*Scandinavia, Finland* Taylor & Francis

Unlike some other reproductions of classic texts (1) We have not used OCR(Optical Character Recognition), as this leads to bad quality books with introduced typos. (2) In books where there are images such as portraits, maps, sketches etc We have endeavoured to keep the quality of these images, so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy.

[Finland's Great Famine, 1856-68](#) Createspace Independent Publishing Platform

This book will provide a thematic overview of one of European history's most devastating famines, the Great Finnish Famine of the 1860s. In 1868, the nadir of several years of worsening economic conditions, 137,000 people (approximately 8% of the Finnish population) perished as the result of hunger and disease. The attitudes and policies enacted by Finland's devolved administration tended to follow European norms, and therefore were often similar to the "colonial" practices seen in other famines at the time. What is distinctive about this catastrophe in a mid-nineteenth-century context, is that despite Finland being a part of the Russian Empire, it was largely responsible for its own governance, and indeed was developing its

economic, political and cultural autonomy at the time of the famine. Finland's Great Famine 1856-68 examines key themes such as the use of emergency foods, domestic and overseas charity, vagrancy and crime, emergency relief works, and emigration.

Corpus Linguistics for Translation and Contrastive Studies provides a clear and practical introduction to using corpora in these fields. Giving special attention to parallel corpora, which are collections of texts in two or more languages, and demonstrating the potential benefits for multilingual corpus linguistics research to both translators and researchers, this book: explores the different types of parallel corpora available, and shows how to use basic and advanced search procedures to analyse them; explains how to compile a parallel corpus, and discusses their uses for translation purposes and to research linguistic phenomena across languages; demonstrates the use of corpus extracts across a wide range of texts, including dictionaries, novels by authors including Jane Austen and Mikhail Bulgakov, and newspapers such as The Sunday Times; is illustrated with case studies from a range of languages including Finnish, Russian, English and French. Written by two experienced researchers and practitioners, Corpus Linguistics for Translation and Contrastive Studies is essential reading for postgraduate students and researchers working within the area of translation and contrastive studies.

[Finnish Grammar](#) Pinhok Languages

Aho's first novel Rautatie (Railroad), considered one of his main works, is a story of an elderly couple who hear about railroad first time ever and have

a hard time imagining carriages with no horses. They eventually get around to trying it out. Juhani Aho esikoisromaani vuodelta 1884, Rautatie, on kertomus maaseudun ukosta ja akasta, jotka kuulevat naapurikylälle saapuneesta uudesta ihmeestä, ilman hevosia kulkevasta vaunusta, ja pöytävot pitkin jahkailun jälkeen sihtä katsomaan. First Page: RAUTATIE eli kertomus ukosta ja akasta, jotka eivät olleet sihtä ennen nöhneet Kirj. Juhani Aho 1884. I. Pakkanen paukkaa nurkissa, riski pitkin aidan selkiä ja seuloa huurua puihin ja pensaihin. Aurinko kultaan kirkon ja tapulin ristejä, paistaa hauskaasti hörmöiseen koivikkoon ja valaisee joka savupatsaan, joita kiemuroitellen kumpuilee piipuista ja lakeistorvista helta ja kaukaa. Tie ei ihan juuri kuolemataankaan huuda reen jalaksen alla, vaikka surullisesti ja toivottomasti se valittelee. Kuusen latvassa kyyhättä harakka, kaula lyhyen ja paksuna, pöyhöyhenien sisästä. Se on jo pöivön valetessa munnikstä yppuultaan pellon takaa liikkeelle htenyt, lentönyt riihen peritse ja navetan yli ja istuutunut pappilan puutarhaan, jossa aivan yksinön seisoo kuusi koivujen keskessä. Ei ole harakka vielä aamiaista saanut, ei aukea kyökin ovi eikä öny ajavata pappilan pihalla. Eilen hyvä piika nakkeli thteitä harakalle, ja eilen kun yksi hevosen kanssa kartanolta hti, niin toinen tuli...

*Rautatie - Primary Source Edition* Good Press

This dictionary contains around 100,000 Finnish terms with their English translations, making it one of the most comprehensive books of its kind. It offers a wide vocabulary from all areas as well as numerous idioms. The terms are translated from Finnish to English. If you need translations from English to Finnish, then the companion volume *The Great Dictionary English - Finnish* is recommended.

