I've loved him as long as I can remember. The gangly boy with big brown eyes and unruly hair who grew up into an intoxicating man. He wears scruff like he invented it and ambles with a swagger that makes panties drop. Killian Shepard. Shep. We grew up together. We played Ghost in the Graveyard. Had our own rock band. It didn't matter that he was five years older than me. It didn't matter that he looked at me as a kid sister even as I grew into woman. It didn't even matter when he left me behind to go to college and start his adult life. He'd be back. He was always meant to be mine. He came back, all right. But instead of smelling of promises, he stunk of betrayal. And he destroyed me-us-the day he married my sister instead of me. So I did the only thing a girl like me in

my position could do. I got my revenge. I married his brother, Kael. Now we're one big happy f**king family.

These kids today just might change the world. Do you ever feel like life has handed you lemons? Within the pages of this book you will discover kids who have been handed lemons. Yet, instead of allowing these lemons to make them sour, they have chosen to make the sweetest lemonade you have ever tasted. If you like a good story, you will love this book. David Bridges draws you into each and every story as if you were there. For eight years David has taught a middle school speech class called Teen Leadership. During that time, David and his students laughed together and many times cried together. Most importantly however, they challenged each other to fulfill their destiny. While so many of his students had their innocence stolen from them at such a young age, they refuse to quit. They will never give

up. Excuses will not be found anywhere on the radar of these young heroes. David currently serves as a leadership consultant for The Flippen Group. He now trains teachers throughout the U. S. how to capture the hearts of the students they serve every day. If you are a teacher, parent, youth pastor or community volunteer working with teenagers you will be encouraged and inspired to keep battling for our kids. If you are a teenager, taste the lemonade these kids have made, and maybe make some lemonade of your own. David loves teaching and working with educators. David's wife, Robbin, his two oldest daughters and son-in-law are teachers as well. His youngest daughter is studying Music Education at Baylor University. David and Robbin currently reside in Texas. When I was in 5th grade and went to the school social worker for depression. The social worker pointed out to me a little nick-knack on her desk that said "When Life

Gives You Lemons, Make Lemonade". As if saying, I just needed to make the best of a bad situation. Sounded like a load of crap to me when I was in 5th grade, and still sounds like a load of crap today. When you are given Tequila at a bar, you can ask the bartender for training wheels (lemon and salt). If you lick the salt, squeeze a drop of lemon in your mouth, and then take a shot of Tequila a funny thing happens. The Tequila isn't as harsh as it was. Doesn't burn when it goes down your throat, or upset your stomach. Being disabled can be like a glass of Tequila. It is painful both sometimes emotionally and physically. However if you can find something from life that you enjoy. Focus on that, rather than the negative aspects of your life. You can begin to enjoy life too.

A unique memoir by a cancer survivor about pain, hope and enormous

female strength. The life of Ronit, a thirty-seven-year-old woman, married and the mother of two, is thrown into turmoil when she receives the bitter news that she has breast cancer. This announcement launches Ronit into the hardest physical and emotional journey she has ever known. This book is the diary of Ronit's journey. It describes with touching honesty, humor, and a rich language teeming with surprising metaphors, her experiences from the moment she was diagnosed with cancer until her complete recovery. She provides a rare glimpse to the initial shock, anger, and feeling of loneliness, the preparation for hair loss, her tenacity in dealing with exhausting treatments and their side effects, surgery, and losing the marks of her femininity, while she struggles to preserve the family framework and protect her young children. When Life Gives You Lemons is a moving memoir about family and motherhood, daring friendships and a woman who raises her head each time anew, while gradually parting with her hair. Despite the

difficulties, with each falling strand, she discovers in herself new strength and a power she had never known before. The Midnight Library Createspace Independent Publishing Platform

_____ Patrick Freyne has tried a lot of stupid ideas in his life. Now, he is here to tell you about them: like the time (aged 5) he opened a gate and let a horse out of its field, just to see what would happen; or the time (aged 19) he jumped out of a plane for charity, even though he didn't much care about the charity and was sure he'd end up dead; or the time (aged old enough to know better) he used a magazine as a funnel for fuel when the petrol cap on his band's van broke. He has also learned a few things: about the power of group song; about the beauty of physically caring for another human being; about childlessness; about losing friends far too young. Life as seen

through the eyes of Patrick Freyne is stranger, funnier and a lot more interesting than life as we generally know it. Like David Sedaris or Nora Ephron, he creates an environment all his own - fundamentally comic, sometimes moving, always deeply humane. OK, Let's Do Your Stupid Idea is a joyous reading experience from an instantly essential new writer. _____

