Providential  
Beginnings  
Simon and

As Christians,  
we often  
struggle to  
find the words

to speak in  
the presence  
of God  
Almighty.  
Praying to God  
may feel  
foreign or like  
a ritual, and  
adding to that  
frustration, we  
worry that  
God isn't  
listening. Even  
if He hears,  
will He reply?  
This book will

show you that God not only listens but also answers. He is waiting to provide an outpouring of blessings, if only you will ask Him. God wants you to be a prayer warrior and will help you. The Handbook for Spiritual Warfare Unilit With more than one million copies sold, *When God Doesn't Make Sense* is an immensely practical book for those who are struggling with trials and heartaches they can't understand. Why does

disease, natural disaster, divorce, rejection, death, or some other sorrow seep into our lives when we are trying to serve the Lord? It just doesn't seem fair! This book deals unflinchingly with life's most troubling question—"Why?" Drawing on his long experience as a Christian psychologist and family counselor, Dr. Dobson brings hope to those who have almost given up. When God

Doesn't Make Sense also helps believers avoid the "betrayal barrier"—the sense that God is abandoning them amid the storms of life. Now with a new foreword by R. T. Kendall. *Every Young Man's Battle* WaterBrook This volume reinforces the truth that prayer is a relationship, not a ritual, and that the faithful have open access to the Lord and are free to be honest with Him.

## Seven-Mile Miracle

Thomas Nelson Inc  
Faith Beyond Reason, a book by A.W. Tozer, is a compilation of sermons on the book of John. It is within this series of sermons that you will find A.W. Tozer addressing the whole truth that all things are possible with God. Tozer takes us in Faith Beyond Reason to a new understanding of our spiritual birth and human conscience

and addresses our enlightened spirit, inner knowledge and the resurrection. IT is these truths that sustain us in our Christian walk. Faith Beyond Reason comes to us with insights of faith and Tozer takes an in depth look and what it stands on. In Tozer's typical fashion and style, he explores the things that are beyond or frail human understanding . Faith Beyond Reason will leave you with

a new and empowering sense of the faith while subtly revealing the power of God in our lives. The question every Christian must ask as they prepare to walk with God is, do they really believe that the God they worship will move heaven and earth for them if they truly trust in Him? The whole premise of this book is that with God nothing is impossible especially when it comes to His

children. We must act with faith and do what is needed. *The Face Of Battle* Harvest House Publishers Nominated for the National Book Award and winner of the Francis Parkman Prize. The setting for this haunting and encyclopedical ly researched work of history is colonial Massachusetts , where English Puritans first endeavoured to "civilize" a "savage" native populace.

There, in February 1704, a French and Indian war party descended on the village of Deerfield, abducting a Puritan minister and his children. Although John Williams was eventually released, his daughter horrified the family by staying with her captors and marrying a Mohawk husband. Out of this incident, The Bancroft Prize-winning historian John Devos has constructed a

gripping narrative that opens a window into North America where English, French, and Native Americans faced one another across gulfs of culture and belief, and sometimes crossed over. *The Supernatural Life* Whitaker House Are You Ever Overwhelmed by Anger? Do you find yourself getting angry over daily events you have no control over? Has anger been an

emotion you would like to do away with, but can't seem to overcome? Have past injustices left you wounded and upset? Rage is today's ruling emotion, and it rips apart communities, families and friends. Authors Neil Anderson and Rich Miller teach how you can manage your anger on a daily basis and overcome the mental strongholds and wounds of the past. Each page brings the strength and wisdom

you need to take charge of your temper, armed with the calming grace of your heavenly Father. You don't have to be a slave to your moods or circumstances. When you live by faith in God's strength, you will not only know what to do to control anger—you'll have the power to do it. *The Ticket Collector from Belarus* Baker Books In words that are profound, often humorous, but always biblical, Ed

Young draws from decades of counseling couples to provide ten commandments for a lifelong marriage that sizzles. God wants your marriage to be nothing short of incredible. And it could all begin with this amazing book. Communication Power Editorial Unlimited In his powerful examination of spiritual warfare, Richard Ing discusses the rulers and hierarchies of the demonic kingdom. For

instance, he reveals the Jezebel and Ahab spirits that plague today's churches, destroying even the most effective ministries through controlling women and passive men. Discover how to overcome Satan's insidious tactics by learning the techniques and strategies available in your full arsenal of weapons, including: The proper use of binding and loosing The

anatomy of a deliverance Satan's legal rights Spiritual war games Winning spiritual strategies Victorious spiritual warfare is possible only as the Holy Spirit empowers individuals in the body of Christ.

*The Beginner's Guide to Spiritual Warfare* Tyndale House Publishers, Inc. Previously published as part of : "Education & mental health" The 10 Commandments of Marriage Harvest House Publishers "If there ever was such a thing as a 'shortcut' to the wisdom of the ages, you're holding it in your hands. This is the kind of wisdom that can only be earned over a lifetime of trial and error, trial and error, and, finally, trial and success." - Patrick Morley Author, *The Man in the Mirror* "In 2001, I wrote a book called *Lies Women Believe*. Since then this message has reached millions of women and been translated into dozens of languages. But I've often been asked about a 'male counterpart' to the book. When God brought Robert into my life in 2015, I soon realized he was the ideal choice to pen this message for men. You'll find that reading *Lies Men Believe*, with its warm, relatable style, is like having a conversation with a good friend. Be prepared, in the process, to grapple with some tough issues. And be prepared to experience the liberating power of the Truth—in your own life, and in the lives of those you influence." - Nancy DeMoss

They're everywhere—on TV, billboards, magazines, music, the internet—and so easy to access that it sometimes feels impossible to escape their clutches. Yet God expects

his children to be sexually pure. So how can you survive the relentless battle against temptation? Here's powerful ammunition. Steve Arterburn and Fred Stoeker, the authors of the hard-hitting best-seller *Every Man's Battle*, now focus on the temptations young single Christian men like you face every day—and they offer workable, biblical strategies for achieving sexual purity.

The authors examine the standard of Ephesians 5:3—"there must not be even a hint of sexual immorality"—in a positive and sensitive light. And they explain how an authentic, vibrant relationship with Jesus Christ is the key to victory over temptation. *Every Young Man's Battle* will show you how to train your eyes and your mind, how to clean up your thought life, and how to develop a

realistic battle plan for remaining pure in today's sexually soaked culture. As a result, you'll experience hope—real hope—for living a strong, pure life God's way

**Spiritual Warfare**

Vintage Drawing on a wide range of social and psychological theories, Castells presents original research on political processes and social movements. He applies this analysis to

numerous recent events - the misinformation of the American public on the Iraq War, the global environmental movement to prevent climate change, the control of information in China and Russia, Barak Obama's internet-based presidential campaigns, and (in this new edition) responses to recent political and economic crises such as the Arab Spring and the Occupy movement.

On the basis of these case studies he proposes a new theory of power in the information age based on the management of communication networks.
