new generation of comics. There's no one better to tell Shandling's story than Judd Apatow—Shandling gave Apatow one of his first jobs and remained his mentor for the rest of his life—and the book expands on Apatow's Emmy Award-winning HBO

documentary, *The Zen Diaries of Garry Shandling*. Here, Apatow has gathered journal entries, photographs, and essays for a close-up look at the artist who turned his gaze back onto the world of show business. Beyond his success, though, Shandling struggled with fame, the industry of art, and the childhood loss of his brother, which forever affected his personal and professional lives. His diaries show Shandling to be self-aware and insightful, revealing a deep philosophical and spiritual side. Contributions by comedians and other leading lights of the industry, as well as people who grew up with Shandling, along with never-before-seen

pieces of scripts and brilliant jokes that he never performed, shed new light on every facet of his life and work. This book is the final word on the lasting impact of the great Garry Shandling.
