**Forbidden Words** Bibliophile South Asia

20 years of fighting. Teaching the locals. Thousands of lives lost or destroyed. Then Kabul fell in just two weeks. For many veterans, this was the last straw, their sacrifices and pain all for nothing. It started out as a routine patrol. The only difference was the new man, a young Lieutenant, straight out of Sandhurst. He didn't know the reality, only the theory. "Stop, Sir!" Corporal Ben Noon yelled out, panic in his voice, already knowing it was too late. He watched as the officer pulled open the wooden door, praying that he was wrong, knowing that he was right. Time seemed to stretch, every movement taking forever. It was that easy. One second of lost concentration, and it was all over. Blackness. A rebuilt Ben Noon wanted to put things right, to give Veterans like himself a meaning, a value, but the only way to do this was to build bridges with his old enemy. An enemy that had stolen his life, left him a cripple. To deal with the devil. To cut cake with the Taliban.

New York Times • Times Critics Top Books of 2021 The Times (of London) • Best Books of the Year Excerpted in The New Yorker Profiled in The Los Angeles Times Publishing for the centenary of her birth, Patricia Highsmith’s diaries “offer the most complete picture ever published” of the canonical author (New York Times). Relegated to the genre of mystery during her lifetime, Patricia Highsmith is now recognized as one of “our greatest modernist writers” (Gore Vidal). Beloved by fans who were unaware of the real psychological turmoil behind her prose, the famously secretive Highsmith

refused to authorize a biography, instead sequestering herself in her Switzerland home in her final years. Posthumously, her devoted editor Anna von Planta discovered her diaries and notebooks in 1995, tucked in a closet—with tantalizing instructions to be read. For years thereafter, von Planta meticulously culled from over eight thousand pages to help reveal the inscrutable figure behind the legendary pen. Beginning with her junior year at Barnard in 1941, Highsmith ritualistically kept a diary and notebook—the former to catalog her day, the latter to brainstorm stories and hone her craft. This volume weaves diary and notebook simultaneously, exhibiting precisely how Highsmith’s personal affairs seeped into her fiction—and the sheer darkness of her own imagination. Charming yet teetering on the egotistical, young “Pat” lays bare her dizzying social life in 1940s Greenwich Village, barhopping with Judy Holliday and Jane Bowles, among others. Alongside Flannery O’Conner and Chester Himes, she attended—at the recommendation of Truman Capote—the Yaddo artist colony in 1948, where she drafted Strangers on a Train. Published in 1950 and soon adapted by Alfred Hitchcock, this debut novel brought recognition and brief financial security, but left a heartsick Highsmith agonizing: “What is the life I choose?” Providing extraordinary insights into gender and sexuality in mid-twentieth-century America, Highsmith’s diaries convey her euphoria writing The Price of Salt (1951). Yet her sophomore novel would have to be published under a pseudonym, so as not to tarnish her reputation. Indeed, no one could anticipate commercial reception for a novel depicting love between two women in the McCarthy era. Seeking relief from America, Highsmith catalogs her peripatetic years in Europe, subsisting on cigarettes and growing more bigoted and satirical with age. After a stay in Positano with a new lover, she reflects in her notebooks on being an expat, and gleefully conjures the unforgettable The Talented Mr. Ripley (1955); it would be this sociopathic antihero who would finally solidify her true fame. At once lovable, detestable, and mesmerizing, Highsmith put her turbulent life to paper

for five decades, acutely aware there must be “a few usable things in literature.” A memoir as significant in our own century as Sylvia Plath’s journals and Simone de Beauvoir’s writings were to another time, Patricia Highsmith: Her Diaries and Notebooks is an historic work that chronicles a woman’s rise against the conventional tide to unparalleled literary prominence.

**Hindi Film Song** Liveright Publishing

A fascinating examination of a religious counterculture group showing how it differs from mainstream society, yet is similar in other ways.

