 The tailor's scissors suddenly take off on a rampage, snipping their way around town leaving a wake of mild destruction.
Premios de fomento de la lectura para centros educativos curso 2001-2002 Library of Alexandria
 "Twelve-year-old Robert fears numbers and hates maths. Then, in his dreams, he meets the Number Devil and is introduced to the amazing world of numbers: infinite numbers; prime numbers; numbers that magically appear in triangles; and numbers that expand without end."
A Writer's Reality Createspace Independent Publishing Platform
 In *Strange Fire*, bestselling author and pastor John MacArthur chronicles the unsavory history behind the modern Charismatic movement. What would God say about those who blatantly misrepresent His Holy Spirit; who exchange true worship for chaotic fits of mindless ecstasy; who replace the biblical gospel with vain illusions of health and wealth; who claim to prophesy in His name yet speak errors; and who sell false hope to desperate people for millions of dollars? The charismatic movement has always been a breeding-ground for scandal, greed, bad doctrine, and all kinds of spiritual chicanery. As a movement, it is clearly headed the wrong direction. And it is growing at an unprecedented rate. From the Word of Faith to the New Apostolic Reformation, the Charismatic movement is being consumed by the empty promises of the prosperity gospel. Too many charismatic celebrities promote a "Christianity" without Christ, a Holy Spirit without holiness. And their teaching is having a disastrous influence on a grand scale, as large television networks broadcast their heresies to every part of the world. In *Strange Fire*, MacArthur lays out a chilling case against the modern Charismatic movement that includes: Rejecting its false prophets. Speaking out against their errors. Showing true reverence to the Holy Spirit. Clinging to the Bible as the inerrant, authoritative Word of God and the one true standard by which all truth claims must be tested.

 BATMAN: LEGENDS OF THE DARK KNIGHT presents the new, original adventures of Batman from the acclaimed digital-first series by an all-star lineup of comics' finest talents including Damon Lindelof (*Lost*, *Prometheus*), Steve Niles (*30 Days of Night*), Jeff Lemire (*ANIMAL MAN*) and more! Discover startling sides of The Dark Knight that span from his earliest days in the cowl to his never-ending battles against Gotham's greatest enemies, including the Joker and Two-Face. Collecting issues #1-5

of BATMAN: LEGENDS OF THE DARK KNIGHT!
Fashion Illustrations Hachette UK

Created by the highly acclaimed paper engineer Corina Fletcher and brought to life through vibrant and detailed pictures from the hugely talented Britta Teckentrup. This brilliant and ingenious novelty package comprises a pop-up storybook, which then unfolds and transforms into a 3D castle playmat revealing an entire medieval world. Also with cut-out knights and animals for added fun in the forest setting! Then fold it away and store it in its own box-style slipcase - perfect portable fun for journeys, playdates and bedtime too.

The Number Devil Macmillan + ORM

Albert Einstein is an icon of the twentieth century. Born in Ulm, Germany, in 1879, he is most famous for his theory of relativity. He also made enormous contributions to quantum mechanics and cosmology, and for his work he was awarded the Nobel Prize in 1921. A self-pronounced pacifist, humanist, and, late in his life, democratic socialist, Einstein was also deeply concerned with the social impact of his discoveries. Much of Einstein's life is shrouded in legend. From popular images and advertisements to various works of theater and fiction, he has come to signify so many things. In *Einstein: A Biography*, Jürgen Neffe presents a clear and probing portrait of the man behind the myth. Unearthing new documents, including a series of previously unknown letters from Einstein to his sons, which shed new light on his role as a father, Neffe paints a rich portrait of the tumultuous years in which Einstein lived and worked. And with a background in the sciences, he describes and contextualizes Einstein's enormous contributions to our scientific legacy. *Einstein*, a breakout bestseller in Germany, is sure to be a classic biography of the man and proverbial genius who has been called "the brain of the [twentieth] century."

Batman: Legends of the Dark Knight Vol. 1 Algonquin Books
 Este volumen reúne una serie de trabajos que se aproximan a la poesía para la infancia y la juventud, un género minoritario en comparación con la narrativa y tradicionalmente desatendido por la crítica académica; la finalidad es contribuir al reconocimiento de su autonomía artística y a su consolidación como ámbito específico de estudio, dentro de los límites (no siempre precisos y estables) de la literatura infantil y juvenil. Sin perder de vista este propósito general, la obra se articula en tres secciones o bloques de contenido (contornos teóricos, didácticos y multiculturales) que abordan el fenómeno de la lírica infantil actual desde diversidad de enfoques y perspectivas, lo que da cuenta de su complejidad, riqueza y vigencia. En la primera parte se ofrece un panorama contextualizado de las peculiaridades temáticas y estéticas de la poesía y los álbumes líricos dirigidos a la infancia y la juventud; en la segunda sección, se explora su potencial

pedagógico para la educación artística y literaria de los lectores en formación, sean niños o adolescentes, y en la última sección se presentan algunos retos y reflexiones que suscita la traducción de poesía infantil y juvenil a otras lenguas y contextos
Short Stories in Spanish Enchanted Lion Books
 Anne of Avonlea is a 1909 novel by Canadian author Lucy Maud Montgomery (published as L. M. Montgomery).

