Pharmacology is an expanding field. The subject is dreaded by most students because of the difficulty in remembering

the matter. The nursing students have their own syllabus but because there are no books meant only for nursing, they have to read the books meant for medical students. Therefore, this book has been brought out exclusively for nursing students. It has been based on the guidelines of the Indian Nursing Council. The book is in a simple language, includes adequate description of drugs with tables, boxes, diagrams and charts to help in easy understanding of the subject.

Guns Down, this is New York Times bestselling author Jason Reynolds’s electrifying novel that takes place in sixty potent seconds—the time it takes a kid to decide whether or not he’s going to murder the guy who killed his brother. A cannon. A strap. A piece. A biscuit. A burner. A heater. A chopper. A gat. A hammer A tool for RULE Or, you can call it a gun. That’s what fifteen-year-old Will has shoved in the back waistband of his jeans. See, his brother Shawn was just murdered. And Will knows the rules. No crying. No snitching. Revenge. That’s where Will’s now heading, with that gun shoved in the back waistband of his jeans, the gun that was his brother’s gun. He gets on the elevator, seventh floor, stoked. He knows who he’s after. Or does he? As the elevator stops on the

sixth floor, on comes Buck. Buck, Will finds out, is who gave Shawn the gun before Will took the gun. Buck tells Will to check that the gun is even loaded. And that's when Will sees that one bullet is missing. And the only one who could have fired Shawn's gun was Shawn. Huh. Will didn't know that Shawn had ever actually USED his gun. Bigger huh. BUCK IS DEAD. But Buck's in the elevator? Just as Will's trying to think this through, the door to the next floor opens. A teenage girl gets on, waves away the smoke from Dead Buck's cigarette. Will doesn't know her, but she knew him. Knew. When they were eight. And stray bullets had cut through the playground, and Will had tried to cover her, but she was hit anyway, and so what she wants to know, on that fifth floor elevator stop, is, what

if Will, Will with the gun shoved in the back waistband of his jeans, MISSES. And so it goes, the whole long way down, as the elevator stops on each floor, and at each stop someone connected to his brother gets on to give Will a piece to a bigger story than the one he thinks he knows. A story that might never know an END...if Will gets off that elevator. Told in short, fierce staccato narrative verse, *Long Way Down* is a fast and furious, dazzlingly brilliant look at teenage gun violence, as could only be told by Jason Reynolds.

Samir is suicidal. Rachael works for a suicide helpline. Fate connects them through a phone call. And so begins Samir's story of love, longing, errors, regret and a girl who changed his life. As his story reaches its conclusion, Rachael will know the true reason behind his suicidal tendencies. But this suicide helpline is not any ordinary service. There is more to the mysterious and yet so convincing voice of Rachael. As this

new mystery begins to unfold, Samir is going to discover three things: What is The Helpline? Who is Rachael? What is Samir's own identity? Every year, several teenagers in India attempt suicide because of failing relationships, dwindling careers, parent pressure or the competitive world. This story is about one such teenager, his early problems and the hurdles to cope with them. This story is about finding hope in the struggle. This story is about fighting for what you believe in and discovering your true identity. This is not a story about falling in love. This is a story of rising from a failed love story.

The Power of Feng Shui Simon and Schuster

This book surveys both the part women have played in Buddhism historically and

what Buddhism might become in its post-patriarchal future. The author completes the Buddhist historical record by discussing women, usually absent from histories of Buddhism, and she provides the first feminist analysis of the major concepts found in Buddhist religion. Gross demonstrates that the core teachings of Buddhism promote gender equity rather than male dominance, despite the often sexist practices found in Buddhist institutions throughout history.

