ALLEN MORA

The Tree of Life and the Holy Grail Hachette UK

Dissatisfied with the explanations of previous researchers, Richard Andrews and Paul Schellenberger applied mathematical logic to the enduring mystery of Rennes-le-Château and the "treasure" alleged to be buried there. Beginning with a healthy skepticism, they assumed the enigma would wither under scrutiny. The quest began with an investigation into the activities of a group of 19th-century priests, but as the trail was pursued, it became apparent that the mystery's scope stretched far beyond the mountains of southern France. A series of paintings, maps, and tombstones pointed to one very specific location. The authors combined their knowledge of archaeology, theology, and surveying to produce a startling account of what they believe to be the true events surrounding the burial of Jesus.

The Church of Mary Magdalene Random House

In 1916, Berenger Sauniere, the enigmatic priest of the French village of Rennes-le-Chateau, created his ultimate clue: he went to great expense to create a model of a region said to be the Calvary Mount, indicating the 'Tomb of Jesus'. But the region on the model does not resemble the actual lay-out of Jerusalem. Did Sauniere leave a clue as to the true location of his treasure? And what is that treasure? After years of research, Andre Douzet discovered this model, never collected from the model maker by Sauniere, who had died just before the model's completion. Backed by evidence showing correspondence between Sauniere and the model maker, Douzet also reveals much new evidence, including the revelation that Sauniere spent large amounts of time and money in the city of Lyons, often on exotic and high tech photographic instruments. And for the first time, it is shown Sauniere met some very interesting people from esoteric, in particular Martinist, circles in Lyons. This body of evidence for the first time demonstrates there is indeed a true mystery surrounding this village priest -- a theory widely speculated on so far by others authors, but seldom if ever backed by evidence. The

model is the only real clue Sauniere left behind as to the nature and location of his treasure -- and is unveiled in this book, which includes pictures and detailed drawings of the model, among many other things. It also reveals the location of the region where Sauniere had located his treasure...and where Douzet himself has so far recovered large quantities of precious and semi-precious materials. Above all, Douzet demonstrates that grounds of Perillos not so much hold a 'treasure' (though present), but rather a 'secret', and that this secret was the true importance of Sauniere's mystery; a secret that is said to be of vital importance -- and terrifying force.

Rennes-le-Château Sud Ouest

The follow-up to the bestseller *The Holy Blood and The Holy Grail* *Key to the Sacred Pattern* PublishAmerica Incorporated
The legend of the Holy Grail is far from unknown, but this is the first time the quest has been given the punk rock treatment. "Rat Scabies and the Holy Grail" is a psychedelic, Pythonesque road trip, a testimony to the sometimes odd nature of friendship, and a rich historical yarn.

Secrets of Rennes-le-Château Skyhorse

Do five mountains in Southern France contain the greatest treasure of human history? What exactly was the artifact known as the Holy Grail? Was civilization created by beings that were greater than human? Was there once a primeval language given to us by the gods? Does the so-called Grail bloodline descend not just from Jesus, but from the biblical Cain? What is it that makes the Grail bloodline special, and gives the "Grail kings" a divine right to rule? What is the nature of the ancient conflict that has shaped thousands of years of human history? These questions and more are addressed in Tracy R. Twyman's long awaited book "The Merovingian Mythos and the Mystery of Rennes-le-Chateau." Ms. Twyman has been a journalist and occult researcher for more than ten years. She has pursued the Grail mystery in her magazine, *Dagobert's Revenge*, for more than seven years. Now within the pages of this revolutionary work, Twyman reveals the shocking results of this exhaustive research. After reading this volume, you will never look at history or mythology the same way again.

