 'Rigorously researched, *The Lost Café Schindler* successfully weaves together a compelling and at times deeply moving memoir and family history that also chronicles the wider story of the Jews of the Austro-Hungarian Empire... It distinguishes itself through its combination of mystery and reconciliation.' -- The Times T2 'In tilling the past Meriel has uncovered the most fascinating - and devastating - family history. *The Lost Café Schindler* is not just a genealogical exploration, though; it sets out the wider experiences of the Jewish population of the Austro-Hungarian empire, weaving in the story of how antisemitism took root' -- Sunday Times 'An impressively researched account of Jewish life in the Tyrol up to and during the Second World War' -- Evening Standard 'An extraordinary story - so cadenced and so moving.' -- Edmund de Waal, author of *The Hare with Amber Eyes* 'An extraordinary and compelling book of reckonings - a journey across a long, complex and deeply painful arc of history, grippingly told - a wonderful melding of the personal and the political, the family and the historical.' -- Philippe Sands, author of *East West Street* 'A significant benefit for family historians is that her reading, sources and resources offer guidance that others might follow and use in their own research.' Who Do You Think You Are? 'A well-researched account.' -- The Observer 'The scale of the crimes committed during these years can never be fully comprehended, but through tales like these they become relatable and the sense of loss, shared.' -- Press Association 'Compelling and beautifully written... a remarkable and inspiring story that attests to the strength and compassion of the human

spirit in overcoming the tragedy of persecution... Fascinating family history.' - Daily Express 'Schindler builds her story patiently, tracking her own journey in unravelling it' - i *** Kurt Schindler was an impossible man. His daughter Meriel spent her adult life trying to keep him at bay. Kurt had made extravagant claims about their family history. Were they really related to Franz Kafka and Oscar Schindler, of Schindler's List fame? Or Hitler's Jewish doctor - Dr Bloch? What really happened on Kristallnacht, the night that Nazis beat Kurt's father half to death and ransacked the family home? When Kurt died in 2017, Meriel felt compelled to resolve her mixed feelings about him, and to solve the mysteries he had left behind. Starting with photos and papers found in Kurt's isolated cottage, Meriel embarked on a journey of discovery taking her to Austria, Italy and the USA. She reconnected family members scattered by feuding and war. She pieced together an extraordinary story taking in two centuries, two world wars and a family business: the famous Café Schindler. Launched in 1922 as an antidote to the horrors of the First World War, this grand café became the whirling social centre of Innsbruck. And then the Nazis arrived. Through the story of the Café Schindler and the threads that spool out from it, this moving book weaves together memoir, family history and an untold story of the Jews of the Austro-Hungarian Empire. It explores the restorative power of writing, and offers readers a profound reflection on memory, truth, trauma and the importance of cake.

 Many of the Ferrari single seaters and sports racers that won world championships were born of the imagination of Mauro Forghieri and designed by him. That was the case with the John Surtees 1964 158 F1 and the unbeatable Ts of the Lauda-Regazzoni era. The same can be said of the 250 P, the 330 P3 and P4, as well, naturally, as the 312 'PB', the unquestioned protagonists among the sports racing cars of the 1960s and 1970s. The life of the outstanding Mauro Forghieri is told in this book, in which noted stories, especially those that have remained unpublished for years, intertwine in an riveting narrative, supported by a wealth of absolutely unpublished illustrations, a large portion of which come from the publisher's archives.

 Formula One is speed, glamour, danger - and eye-watering wealth. *Driven: The Men Who Made Formula One* tells how a small group of extraordinary men transformed Formula One from a niche sport played out on primitive tracks surrounded by hay bales and grass verges into a £1 billion circus performing in vast theatres of entertainment all over the world. Led by Bernie Ecclestone, the billionaire ringmaster, this clique started by

scraping a living to go racing and ended up creating space-age cars, turning drivers from amateur gladiators into multimillion-pound superstars, like Ayrton Senna and Lewis Hamilton, while the names of Ferrari, McLaren and Williams are now as familiar around the world as Manchester United or Real Madrid. For 20 years, Kevin Eason watched how these men operated like a sporting Mafia, protecting each other while squabbling over the vast wealth pouring into the sport. As motor racing correspondent for The Times and then with The Sunday Times, Eason was privileged to have a ringside seat as this cabal of wealthy characters ruled and then were pushed out of the sport they created. This colourful and compelling account of the extraordinary flourishing of Formula One explores the quirks and extravagances of the men who converged - in one generation - to shape their sport; disparate characters with a common impulse: they were racers - and they were driven.

