Cases and Materials on Employment Law

Wolters Kluwer

The professional and's favored tool for over a decade, this backbone reference provides a comprehensive set of drafting elements that can be used from contract to contract. Move step-by-step through the contract-creation process and—from conducting the initial client meeting to closing the deal, with detailed discussions of the eleven, essential drafting elements, parties, recitals, subject, consideration, warranties and representations, risk allocation, conditions, performance, dates and term, boilerplate, and signatures. By Robert A. Feldman and Raymond T. Nimmer A favorite reference tool for professional drafters for over a decade, *Drafting Effective Contracts* combines a clear analysis of how effective agreements are structured with a practical breakdown of the essential elements of any contract— giving you the best way to draft contracts. This completely updated practical reference guide presents a consistent structural analysis and a comprehensive set of drafting elements that can be used from contract to contract. You are led step-by-step through the process by which contracts are created, given clear sample contract provisions, and offered direction around the obstacles that may be encountered in drafting agreements for goods and services, promissory notes, guaranties, and secured transactions. *Drafting Effective Contracts* provides a complete handbook for drafting legal agreements that work. For starters, you get a practical and

comprehensive approach to the overall contract process and—from conducting the initial client meeting to closing the deal. You and'll find a detailed discussion of the 11 drafting elements that every contract may have: Parties Recitals Subject Consideration Warranties and Representations Risk Allocation Conditions Performance Dates and Term Boilerplate Signatures After you get a solid explanation of these essential elements and how they and're assembled to create effective contracts, you get key strategies for negotiating the agreement and closing the deal. You get an overview of the legal concepts that underpin various types of agreements and—such as promissory notes, guaranties, security agreements, and agreements for the sale of goods and services. Then you and'll see how to apply the drafting elements to create the finished contract. You also get an array of sample agreements and contracts as well as statutory material. Only *Drafting Effective Contracts* combines the best benefits of a forms book and a treatise to give you the most complete tool for building effective legal agreements.

agreement sample The Law Publisher CC The textbook clearly presents the basics of German profit taxes and introduces even the previously inexperienced reader to the world of income tax, corporate income tax and trade tax. As in the previous German editions, the focus is not on individual tax-related recommendations for action or detailed regulations, but on the fundamental systematics of the subject matter. The book is therefore the ideal companion for targeted preparation for examinations in the Bachelor's and Master's programmes at universities that are oriented towards business taxation or tax law. It is also ideally suited for

self-study. Target groups are therefore students, lecturers in the field of business taxation and tax law. The book is also suitable for English-speaking practitioners (including those from abroad) who wish to develop basic knowledge of German profit taxes useful for everyday professional life. Assistants in tax consulting, tax clerks as well as landlords specialising in tax and not least also tax advisers are addressed here.

UVK Verlag
In a series of illuminating essays, the renowned Harry Glasbeek unpacks how law has been used to ensure that workers' aspirations are kept in check. *Law at Work* uncovers how the legal system, through its structures and mechanisms, legitimizes and reinforces the exploitation of workers. Using historic and contemporary examples, Glasbeek illustrates how conscious manipulations of law are part and parcel of how law protects capitalists at the expense of workers. He proves how the very laws designed to safeguard rights and freedoms often act as invisible shackles, compelling readers to reflect on their own struggles as they navigate a world where the legal system fails to serve their interests. These manipulations are made to look innocent

because the underlying structures and ideology which give rise to specific rules are not challenged or challengeable. This thought-provoking book is an indispensable resource for those seeking to understand the hidden dynamics of worker oppression, empowering readers to question prevailing narratives and envision a future where the law truly serves the interests of all.

Buy a new version of this textbook and

receive access to the Connected eBook with Study Center on CasebookConnect, including: lifetime access to the online ebook with highlight, annotation, and search capabilities; practice questions from your favorite study aids; an outline tool and other helpful resources. Connected eBooks provide what you need most to be successful in your law school classes. This practical, student-centered text is a hybrid between traditional and problem-based casebooks. The coursebook provides a thorough discussion of rules, classic and contemporary cases, and an abundance of problems. Applying best practices in learning theory and textbook design, *Contracts: A Modern Coursebook* builds critical thinking skills faster and more efficiently than traditional casebooks. New to the 3rd Edition: Optimized Flexibility Modular and easy to customize content adaptable to one- or two-semester Increased Focus on Problem Solving Build critical thinking skills faster and more efficiently Additional Examples for Challenging Concepts Increased attention on Parol Evidence, Consideration, Remedies, UCC §2-207, and Conditions Expanded Multiple Choice Questions Provides increased options for assessment Additional Graphics Helps students understand and organize concepts Improved Design Boosts student engagement New Chapter Sequence Reflects adopters' feedback New Cases and Case Illustrations Highlight contemporary contracts doctrine Professors and Students will benefit from: Clear and Concise Explanations of the Law Rules Precise and concise explanations cover the Restatement (2nd) of Contracts, common law, and UCC. No rules supplements needed. Analytic Frameworks Assist in understanding and

