A firsthand account of the life and work of Barbara T. Smith, one of the most important yet underrecognized performance artists in the United States. For over fifty years, Barbara T. Smith has been at the forefront of artistic movements in California. Her work across many mediums explores concepts that strike at the core of human nature, including sexuality, physical and spiritual sustenance, technology, and death. In this memoir, Smith weaves together descriptive accounts of her pioneering performances with an intimate narrative of her life. *The Way to Be* covers the years 1931 to 1981, up to the artist's fiftieth birthday, resulting in an exhaustive catalogue of her early work. It reveals the personal stories and events behind her pieces and the challenges she faced in an art world dominated by sexism and machismo. Drawing on Smith's archive at the Getty Research Institute, this enthralling book presents previously unpublished notes, documents, photographs, and firsthand accounts of her life and practice, as well as her more recent reflections on the past. *The Way to Be* demonstrates Smith's lasting contributions to the field of contemporary art and provides an engaging commentary on a recent period of great cultural and political change.

This publication catalogues The Met's remarkable collection of eighteenth-century French paintings in the context of the powerful institutions that governed the visual arts of the time—the Académie Royale de Peinture et de Sculpture, the Académie de France à Rome, and the Paris Salon. At the height of their authority during the eighteenth century, these institutions nurtured the talents of artists in all genres. The Met's collection encompasses stunning examples of work by leading artists of the

period, including Antoine Watteau (Mezzetin), Jean Siméon Chardin (The Silver Tureen), François Boucher (The Toilette of Venus), Joseph Siffred Duplessis (Benjamin Franklin), Jean-Baptiste Greuze (Broken Eggs), Hubert Robert (the Bagatelle decorations), Jacques Louis David (The Death of Socrates), the Van Blarenberghes (The Outer Port of Brest), and François Gérard (Charles Maurice de Talleyrand-Périgord). In the book's introduction, author Katharine Baetjer provides a history of the Académie, its establishment, principles, and regulations, along with a discussion of the beginnings of public art discourse in France, taking us through the reforms unleashed by the Revolution. The consequent democratizing of the Salon, brought about by radicals under the leadership of Jacques Louis David, encouraged the formation of new publics with new tastes in subject matter and genres. The catalogue features 126 paintings by 50 artists. Each section includes a short biography of the artist and in-depth discussions of individual paintings incorporating the most up-to-date scholarship.

What Else Is in the Teaches of Peaches Routledge

Within a broader frame, they speak to the double-edged nature of modern life.

Architecture & Sustainable Development (vol.1) University of Chicago Press

This book presents a progressive effort in enhancing scientific research pertaining to sustainable development, with particular emphasis on the Western Balkans region. It represents a comprehensive and versatile guide to sustainable urban development, that bridges diverse disciplines, combining theory and practice, to provide a multifaceted view on the topic, making it an indispensable resource for varied audiences.

French Paintings in The Metropolitan Museum of Art from the Early Eighteenth Century through the Revolution

Stanford University Press

The early 21st century has not been kind to California's reputation for good government. But the Golden State's governance flaws reflect worrisome national trends with origins in the 1970s and 1980s. Growing voter distrust with government, a demand for services but not taxes to pay for them, a sharp decline in

enlightened leadership and effective civic watchdogs, and dysfunctional political institutions have all contributed to the current governance malaise. Until recently, San Diego, California—America's 8th largest city—seemed immune to such systematic governance disorders. This sunny beach town entered the 1990s proclaiming to be "America's Finest City," but in a few short years its reputation went from "Futureville" to "Enron-by-the-Sea." In this eye-opening and telling narrative, Steven P. Erie, Vladimir Kogan, and Scott A. MacKenzie mix policy analysis, political theory, and history to explore and explain the unintended but largely predictable failures of governance in San Diego. Using untapped primary sources—interviews with key decision makers and public documents—and benchmarking San Diego with other leading California cities, *Paradise Plundered* examines critical dimensions of San Diego's governance failure: a multi-billion dollar pension deficit; a chronic budget deficit; inadequate city services and infrastructure; grandiose planning initiatives divorced from dire fiscal realities; an insulated downtown redevelopment program plagued by poorly-crafted public-private partnerships; and, for the metropolitan region, inadequate airport and port facilities, a severe underinvestment in firefighting capacity despite destructive wildfires, and heightened Mexican border security concerns. Far from a sunny story of paradise and prosperity, this account takes stock of an important but understudied city, its failed civic leadership, and poorly performing institutions, policymaking, and planning. Though the extent of these failures may place San Diego in a league of its own, other cities are experiencing similar challenges and political changes. As such, this tale of civic woe offers valuable lessons for urban scholars, practitioners, and general readers concerned about the future of their own cities.