Key to the Sacred Pattern Sutton Publishing

The mysteries of Rennes-le-Chateau and the Priory of Sion have gripped the imagination of modern culture, producing factual and fictional best-sellers which have spun webs of mystery and speculation. Works like *The Holy Blood and the Holy Grail*, *The Templar Revelation* and *The DaVinci Code* are all united in drawing much of their information from the research of the only man who has uncovered the true story of the Priory of Sion from the inside, French author and journalist Jean-Luc Chaumeil. Now for the first time, his revelations and the research which fuelled the whole movement are made available in English, providing the most revealing and coherent exploration of the web of ciphers, genealogies, secret societies and esoteric mysteries which surround the tangled tapestry of bloodlines, lost kings and hidden treasures. Jean-Luc Chaumeil's discoveries are all brought together in a wealth of documents, experiences, ciphers, interviews and intelligence reports which combine his three French works (*Rennes-le-Chateau: Les Archives du Prieure de Sion*; *Rennes-le-Chateau - Gisors*; and *Rennes-le-Chateau: Le Testament du Prieure de Sion*) on these intriguing modern myths which have been derived from ancient knowledge and truths. The nature of the treasure of Rennes-le-Chateau is discussed, from claims of buried treasure sacked by the Goths from Rome and containing the artefacts of the Temple of Jerusalem, to gold made by the alchemist Nicholas Flamel, to drops of the blood of Christ saved by Joseph of Arimathea and Mary Magdalene. The author reveals the truth behind the bloodline of the Merovingian Kings, and the treasure allegedly found by Father Berenger Sauniere at the turn of the twentieth century, and spent on the Magdala Tower with its statue of Asmodeus. He shows how history has been re-interpreted through clever manipulation by a few individuals, exploring the origins of the Order of Sion and its connection to John the Baptist, as well as the schism with the Knights Templar. This book is the definitive work on Rennes-le-Chateau and the Priory of Sion by the only man who has had access to all the major players, places and papers, containing copies of key documents such as *Stone and Paper* (*Pierre et Papier*), and vital information gleaned from his contact with the

propagators of the Priory of Sion - Pierre Plantard, Phillipe de Cherisey and Gerard de Sede.

The Accursed Treasure of Rennes-le-Château Time Warner Books Uk

This modern Grail quest leads to a French hilltop village with a turbulent history of religious and political intrigue and secrets-- such as the claim that some of its families descended from the 24 high priests of the Temple in Jerusalem. This book provides the first full examination of this shadowy dynasty and the way it has altered history. Line drawings.

The Priory of Sion Corgi Books

An extensive examination of the religious anomalies and lost treasure of the Mary Magdalene Church in Rennes-le-Château • Looks at the connection between the Templars, Cathars, and other enigmatic groups in the history of this church and the surrounding area • Maintains that Mary Magdalene was the high priestess who anointed Jesus into his priesthood, in accordance with ancient religious tradition • Explores the role of the Sacred Feminine in early Christian Church history The small church of Rennes-le-Château, in a remote village in southern France, may well hold the key to the proof of Mary Magdalene's marriage to Jesus and the bloodline they founded. In 1885 the village of Rennes-le-Château welcomed a new priest, Abbe Saunière, for its church dedicated to Saint Mary Magdalene. Abbe Saunière ordered very strange restoration work for the church, and it is thought that he discovered something during this renovation that brought him to the attention of the power brokers of that time and made him a very rich man. Possible identifications of his discovery range from the gold pillaged from Delphi in Roman times; the treasure brought out of Jerusalem by the Templars, who had a strong presence in this area; and the missing Cathar treasure, spirited out of Montségur mere days before the fall of that fortress. Yet even more curious and compelling is this church's ambiguous portrayal of Mary Magdalene. Markale explains that the unusual depictions of Mary in the church hint at an even more archaic role performed by Mary that could shake the very foundations of the Church if it were fully understood: that of the high priestess who anoints the priest king into his spiritual duties.

The Tomb of God Dek Publishing

It is said that, Berenger Sauniere, priest of the village Rennes-le-

Chateau, was guarding a secret about Jesus Christ. The Priory of Sion, an organisation apparently founded in the 12th century, is said to lie behind the tale. This book publishes a study of the village, and reveals the source of Sauniere's wealth and nature of the Priory of Sion.

