 A decorated, undated weekly desk planner to make notes and plan your week at a glance. Each of the 60 tear-off sheets are decorated with floral illustrations from the RHS Lindley Library, so you can start afresh each week with a beautiful new page. 60 removable sheets with a week-to-view and space for notes.

Prick Princeton University Press

A dictionary of emotions for children ; with 60 definitions to help children identify and understand their emotions. Includes parent/teacher notes.

Royal Horticultural Society Desk Address Book Michael O'Mara

"For almost 300 years, an organisation has quietly tried to change almost every aspect of life in Britain. That organisation is the Royal Society for the Encouragement of Arts, Manufactures and Commerce, often known simply as the Royal Society of Arts. It has acted as Britain's private national improvement agency, in

every way imaginable - essentially, a society for the improvement of everything and anything. This book is its history. From its beginnings in a coffee house in the mid-eighteenth century, the Society has tried to change Britain's art, industry, laws, music, environment, education, and even culture. It has sometimes even succeeded. It has been a prize-fund for innovations, a platform for Victorian utilitarian reformers, a convenor of disparate interest groups, and the focal point for social movements. There has never been an organisation quite like it, constantly having to reinvent itself to find something new to improve. The book rewrites many of the old official histories of the Society and updates them to the present day, incorporating over half a century of further research into the periods they covered, along with new insights into the organisation's evolution. The book reveals the hidden and often surprising history of how a few public-spirited people tried to make their country better, offering lessons from their triumphs and their failures for all would-be reformers today"--

The Plant Lover's Guide to Dahlias Hachette UK

'Featuring environmentally friendly methods for growing more than 75 fruits and vegetables, this is a must-have for gardening

novices and pros alike, [...] One for the coffee table; it's as aspirational as it is practical.' Independent 'Easy-to-follow practical advice on growing fruit, vegetables, salads and herbs throughout the year no matter how big or small your garden.' Gardens Illustrated 'For those with rusty knowledge or who are just starting out on their kitchen garden journey, this detailed work, published in association with the RHS, is just what is required.' The English Garden '[An] easy-to-follow, practical and inspiring guide to growing produce all year round. Carol's environmentally friendly advice covers everything you need to succeed.' RHS The Garden Magazine Highly-regarded gardener Carol Klein has collaborated with the Royal Horticultural Society to create a lavishly illustrated, easy-to-follow, practical and inspiring beginner's guide to everything you need to know to grow fruit, vegetables, salads and herbs all year round. With an approach that is environmentally friendly and easy, Carol gives all the advice you need to succeed. Beginners and experienced gardeners alike will be inspired by this indispensable reference for every gardener's bookshelf. Whatever the size of the garden, this is a book to convert readers to the pleasures of growing and harvesting their own food. From preparing a plot, planning what to plant, and how to grow any one of the 80 featured food plants, this is a book to which growers can return every year, whatever their level of expertise. Key techniques are shown in step-by-step photography and there are invaluable illustrated directories of the best varieties to select for best results. With her usual energy and enthusiasm, Carol Klein offers green-fingered advice for growing all your appetizing favourites plus many less familiar crops also. The material is taken from the bestselling RHS *Grow Your Own: Veg* and RHS *Grow Your Own: Fruit*.

Botanical Latin David & Charles Publishers

This reference work explains the grammar and syntax of botanical Latin, and covers the roots and origins of Latin and latinised geographical names, colour terms, symbols and abbreviations, diagnoses and descriptions, and the formation of names and epithets.

RHS Pocket Diary 2023 Flipside Digital Content Company Inc. A stylish and elegantly designed address book with plenty of space to record names, addresses, telephone numbers and email addresses for all your contacts, friends and family. RHS Desk Diary 2025 Da Capo Press

This book presents a cross-section of recent Royal Horticultural Society gold medalists from around the world. The RHS awards its gold medal only to the most outstanding exhibitions, encouraging the international artistic community to perform to the highest standard. The illustrations gathered in these pages demonstrate great attention to detail, masterful color work, and outstanding technical skill.

RHS Birthday Book Frances Lincoln Children's Books

"A note-takers dream. . . . These botanically themed Bujos will help you keep track of your gardens and the natural world. . . . the format is orderly but flexible to suit your style. The illustrations beg to be colored." —Country Gardens A Year in the Garden is for vegetable gardeners, plant fanatics, and everyone looking to track the success of their gardening year. Organized by season, it features blank monthly calendars and weekly planners, productivity tools, a dot-grid on high-quality paper, a ribbon marker, lay-flat binding, and an elastic closure. Filled with ample

space for note taking and doodling, illustrations for coloring, and tons of creative exercises and prompts, it is a must have item for your gardening tool kit.

Rhs Botanical Illustration Quarry Books

Gorgeously illustrated with master gardener Graham Stuart Thomas's elegant horticultural paintings, The Royal Horticultural Society Desk Address Book is a stylish and handy place to keep track of personal and professional contacts. With a tabbed index to make flipping to the right page a snap, this handsome organizer is a lovely addition to any workspace and makes a great gift.

