"A haunting tapestry of interwoven stories that inform us not just about our past but about the resentment-bred demons that are all too present in our society today . . . The interconnected strands of race and history give Ball's entrancing stories a Faulknerian resonance." —Walter Isaacson, The New York Times Book Review A 2020 NPR staff pick | One of The New York Times' thirteen books to watch for in August | One of The Washington

Post's ten books to read in August | A Literary Hub best book of the summer| One of Kirkus Reviews' sixteen best books to read in August The life and times of a militant white supremacist, written by one of his offspring, National Book Award-winner Edward Ball Life of a Klansman tells the story of a warrior in the Ku Klux Klan, a carpenter in Louisiana who took up the cause of fanatical racism during the years after the Civil War. Edward Ball, a descendant of the Klansman, paints a portrait of his family's anti-black militant that is part history, part memoir rich in personal detail. Sifting through family lore about "our Klansman" as well as public and private records, Ball reconstructs the story of his great-great grandfather, Constant Lecorgne. A white French Creole, father of five, and working class ship carpenter, Lecorgne had a career in white terror of notable and bloody completeness: massacres, night riding, masked marches, street rampages—all

part of a tireless effort that he and other Klansmen made to restore white power when it was threatened by the emancipation of four million enslaved African Americans. To offer a non-white view of the Ku-klux, Ball seeks out descendants of African Americans who were once victimized by "our Klansman" and his comrades, and shares their stories. For whites, to have a Klansman in the family tree is no rare thing: Demographic estimates suggest that fifty percent of whites in the United States have at least one ancestor who belonged to the Ku Klux Klan at some point in its history. That is, one-half of white Americans could write a Klan family memoir, if they wished. In an era when racist ideology and violence are again loose in the public square, *Life of a Klansman* offers a personal origin story of white supremacy. Ball's family memoir traces the vines that have grown from militant roots in the Old South into the bitter fruit of the present, when whiteness is again a cause that can veer into hate and domestic terror.

The Diary of a Country Priest Victor Gollancz

For 70 years, this enchanting and unique volume lay undiscovered until, in 1977, a full-colour facsimile edition was published by Michael Joseph (UK), capturing all the freshness, charm and beauty of the original. It was an instant and lasting international success. "The Country Diary of an Edwardian Lady" is a reproduction of a naturalist's diary for the year 1906. Edith Holden recorded in words and paintings the flora and fauna of the British countryside through the changing seasons. Her words, all carefully written by hand, include her favourite poems, personal thoughts, and observations on the wildlife she saw surrounding her home in Warwickshire and on her travels through England and Scotland.

A charming addition to Rizzoli's carefully curated program of bringing classic books back into print. This beautifully packaged facsimile of Edith Holden's original diary is filled with a naturalist's masterful paintings and delightful observations chronicling the English countryside throughout 1906. As one of the few true records of the time in print, the handwritten thoughts and paintings contained in *The Country Diary of an Edwardian Lady* transport readers to a more refined, romantic, and simpler time. Capitalizing on the current Downton Abbey-inspired appetite for Edwardian-era ephemera, fashions, and society, this reproduction brings readers back to a time in which propriety, civility, and an appreciation for the natural world reigned. This souvenir of a bygone era serves not only as a calming touchstone, but a reminder that as long as we choose to see it, we are still surrounded by beauty and grace. A NEW YORK TIMES, WALL STREET JOURNAL, AND USA TODAY
BESTSELLER An intimate, powerful, and galvanizing memoir by Pulitzer Prize winner, human rights advocate, and former US Ambassador to the UN Samantha Power. Named one of the best books of the year: The New York Times • National Public Radio • Time • The Economist • The Washington Post • Vanity Fair • Christian Science Monitor • Publishers Weekly • Audible "Her highly personal and reflective memoir . . . is a must-read for anyone who cares about our role in a changing world."—President Barack Obama Includes an updated afterword Tracing her distinctly American journey from immigrant to war correspondent to presidential Cabinet official, Samantha Power's acclaimed memoir is a unique blend of suspenseful storytelling, vivid character portraits, and shrewd political insight. After her critiques of US foreign policy caught the eye of Senator Barack Obama, he invited her to work with him on Capitol Hill and then on his presidential campaign. When Obama won the presidency, Power went from being an activist outsider to serving as his human rights adviser and, in 2013, becoming the youngest-ever

