#### **The Weekly Review** Routledge

This is the latest in a series of economic reports by staff economists in the IMF's Middle Eastern Department. This book discusses the latest economic data coming out of the West Bank and Gaza Strip, with a particular emphasis on growing demographic concerns. The work is enhanced by the addition of numerous data tables and graphs, which extensively analyze economic trends in the region.

#### **India** DIANE Publishing

The OECD Information Technology Outlook 2000 describes the rapid growth in the supply and demand for information technology goods and services and their role in the expanding Internet economy and looks at emerging uses of information technology.

#### *World Meetings* McFarland

Booklist Top of the List Reference Source The heir and successor to Eric Partridge's brilliant magnum opus, The Dictionary of Slang

and Unconventional English, this two-volume New Partridge Dictionary of Slang and Unconventional English is the definitive record of post WWII slang. Containing over 60,000 entries, this new edition of the authoritative work on slang details the slang and unconventional English of the English-speaking world since 1945, and through the first decade of the new millennium, with the same thorough, intense, and lively scholarship that characterized Partridge's own work. Unique, exciting and, at times, hilariously shocking, key features include: unprecedented coverage of World English, with equal prominence given to American and British English slang, and entries included from Australia, New Zealand, Canada, India, South Africa, Ireland, and the Caribbean emphasis on post-World War II slang and unconventional English published sources given for each entry, often including an early or significant example of the term's use in print. hundreds of thousands of citations from popular literature, newspapers, magazines, movies, and songs illustrating usage of the headwords dating information for each headword in the tradition of Partridge, commentary on the term's origins and meaning New to this edition: A new preface noting slang trends of the last five years Over 1,000 new entries from the US, UK and

Australia New terms from the language of social networking Many entries now revised to include new dating, new citations from written sources and new glosses The New Partridge Dictionary of Slang and Unconventional English is a spectacular resource infused with humour and learning – it's rude, it's delightful, and it's a prize for anyone with a love of language.

**Survey of Current Business** Bloomsbury Publishing USA Publishes in-depth articles on labor subjects, current labor statistics, information about current labor contracts, and book reviews.

**Budget of the United States Government** OECD Publishing Despite the fact that the Department of Homeland Security (DHS) has been active since November of 2002, the American homeland is still not secure from terrorist attack. What passes as DHS strategy is often just a list of objectives with vague references to the garnering of national resources, and the marshalling of support from other nations. Drawi

**The New Partridge Dictionary of Slang and**

**Unconventional English** International Monetary Fund

This book provides the first comprehensive treatment of US sanctions policy in the Asia-Pacific. Using the Bill Clinton and George W. Bush presidencies as a basis for comparison, it examines nine prominent episodes involving the US use of sanctions toward countries in this economically and strategically vital part of the world.

**Latin America Monitor** DIANE Publishing

The relationship between Israel, American Jews, and the peace process has been a subject of passionate debate among scholars, political activists, and lay observers alike. This book is the first rigorous attempt to chart the impact of the peace process on the American Jewish community and its relationship with Israel, as mediated by the changing identity needs of American Jews. Overall, the trajectory of this relationship has been from a wide consensus of support for Israeli foreign policy, toward increasing polarization. On one side is the peace camp composed mainly of those whose Jewish-American identity is based on a religious-universalistic definition of Judaism; on the other, those who identify as nationalistic, or orthodox in religious terms, and support a hard-line vision of Greater Israel. The acrimony between the two, combined with demographic change, has undermined Israel as a symbol of Jewish identity in America, and impeded effective lobbying for Israel.

**The West Bank and Gaza** CRC Press

CSA Sociological Abstracts abstracts and indexes the international literature in sociology and related disciplines in the social and behavioral sciences. The database provides abstracts of journal articles and citations to book reviews drawn from over 1,800+ serials publications, and also provides abstracts of books, book chapters, dissertations, and conference papers.

**Information Technology Outlook 2000 ICTs, E-commerce and the Information Economy** Routledge

This insightful book debates whether conflict within states has emerged as the Achilles Heel of the international community. It covers a wide-range of issues including the roots of internal conflict, small arms supplies, intervention, human rights and international humanitarian law, refugees and post-conflict

reconstruction. Internal Conflict and the International Community provides supplementary reading for third level undergraduates, post-graduates and scholars of international relations, comparative politics, development studies, international law and security and defence studies.

**Standard & Poor's Stock Reports** Nova Publishers

India, long known for its huge population, religious conflicts and its status as not-quite best friend ally of the United States has moved from the backwaters of world attention to centre stage. Afghanistan and Pakistan with whom India is in almost conflict, are neighbours. India has developed a nuclear capability which also has a way of grabbing attention. This book discusses current issues and historical background and provides a thorough index important to a better understanding of this diverse country.

**oil crops situation and outlook yearbook** DIANE Publishing

When the Vietnam War ended with the North Vietnamese capture of Saigon on April 30, 1975--27 months after a cease-fire had been signed in Paris--the differences between the United States and Vietnam were far from being resolved. Mutual bitterness regarding the war remained. Newly unified Vietnam wanted normalization of relations and the subsequent economic reconstruction aid promised in the Paris Peace Accords. Understandably wary of such diplomatic relations, the United States requested information regarding soldiers listed as missing in action and assistance with the repatriation of military remains.

A series of misconceptions and misunderstandings as well as changes from a regional to a global U.S. foreign policy left both countries bereft of an easy solution. This book describes the negotiations during the late Ford and early Carter administrations (1975-1979) and discusses the repercussions the diplomatic stalemate had on the domestic and international politics of the United States and Vietnam, emphasizing the conflicting priorities and political goals of both countries, at home and abroad. This previously neglected period in United States-Vietnam relations deals with issues such as Hanoi's constant exultation over the victory, American denial of responsibility, the division between the presidents' public declarations and congressional policies, and both sides' use of the MIA issue. Based primarily on recently declassified documents and former U.S. official Douglas Pike's uncensored collection, the work also makes use of media press sources from America, Vietnam, Britain, France and China. Interviews with Vietnamese immigrants and former U.S. politicians provide insight unavailable in written histories. Appendices contain the February 1973 correspondence between President Nixon and the Prime Minister of the Democratic Republic of Vietnam, six diplomatic notes from 1976, and a January 30, 1979, letter from President Carter to Chinese Vice Premier Deng Xiaoping.
