Andrew Smith discusses the role of British investors in Canadian Confederation, covering the period from the construction of the Grand Trunk Railroad in the 1850s to Canada's purchase of Rupert's Land in 1869-70. He describes how some investors lobbied the British government for the policies that made Confederation possible, working closely with the Fathers of Confederation, many of whom were participants in the same trans-Atlantic crony-capitalist system. British factory owners with classical liberal beliefs, however, disliked Confederation because they believed it would delay the political independence of the North American colonies, something they saw as beneficial.

Modern states - and novel multinational polities such as the European Union - have to contend with greater degrees, and more complex forms, of diversity. What elements keep complex, «post-national», political entities together? What are the ties that bind people together in a world where they cannot rely on the safety of established national identifications (if they ever could)? This collection of essays by leading political scientists, philosophers and legal academics from Canada and Europe provides a transatlantic dialogue on the ways in which complex states (such

as Canada) and non-states (the EU) may broach the modes of difference and diversity that confront them. Authors engage in insightful «diagnoses» of contemporary forms and modes of diversity, as well as critical appraisals of a number of normative responses meant to answer these challenges. These responses range from «reasonable accommodation» and multinationalism to cosmopolitanism. They include the recognition of «post-national», «multinational» or «deterritorialised» democracy and constitutional patriotism, as well as plural or «denationalised» citizenship.

This book is a study of shame in English society in the two centuries between c.1550 and c.1750, demonstrating the ubiquity and powerful hold it had on contemporaries over the entire era. Using insights drawn from the social sciences, the book investigates multiple meanings and manifestations of shame in everyday lives and across private and public domains, exploring the practice and experience of shame in devotional life and family relations, amid social networks, and in communities or the public at large. The book pays close attention to variations and distinctive forms of shame, while also uncovering recurring patterns, a spectrum ranging from punitive, exclusionary and coercive shame through more conciliatory, lenient and inclusive forms. Placing these divergent forms in the context of the momentous social and cultural shifts that unfolded over the course of the era, the book challenges perceptions of the waning of shame in the transition from early modern to modern times, arguing instead that whereas some modes of shame diminished or disappeared, others remained vital, were reformulated and vastly enhanced.

This book explores how the cultural distinctions and conflicts between Anglo-Saxons and Normans originating with the Norman Conquest of 1066 prevailed well into the fourteenth century and are manifest in a significant number of Middle English romances including King Horn, Havelok the Dane, Sir Orfeo, Sir Gawain and the Green Knight, and others. Specifically, the study looks at how the material culture of these poems (architecture, battle tactic, landscapes) systematically and persistently distinguishes between Norman and Anglo-Saxon cultural identity. Additionally, it examines the influence of the English Outlaw Tradition, itself grounded in Anglo-Saxon resistance to the Norman Conquest, as expressed in specific recurring scenes (disguise and infiltration, forest exile) found in many Middle English romances. In the broadest sense, a significant number of Middle English romances, including some of the most well-read and often-taught, set up a dichotomy of two ruling houses headed by a powerful lord, who compete for power and influence. This book examines the cultural heritage behind each of these pairings to show how poets repeatedly contrast essentially Norman and Anglo-Saxon values and ruling styles.

Very Short Introductions: Brilliant, Sharp, Inspiring The British constitution is regarded as unique among the constitutions of the world. What are the main characteristics of Britain's peculiar constitutional arrangements? How has the British constitution altered in response to the changing nature of its state - from England, to Britain, to the United Kingdom? What impact has the UK's developing relations with the European Union caused? These are some of the questions that Martin Loughlin addresses in this Very Short Introduction. As a constitution, it is one that has grown

organically in response to changes in the economic, political, and social environment, and which is not contained in a single authoritative text. By considering the nature and authority of the current British constitution, and placing it in the context of others, Loughlin considers how the traditional idea of a constitution came to be retained, what problems have been generated as a result of adapting a traditional approach in a modern political world, looking at what the future prospects for the British constitution are. In this new edition of the Very Short Introduction, Loughlin includes a discussion of the impact of developments over the decade since its first publication, examining Brexit, the Scottish independence referendum of 2014, and the settlement in Northern Ireland. ABOUT THE SERIES: The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Attempts by writers and intellectuals in former colonies to create unique national cultures are often thwarted by a context of global modernity, which discourages particularity and uniqueness. In describing unstable social and political cultures, such "third-world intellectuals" often find themselves torn between the competing literary requirements of the "local" culture of the colony and the cosmopolitan, "world" culture introduced by Western civilization. In *Zones of Instability*, Imre Szeman examines the complex relationship between literature and politics by exploring the production of nationalist literature in the former British empire. Taking as his case studies the regions of the British Caribbean, Nigeria, and Canada, Szeman analyzes the work of authors for whom the idea of the "nation" and literature are inexorably entwined, such as Chinua Achebe, Wole Soyinka, C.L.R. James, Frantz Fanon, and V.S. Naipaul. Szeman focuses on literature created in the two decades after World War II, decades in which the future prospects for many colonies went from extreme political optimism to extreme political disappointment. He finds that the "nation" can be read as that space in which literature is thought to be able to conjoin two things that history has separated—the writer and the people. -- Chelva Kanaganayakam *Dictionary of the English and German, and the German and English Language* Springer Nature

