"I'm no ordinary woman..." Jack is in love with Kitty, Charley with Amy and both need Charley's Aunt to help. But when she doesn't turn up, they coerce their friend and fellow student into posing as the widowed millionaire, so they can confess their feelings to the girls. Things become more complicated when first, Jack's father and then Amy's uncle turn up. Both take a keen interest in Charley's Aunt, "from Brazil - where the nuts come from." One of the most popular comic farces of all time, Charley's Aunt has been loved since its original performances in 1893 and the continuous four year run that followed. The original dialogue is retained in this edition, refreshed with modern stage direction and a new introduction.

[Nala's World](#) Workman Publishing

The first in a brand new trilogy from Sunday Times bestseller Nora Roberts, *The Awakening* is a story of adventure, magic and finding your home. Mists, shimmering silver fingers, rose over the pale green water of the lake. They twined and twisted toward a sky quietly gray, while in the east, over the hills, a pink blush waited, like a held breath, to waken. Breen Kelly had always been a rule follower. So, when her father left when she was twelve years old, promising to return, she waited. Now, more than a decade later, she's working at a job she hates and is tired of the life that playing by the rules has dealt her. It's time to make a change. Breen makes a leap into the unknown with a summer trip to Ireland - her father's homeland. Little does she know how much of a leap until a walk in the woods leads her through a portal into another world - Talamh - where Breen will find magic, family and a destiny she could never have dreamed of. 'If you're after the perfect pick-me-up, take-me-away-from-the-world read, then she's your woman' *The Guardian*. 'Nora Roberts is, quite simply, a one-woman phenomenon' *Heat*. 'I love Nora Roberts' *Stephen King*.

Discover the heartwarming true story of a life-changing friendship between a man and his rescue cat, Nala, as they adventure together on a bike journey around the world -- from the Instagram phenomenon @1bike1world. When 30-year-old Dean Nicholson set off from Scotland to cycle around the world, his aim was to learn as much as he could about our troubled planet. But he hadn't bargained on the lessons he'd learn from his unlikely companion. Three months after leaving home, on a remote road in the mountains between Montenegro and Bosnia, he came across an abandoned kitten. Something about the piercing eyes and plaintive meowing of the bedraggled little cat proved irresistible. He couldn't leave her to her fate, so he put her on his bike and then, with the help of local vets, nursed her back to health. Soon on his travels with the cat he named Nala, they forged an unbreakable bond -- both curious, independent, resilient and adventurous. The video of how they met has had 20 million views and their Instagram has grown to almost 750k followers -- and still counting! Experiencing the kindness of strangers, visiting refugee camps, rescuing animals through Europe and Asia, Dean and Nala have already learned that the unexpected can be pretty amazing.

Together with Garry Jenkins, writer with James Bowen of the bestselling *A Street Cat Named Bob*, Dean shares the extraordinary tale of his and Nala's inspiring and heart-warming adventure together.

Sonic fiction is everywhere: in conversations about vernacular culture, in music videos, sound art compositions and on record sleeves, in everyday encounters with sonic experiences and in every single piece of writing about sound. Where one can find sounds one will also detect bits of fiction. In 1998 music critic, DJ and video essayist Kodwo Eshun proposed this concept in his book "More Brilliant Than The Sun: Adventures in Sonic Fiction". Originally, he did so in order to explicate the manifold connections between Afrofuturism and Techno, connecting them to Jazz, Breakbeat and Electronica. His argument, his narrations and his explorative language operations however inspired researchers, artists, and scholars since then. Sonic Fiction became a myth and a mantra, a keyword and a magical spell. This book provides a basic introduction to sonic fiction. In six chapters it explicates the inspirations for and the transformations of this concept; it explores applications and extrapolations in sound art and sonic theory, in musicology, epistemology, in critical and political theory. Sonic fiction is presented in this book as a heuristic for critique and activism.