Architectural Affects after Deleuze and Guattari Time Out Guides
Vast interior spaces have become ubiquitous in the contemporary city. The soaring atriums and concourses of mega-hotels, shopping malls and transport interchanges define an increasingly normal experience of being 'inside' in a city. Yet such spaces are also subject to intense criticism and claims that they can destroy the quality of a city's authentic life 'on the outside'. Interior

Urbanism explores the roots of this contemporary tension between inside and outside, identifying and analysing the concept of interior urbanism and tracing its history back to the works of John Portman and Associates in 1960s and 70s America. Portman – increasingly recognised as an influential yet understudied figure – was responsible for projects such as Peachtree Center in Atlanta and the Los Angeles Bonaventure Hotel, developments that employed vast internal atriums to define a world of possibilities not just for hotels and commercial spaces, but for the future of the American downtown amid the upheavals of the 1960s and 70s. The book analyses Portman's architecture in order to reconsider major contexts of debate in architecture and urbanism in this period, including the massive expansion of a commercial imperative in architecture, shifts in the governance and development of cities amid social and economic instability, the rise of postmodernism and critical urban studies, and the defence of the street and public space amid the continual upheavals of urban development. In this way the book reconsiders the American city at a crucial time in its development, identifying lessons for how we consider the forces at work, and the spaces produced, in cities in the present.

New York and Los Angeles Lexington Books

We live a world in which the number of prisons is growing and experiences of incarceration are increasingly widespread. *Carceral Worlds* offers a necessary and timely contribution to understanding these carceral realities of the globalized present. The book asks how the carceral has become so central in life, how it manifests in different geographical locations and, finally, what the likely consequences are of living in such a carceral world. *Carceral Worlds* focuses on carceral practices, experiences and imaginaries that reach far beyond traditional spaces of confinement. It shows the lasting effects of colonial carceral heritage, the influence of prison systems on city management, and the entrapping nature of digital infrastructures. It also discusses new urbanized forms of migrant detention, the relation between prisons and homelessness, the use of carceral metaphors in the everyday, and the carceral implications of the uneven distribution of climate risk across the globe. The volume brings together work from scholars across the world and from a variety of disciplines in the social sciences and humanities, offering a fresh approach to the carceral as a central vector in

modern life.

Classified Index of National Labor Relations Board Decisions, V. 354 Through 357 Routledge

In this comprehensive work, Armando Navarro delivers a timely analysis of the global capitalist crisis that has arisen in the United States. Navarro offers a wide-ranging political historical analysis of events that led up to the present co-called “Second Great Depression.” Starting with the end of World War II, he tracks the various political and economic decisions that have led to the emergence of the global economic crisis that began in 2006. He provides context for the current economic situation by discussing the major economic and political events, including the Great Depression, the New Deal, the rise of neo-liberal capitalism, and the collapse of the subprime mortgage industry. Navarro incisively reviews and critiques the Obama administration and Democrats’ quasi-welfare capitalist legislation. Driven by social democratic models, he constructs a transformative social movement paradigm that calls for the rise of reform and proposes dramatic systemic change. Navarro concludes by looking at the U.S. political culture—what he contends is the major obstacle to the rise of “socialism” in the United States—and speculates about the potentially bleak economic future to come