One of the greatest spiritual teachers of the twentieth century will show you how to develop your sense of being in the now—and avoid the distractions of both your busy environment and your

wandering mind. When the mind disappears and thoughts disappear, you become mindful. What is mindfulness? It is awareness. It is perfect awareness. In *Mindfulness in the Modern World: How Do I Make Meditation Part of Everyday Life?*, Osho helps us explore both the inner and the outer obstacles that prevent us from bringing more awareness to all our daily activities. He emphasizes that while techniques can be useful in pointing the way, in themselves they are not meditation. Rather, meditation—or mindfulness—is ultimately a state of being in which we are capable of both action and stillness, work and play, and able to be fully present to each moment of life as it comes. Osho's insights into the nature of the modern mind, with its tendency to

judge and compare, provides a helpful entry point for longtime meditators as well as beginners. Mindfulness in the Modern World covers a wide range of topics, including five experiential techniques that will help you bring awareness to your everyday life. Osho challenges readers to examine and break free of the conditioned belief systems and prejudices that limit their capacity to enjoy life in all its richness. He has been described by the Sunday Times of London as one of the “1000 Makers of the 20th Century” and by Sunday Mid-Day(India) as one of the ten people—along with Gandhi, Nehru, and Buddha—who have changed the destiny of India. Since his death in 1990, the influence of his teachings continues to expand, reaching seekers of all ages in

virtually every country of the world. *The Malay House* Simon and Schuster Ruskin Bond's readers range from nine to ninety. And if there are such things as ghosts there are probably a few who are reading him in the spirit world. In these stories Ruskin Bond presents a picture of a `haunted India' as witnessed and described by British writers, officials and travellers during the pre-independence era. Ruskin Bond, resident of Mussoorie, is a well-known writer of fiction and a raconteur par excellence. His Tales and Legends from India, Angry River, Strange Men, Strange Places, The Blue Umbrella, A Long Walk for Bina and Hanuman to the Rescue are also available in Rupa paperback. The Ruskin Bond's Children's Omnibus has been a firm favourite with young readers for several years. Ghost

Stories from the Raj, The Rupa Book of Great Animal Stories, The Rupa Book of True Tales of Mystery and Adventure, The Rupa Book of Himalayan Tales and The Rupa Book of Great Suspense Stories are some of his recent books for Rupa.

Old Path White Clouds presents the life and teachings of Gautama Buddha. Drawn directly from 24 Pali, Sanskrit, and Chinese sources, and retold by Thich Nhat Hanh in his inimitably beautiful style, this book traces the Buddha's life slowly and gently over the course of 80 years, partly through the eyes of Svasti, the buffalo boy, and partly through the eyes of the Buddha himself. Old Path White Clouds is destined to become a classic of religious literature. Thich Nhat Hanh is a Vietnamese Buddhist monk. His life long efforts to generate peace and reconciliation moved Martin Luther King, Jr. to nominate him for the Nobel Peace Prize in 1967. He is the founder of Van Hanh Buddhist University in Saigon, and has taught at Columbia University

and the Sorbonne. He is the author of *Being Peace*, *The Miracle of Mindfulness*, *Peace Is Every Step*, and 75 other books. "I have not avoided including the various difficulties the Buddha encountered, both from his own disciples and in relation to the wider society. If the Buddha appears in this book as a man close to us, it is partly due to recounting such difficulties." --from the author's afterword

The most comprehensive collection of perspectives on translation to date, this anthology features essays by some of the world's most skillful writers and translators, including Haruki Murakami, Alice Kaplan, Peter Cole, Eliot Weinberger, Forrest Gander, Clare Cavanagh, David Bellos, and José Manuel Prieto. Discussing the process and possibilities of their art, they cast translation as a fine balance between scholarly and creative expression. The volume provides students and professionals with much-needed guidance on technique and style, while affirming for all readers the cultural, political, and aesthetic relevance of translation. These essays focus on a

diverse group of languages, including Japanese, Turkish, Arabic, and Hindi, as well as frequently encountered European languages, such as French, Spanish, Italian, German, Polish, and Russian. Contributors speak on craft, aesthetic choices, theoretical approaches, and the politics of global cultural exchange, touching on the concerns and challenges

that currently affect translators working in an era of globalization. Responding to the growing popularity of translation programs, literature in translation, and the increasing need to cultivate versatile practitioners, this anthology serves as a definitive resource for those seeking a modern understanding of the craft.