Grab a badge and a gun and strap in for an absolutely gripping ride that's "full of suspense from the beginning to the end..." (Readers Abode) She could feel him watching her... Though every time she turned to look, there was no one there. The rest of the world thought she was going crazy—until it was too late. When Laura Saunders is found strangled in her home with a man's necktie, Detective Madison Knight is assigned the case. Her sergeant at the Stiles Police Department wants her to conclude it was an isolated incident and move on with the investigation, but Madison's not the type to cave under pressure. Madison is

haunted by certain inexplicable clues at the crime scene, including the presence of a mysterious photograph. She believes the picture may somehow tie into the murder, but before she can dig into it, another woman's body is discovered in a local park. Heather Nguyen was also murdered with the same brand of necktie that had been used on Laura. On the surface, there doesn't seem to be anything beyond the way they were killed that connects the women. But as Madison delves into the lives of the victims, she unravels a web of deceit and betrayal and lays bare decades of deadly family secrets. Edging closer to the truth, Madison's quite sure at least one more woman is slated to die. But can Madison piece all the clues together in time to save her? A gripping crime thriller full of heart-pounding twists. Perfect for fans of Robert Dugoni, J.D. Robb, and Lisa Regan. Readers love *Ties That Bind*: "Arnold has written one of the best female cops that I've ever read... The gripping, twisty and compelling fourth novel from Erin Kelly, Sunday Times bestselling author of HE SAID/SHE SAID. 'Tension-filled mystery with compelling characters and plot twists.' - Bella Could a soul, once sold, truly be redeemed? Luke is a true crime writer in search of a story. When he flees to Brighton after an explosive break-up, the perfect subject lands in his lap: reformed gangster Joss Grand. Now in his eighties, Grand once ruled the Brighton underworld with his sadistic sidekick Jacky Nye - until Jacky washed up by the West Pier in 1968, strangled and thrown into the sea. Though Grand's alibi seems cast-iron, Luke is sure

there's more to the story than meets the eye, and he convinces the criminal-turned-philanthropist to be interviewed for a book about his life. Luke is drawn deeper into the mystery of Jacky Nye's murder. Was Grand there that night? Is he really as reformed a character as he claims? And who was the girl in the red coat seen fleeing the murder scene? Soon Luke realises that in stirring up secrets from the past, he may have placed himself in terrible danger. *STONE MOTHERS*, the new novel by Erin Kelly, is available to buy now!

The British Constitution: A Very Short Introduction Laurel Leaf

This book seeks to investigate how the pedagogic space of schools and classrooms has been defined by the UK government's counter-terrorism 'Prevent' strategy, most notably through the requirement on teachers not to undermine 'fundamental British values' as part of the Teachers Professional Standards. The term 'fundamental British values' migrated from Prevent to the statutory framework that regulates teacher professionalism and has effectively securitized education practice. The Prevent strategy was conceived in response to the 7/7 bombings in London by so-called 'home-grown' Muslim terrorists. The need for teachers to promote British values is an attempt to forge a cohesive British identity among young citizens within a multiracial, multicultural and multilingual society. However, as the chapters in this book illustrate, the state project to harness education to engender belonging – or as some would argue, civic nationalism – whilst simultaneously undertaking surveillance of children and young people from the Muslim community for signs of radicalization, has led to the perception of a hierarchy of citizens or, conversely, 'insider-outsider' citizens. The imperative to promote, and not undermine, fundamental British values has, in some instances, transformed the safe space of the classroom where children and young people's right to explore their perceptions of current affairs, citizenship and belonging has been curtailed for fear of surveillance by teachers who may interpret their utterances as either undermining British values or to be signs of radicalization. This book explores these dilemmas for teachers and the implications for their professionalism, and examines how racist nativism has pervaded society, educational policy and practice through the promotion of a Britishness perceived by many as a raced, classed and exclusionary

discourse. This book was originally published as a special issue of the *Journal of Education for Teaching*.