Time Out Los Angeles Springer Nature

The investigative biography of Michael Jackson's final years: “A tale of family, fame, lost childhood, and startling accusations never heard before” (ABC Nightline). When Michael Jackson died on June 25, 2009, millions of fans around the world were shocked. But the outpouring of emotion that followed his loss was bittersweet. Dogged by scandal for years and undone by financial mismanagement, Jackson had become untouchable in many quarters. *Untouchable* pulls back the curtain Jackson's public person to introduce a man who, despite his immense fame, spent his entire life utterly alone; who, in the wake of a criminal trial that left him briefly hospitalized, abandoned Neverland to wander the globe before making one final—and fatal—attempt to recover his wealth and reputation. The Jackson that emerges in these pages is both naïve and cunning, a devoted father whose parenting became an international scandal, a shrewd businessman whose failures nearly brought down a megacorporation, and an inveterate narcissist who craved a quiet, normal life. Randall Sullivan delivers never-before-reported

information about Jackson's business dealings, his relationship with his family, and the pedophilia allegations that derailed his life and mar his legacy today, as well as the suspicious nature of his death. Based on exclusive access to Jackson's inner circle, *Untouchable* is an intimate, unflinching portrait of the man who continues to reign as the King of Pop. “A dishy Michael Jackson biography that makes the exhaustively covered King of Pop fascinating all over again.” —People

The Atlas of California Grove/Atlantic, Inc.

The hospitality and tourism sector is a large and rapidly expanding industry worldwide, and can rightfully be described as a vehicle of globalisation. Hotels are among the cornerstones of the industry often drawing workers from the most vulnerable segments of multicultural labour markets, accommodating and entertaining tourists and business travelers from around the world. This book explores the organisation of work, worker identities and worker strategies in hotel workplaces, as they are located in heterogeneous labour markets being changed by processes of globalisation. It uses an explicitly geographical approach to understand how different groups of workers experience and respond to challenges in the hospitality industry, and is based on recent theoretical debates and empirical research on hotel workplaces in cities as different as Oslo, Goa, London, Las Vegas and Toronto. A multi-scalar analysis is taken where concrete worker bodies and their physical, emotional and embodied labour are seen in relation to, among other aspects: the regulation of national and regional labour markets, city governments with global city ambitions, and global corporate actors and labour migration patterns. The book sheds light on the hotel workplace as a hierarchical and fragmented social space as well as addressing questions on worker mobility, the fragmentation of work, scales of organisation and how workers can help shape the regulation of their industry. This timely volume brings together contributions from international academics and is valuable reading for all those interested in hospitality, tourism, human geography and globalisation.

Interior Urbanism Rough Guides UK

Home cooks and gourmets, chefs and restaurateurs, epicures, and simple food lovers of all stripes will delight in this smorgasbord of the history and culture of food and drink. Professor of Culinary History Andrew Smith and nearly 200

authors bring together in 770 entries the scholarship on wide-ranging topics from airline and funeral food to fad diets and fast food; drinks like lemonade, Kool-Aid, and Tang; foodstuffs like Jell-O, Twinkies, and Spam; and Dagwood, hoagie, and Sloppy Joe sandwiches.

Tourism and Crisis Presses univ. de Louvain

This book provides in-depth comparative studies of the two largest cities and metropolitan areas in the United States: New York City and Los Angeles. The chapters, written by leading experts and based upon the most current information available from the Census and other sources, discuss and explicitly compare politics, economic prospects and the financial crisis, and a host of social issues. Reform movements in education, ethnic politics, budget stringency, strategies to deal with crime, the development and political context of infrastructure, rising inequality, immigration and immigrant communities, the segregation of the poor and minorities and the new segregation of the economic elite, environmental impacts and attempts to deal with them, the image of both cities and regions in the movies, architectural trends, and the differential impact and response to the financial crisis, including foreclosure patterns, are all examined in this volume. This comparative framework reveals that old paradigms such as urban "decline" or "resurgence" are inadequate for grasping the new challenges and complexities facing America's two major global cities. Each is responding in sometimes similar and different ways to the challenges brought on by two events that defined the last decade: the attack of 9/11 and its aftermath, and the continuing effects of the financial crisis. How all of these events, institutions, and trends play out in the New York and Los Angeles regions is important not only for the two cities, but also as a harbinger for other U.S. cities, the entire nation, and cities worldwide. New York and Los Angeles provides an essential guide for understanding the many forces that determine the future of our cities.