[Supply Chain Operations in the Arctic](#) Rough Guides UK

In this very personal book, Mead explains on the basis of more than half a century's experience how his interests in Finland developed in parallel with its transformation from a pre-war agrarian economy to a modern welfare state with an advanced technological base.

[The Great Dictionary Finnish - English](#) Createspace Independent Pub

The literature of Finland is bilingual, with lively and extensive traditions in both Finnish and Swedish. This history covers both literary traditions in detail. The volume's first section, on Finnish-language literature, consists of a series of connected chapters by leading authorities within the field. It opens with a consideration of the folk literature in Finnish that flourished during the Middle Ages and then examines the more recent history of Finnish-language literature, with special emphasis placed on writings from the nineteenth and twentieth centuries. The second part of the book provides an examination of Finland's Swedish-language literature from the late fifteenth century through the early nineteenth century. Subsequent chapters trace developments in Finland's Swedish-language literature during the nineteenth and twentieth centuries. A survey of children's literature from both the Finnish- and Swedish-language traditions concludes this exceptionally thorough volume.

[Finland in the Twentieth Century](#) Nabu Press

This book analyzes the multi-faceted phenomenon of Finnish military effectiveness in the Winter War (1939–40). Drawing on a wide array of primary and secondary sources, Pasi Tuunainen shows how by focusing on their own strengths and pitting these against the weaknesses of their adversary, the Finns were able to inflict heavy casualties on the Red Army whilst minimizing their own losses. The Finns were able to use their resources for effective operational purposes, and perform almost to their full potential. The Finnish small-unit tactics utilized the terrain and Arctic conditions for which they had prepared themselves, as well as forming cohesive units of well-motivated and qualitatively better professional leaders and citizen soldiers who could innovate and adapt. The Finnish Army had highly effective logistics, support and supply systems that kept the troops fighting.

**Insight Guides: Finland** BRILL

In preparing this book my aim has not been to write a complete Finnish grammar. I have sought to present only the fundamental principles in the briefest possible way necessary for the study of the Finnish language. The student should thoroughly master the sound values of each letter before taking any advanced steps. In doing so he is able to acquire accuracy in pronunciation.

**The Rough Guide to Finland** Lulu.com

This thoroughly revised third edition of *Finnish: An Essential Grammar* is grounded in fundamental insights of modern linguistics and incorporates some of the latest achievements in the description of written and spoken Finnish. It gives a systematic account of the structures of the written language and offers increased attention to the key characteristics of present-day colloquial Finnish. No prior knowledge is assumed on the part of the reader and grammatical rules are clearly explained without jargon. Features of this new edition include: • pronunciation guide, including the tendencies in present-day colloquial Finnish • thorough descriptions of morphology (word structure) and syntax (sentence structure) • clear rules and an abundance of concrete examples, from both written and colloquial Finnish • updated vocabulary in the examples • an effective new scheme for detecting the morphological structure of any word form • subject index. This is the ideal reference source both for those studying Finnish independently and for students in schools, colleges, universities and adult classes of all types.

Complete Finnish is a comprehensive ebook plus audio language course that takes you from beginner to intermediate level. The new edition of this successful course has been fully revised and is packed with new learning features to give you the language, practice and skills to communicate with confidence. -Maps from A1 to B2 of the Common European Framework of Reference (CEFR) for languages -Discovery Method - figure out rules and patterns to make the language stick -Teaches the key skills - reading, writing, listening and speaking -Learn to learn - tips and skills on how to be a

better language learner -Culture notes - learn about the people and places of Finland -Outcomes-based learning - focus your studies with clear aims - Authentic listening activities - everyday conversations give you a flavour of real spoken Finnish -Test Yourself - see and track your own progress Coming soon: get our companion app. Finnish course: Teach Yourself is full of fun, interactive activities to support your learning with this course. Apple and Android versions available. Please note not all devices support the audio/video component of enhanced ebooks. We recommend you download a sample to check compatibility with your device. Alternatively, you can find the audio for this course for free on our website <https://library.teachyourself.com>. You will be able to stream it online or download it to the Teach Yourself Library app. Rely on Teach Yourself, trusted by language learners for over 85 years.