*The History of the Khalifahs who Took the Right Way* Harper Collins

Zero-day vulnerabilities--software vulnerabilities for which no patch or fix has been publicly released-- and their exploits are useful in cyber operations--whether by criminals, militaries, or governments--as well as in defensive and academic settings. This report provides findings from real-world zero-day vulnerability and exploit data that could augment conventional proxy examples and expert opinion, complement current efforts to create a framework for deciding whether to disclose or retain a cache of zero-day vulnerabilities and exploits, inform ongoing policy debates regarding stockpiling and vulnerability disclosure, and add extra context for those examining the implications and resulting liability of attacks and data breaches for U.S. consumers, companies, insurers, and for the civil justice system broadly. The authors provide insights about the zero-day vulnerability research and exploit development industry; give information on what proportion of zero-day vulnerabilities are alive (undisclosed), dead (known), or somewhere in between; and establish some baseline metrics regarding the average lifespan of zero-day vulnerabilities, the likelihood of another party discovering a vulnerability within a given time period, and the time and costs involved in developing an exploit for a zero-day vulnerability"--Publisher's description.

*India in Love* Crystal Clarity Publishers

Back to Serve is a fictional memoir about a soon-to-be-retired army captain, Nico Corretti, who after a career in the military is ready to begin his civilian life with his family. But first, he must out-process and then drive halfway across the country to get home, during which he has an improbable encounter with a Russian woman who informs him that his safety and his postservice stability may be in jeopardy. On the long drive home, he considers the plausibility of her claim and reflects on his past and future. Once home, he relishes the quality time with his family, which includes visiting his father in his hometown. But afterward, he discovers the limited employment opportunities in the slow recovery years after the Great Recession. He undergoes an extended unemployment period before anxiously and dutifully taking a government-contract position abroad, which turns out to be more perilous than he had originally been briefed. And the mysterious Russian woman he met may lead him to some of the answers he was searching for, as well as to some dangers and desires that he wasn't. Upon completion of his contract job in Europe, he enjoys a well-deserved respite at home. But it's short lived, as a swell of terrorist attacks against the United States require (or demand) more of his military service. Torn between being there for his family and his duty to his country, Captain Corretti is coldly reminded that the two actually are mutually inclusive. He's sent back to a familiar place, the Middle East, and in the process, he may be able to avenge the soldiers he had lost under his command. But he'll need to reach deeper within himself than he ever has before in order to succeed on the battlefield and in life.

*Handbook of the Panjāb, Western Rajpūtānā, Kashmīr, and Upper Sindh* Islamic Foundation

The English translation of a masterpiece by Sayyid Abul Aala Maududi. The book deals with not only the Islamic perspective on warfare (jihad) but also presents a comparative study of the concept of "just war" in various theologies, such as Judaism, Christianity, Hinduism and Buddhism.

**The Emotions of Protest** Faber & Faber

An enormously satisfying, exciting and enriching book, Vikram Chandra's novel draws the reader deep into the lives of detective Sartaj Singh and Ganesh Gaitonde, the most wanted gangster in India. Sartaj, the only Sikh inspector in the whole of Mumbai, is used to being identified by his turban, beard and the sharp cut of his trousers. But 'the silky Sikh' is now past forty, his marriage is over and his career prospects are on the slide. When Sartaj gets an anonymous tip off as to the secret hideout of the legendary boss of the G-company, he's determined that he'll be the one to collect the prize. This is a sprawling, epic novel of friendships and betrayals, of terrible violence, of an astonishing modern city and its underworld. Drawing on the best of Victorian fiction, mystery novels, Bollywood movies and Vikram Chandra's years of first hand research on the streets of Mumbai, this novel reads like a potboiling page-turner but resonates with the intelligence and emotional depth of the best of literature.

*The Legends of the Panjāb* SUNY Press

Mechanism design is an analytical framework for thinking clearly and carefully about what exactly a given institution can achieve when the information necessary to make decisions is dispersed and privately held. This analysis provides an account of the underlying mathematics of mechanism design based on linear programming. Three advantages characterize the approach. The first is simplicity: arguments based on linear programming are both elementary and transparent. The second is unity: the machinery of linear programming provides a way to unify results from disparate areas of mechanism design. The third is reach: the technique offers the ability to solve problems that appear to be beyond solutions offered by traditional methods. No claim is made that the approach advocated should supplant traditional mathematical machinery. Rather, the approach represents an addition to the tools of the economic theorist who proposes to understand economic phenomena through the lens of mechanism design.

