 Where the River Flows is
 an honest, poetic,
 heartbreaking account of
 how my divorce
 catapulted me down a
 yearlong obsession to find
 the answer to the burning
 question I had every
 single day after my
 husband asked me for a
 divorce: "Why?" Was it my
 inability to show him love
 like he'd told me? Was it
 an old attachment wound,
 still unhealed and
 bubbling at the surface?
 Was it the sexual trauma
 I'd never resolved and
 carried into our marriage?

Was it my very real and
 frequent urge to end my
 life? Or was it him? Was it
 his lack of understanding
 for my mental illness? His
 lost patience for me as I
 tirelessly worked through
 old wounds in therapy?
 Stress from the yearlong
 motorcycle trip of his
 dreams that I vowed to go
 on, and did just after our
 wedding day? As I spiraled
 myself around this
 question and fell deeper
 and deeper into a
 depression, as the binges
 became more intense and
 the purges returned for
 the first time in years, as

the urges to die grew
 stronger and when I
 curled myself in a ball on
 the shower floor, banging
 my fists against my belly
 like I'd first done
 seventeen years before, I
 started to believe that
 what my husband said to
 me in our last few days
 together might be true:
 "It's like there are three
 people in our marriage.
 You, me, and your Eating
 Disorder. And sometimes I
 think you love her more
 than me." If you or
 someone you know has
 struggled with an Eating
 Disorder, sexual or

developmental trauma, depression, anxiety, suicidal thinking, divorce, grief, then it is my hope you will find yourself and your loved ones in the pages of this memoir. You are not alone.

Troubled Waters

Random House
A paradigm-shifting book in the vein of Sapiens that brings a crucial Indigenous perspective to historical and cultural issues of history, education, money, power, and sustainability—and offers a new template for living. As an indigenous person, Tyson Yunkaporta looks at global systems from a unique

perspective, one tied to the natural and spiritual world. In considering how contemporary life diverges from the pattern of creation, he raises important questions. How does this affect us? How can we do things differently? In this thoughtful, culturally rich, mind-expanding book, he provides answers. Yunkaporta's writing process begins with images. Honoring indigenous traditions, he makes carvings of what he wants to say, channeling his thoughts

through symbols and diagrams rather than words. He yarns with people, looking for ways to connect images and stories with place and relationship to create a coherent world view, and he uses sand talk, the Aboriginal custom of drawing images on the ground to convey knowledge. In *Sand Talk*, he provides a new model for our everyday lives. Rich in ideas and inspiration, it explains how lines and symbols and shapes can help us make sense of the world.

It's about how we learn and how we remember. It's about talking to everyone and listening carefully. It's about finding different ways to look at things. Most of all it's about a very special way of thinking, of learning to see from a native perspective, one that is spiritually and physically tied to the earth around us, and how it can save our world. *Sand Talk* include 22 black-and-white illustrations that add depth to the text. *Brida* Enchanted Lion

Learning becomes fun for everyone in this book about the geography of north American rivers and about the animals that live in this habitat. The amazing artwork in this book will inspire kids in classrooms and at home to appreciate the world around us! The great rivers of North America are teeming with life and on the pages of Over in a River—from blue herons in the Hudson to salmon in the Columbia, and from

dragonflies in the Rio Grande to mallards in the St. Lawrence. Children will "slither" like water snakes and "slide" like otters while singing to the tune of "Over in a Meadow." Read about the snake, beaver, frog, otter, dragonfly, and more that lives along the rivers! Kids love counting books, too! What a delightful way to learn about riparian habitats and geography at the same time!

"McGhee writes confidently as one who remembers the ordinariness of adolescence as well as its angst . . . and compellingly creates a protagonist blindsided by loss." — Publishers Weekly (starred review)

For seventeen-year-old Rose, it keeps happening — the car crash. The car crash that put her sister, Ivy, in a coma with only a respirator keeping her alive. While Rose tries to find support from her reticent mother, distraction from the series of boys she meets at the town's gorge at night, and empathy from her neighbor William T., what she really needs must come from within herself — a release of what's been welling up inside. Heartrending, honest, and ultimately hopeful, this is

the tale of a teenager overwhelmed by trauma and loss, yet steadied by loyal friendship and the solace of first love.