Saunier's Model and the Secret of Rennes-le-Chateau Palgrave Macmillan

There has been a great deal of speculation, delivered in the form of TV documentaries, a great many books, and even these days various websites, as to exactly what Sauniere's discovery was. One theory suggests that Rennes-le-Chateau inherited the treasures of Jerusalem, plundered by the Romans in AD70, then plundered again by the Visigoths when they sacked Rome. Thereafter the Visigoths spread their kingdoms into what is now France. Whatever this treasure was, with his new-found wealth Sauniere embarked on a wide range of private and civic building projects in Rennes-le-Chateau. He lived out the remainder of his life there, until 1917, in comfort and well-being. Precisely how he found these riches has stimulated much interest since, with most who have studied the subject believing the treasure still remains in Rennes-le-Chateau, and awaits re-discovery. So far, all scholarship and writing surrounding it has failed to offer even the slightest insight as to where the treasure is located. However, it is now the case that John R Pollard's 'Paradise Co-ordinates' can and does reveal the point in Rennes-le-Chateau where the author determines the treasure is buried, through a reasoned work *The Treasure of Rennes-le-Château* Red Wheel Hugo Soskin, son of a best-selling author on Rennes-le-Chateau, has no time for the French Pyrenean mystery of how a nineteenth-century priest became a millionaire overnight. But when his father arrives with a group of fanatical 'Rennies', they think Soskin knows more than he's telling about where the priest hid his gold. Will he reveal all?

The Holy Place Element Books, Limited

A parish priest becomes rich overnight and begins the eccentric restoration of his church. Almost 100 years have passed and the mystery remains unsolved. Secret societies and mysteries abound as Lionel and Patricia Fanthorpe provide an introduction to the mystery of Rennes-le-Chateau."

The Paradise Co-Ordinates Weiser Books

The true-life memoir Patrice Chaplin began in City of Secrets

continues here in the story of her spiritual initiation into the Kabbalistic tradition preserved since the Middle Ages by a secret society in the pre-Roman city of Girona, Spain. Salvador Dalí was a member of that society, as was the renowned author Umberto Eco, the filmmaker Jean Cocteau, and Jancint Verdeguer, one of the most celebrated Catalan poets. Importantly, so was the mysterious Berenger Sauniere, the priest who in the late 1800s built Rennes-le-Château in southern France, with the Tour Magdala, a tower that is twin to the neo-gothic tower in Girona. In this gripping story that reads like the adventures of a female Castenada, Chaplin is led through a series of initiatory stages which correspond to the magical square of Venus, containing the constellation of the Great Bear.

Rennes-le-Chateau Dek Publishing

A Mediaeval French artist kneels before a tomb of his own creation. The shadow he casts reaches through the centuries to this very day. Yet the true value of the plot he reveals lies in its location.

Illustrated Guide to Rennes-Le-Chateau No2 - Saunière's Domain AuthorHouse

Next to Rosslyn Chapel in Scotland, no other place on Earth holds as much esoteric symbolism as France's Rennes le Ch'teau. Its location and design are the subjects of countless rumors, myths, and legends. Mysteries of Templar Treasure and the Holy Grail, formerly published as *The Secrets of Rennes le Chateau*, delves into the reality behind the action and adventure of *The Da Vinci Code*. Rennes le Chateau has plenty of secrets: buried treasure, unsolved murders, supernatural powers, codes on parchments and tombstones, not to mention clues concealed in statues and paintings, enigmatic priests who controlled immense wealth, and secret societies that are still active today. The authors survey the arcane history and secrets of Rennes le Chateau, including its relationship to the Merovingian bloodline of Christ. The Chateau is a possible location of an immense treasure, such as a Templar, Cathar, or Priory of Sion hoard. The final resting place of a famous artifact like the Ark of the Covenant, the Spear of Longinus, the Emerald Tablets of Hermes Trismegistus- or even the Holy Grail. The authors also examine Rennes le Chateau's proximity to Cathar and Templar fortresses, its mystical layout, and its location on the same Paris meridian as so many other esoteric mysteries. Extensive appendices in the book offer possible solutions to

secret cryptograms, point out odd connections and commonalities between Rennes le Chateau and J.R.R. Tolkien's Lord of the Rings, and suggest the possibility of fourth-dimension/tesseract implications.

