Down and Out in Paris and London Instaread Summaries

This landmark work of modernist literature explores the inner lives of a typical English family while vividly exploring the nature of loss and memory. Following her celebrated masterpiece Mrs. Dalloway, Virginia Woolf continues to develop her groundbreaking stream-of-consciousness technique in To the Lighthouse. Every summer, the Ramsey family returns to the Isle of Skye for a tranquil holiday, where the imposing lighthouse seems to promise everlasting constancy. But as their idyllic holiday confronts the realities of World War I, the Ramseys must also face the inescapable nature of change. A profound evocation of marriage, parenthood, aging, and grief, To the Lighthouse is regarded as one of the greatest novels of the twentieth century.

We Have Always Lived in the Castle Diversion Books

A Room of One’s Own is an essay written by Virginia Woolf. It was published in 1929 and is based on two lectures given by the author in 1928 at two colleges for women at Cambridge. In this famous essay, Woolf addressed the status of women, and women artists in particular. In this essay, the author also asserts that a woman must have money and a room of her own if she is to write. According to Woolf, women’s creativity has been curtailed due to centuries of prejudice and financial and educational disadvantages. To emphasize her view, she offers the example of an imaginary gifted but uneducated sister of William Shakespeare, who, discouraged from all eventually kills herself. Woolf celebrates the work of women who have overcome that tradition and become writers, including Jane Austen, George Eliot, and the Brontë sisters, Anne, Charlotte, and Emily. In the final section Woolf suggests that great minds are neutral and argues that intellectual freedom requires financial freedom. The author entreats her audience to write not only fiction but poetry, criticism, and scholarly works as well.

George Orwell's vivid memoir of his time living among the desperately poor and destitute, *Down and Out in Paris and London* is a moving tour of the underworld of society. Written when Orwell was a struggling writer in his twenties, it documents his 'first contact with poverty'. Here, he painstakingly documents a world of unrelenting drudgery and squalor – sleeping in bug-infested hostels and doss houses of last resort, working as a dishwasher in Paris's vile 'Hôtel X', surviving on scraps and cigarette butts, living alongside tramps, a star-gazing pavement artist and a starving Russian ex-army captain. Exposing a shocking, previously-hidden world to his readers, Orwell gave a human face to the statistics of poverty for the first time – and in doing so, found his voice as a writer.

Heart of Darkness is often considered the world’s best short novel. The book serves as a bridge between the 19th century and modernism, an adventure tale revolving around the ambiguity of themes such as truth, morality, and evil. Joseph Conrad witnessed the European exploitation of the Congo with his own eyes. He once sailed up the Congo River himself to locate a countryman at a trading station deep within the country – even though this man wasn't named Kurtz. The goal and enigma of the journey have become synonymous with this name, one of the most unforgettable fictional characters of our time. JOSEPH CONRAD [1857–1924] was born in Ukraine to Polish parents, went to sea at the age of seventeen, and ended his career as a captain in the English merchant navy. His most famous work is the novella *Heart of Darkness* [1899], adapted into a film by Francis Ford Coppola in 1979 as *Apocalypse Now*.