"When Life Hands You Cactuses, Make Margaritas" highlights my life's journey and the many ups and downs I have experienced - from the day I was born as a child of war in Lebanon through today, a 42-year-old mom living with the deadly Stage 4, Metastatic Breast Cancer. My story is about experiencing war as a child, fleeing Lebanon on a smugglers boat, being an immigrant in Sweden, my fight for female independence from the patriarchal and

conservative home I grew up in, my three love stories, my heartbreak, my longing for a child, my struggle with infertility, my surviving breast cancer twice by the age of 30 only to receive a death sentence at 37, my fun, successful career and how I achieved my dreams in the male-dominated tech industry, and how after 15 years of trying I became a mother at last. It's about my joy and passion for living life like there is no tomorrow and like I'm gonna live forever. Throughout the years I've learned how to handle these challenges, survive and thrive from them, instead of laying down and giving up. I'm therefore including my 8 Ingredient Margarita Recipe on how to overcome challenges and thrive in life. The Ingredients are:
 RESILIENCE CONFIDENCE LOVE FEAR CHANGE UNFUCKWITHABLE HOPE EMPOWERMENT
 So, why am I writing a book about my life? This book is for me, my son, and it's for you. Me, because I need to cherish and celebrate the life I have had and still have before it is taken from me. My son, because he will most likely lose me way too soon. I believe hearing my story in my

words will help him face and manage his grief. And you, because maybe, just maybe, you will find inspiration from my journey and ways to handle your own challenges in life. When life has handed him way too many ridiculous absurdities, the smart-mouthed and quick-witted Zack Peter decides that life's lemons aren't bestowed for selfish affairs such as making lemonade. In a wild concoction of hilariously brash narratives, Zack recounts all of his life's most erratic moments, shaping the character he is today. Whether it's trying to convince his principal that the reason his hair is orange is because his mother made him color it, arguing with his great-grandmother over whether she's taking a shot of gin or just drinking her "medicine," or being voted the team's least valuable player, Zack really knows how to take life's lemons... and chuck them in the other direction, for the sake of his sanity; and sometimes at the cost of others'. Welcome to very unique life of Zack...

SHORTLISTED for the 2021 Gourmand World Cookbook Award A sustainable lifestyle starts in the kitchen with these use-what-you-have, spend-less-money recipes and tips, from the friendly voice behind @ZeroWasteChef. In her decade of living with as little plastic, food waste, and stuff as possible, Anne-Marie Bonneau, who blogs under the moniker Zero-Waste Chef, has preached that "zero-waste" is above all an intention, not a hard-and-fast rule. Because, sure, one person eliminating all their waste is great, but thousands of people doing 20 percent better will have a much bigger impact. And you likely already have all the tools you need to begin. In her debut book, Bonneau gives readers the facts to motivate them to do better, the simple (and usually free) fixes to ease them into wasting less, and finally, the recipes and strategies to turn them into self-reliant, money-saving cooks and makers. Rescue a hunk of bread from being sent to the landfill by making Mexican Hot Chocolate

Bread Pudding, or revive some sad greens to make a pesto. Save 10 dollars (and the plastic tub) at the supermarket with Yes Whey, You Can Make Ricotta Cheese, then use the cheese in a galette and the leftover whey to make sourdough tortillas. With 75 vegan and vegetarian recipes for cooking with scraps, creating fermented staples, and using up all your groceries before they go bad--including end-of-recipe notes on what to do with your ingredients next--Bonneau lays out an attainable vision for a zero-waste kitchen.

Mark Doty's prose has been hailed as "tempered and tough, sorrowing and serene" (The New York Times Book Review) and "achingly beautiful" (The Boston Globe). In *Still Life with Oysters and Lemon* he offers a stunning exploration of our attachment to ordinary things-how we invest

“The Devil Wears Prada’s Emily Charlton gets the spin-off she deserves” (Cosmopolitan) in the months-long New York Times bestseller from Lauren Weisberger in which three women team up to bring a bad man down in the tony suburb of Greenwich, Connecticut. Welcome to Greenwich, Connecticut, where the lawns and the women are perfectly manicured, the Tito’s and sodas are extra strong, and everyone has something to say about the infamous new neighbor. Let’s be clear: Emily Charlton does not do the suburbs. After leaving Miranda Priestly, she’s been working in Hollywood as an image consultant to the stars, but recently, Emily’s lost a few clients. She’s hopeless with social media. The new guard is nipping at her heels. She needs a big opportunity, and she needs it now. When Karolina Hartwell, a gorgeous former supermodel, is arrested, her fall from grace is

merciless. Her senator-husband leaves her, her Beltway friends disappear, and the tabloids pounce. In Karolina, Emily finds her comeback opportunity. But she quickly learns Greenwich is a world apart and that this comeback needs a team approach. So it is that Emily, the scorned Karolina, and their mutual friend Miriam, a powerful attorney turned stay-at-home mom, band together to navigate the social land mines of suburban Greenwich and win back the hearts of the American public. Along the way, an unexpected ally emerges in one Miranda Priestly. With her signature wit, Lauren Weisberger offers an alluring look into a sexy, over-the-top world—and proves it’s style and substance together that gets the job done. “A delicious sequel to *The Devil Wears Prada*...exploring what it’s like to be a woman buffeted by conflicting messages about career, relationships, and motherhood” (The Washington Post), *When Life Gives You Lululemons* is “amazing novel

about...truth, lies and how everyone is a little bit insecure” (Associated Press). “Fast-paced, funny, and gossipy, this is the must-have accessory for your beach bag” (PopSugar).