applying elements of the rules. Case Illustrations and Examples Explain how rules work in practice. Flowcharts and Graphics Appeal to visual learners. Test Yourself Questions Embedded exercises within the explanation section let students assess their understanding of the rules. Classic and Contemporary Cases in Various Formats Case Illustrations Concise examples illustrate application of the rules. Case Law Edited full opinions provide opportunities for Socratic dialog. Question prompts engage, build critical reasoning skills, and assist in class prep. Instead of spending class time extracting rules, professors can develop analytic skills and encourage students to apply law to new scenarios or hypos - a process that improves outcomes on exams. Case Briefs. Traditional case briefs emphasize contracts doctrine. Over 500 Questions & Problems Questions for Review Multiple choice questions test students understanding of the rules and can be used as a pre- or in-class assessment or for student's self-assessment. Problem Solving and Analysis Problems based cases and examples build critical thinking skills through a series of thought-provoking hypotheticals based on real-world scenarios. These questions provide opportunities for formative feedback in line with ABA standards. Higher Satisfaction Rates. Adopters report their effectiveness in the classroom and student satisfaction rates improved dramatically with use of this coursebook.

This concise 15-chapter textbook gives your students the best chance of transitioning successfully into their future profession by giving them relatable professional insights and encouragement to exercise their skills in authentic workplace scenarios.

Commerce Business Daily Wolters Kluwer

An Equal Place is a monumental study of the role of lawyers in the movement to challenge economic inequality in one of America's most unequal cities: Los Angeles. Breaking with the traditional focus on national civil rights history, the book turns to the stories of contemporary lawyers, on the front lines and behind the scenes, who use law to reshape the meaning of low-wage work in the local economy. Covering a transformative period of L.A. history, from the 1992 riots to the 2008 recession, Scott Cummings presents an unflinching account of five pivotal campaigns in which lawyers ally with local movements to challenge the abuses of garment sweatshops, the

criminalization of day labor, the gentrification of downtown retail, the incursion of Wal-Mart groceries, and the misclassification of port truck drivers. Through these campaigns, lawyers and activists define the city as a space for redefining work in vital industries transformed by deindustrialization, outsourcing, and immigration. Organizing arises outside of traditional labor law, powered by community-labor and racial justice groups using levers of local government to ultimately change the nature of labor law itself. Cummings shows that sophisticated legal strategy engaging yet extending beyond courts, in which lawyers are equal partners in social movements is an indispensable part of the effort to make L.A. a more equal place. Challenging accounts of lawyers' negative impact on movements, Cummings argues that the L.A. campaigns have achieved meaningful reform, while strengthening the position of workers in local politics, through legal innovation. Dissecting the reasons for failure alongside the conditions for success, this groundbreaking book illuminates the crucial role of lawyers in forging a new model of city-building for the twenty-first century.

Labour Law in the USA Wolters Kluwer
Derived from the renowned multi-volume International Encyclopaedia of Laws, this monograph on the USA not only describes and analyses the legal aspects of labour relations, but also examines labour relations practices and developing trends. It provides a survey of the subject that is both usefully brief and sufficiently detailed to answer most questions likely to arise in any pertinent legal setting. Both individual and collective labour relations are covered in ample detail, with attention to such underlying and pervasive factors as employment contracts, suspension of the contracts, dismissal laws and covenant of non-competition, as well as international private law. The author

describes all important details of the law governing hours and wages, benefits, intellectual property implications, trade union activity, employers' associations, workers' participation, collective bargaining, industrial disputes, and much more. Building on a clear overview of labour law and labour relations, the book offers practical guidance on which sound preliminary decisions may be based. It will find a ready readership among lawyers representing parties with interests in the USA, and academics and researchers will appreciate its value in the study of comparative trends in laws affecting labour and labour relations.