HotelBusiness CABI

Black and Brown in Los Angeles is a timely and wide-ranging, interdisciplinary foray into the complicated world of multiethnic Los Angeles. The first book to focus exclusively on the range of relationships and interactions between Latinas/os and African Americans in one of the most diverse cities in the United States, the book delivers supporting evidence that Los Angeles is a key

place to study racial politics while also providing the basis for broader discussions of multiethnic America. Students, faculty, and interested readers will gain an understanding of the different forms of cultural borrowing and exchange that have shaped a terrain through which African Americans and Latinas/os cross paths, intersect, move in parallel tracks, and engage with a whole range of aspects of urban living. Tensions and shared intimacies are recurrent themes that emerge as the contributors seek to integrate artistic and cultural constructs with politics and economics in their goal of extending simple paradigms of conflict, cooperation, or coalition. The book features essays by historians, economists, and cultural and ethnic studies scholars, alongside contributions by photographers and journalists working in Los Angeles.

Congressional Record Springer Nature

This newly updated edition is a compilation of readings, divided into nine sections, each examining a specific hotel department or activity. Each topic is examined through a variety of viewpoints on the duties, responsibilities, problems, and opportunities encountered there. Multidimensional case studies, taking a practical approach, challenge readers to identify the central issues involved in complex management problems, understand the structure and resources of the department in question, and find solutions that may help in managing other hotel resources and departments.

Register of Motor Vehicles and Names of Licensed Chauffeurs Registered in the Office of the Secretary of State to December 31, 1909 Univ of California Press

Do birds of a feather flock together or do opposites attract? Does haste make waste or should you strike while the iron is hot? Adages like these—or conventional wisdoms—shape our social life. This Fifth Edition of *Second Thoughts* reviews several popular beliefs and notes how such adages cannot be taken at face value. This unique text encourages students to step back and sharpen their analytic focus with 24 essays that use social research to expose the gray areas of commonly held beliefs, revealing the complexity of social reality and sharpening students' sociological vision.

Hotel Management and Operations John Wiley & Sons

Time Out Los Angeles is a VIP pass beyond the velvet rope and into the heart of one of the most fascinating cities in the United

States. The capital of the West Coast, a sprawling megalopolis that is home to more stars than the night sky, Los Angeles continues to enthrall all those who visit it. Whether visitors are looking for tips on the hottest bets or hot springs, this is the must-have travel guide — it covers the newest clubs, restaurants, and shopping, as well as day-trip suggestions in every direction. *Second Thoughts: Sociology Challenges Conventional Wisdom* Routledge

California is at a crossroads. For decades a global leader, inspiring the hopes and dreams of millions, the state has recently faced double-digit unemployment, multi-billion dollar budget deficits and the loss of trillions in home values. This atlas brings together the latest research and statistics in a graphic form that gives shape and meaning to these numbers. It shows a new California in the making, as it maps the economic, social, and political trends of a state struggling to maintain its leadership and to continue to offer its citizens the promise of prosperity. Among the world's largest economies, California is the nation's agricultural powerhouse, high tech crucible and leader in renewable energy. The state is the most populous and most diverse state in the continental U.S. Yet its infrastructure is coming under increasing pressure. Water supply systems are strained, the legendary highways are over capacity, and the celebrated system of public schooling is unable to offer affordable quality education at all levels. Health and welfare services, particularly for the poor, needy, disabled, and seniors, are at great risk. This indispensable resource gives readers the tools they need to understand the transformation as California attempts to forge a new identity in the midst of unprecedented challenges.