The New York Times bestselling author thrillingly recounts how an underdog driving team beat Hitler's fearsome Silver Arrows in the 1938 Pau Grand Prix. They were the unlikeliest of heroes. Rene Dreyfus, a former top driver on the international racecar circuit, had been banned from the best European teams—and fastest cars—by the mid-1930s because of his Jewish heritage. Charles Weiffenbach, head of the down-on-its-luck automaker Delahaye, was desperately trying to save his company. And Lucy Schell, the adventurous daughter of an American multi-millionaire, yearned to reclaim the glory of her rally-driving days. As Nazi Germany pushed the world toward war, these three misfits banded together to challenge Hitler's dominance at the apex of motorsport: the Grand Prix. Their quest for redemption culminated in a remarkable race that is still talked about in racing circles to this day—but which, soon after it ended, Hitler attempted to completely erase from history. Bringing to life the Golden Era of Grand Prix racing, *Faster* chronicles one of the most inspiring, death-defying upsets of all time: a symbolic blow against the Nazis during history's darkest hour. LONGLISTED FOR THE WILLIAM HILL SPORTS BOOK OF THE YEAR 2018 This is my life, not the stuff you've seen, but the things you haven't. This is my childhood growing up in the West Country, my struggles, my doubts and my hopes. It's the people I've met in my seventeen years in Formula One, many of whom I've loved, some of whom I definitely haven't. It's the laughs I've shared, the battles I've fought, some on the track with rivals and friends like Fernando Alonso, Lewis Hamilton and Sebastian Vettel. It's the pressure I struggled with as I closed in on my World Championship in 2009, it's the calm I felt every time I settled into the cockpit. It's my dad - the many times he saved me, the one moment he doubted me, the hole in my life he left me. It's everything in one go, the good days as well as the bad. A life lived not just as a racing driver but, ultimately, as a human being.

Coming to cinemas in November 2019, under the title LE MANS '66 _____ In the 1960s Enzo Ferrari emerged as the dominant force in sports cars in the world, creating speed machines that were unbeatable on the race track. In America, the Ford Motor Company was quickly losing ground as the pre-eminent brand. Henry Ford II saw a solution. He decided to declare war on Ferrari, to build a faster car than anything Ferrari had brought to the track, and to beat him at the world's biggest race, Le Mans. Ferrari was just as determined to see off this challenge from across the Atlantic. With practically no safety regulations in place in the European Grand Prix races, horrific accidents were routine, with both drivers and spectators killed in many races. The stakes were incredibly high, money and men were thrown at the competition, neither Ford or Ferrari would accept anything but victory. The battle to become the fastest in the world truly became a race to the death.

For tens of millions of people around the world, a single name evokes the world of speed - Enzo Ferrari. Today's Formula One would be unthinkable without the presence of the Ferrari cars on the grid. Win or lose, Ferrari attract more fans than all the other teams combined. And the cars unique appeal - their mystique, their myth - has its origins in the story of one man with a dictator's will and the cunning of a Machiavelli. Going back to the origins of "The Old Man", tracing his remarkable rise to prominence, and using sources which have hitherto remained silent, Richard Williams tells the story of a man who was one of the key figures of sport in the twentieth century, and whose influence over his sport is undiminished today, more than a decade after his death.