Still Spins the Spider of Rennes-le-Château Simon and Schuster
This is an in-depth review of the mystery surrounding the village of Rennes-le-Chateau, the priest Berenger Sauniere and the immense fortune he dissipated before his death in 1917. This follows de Sede's first book published in the 60's on the subject of this hilltop village in southwest France, translated as *The Accursed Treasure of Rennes-le-Chateau*. He now analyses of the various author's contributions and theories that have sprung from the fertile minds of a host of authors. A new theory is put forward by de Sede after twenty years of intrigue and study. His original photos are included together with some topical colour illustrations. The shady characters lurking in the background are brought to life in these pages to give credence to this mystery, which has baffled the world over the centuries. A must read for the serious student of the subject, the footnotes elucidate the finer points and the comprehensive index added by the translator, contribute to this intriguing tale to provide a great source of reference from someone at the heart of the mystery.

A Better Understanding of Rennes-le-Château and Its History
CreateSpace

" J'abordais l'affaire Saunière avec des yeux neufs. J'avais ses archives à ma disposition. Je vivais dans sa maison et ma position me plaçait à l'intersection d'une foule d'informations. En face de moi, un public parfois goguenard souvent incrédule, mais toujours

curieux. Chaque jour était un nouveau défi, chaque heure de visite une nouvelle mise en scène. Je savais que j'avais conquis mon public lorsqu'on me demandait à chaque fin de visite guidée si je n'avais pas écrit un livre sur le sujet. " Ce livre, le voici enfin : décapant, malicieux, plein de tendresse pour un prêtre hors du commun, fourmillant de détails et de documents. L'auteur nous mène pas à pas dans le sillage d'un Béranger Saunière intime qui nous dévoile ses secrets, jusqu'au moment où notre guide se retourne pour nous déclarer : " A partir de ce moment, je suis obligé de vous lâcher la main... " Laissons la parole à Henry Lincoln, le préfacier : " Tous les autres auteurs, dont moi-même, n'avons saisi qu'une ombre de ce qu'était la vraie vie de Béranger Saunière. Jean-Luc, lui, l'a ressenti. Il l'a vécu. C'est pourquoi ce livre a enfin quelque chose de plus à offrir. "

today."An invaluable source book for those interested in the Rennes-le-Chateau mystery and visiting the area, or are unable to visit Sauniere's Domain personally."

A Day in Rennes-le-Chateau Temple Lodge Publishing

Since 1890 the mysterious hoard of gold supposedly discovered by the impoverished parish priest of Rennes-le-Chateau has baffled first his parishioners and later the wider public. Fuelled by ever more fantastic rumours, this mystery has never before been thoroughly investigated and credibly solved. A fascinating and highly readable historical detective story, *The Treasure of Rennes-le-Chateau: A Mystery Solved* will captivate those interested in mystery, conspiracy and archaeology.

The Treasure of Rennes-le-Château Quest Books

The mystery of Rennes-le-Chateau, the tiny village perched on a mountain top in the foothills of the Pyrenees, and the sudden, unexplained wealth of its flamboyant priest, Béranger Saunière, are explored in this highly entertaining book. Henry Lincoln sets down, for the first time, the dramatic story of his thirty years of delving into one of the strangest mysteries of modern times to show how the proofs finally lead to an astonishing revelation. Key to the Sacred Pattern takes us further into the hidden byways marked out by our ancestors and sets it upon provable and demonstrable foundations. The boundaries of the original riddle of Rennes-le-Chateau are extended, from the Pyrenees, to Brittany, and the Baltic Sea. Our ancestors were not, as we thought, primitive and unenlightened but far more gifted than we have ever imagined. Here is the lifting of the veil on a mysterious and dramatic legacy.