Björn Kurtén's compelling novel gives the reader a detailed picture of life 35,000 years ago in Western Europe. One of the world's leading scholars of Ice Age fauna, Kurtén fuses extraordinary knowledge and imagination in this vivid evocation of our deepest past. This novel illuminates the lives of the humans who left us magnificent paintings in the caves of France and Spain.

The Underdogs Baltimore : Johns Hopkins Press, 1971, c1970 .

Gloria Fuertes fue una niña de ciudad que siempre buscaba palomas y mariposas. Un día, descubrió que leer era como mirar por la ventana, correr hacia el mar o acariciarse el corazón. Como no podía comprar cuentos, decidió escribirlos ella misma y se inventó al Hada Acaramelada y a Coleta, la poeta, haciendo payasadas en el Circo Coco Drilo con su trompeta; a Pelines, tirándole de la cola al Camello Cojito, con la pata escayolada, y a la gata Chundarata, de la mano, de la pata, de su primo el gato Pirracas.

Scritch Scratch Scraww Plop Granta Books

Reminiscent of Scheherazade and *One Thousand and One Nights*, Gianni Rodari's *Telephone Tales* is many stories within a story. Every night, a traveling father must finish a bedtime story in the time that a single coin will buy. One night, it's a carousel that adults cannot comprehend, but whose operator must be some sort of magician, the next, it's a land filled with butter men who melt in the sunshine Awarded the Hans Christian Anderson Award in 1970, Gianni Rodari is widely considered to be Italy's most important children's author of the 20th century. Newly re-

illustrated by Italian artist Valerio Vidali (The Forest), Telephone Tales entertains, while questioning and imagining other worlds. *Contornos de la poesía infantil y juvenil actual* Franklin Classics Employing the deconstructive literary theories of Jacques Derrida, McHoul (communications, Murdoch U., Australia) and Wills (French and literary and film theory, LSU) write about reading in general, and in particular about Pynchon's three novels and his early stories. The book itself was manufactured in Hong Kong, presumably the source of the acidic paper. Vargas Llosa reflects on six of his own novels and discusses the importance to him of the fiction of Borges, how his method of writing has evolved, his attraction to Sartre's work, days at military school, and the process of changing the dead language of the living language of serious art. This is a Poem that Heals Fish Colección Pared Contigua Step into the enchanting world of Avonlea with "Anne of Green Gables" by Lucy Maud Montgomery. Join the beloved character Anne Shirley on her captivating journey of self-discovery, friendship, and adventure in the picturesque landscapes of Prince Edward Island. As you delve into Montgomery's timeless classic, prepare to be transported to a world of imagination and wonder. From Anne's vivid imagination to her indomitable spirit, each page is filled with heartwarming moments and unforgettable characters that will capture your heart. But beyond the idyllic setting of Green Gables and the charming village of Avonlea, "Anne of Green Gables" delves into deeper themes of love, resilience, and the power of belonging. Montgomery's evocative prose and rich storytelling resonate with readers of all ages, inviting them to embrace Anne's zest for life and her unwavering belief in the beauty of the world. Yet, amidst the laughter and tears, a profound question emerges: How can Anne's journey inspire us to embrace our own uniqueness, overcome adversity, and find joy in the everyday? Engage with Montgomery's beloved characters through heartfelt conversations and poignant moments that capture the essence of friendship and family. As you follow Anne on her adventures, you'll discover the transformative power of love, imagination, and the bonds that unite us all. Now, as you immerse yourself in "Anne of Green Gables," consider this: How will Anne's story inspire you to embrace the beauty of life's imperfections and celebrate the magic of being yourself? Don't miss the opportunity to experience the timeless magic of "Anne of Green Gables." Acquire your copy today and embark on a journey of discovery, where every page is a reminder that with a little imagination and a lot of heart, anything is possible. ````

Dance of the Tiger New Directions Publishing

"Emilia Ferreiro is one of the great thinkers in the Americas on the issues surrounding literacy. Three of her most important lectures are presented in this book. Her views have changed the systems of education in her own country, Mexico, and have had a radical impact on education in Brazil, where she is the recipient of the country's highest distinction. Her ideas have ideological and

political implications for policies regarding publishing (including the publishing of textbooks), access to books and the development of readers all over the world." "Although poor countries have not overcome illiteracy, rich countries are finding that a basic education does not guarantee fully functional readers. While some of us are fluent in the language of hypertext, e-mail and the virtual pages of non-existent books, there are others who have not mastered newspapers or books." "If democracy is incompatible with an illiterate citizenry, full democracy requires an ability to read that goes beyond the deciphering of words. This ability is the right of children who will grow up as free citizens in a world where linguistic and cultural diversity are as important as biodiversity."--BOOK JACKET.