The definitive record of the twentieth century's preeminent car builder and racer is now available in an updated paperback edition. It was motoring author Rinsey Mills' passion for AC cars and motorsports history that led to his first meeting with Carroll Shelby. His suggestion that they should collaborate in order to create an accurate record of Shelby's life and achievements at first was rebuffed but later taken up with enthusiasm. This authorized biography is the result. Carroll Shelby: The Authorized Biography was a long time in the making, as Mills left no stone unturned in his quest to produce the complete study of Shelby's remarkable life. He carried out extensive research and conducted numerous interviews, fully capturing the narrative of Carroll Shelby within and outside of the automotive racing world: his childhood in Texas, wartime tenure with the Army Air Force, and postwar entrepreneurship; his earliest race wins in 1952 and his legendary 1959 victory at the 24 Hours of Le Mans; his monumental release of the first Cobra and the formation of Shelby American in 1962; his historical partnership with Ford that would last for decades; all the way through to Shelby's personal hobbies, travels, and present-day legacy. Fascinating photographs from Shelby's personal collection complete a book whose original hardcover edition was published mere weeks

before his passing, making Carroll Shelby: The Authorized Biography a magnificent and lasting tribute to one of the greatest automotive figures of the twentieth century.

Ferrari means red. It means racing. Excellence, luxury, and performance. Less well-known is the man behind the brand. For nearly seventy years, Enzo Ferrari dominated a motor-sports empire that defined the world of high-performance cars. Next to the Pope, Ferrari was the most revered man in Italy. But was he the benign padrone portrayed by an adoring world press at the time, or was he a ruthless despot, who drove his staff to the edge of madness, and his racing drivers even further? Brock Yates's definitive biography penetrated Ferrari's elaborately constructed veneer and uncovered the truth behind Ferrari's bizarre relationships, his work with Mussolini's fascists, and his fanatical obsession with speed. "A fascinating and provocative book" The Observer.

Ferrari: Under the Skin Random House

'A band of stubborn pioneers rose from the embers of Britain's cities after the war and created the finest automobiles the world had ever seen... High Performance tells the exhilarating tale of their journey' Ben Collins, bestselling author of How To Drive 'High Performance is a cracking read and an adrenaline-packed tribute to the time when British mavericks "blew the bloody doors off" the competition' Sunday Times In January 1964, a team of tiny red and white Mini Coopers stunned the world by winning the legendary Monte Carlo Rally. It was a stellar year for British cars that culminated in Goldfinger breaking box office records and making James Bond's Aston Martin DB5 the world's most famous sports car. By the sixties, on road, track and silver screen the Brits were the ones to beat, winning Formula One championships and capturing hearts. Designers like John Cooper, and Colin Chapman of Lotus, dismissed as mere 'garagisti' by Enzo Ferrari, grabbed all the prizes, while Alex Issigonis won a knighthood for his revolutionary Mini. The E Type Jaguar was feted as the world's sexiest car and Land Rover the most durable. But before the war only one British car had triumphed in a Grand Prix; Britain's car builders were fiercely risk-averse. So what changed? To find out, Peter Grimdsdale has gone in search of a generation of rebel creative spirits who emerged from railway arches and Nissen huts to tear up the rulebook with their revolutionary machines. Like the serial fugitives from the POW camps, they thrived on adversity, improvisation and sheer obstinate determination. High Performance celebrates Britain's automotive golden age and the mavericks who sketched them on the back of envelopes and garage floors, who fettled, bolted and welded them together and hammered the competition in the showroom, on the road and on the track - fuelled by contempt for convention.

A TIMES AND SUNDAY TIMES BEST BOOK OF 2021 'The Red Prince announces Helen Carr as one of the most exciting new voices in narrative history.' Dan Jones Son of Edward III, brother to the Black Prince, father to Henry IV and the sire of all the Tudors. Always close to the English throne, John of Gaunt left a complex legacy. Too rich, too powerful, too haughty... did he have his eye on his nephew's throne? Why was he such a focus of hate in the Peasants' Revolt? In examining the life of a pivotal medieval figure, Helen Carr paints a revealing portrait of a man who held the levers of power on the English and European stage, passionately upheld chivalric values, pressed for the Bible to be translated into English, patronised the arts, ran huge risks to pursue the woman he loved... and, according to Shakespeare, gave the most beautiful of all speeches on England.