*Hema Malini* Cambridge University Press

One of the most enduring divas of Hindi cinema, a producer and director for films and television, dancer and choreographer par excellence, magazine editor, an active member of Parliament and now a singer, Hema Malini wears many hats with admirable ease. No other industry name comes close to matching the breadth of her achievements. In an industry where the male star has traditionally driven the commercial success of films, Hema was an exception, with her name alone sufficing to ensure a film's box-office glory. She was, arguably, India's first female superstar. Apart from starring in mainstream super-hits like Johny Mera Naam, Jugnu, Andaz, Seeta Aur Geeta, Sholay and, more recently, Baghban, she received critical acclaim for her performances in Lal Patthar, Khushboo, Kinara, Meera, Ek Chadar Maili Si and Razia Sultan. But there is much more to her than just her Bollywood journey. From her efforts at reviving and sustaining classical dance to

her graceful handling of her personal life and the controversies that have plagued her in her political avatar, from her relationships to her religious beliefs and her recent tryst with singing, Hema Malini: Beyond the Dream Girl covers it all. With detailed interviews and exclusive anecdotes from her family, friends and co-actors, this is an inside look at the remarkable life of one of our greatest cinema icons, someone who has truly lived life on her own terms.

**Patricia Highsmith: Her Diaries and Notebooks: 1941-1995** Rand Corporation

Originally published in 1881, this handbook provides a wealth of information about the geography, history, and culture of the Indian subcontinent, with a focus on the regions of Punjab, Rajasthan, Kashmir, and Sindh. The book includes detailed maps and illustrations, as well as information on local customs, religions, and political systems. This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work is in the "public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

A complete, newly translated edition of al-Adab al-Mufrad, the most famous collection of Prophetic traditions on manners and morals, with a pioneering commentary by Adil Salahi.

**Gender, Sex, and the City** Prentice Hall

People of good will on both the left and the right are secretly asking themselves the same question: how has the conversation on race gone so crazy? Bestselling author and acclaimed linguist John McWhorter argues that an illiberal neoracism, disguised as antiracism, is hurting black communities and weakening the social fabric. We're told to read books and listen to music by people of colour but that wearing certain clothes is 'appropriation.' We hear that being white automatically gives you privilege and that being black makes you a victim. We want to speak up but fear we'll be seen as unwoke, or worse, labelled a racist. According to John McWhorter, the problem is that a well-meaning but pernicious form of antiracism has become, not a progressive ideology, but a religion - and one that's illogical, unreachable, and unintentionally neoracist. In *Woke Racism*, McWhorter reveals the workings of this new religion, from the original sin of 'white privilege' and the weaponization of cancel culture to ban heretics, to the evangelical fervour of the 'woke mob.' He shows how this religion that claims to 'dismantle racist structures' is actually harming his fellow black Americans by infantilizing black people, setting black students up for failure, and passing policies that disproportionately damage black communities. The new religion might be called 'antiracism,' but it features a racial essentialism that's barely distinguishable from racist arguments of the past. Fortunately, for all of us, it's not too late to push back against woke racism. McWhorter shares scripts and encouragement with those trying to deprogramme friends and family. And most importantly, he offers a roadmap to justice that actually will help, not hurt, black people. A NEW YORK TIMES BESTSELLER

*A New English-Hindustani Dictionary* Sristhi Publishers & Distributors

A ground-breaking look at the sexual revolution that is beginning to sweep through urban India. The National Bestseller *India in Love: Marriage and Sexuality in the 21st Century* is a ground-breaking look at the sexual revolution that is starting to sweep through urban India. Bestselling author Ira Trivedi travelled from Shilling in the northeast to Chennai in the south, Konark in the east to Mumbai in the west and over a dozen other cities and towns in order to gain unprecedented insights into changing sexual habits, marriage and love everywhere in the country. The book explores the mating habits of young Indians on college campuses and in offices, examines the new face of Indian pornography and prostitution, probes India's gay revolution and delves into history, economics and sociology to try and understand how the nation that gave the world the Kamasutra could have become a closed, repressed society with a shockingly high incidence of rape and violence against women the dark underside to the greater sexual freedom that men and women in our cities have begun to enjoy today. Trivedi goes deep into one of the most enduring institutions of Indian society marriage and investigates how it is faring in modern times. She interviews marriage brokers, astrologers, lawyers, relationship counsellors, 'love commandos', parents and nervous young brides and grooms, amongst others, to present a nuanced picture of the state of marriage in the country. She discovers that love marriages are skyrocketing and even the age-old arranged marriage is undergoing a transformation. Also on the

rise are divorces, extra-marital affairs, open marriages, live-in-relationships and the like.