Which? Recommended Provider: Time Out Guides kicks off 2014 by being rated top guidebook brand by Which? Survey, for level of detail, photography, quality of maps, ease of finding information and value for money. The capital of the West Coast, a sprawling desert megalopolis that's home to more stars than the sky at night, Los Angeles continues to enthrall all those who visit it. Time Out's resident team helps you get the best out of the City of Angels, giving you the inside track on local culture plus hundreds of independent venue reviews. As well as covering visitor essentials, the Time Out Los Angeles city guide explores the best surfing spots and the city's new urbanism, and pinpoints the real-

life locations used in dozens of Hollywood movies. *Sightseeing in LA *LA hotels *LA restaurants *LA bars *LA shops *LA maps
Los Angeles Magazine Random House
 One of the Huffington Post's Best Art Books of 2015 "[Peaches] has teamed up with her longtime tour photographer Holger Talinski to look back at a brazen career that has captured the attention of outsider artists and massive pop stars alike, ranging from Michael Stipe to PJ Harvey to Iggy Pop...Along with Holger's uncompromising, often raw imagery, the book includes stories from artists who have championed Peaches's work over the years." --New York Times T Magazine "It takes a lot of grueling work to pull off what Peaches does so subversively night after night on tour and in theater productions. That's the takeaway from this revealing (and NSFW) photo book on the electro-pop provocateur, as seen through the lens of photographer Talinski and featuring essays by Michael Stipe, Yoko Ono, and [Elliot] Page." --Boston Globe "Electronic musician and performance artist Peaches has made a career out of pushing boundaries, and her new book is equally transgressive. Photographer Holger Talinski captures the artist onstage and off in the outrageous costumes

that have been a performance signature for her, and in quieter moments away from the strobe lights." --San Francisco Chronicle "One flip through the glossy new monograph *What Else Is In the Teaches of Peaches* is all it takes to get absorbed into the post-punk wonderland of pop culture icon Peaches." --W Magazine "Peaches is an attitude and a sensibility....She's iconic, and her iconography is important." --The Globe and Mail One of Loud and Quiet Magazine's Best Books of 2015 "The bare-all book shows Peaches on and off stage, focusing on her efforts to shatter gender stereotypes, promote sex positivity, and push the boundaries of art and performance." --Vice Magazine, The Creators Project "What Else Is in the Teaches of Peaches, a new book of photography, attempts to capture more: Peaches onstage, backstage, in her 30-boob breastplate, on the crapper, on a cross, passed out, convalescing, performing for Yoko Ono, curled up with family, recording with Iggy Pop. It's a groupie's delight." --SF Weekly "For Peaches fans, the collection offers glimpses into both the public and private life of the artist who put feminist electroclash on the map. Peaches led the way, not only

for other underground electronic acts like Le Tigre, Ladytron, and Chicks on Speed, but also artists that went on to major mainstream success. Would M.I.A. exist without Peaches? Lady Gaga? In her current iteration, Miley Cyrus?...In the end, [*What Else Is in the Teaches of Peaches*] is a reminder that Peaches, the artist and the musician...forged a vibrant, genre-bending career that continues to throb with spirit, transgression, energy, and ambition." --KQED Arts "Perhaps what hits you most of all, maybe more than the striking costumes and occasional nudity, is how much fun Peaches' life appears to be. Less than halfway into the book, you start to trust the Peaches/Talinski collaborative union, and you somehow come to realise that it's all authentic, magic and reality. There's none of the staginess that you sometimes see in photo books of pop stars, particularly those who are led around by their egos." --PopMatters This volume presents a mesmerizing collection of Holger Talinski's evocative and sometimes erotic photos of transgressive musical icon Peaches, on and off stage, with accompanying text by Peaches, Michael Stipe (R.E.M.), Yoko Ono, and the actor Elliot Page, best known for their lead role in the film *Juno*, which garnered them an Oscar nomination.