First Spanish Reader Pan Macmillan

From the primitive pine-torch to the paraffin candle, how wide an interval! between them how vast a contrast! The means adopted by man to illuminate his home at night, stamp at once his position in the scale of civilisation. The fluid bitumen of the far East, blazing in rude vessels of baked earth; the Etruscan lamp, exquisite in form, yet ill adapted to its office; the whale, seal, or bear fat, filling the hut of the Esquimaux or Lap with odour rather than light; the huge wax candle on the glittering altar, the range of gas lamps in our streets,—all have their stories to tell. All, if they could speak (and, after their own manner, they can), might warm our hearts in telling, how they have ministered to man's comfort, love of home, toil, and devotion. Surely, among the millions of fire-worshippers and fire-users who have passed away in earlier ages, some have pondered over the mystery of fire; perhaps some clear minds have guessed shrewdly near the truth. Think of the time man has lived in hopeless ignorance: think that only during a period which might be spanned by the life of one man, has the truth been known. Atom by atom, link by link, has the reasoning chain been forged. Some links, too quickly and too slightly made, have given way, and been replaced by better work; but now the great phenomena are known—the outline is correctly and firmly drawn—cunning artists are filling in the rest, and the child who masters these Lectures knows more of fire than Aristotle did. The candle itself is now made to light up the dark places of nature; the blowpipe and the prism are adding to our knowledge of the earth's crust; but the torch must come first.

Amador Hotel Papel Ediciones SI

Celebrating its 30th anniversary in 2024, internationally bestselling author and literary icon Julia Alvarez's *In the Time of the Butterflies* is "beautiful, heartbreaking and alive ... a lyrical work of historical fiction based on the story of the Mirabal sisters, revolutionary heroes who had opposed and fought against Trujillo." (Concepción de León, *New York Times*) Alvarez's new novel, *The Cemetery of Untold Stories*, is coming April 2, 2024. Pre-order now! It is November 25, 1960, and three beautiful sisters have been found near their wrecked Jeep at the bottom of a 150-foot cliff on the north coast of the Dominican Republic. The official state newspaper reports their deaths as accidental. It does not mention that a fourth sister lives. Nor does it explain that the sisters were among the leading opponents of Gen. Rafael

Leónidas Trujillo's dictatorship. It doesn't have to. Everybody knows of *Las Mariposas*—the Butterflies. In this extraordinary novel, the voices of all four sisters—Minerva, Patria, María Teresa, and the survivor, Dedé—speak across the decades to tell their own stories, from secret crushes to gunrunning, and to describe the everyday horrors of life under Trujillo's rule. Through the art and magic of Julia Alvarez's imagination, the martyred Butterflies live again in this novel of courage and love, and the human costs of political oppression. "Alvarez helped blaze the trail for Latina authors to break into the literary mainstream, with novels like *In the Time of the Butterflies* and *How the García Girls Lost Their Accents* winning praise from critics and gracing best-seller lists across the Americas."—Francisco Cantú, *The New York Times* Book Review "This Julia Alvarez classic is a must-read for anyone of Latinx descent." —Popsugar.com "A gorgeous and sensitive novel . . . A compelling story of courage, patriotism and familial devotion." —People "Shimmering . . . Valuable and necessary." —Los Angeles Times "A magnificent treasure for all cultures and all time." —St. Petersburg Times "Alvarez does a remarkable job illustrating the ruinous effect the 30-year dictatorship had on the Dominican Republic and the very real human cost it entailed."—Cosmopolitan.com

Off the Map Teachers College Press

This volume presents an integrated epidemiologic, social, and economic analysis of the global epidemics of HIV among sex workers in low- and middle-income countries. The book provides a comprehensive review and synthesis of the available public health and social science data to characterize the nature, scope, and complexities of these epidemics. A community empowerment-based approach to HIV prevention, treatment, and care is outlined and demonstrated to be cost-effective across multiple settings, with a significant projected impact on HIV incidence among sex workers and transmission dynamics overall. *The Global HIV Epidemics among Sex Workers* seeks to assist governments, public health implementing agencies, donors, and sex worker communities to better understand and respond to the epidemics among a population facing heightened social and structural vulnerabilities to HIV. The book combines a systematic review of the global epidemiology of HIV among sex workers and in-depth case studies of the epidemiology, policy and programmatic responses and surrounding social contexts for HIV prevention, care and treatment in eight countries. The authors employ mathematical modeling and cost-effectiveness analysis to assess the potential country-level impact of a community empowerment-based approach to HIV prevention, treatment, and care among sex workers when taken to scale in four countries representing diverse sociopolitical contexts and HIV epidemics: Brazil, Kenya, Thailand, and Ukraine. In each setting, greater investment in prevention, treatment, and care for sex workers is shown to significantly reduce HIV. Together these findings underline the urgency of further global investment in comprehensive, human rights-based responses to HIV among sex workers.