RHS Grow Your Own Veg & Fruit Bible White Lion Publishing The Royal Horticultural Society Diary 2021 brings together a beautiful selection of botanical illustrations by Rear-Admiral John Paul Wellington Furse, part of the collection held in the world-famous RHS Lindley Library. Furse retired from the Royal Navy in 1959 and made several trips to Turkey, Iran, Iraq, Russia and Afghanistan collecting bulbs, many of which he brought back to RHS Wisley. Vice-Chairman of the RHS Lily group, he was also awarded the RHS Victoria Medal of Honour. This bestselling, week-to-view diary is illustrated in colour throughout, with an internal storage pocket and ribbon marker.

RHS Wedding Planner White Lion Publishing

The best-selling, illustrated, week-to-view desk diary from the RHS. The Royal Horticultural Society Diary 2022 brings together a striking selection of orchid illustrations by botanical illustrator Deborah Lambkin. Deborah Lambkin was born in Ireland and trained at the National College of Art and Design in Dublin. She is the official orchid artist to the RHS Orchid Committee since 2005. Her beautiful paintings are the most recent additions to the Orchid Committee paintings at the RHS Lindley Library where they are stored along with more than 7,000 others in the collection, which dates back to 1897. A beautifully produced diary illustrated in colour throughout, with a silk ribbon marker and internal storage pocket.

RHS Garden Bridgewater Penguin UK

Telling the food story of spring, summer, autumn and winter, this is the definitive guide to cooking the right things all through the year. When it comes to the tastiest food, keeping in touch with the rhythm of nature allows us to cook the most delicious recipes with the freshest, most flavoursome ingredients. Each dish is a celebration of the best of local British produce, from Fishcakes with Wilted Chard, Red Pepper and Feta Fritters, Rocket Pesto with Sirloin and Panna cotta with Poached Rhubarb, The Allotment Cookbook follows seasonal produce to restore a natural way of eating. You don't need to have an allotment or big kitchen garden to enjoy this book; although all the ingredients can be found in the shops, have a go at growing your own in the garden, in a scrap of ground or in a pot on a windowsill - it's so easy and is one of life's most satisfying pleasures. The Allotment Cookbook is a joyful guide to a sustainable and nourishing way of life.

Practical House Plant Book Acc Art Books

Following the popular BBC series, this book is the comprehensive guide to one of Europe's largest and most ambitious gardening projects, the magnificent RHS Bridgewater. RHS Garden Bridgewater has a rich history, deeply entrenched personal connections with the local community and now a dazzling and exciting future, all of which is brought to life in this sumptuous book. Set on the site of the former Worsley New Hall stately home in Manchester, bordering the Bridgewater canal, the Bridgewater garden is one of the most exciting public garden projects undertaken anywhere in the world in recent years. Guided by a masterplan from the renowned landscape architect Tom Stuart-Smith, it is a showpiece of horticultural excellence with a rich array of attractions, from walled gardens and Chinese

streamside features to aromatic kitchen gardens and verdant wooded areas, all placed at the heart of the community. RHS Garden Bridgewater charts the glory years of royal visits to the site, the decline and fall into disrepair and the subsequent restoration and development of the gardens into what they are today. Chronicling personal memories from the people who shaped the gardens, the book is beautifully illustrated and provides a complete insight into how a garden was and will once again become an integral and inspirational part of the community.

The Book of Drugs White Lion Publishing

Established in 1859, Singapore's Botanic Gardens has served as a park for Singaporeans and visitors, a scientific institution, and a testing ground for tropical plantation crops. Each function has its own story, while the Gardens also fuel an underlying narrative of the juncture of administrative authority and the natural world. Created to help exploit natural resources for the British Empire, the Gardens became contested ground in conflicts involving administrators and scientists that reveal shifting understandings of power, science and nature in Singapore and in Britain. This continued after independence, when the Gardens featured in the "greening" of the nation-state, and became Singapore's first World Heritage Site. Positioning the Singapore Botanic Gardens alongside the Royal Botanic Gardens at Kew and gardens in India, Ceylon, Mauritius and the West Indies, this book tells the story of nature's colony—a place where plants were collected, classified and cultivated to change our understanding of the region and world.

Nature's Colony Frances Lincoln Children's Books

"Beliefs about men and women are as old as humanity itself, but Fine's funny, spiky book gives reason to hope that we've heard Testosterone rex's last roar." —Annie Murphy Paul, New York Times Book Review Many people believe that, at its core, biological sex is a fundamental force in human development. According to this false-yet-familiar story, the divisions between

men and women are in nature alone and not part of culture. Drawing on evolutionary science, psychology, neuroscience, endocrinology, and philosophy, Testosterone Rex disproves this ingrained myth and calls for a more equal society based on both sexes' full human potential.

Great House Frances Lincoln

The rise of the slow food movement and the return to home gardens mean cooks are donning gardening gloves as often as oven mitts. Modern cooking is heading back to its roots, with home cooks embracing local ingredients and down-to-earth recipes. With more and more of us discovering the delight of preparing and eating freshly harvested food, Herbs for the Gourmet Gardener is the indispensable guide to what to grow, cook, and eat. A feast for the eyes and the table, this user-friendly resource traverses the realms of both the garden and the kitchen, addressing the cultivation, storage, and preparation of more than sixty herbs. Practical growing tips, fascinating histories, nutritional information, and classic recipes appear alongside botanical illustrations drawn from the Royal Horticultural Society's cherished collection. With both familiar varieties and novel options, Herbs for the Gourmet Gardener will inspire you to create a world of new shapes, colors, and tastes.