*An Experience of Finland* MIT Press

The extant corpus of research on supply chain sustainability in the Arctic exhibits a conspicuous neglect of the social dimension, rendering it the most underprivileged among the three pillars of sustainability. A deep dive into the Arctic, this edited volume endeavors to fill this opulent lacuna by placing the unjustly forsaken concept of social sustainability at the forefront of supply chain management (SCM) research. By showcasing real-life case studies of supply chain operations, all in different industries and located in various Arctic regions, this book delves into the intricate interplay between business interests, political ambitions, and social issues. In response to the burgeoning demand for more in-depth empirical studies within the SCM landscape, it offers a compelling tapestry of experiences and candid views on the complexities of implementing socially sustainable and responsible policies in Arctic supply chains. Featuring contributions by 26 esteemed scholars worldwide, this collection proffers 13 thought-provoking and insightful chapters, arranged in a logical and coherent sequence that enables readers to follow a clear thread of argumentation. With abundant theoretical insights and empirical data, *Supply Chain Operations in the Arctic: Implications for Social Sustainability* will appeal to a wide range of readers keeping a close eye on Arctic operations and sustainable issues. It is a timely and essential resource for students and scholars of SCM and sustainability studies, as well as businesses, policymakers, Indigenous Peoples, and non-governmental organizations seeking to promote socially responsible supply chain practices in the Arctic.

[National Union Catalog](#) Routledge

The new edition of a comprehensive, accessible, and hands-on text in historical linguistics, revised and expanded, with new material and a new layout. This accessible, hands-on textbook not only introduces students to the important topics in historical linguistics but also shows them how to apply the methods described and how to think about the issues. Abundant examples from a broad range of languages and exercises allow students to focus on how to do historical linguistics. The book is distinctive for its integration of the standard topics with others now considered important to the field, including syntactic change, grammaticalization, sociolinguistic contributions to linguistic change, distant genetic relationships, areal linguistics, and linguistic prehistory.

[Encyclopedia Americana International Edition](#) Harpess Publishing

Finnish vocabulary book + Finnish dictionary This Finnish vocabulary book contains more than 3000 words and phrases which are grouped by topic to make it easier for you to pick what to learn first. On top of that, the index in the second half of the book provides you with a basic Finnish-English as well as English-Finnish dictionary which makes this a great resource for learners of all levels. What you can expect from this book: This Finnish learning resource is a combination of Finnish vocabulary book and a two-way basic Finnish dictionary: Part 1 - Topic based Finnish vocabulary book: This is the main part of the book and represents a list of chapters each containing Finnish vocabularies for a certain topic. The Finnish vocabularies in the chapters are unsorted on purpose to separate remembering them from a defined alphabetical order. You can start at any chapter and dive directly into the topics that interest you the most. Part 2 - Basic English-Finnish dictionary: The index in the second half of the book can be used as a basic Finnish dictionary to look up words you have learned but can't remember or learn new words you need. Part 3 - Basic Finnish-English dictionary: Easy to use and with just the right amount of words, this third part finishes off with a second index that allows you to look for Finnish words and directly find the English translation How to use this Finnish vocabulary book: Not sure where to start? We suggest you first work your way through the verbs, adjectives and phrases chapters in part one of the book. This will give you a great base for further studying and already enough vocabulary for basic communication. The Finnish dictionaries in part two and three can be used whenever needed to look up words you hear on the street, English words you want to know the Finnish translation for or simply to learn some new words. Some final thoughts: Vocabulary books have been around for centuries and as with so many things that have been around for some time, they are not very fashionable and a bit boring, but they usually work very well. Together with the basic Finnish dictionary parts, this vocabulary book is a great resource to support you throughout the process of learning Finnish and comes in particularly handy at times when there is no internet to look up words and phrases.

**Rautatie** U of Minnesota Press

*The Reception of Charles Dickens in Europe* offers a full historical survey of Dickens's reception in all the major European countries and many of the smaller ones, filling a major gap in Dickens scholarship, which has by and large neglected Dickens's fortunes in Europe, and his impact on major European authors and movements. Essays by leading international critics and translators give full attention to cultural changes and fashions, such as the decline of Dickens's fortunes at the end of the nineteenth century in the period of Naturalism and Aestheticism, and the subsequent upswing in

the period of Modernism, in part as a consequence of the rise of film in the era of Chaplin and Eisenstein. It will also offer accounts of Dickens's reception in periods of political upheaval and revolution such as during the communist era in Eastern Europe or under fascism in Germany and Italy in particular.