The Ties That Bind was organized to review and assess the scientific evidence about the causes of trends in marriage and other forms of intimate unions. The contributors address these two questions: What do we know about the factors that influence the formation of marriages and other intimate unions, the timing of union formation, and the forms that unions take? What factors explain the dramatic changes in union formation we have observed over recent decades? Edited by Linda J. Waite. Co-edited by Christine Bachrach, Michelle Hindin, Elizabeth Thomson, and Arland Thornton.

Although acceptance of difference is on the rise in America, it's the rare gay or lesbian person who has not been demeaned because of his or her sexual orientation, and this experience usually starts at home, among family members. Whether they are excluded from family love and approval, expected to accept second-class status for life, ignored by mainstream arts and entertainment, or abandoned when intervention would make all the difference, gay people are routinely subjected to forms of psychological and physical abuse unknown to many straight Americans. "Familial homophobia," as prizewinning writer and professor Sarah Schulman calls it, is a phenomenon that until now has not had a name but that is very much a part of life for the LGBT community. In the same way that Susan Brownmiller's *Against Our Will* transformed our understanding of rape by moving the stigma from the victim to the perpetrator, Schulman's *Ties That Bind* calls on us to recognize familial homophobia. She invites us to understand it not as a personal problem but a widespread cultural crisis. She challenges us to take up our responsibilities to intervene without violating families, community, and the state. With devastating examples, Schulman clarifies how abusive treatment of homosexuals at home enables abusive treatment of homosexuals in other relationships as well as in society at large. Ambitious, original, and deeply important, Schulman's book draws on her own experiences, her research, and her activism to probe this complex issue—still very much with us at the start of the twenty-first century—and to articulate a

vision for a more accepting world.

This collection of essays, whose title echoes that of her most well-known book, celebrates the career of Barbara A. Hanawalt, emerita George III Professor of British Studies at The Ohio State University. The volume's contents -- ranging from politics to family histories, from intimate portraits to extensive prosopographies -- are authored by both former students and career-long colleagues and friends, and reflect the wide range of topics on which Professor Hanawalt has written as well as her varied methodological approaches and disciplinary interests. The essays also mirror the variety of sources Professor Hanawalt has utilized in her work: public documents of the law courts and chancery; private deeds, charters, and wills; works of both religious and secular literature. The collection not only illustrates and reinforces the influence of Barbara Hanawalt's work on modern-day medieval studies, it is also a testament to her inspiring friendship and guidance during a career that has now spanned more than three decades.

Introduction Is blood really thicker than water? How far does your religious and cultural history define you as a person? Can a good person do bad things for good reasons and still be a good person? When everything you've thought to be true about yourself turns out to be false, do you burn your bridges and drift along through life, or do you blaze a different path? Some secrets are better left untold. Devastated by the dying revelations of the woman he had believed to be his mother Chan Tai keung felt his privileged world tear apart, he wanted to blow the world apart in retribution. His world was Hong Kong and China. Part of that world was Ben Varley, a jaded and disillusioned expat police officer who had stayed on after Hong Kong had been reunified with China. His world was far from perfect, his life full of human errors in his fight to be true to his own conscience. When despair meets hope, two worlds collide.

In *The Tie That Binds*, his critically acclaimed first novel, Kent Haruf delivers the sweeping tale of eighty-year-old Edith Goodnough. Narrated by her neighbour, Edith's tragedies unfold: a tough childhood, a mother's death, a violence that leaves a

father dependent on his children, forever enraged. She is a woman who sacrifices everything in the name of family - until she is forced to reclaim her freedom in one dramatic and unexpected gesture. Breathtaking and truthful, *The Tie That Binds* is a powerful tribute to the demands of rural life, and to the tenacity of the human spirit.

"*The Ties that Bind Us*" is a book of poetry mixed with free verse. The poems are written from the raw feelings Nanon Williams experienced while living in solitary confinement on Texas death row. Confined to a "black out cell," Williams spent three years in total darkness with nothing but his memories and emotions to

bring him solace. All of these poems describe the feelings that weighed heavy on his heart, mind and soul as he struggled to come to terms with the bleakness and despair of life in isolation. Written from a place few can imagine and even fewer will ever experience, the emotions expressed are innate to the human experience—a desire for love and human connection. Through his poetry, Williams demonstrates that there is a love that exists within us all. This love is in everything and everyone. If we choose to ignore it, the pain of separating from it remains a constant reminder of what we are missing. In the darkest, most removed prison cell in Texas' Ellis Unit, Williams reconnected with this love.

This book is that expression.

In this book, Phyllis Krystal describes techniques, rituals and symbols which are capable of impressing positive messages on the subconscious mind in order to offset some of the negative conditioning that may have been received earlier in life. In this way, changes in life become possible much better than just working on a conscious, cognitive level. This method enables a person to liberate from the various sources of false security to become an independent and whole human being, relying only on the inner source of security and wisdom which is available to everyone who seeks its aid.