Peace Like a River

HarperCollins

"The book casts a curiously sweet spell." — Entertainment Weekly
 Eleven Minutes tells the story of Maria, a young girl from a Brazilian village whose first innocent brushes with love leave her heartbroken. At a tender age, she becomes convinced that she will never find true love,

instead believing that “love is a terrible thing that will make you suffer.” A chance meeting in Rio takes her to Geneva, where she dreams of finding fame and fortune, yet ends up working as a prostitute. In Geneva, Maria’s despairing view of love is put to the test when she meets a handsome young painter. In this odyssey of self-discovery, Maria must choose between pursuing a path of darkness—sexual pleasure for its own sake—or risking

everything to find her own inner light and the possibility of true love.

Anything But Typical
UPNE

A breathtaking collection of reflections from one of the world’s best loved storytellers, Paulo Coelho. *What Is a River?* Atria/Emily Bestler Books When Israel Finch and Tommy Basca, the town bullies, break into the home of school caretaker Jeremiah Land, wielding a baseball bat and looking for trouble, they find more of it than even they expected. For seventeen-

year-old Davey is sitting up in bed waiting for them with a Winchester rifle. His younger brother Reuben has seen their father perform miracles, but Jeremiah now seems as powerless to prevent Davey from being arrested for manslaughter, as he has always been to ease Reuben’s daily spungy struggle to breathe. Nor does brave and brilliant nine-year-old Swede, obsessed as she is with the legends of the wild west, have the strength to spring Davey from jail. Yet

Davey does manage to break out. He steals a horse, and disappears. His family feels his absence so sorely, the three of them just pile into their old Plymouth, towing a brand new 1963 Airstream trailer, and set out on a quest to find him. And they follow the outlaw west, right into the cold, wild and empty Dakota Badlands. Set in the 1960s on the edge of the Great Plains, **PEACE LIKE A RIVER** is that rare thing, a contemporary novel with an epic dimension. Told in the

touching voice of an asthmatic eleven-year-old boy, it revels in the legends of the West, resonates with a soul-expanding sense of place, and vibrates with the possibility of magic in the everyday world. Above all, it shows how family, love, and faith can stand up to the most terrifying of enemies, the most tragic of fates.

From the #1 best-selling author of *The Alchemist* comes an inspiring story about a young man

seeking wisdom from an elder, and the practical lessons imparted along the way. Includes stunning illustrations by Christoph Niemann. "A novelist who writes in a universal language."
—The New York Times
In *The Archer* we meet Tetsuya, a man once famous for his prodigious gift with a bow and arrow but who has since retired from public life, and the boy who comes searching for him. The boy has many questions, and in answering them Tetsuya illustrates the way of the

bow and the tenets of a meaningful life. Paulo Coelho's story suggests that living without a connection between action and soul cannot fulfill, that a life constricted by fear of rejection or failure is not a life worth living. Instead one must take risks, build courage, and embrace the unexpected journey fate has to offer. With the wisdom, generosity, simplicity, and grace that have made him an international best seller, Paulo Coelho provides the framework for a

rewarding life: hard work, passion, purpose, thoughtfulness, the willingness to fail, and the urge to make a difference. *By the River Piedra I Sat Down and Wept* Penguin From the instant #1 New York Times bestselling author of the "eerie and fascinating" (USA TODAY) *The Thirteenth Tale* comes a "swift and entrancing, profound and beautiful" (Madeline Miller, internationally bestselling author of *Circe*) novel about how we explain the world to ourselves, ourselves to

others, and the meaning of our lives in a universe that remains impenetrably mysterious. On a dark midwinter's night in an ancient inn on the river Thames, an extraordinary event takes place. The regulars are telling stories to while away the dark hours, when the door bursts open on a grievously wounded stranger. In his arms is the lifeless body of a small child. Hours later, the girl stirs, takes a breath and returns to life. Is it a miracle? Is it magic? Or can science provide an

explanation? These questions have many answers, some of them quite dark indeed. Those who dwell on the river bank apply all their ingenuity to solving the puzzle of the girl who died and lived again, yet as the days pass the mystery only deepens. The child herself is mute and unable to answer the essential questions: Who is she? Where did she come from? And to whom does she belong? But answers proliferate nonetheless. Three families are keen to claim

her. A wealthy young mother knows the girl is her kidnapped daughter, missing for two years. A farming family reeling from the discovery of their son's secret liaison stand ready to welcome their granddaughter. The parson's housekeeper, humble and isolated, sees in the child the image of her younger sister. But the return of a lost child is not without complications and no matter how heartbreaking the past losses, no matter how precious the child herself, this girl cannot be

everyone's. Each family has mysteries of its own, and many secrets must be revealed before the girl's identity can be known. *Once Upon a River* is a glorious tapestry of a book that combines folklore and science, magic and myth. Suspenseful, romantic, and richly atmospheric, this is "a beguiling tale, full of twists and turns like the river at its heart, and just as rich and intriguing" (M.L. Stedman, #1 New York Times bestselling author of *The Light Between Oceans*).

