The Wheels on the Bus

Holiday House

From the Disney Teacher

of the Year and New York Times bestselling author Ron Clark comes the classic guide to bringing out the best in your students, revised and updated for today's teachers. Over 1 million

copies sold! When Ron Clark walked into his fifth-grade class in rural North Carolina, he was confronted with disinterested children in desperate need of structure and compassion.

Brainstorming how best to reignite their love of learning, Ron created 55 lessons. Soon his fifth graders were reading at a sixth-grade level, engaging in class, and loving school. What's more, they were gaining something crucial: self-respect. These lessons evolved into The Essential 55--guidelines for students on how to live and interact with others. Ron lit a fire under parents and teachers around the world to raise their standards and expect the most from

their students. The Essential 55 features a new foreword from Ron and a fresh take on his classic rules, along with contributions from Ron's former students, who reflect on which rules resonated most. Ron's 55 ideas show that with determination, discipline, and regular rewards, the children you stick by will be the children you eventually admire. *Backing Up DB2 Using Tivoli Storage Manager* IBM

"The wheels on the bus go round and round..." Yes, but what's on the bus? Lots of adorable animals! And they're not staying quiet. The lion roars; the monkeys chatter. The

hyenas think the whole scene is ridiculous and are laughing hysterically. Watch out for the crocodile, whose jaws go snap, snap, snap! this raucous rendition of a favorite song will have everyone roaring, chattering, and chomping before the animals reach their stop.