US Ambassador to the United Nations. Power transports us from her childhood in Dublin to the streets of war-torn Bosnia to the White House Situation Room and the world of high-stakes diplomacy, offering a compelling and deeply honest look at navigating the halls of power while trying to put one's ideals into practice. Along the way, she lays bare the searing battles and defining moments of her life, shows how she juggled the demands of a 24/7 national security job with raising two young children, and makes the case for how we each can advance the cause of human dignity. This is an unforgettable account of the power of idealism—and of one person's fierce determination to make a difference. "This is a wonderful book. [...] The interweaving of Power's personal story, family story, diplomatic history and moral arguments is executed seamlessly and with unblinking honesty."—THOMAS L. FRIEDMAN, *The New York Times* Book Review "Truly engrossing...A pleasure to read."—RACHEL MADDOW "A beautiful memoir about the times we're living in and the questions we must ask ourselves...I honestly couldn't put it down." —CHERYL STRAYED, author of *Wild* "Power's compelling memoir provides critically important insights we should all understand as we face some of the most vexing issues of our time." —BRYAN STEVENSON, author of *Just Mercy*

Europe Between Hitler and Stalin HarperCollins UK
Neurobiology of Monotremes brings together current information on the development, structure, function and behavioural ecology of the monotremes. The monotremes are an unusual and evolutionarily important group of mammals showing striking behavioural and physiological adaptations to their niches. They

are the only mammals exhibiting electroreception (in the trigeminal sensory pathways) and the echidna shows distinctive olfactory specialisations. The authors aim to close the current gap in knowledge between the genes and developmental biology of monotremes on the one hand, and the adult structure, function and ecology of monotremes on the other. They explore how the sequence 'embryonic structure > adult structure > behaviour' is achieved in monotremes and how this differs from other mammals. The work also combines a detailed review of the neurobiology of monotremes with photographic and diagrammatic atlases of the sectioned adult brains and peripheral nervous system of the short-beaked echidna and platypus. Pairing of a detailed review of the field with the first published brain atlases of two of the three living monotremes will allow the reader to immediately relate key points in the text to features in the atlases and will extend a universal system of brain nomenclature developed in eutherian brain atlases by G Paxinos and colleagues to monotremes.

Country Diary Address Book Little, Brown Books for Young Readers

"Sara Midda's richly illustrated In and Out of the Garden has delighted readers and critics alike: "This is the most gentle of books, a peaceful pastime. The delicacy of Sara Midda's art is enchanting. Anyone who is a gardener, or who has worked with plants in nature, will respond to what she has put forth so exquisitely," wrote Joan Lee Faust, Garden Editor of The New York Times. Diana Vreeland praised it as "delightful and delicious," Time magazine as "Cause for revel," and Laura Ashley called it "pure inspiration." In scores and scores of delicate illustrations and tender reflections, the author recalls the English gardens her childhood and the gardens she tends now, to reveal surprises both dainty and daring. The colorings and imaginings make the fancy soar with pleasure, as she creates the most elegant and subtle of books to give and to have, a book to cherish as dearly as a volume of treasured poetry. Sara Midda's garden is sown with glorious images. Ruby-red radishes are the jewels of the underworld. Myriad colors fall upon warm green moss. Brown leaves drift with sweet scent. And "in the beeman's garden, a host of hives and a swarm of bees bring sticky honey for your teas." Vegetable gardens, herb gardens, flower gardens are illustrated. The pleasures of the orchard are celebrated. Recipes are shared for lotions and potions to cheer the heart and delight the senses." -- Publisher.

Country Diary Drawings HarperCollins Children's Books
Philadelphia merchants had strong ties with their Chinese

counterparts for almost a century before American Independence and for 164 years before the establishment of diplomatic relations or other official contacts. This book traces the evolution of those ties. The story begins with the establishment of the port of Philadelphia, which soon became America's largest, and ends with the first Sino-American treaty, which restructured the earlier informal relationships and signaled a decline in trade between the Delaware estuary and the China coast. In its heyday Philadelphia controlled about one-third of the United States trade with China, and the traders' profits provided substantial capital for industry and public institutions. As Hilary Conroy writes in his foreword: "The author began his research by immersing himself in the then recently opened Stephen Girard Papers. He found, somewhat to his surprise, that they did not seem to forecast the racism which was later to poison American-Chinese relations." The author concludes that Sino-American relations have never been significantly improved over those manifested in

Philadelphia's old China trade.