Supporting her eye-opening reportage with hundreds of interviews, detailed research, authoritative published surveys and discussions with experts on various aspects of sexuality and marriage, Trivedi has written a book that is often startling, sometimes controversial, but is always entertaining and original.

*Al Jihad Fil Islam* Ta Ha Publishers

In Donald Trump's America, protesting has roared back into fashion. The Women's March, held the day after Trump's inauguration, may have been the largest in American history, and resonated around the world. Between Trump's tweets and the march's popularity, it is clear that displays of anger dominate American politics once again. There is an extensive body of research on protest, but the focus has mostly been on the calculating brain—a byproduct of structuralism and cognitive studies—and less on the feeling brain. James M. Jasper's work changes that, as he pushes the boundaries of our present understanding of the social world. In *The Emotions of Protest*, Jasper lays out his argument, showing that it is impossible to separate cognition and emotion. At a minimum, he says, we cannot understand the Tea Party or Occupy Wall Street or pro- and anti-Trump rallies without first studying the fears and anger, moral outrage, and patterns of hate and love that their members feel. This is a book centered on protest, but Jasper also points toward broader paths of inquiry that have the power to transform the way social scientists picture social life and action. Through emotions, he says, we are embedded in a variety of environmental, bodily, social, moral, and temporal contexts, as we feel our way both consciously and unconsciously toward some things and away from others. Politics and collective action have always been a kind of laboratory for working out models of human action more generally, and emotions are no exception. Both hearts and minds rely on the same feelings racing through our central nervous systems. Protestors have emotions, like everyone else, but theirs are thinking hearts, not bleeding hearts. Brains can feel, and hearts can think.

*A Dictionary, Hindustani & English* Legare Street Press

Explores the urban, cosmopolitan sensibilities of Urdu poetry written in the late eighteenth and early nineteenth centuries in Lucknow. Ruth Vanita analyzes Rekhti, a type of Urdu poetry distinguished by a female speaker and a focus on women's lives, and shows how it became a catalyst for the transformation of the ghazal.

**Zero Days, Thousands of Nights** Springer

While the nation was celebrating Independence from British Rule and singing all praises for the 'Father of The Nation' - Mahatma Gandhi, the news of his assassination came as a shock. He was shot in the chest three times while he was walking towards the prayer grounds at the Birla House, New Delhi. The man behind the assassination - Nathuram Godse was a well known nationalist. He was arrested at the crime scene and sentenced to death after a year long trial. The book contains the final speech given by Godse in the court, mentioning the reason behind the drastic step he took.

*The Tribes and Castes of the North-western Provinces and Oudh* Rupa Publications

Many words and expressions are viewed as 'taboo', such as those used to describe sex, our bodies and their functions, and those used to insult other people. This 2006 book provides a fascinating insight into taboo language and its role in everyday life. It looks at the ways we use language to be polite or impolite, politically correct or offensive, depending on whether we are 'sweet-talking', 'straight-talking' or being deliberately rude. Using a range of colourful examples, it shows how we use language playfully and figuratively in order to swear, to insult, and also to be politically correct, and what our motivations are for doing so. It goes on to examine the differences between institutionalized censorship and the ways individuals censor their own language. Lively and revealing, *Forbidden Words* will fascinate anyone who is interested in how and why we use and avoid taboos in daily conversation.

*The TALIBAN and the SOLDIER* Cambridge University Press

Yogananda was one of the most significant spiritual teachers of the 20th century. Since his classic, *Autobiography of a Yogi*, was first published in 1946, its popularity has increased steadily throughout the world. The *Essence of Self-Realization* is filled with lessons and stories that Yogananda shared only with his closest disciples, this volume offers one of the most insightful and engaging glimpses into the life and lessons of a great sage. Much of the material presented here is not available anywhere else.