Glasgow, author of *Girl in
Pieces* A stunningly
gorgeous and deeply
hopeful portrayal of living
with mental illness and
grief, from an exceptional
new voice. Biz knows how
to float. She has her
people, her posse, her
mom and the twins. She
has Grace. And she has

her dad, who tells her
about the little kid she
was, and who shouldn't be
here but is. So Biz doesn't
tell anyone anything. Not
about her dark, runaway
thoughts, not about
kissing Grace or noticing
Jasper, the new boy. And
she doesn't tell anyone
about her dad. Because
her dad died when she
was seven. And Biz knows
how to float, right there
on the surface—normal
okay regular fine. But
after what happens on the
beach—first in the ocean,
and then in the sand—the
tethers that hold Biz

steady come undone. Dad
disappears and, with him,
all comfort. It might be
easier, better, sweeter to
float all the way away? Or
maybe stay a little longer,
find her father, bring him
back to her. Or
maybe—maybe maybe
maybe—there's a third
way Biz just can't see yet.

 Subtitled *The Pillow Book of Cordelia Kenn* this is the story of Cordelia from the time she is 15 until she is 20. She is pregnant and plans to give this account to her daughter on her 16th birthday so that they can share their youth together. She chooses the old and famous Japanese book,

'The Pillow Book' by Sei Shonagon, as a model in order to include all kinds of things she has already written as well as the episodes and thoughts she has now as she compiles her book. She tells of her mother (who died when Cordelia was 5) of her father and her aunt Doris (who marry when she is 16), of her love for William Blacklin, the boy with whom she chooses to have her first sex - and with whom she falls deeply in love. She writes about Julie Martin her teacher who helps her

spiritually, describes her love affair with an older married man and her terrifying sexual experience with an unbalanced young man who is obsessed with her. The book includes thoughts on being a woman, on poetry, music, reading and writing, on being pregnant and finally of her marriage to William. This Is All is an anthology, written in six 'books' of Cordelia's adolescent life, by turns funny, poignant, sad, exciting, fascinating ironic and truthful about topics

that parents often do not tell their children. It is a richly entertaining and challenging read.

The Mekong is the most controversial river in Southeast Asia, and increasingly the focus of international attention. It flows through 6 countries, China, Myanmar, Laos, Thailand, Cambodia and Viet Nam. The 4 downstream countries have formed the Mekong River Commission to promote sustainable development of the river and many of their people depend on it for their subsistence ? it has possible the largest freshwater fishery in the world, and the Mekong

waters support rice agriculture in the delta in Viet Nam (which produces about 40% of that country's food) as well as in Cambodia, Laos and Thailand. China is now building the first large mainstream dam on the river, and has proposals for several more. These dams are likely to affect the downstream countries. Several of the downstream countries also have plans for large scale hydropower and irrigation development which could also impact the river. This book will

provide a solid overview of the biophysical environment of the Mekong together with a discussion of the possible impacts, biophysical, economic and social, of some possible development scenarios. It is intended to provide a technical basis which can inform the growing political and conservation debate about the future of the Mekong River, and those who depend on it. It is aimed at river ecologists, geographers, environmentalists and development specialists

both in the basin and (especially) outside for whom access to this material is most difficult. This book will be the first comprehensive treatment of the Mekong system. - The first comprehensive overview of all aspects of the Mekong River system - Deals with a regionally critical ecosystem and one under threat - The Mekong supports the world's largest freshwater fishery and provides water underpinning a major regional rice paddy system - Presents the authoritative findings of

the Mekong River Commission's research for a wider audience for the first time outside of limited distribution reports

Clarice Lispector's masterly second novel, now available in English for the first time 'She found the best clay that one could desire: white, supple, sticky, cold ... She would get a clear and tender material from which she could shape a world' Like the clay from which she sculpts

figurines as a girl, Virginia is constantly shifting and changing. From her dreamlike childhood on Quiet Farm with her adored brother Daniel, through an adulthood where the past continues to pull her back and shape

her, she moves through life, grasping for the truth of existence. Illuminating Virginia's progress through intense flashes of image, sensation and perception, The Chandelier, Lispector's landmark second novel, is

a disorienting and exhilarating portrait of one woman's inner life. 'Utterly original and brilliant, haunting and disturbing' Colm Tóibín
