A sweeping selection of Donald Judd's iconic and ambitious works alongside a diverse collection of newly commissioned writings. One of the most significant American artists of the postwar period, Donald Judd rigorously experimented with color, form, material, and space. The works in this catalogue range from the artist's expansive installations to self-contained single units, yielding valuable new insights into his process and approach. The survey includes one of the artist's largest and most intricate installations of sixty-three wall-mounted plywood boxes, conceived in 1986. Other works include variations on some of Judd's most recognizable forms, executed in materials such as Cor-ten steel, plexiglass, copper, plywood, brushed aluminum, and enameled aluminum. Brilliant and exacting reproductions bring these works to life on the page. Following the artist's major retrospective at The Museum of Modern Art, New York, in 2020, this book serves as a companion volume. With contributions from a wide range of voices—art historians, critics, writers, and performers—this publication includes rich new writings on Judd's oeuvre, art criticism, and enduring influence. *Artworks: 1970–1994* is published on the occasion of the eponymous 2020 exhibition at David Zwirner, New York.

Long, Tall Texans: Leo/Jordan Mills & Boon

Jerry Thigpen's study on the history of the Combat Talon is the first effort to tell the story of this wonderfully capable machine. This weapons system has performed virtually every imaginable tactical event in the spectrum of conflict and by any measure is the most versatile C-130 derivative ever produced. First modified and sent to Southeast Asia (SEA) in 1966 to replace theater unconventional warfare (UW) assets that were limited in both lift capability and speed the Talon I quickly adapted to theater UW tasking including infiltration and resupply and psychological warfare operations into North Vietnam. After spending four years in SEA and maturing into a highly respected UW weapons system the Joint Chief of Staff (JCS) chose the Combat Talon to lead the night low-level raid on the North Vietnamese prison camp at Son Tay. Despite the outcome of the operation the Talon I cemented its reputation as the weapons system of choice for long-range clandestine operations. In the period following the Vietnam War United States Air Force (USAF) special operations gradually lost its political and financial support which was graphically demonstrated in the failed Desert One mission into Iran. Thanks to congressional supporters like Earl Hutto of Florida and Dan Daniel of Virginia funds for aircraft upgrades and military construction projects materialized to meet the ever-increasing threat to our nation. Under the leadership of such committed hard-driven officers as Brenci Uttaro Ferkes Meller and Thigpen the crew force became the most disciplined in our Air Force. It was capable of penetrating hostile airspace at night in a low-level mountainous environment covertly to execute any number of unconventional warfare missions.

Dangerous Harlequin

He was strong, charming and set in his ways. She was shy, unassuming and achingly innocent. Together, next-door neighbors Jordan Powell and Libby Collins were like oil and water. Yet when Jordan made it his personal crusade to help Libby hold on to her beloved homestead, everyone in Jacobsville knew it was just a matter of time before wedding bells chimed for these sparring partners. And if truth be told, the taciturn rancher wouldn't deny the exquisite tenderness that surged through him every time he pulled Libby into his powerful embrace any more than she could resist his sweet kisses. But a cattleman's pride was a force to be reckoned with. Could Libby accomplish what no woman had before and tame this Long, Tall Texan's restless heart?

Finalist for the Pulitzer Prize in Memoir or Autobiography A New York Times Notable Book of 2022 * *Vulture's* #1 Memoir of 2022 * A Washington Post, Los Angeles Times, USA TODAY, Time, BuzzFeed, Publishers Weekly, Booklist, and New York Public Library Best Book of the Year From Chloé Cooper Jones—Pulitzer Prize finalist, philosophy professor, Whiting Creative Nonfiction Grant recipient—an “exquisite” (Oprah Daily) and groundbreaking memoir about disability, motherhood, and the search for a new way of seeing and being seen. “I am in a bar in Brooklyn, listening to two men, my friends, discuss whether my life is worth living.” So begins Chloé Cooper Jones's bold, revealing account of moving through the world in a body that

looks different than most. Jones learned early on to factor “pain calculations” into every plan, every situation. Born with a rare congenital condition called sacral agenesis which affects both her stature and gait, her pain is physical. But there is also the pain of being judged and pitied for her appearance, of being dismissed as “less than.” The way she has been seen—or not seen—has informed her lens on the world her entire life. She resisted this reality by excelling academically and retreating to “the neutral room in her mind” until it passed. But after unexpectedly becoming a mother (in violation of unspoken social taboos about the disabled body), something in her shifts, and Jones sets off on a journey across the globe, reclaiming the spaces she'd been denied, and denied herself. From the bars and domestic spaces of her life in Brooklyn to sculpture gardens in Rome; from film festivals in Utah to a Beyoncé concert in Milan; from a tennis tournament in California to the Killing Fields of Phnom Penh, Jones weaves memory, observation, experience, and aesthetic philosophy to probe the myths underlying our standards of beauty and desirability and interrogates her own complicity in upholding those myths. “Bold, honest, and superbly well-written” (Andre Aciman, author of *Call Me By Your Name*) *Easy Beauty* is the rare memoir that has the power to make you see the world, and your place in it, with new eyes.

A haunting tribute to the heroic pioneers who shaped the American Midwest This powerful novel by Willa Cather is considered to be one of her finest works and placed Cather in the forefront of women novelists. It tells the stories of several immigrant families who start new lives in America in rural Nebraska. This powerful tribute to the quiet heroism of those whose struggles and triumphs shaped the American Midwest highlights the role of women pioneers, in particular. Written in the style of a memoir penned by Antonia's tutor and friend, the book depicts one of the most memorable heroines in American literature, the spirited eldest daughter of a Czech immigrant family, whose calm, quiet strength and robust spirit helped her survive the hardships and loneliness of life on the Nebraska prairie. The two form an enduring bond and through his chronicle, we watch Antonia shape the land while dealing with poverty, treachery, and tragedy. “No romantic novel ever written in America...is one half so beautiful as *My Antonia*.” -H. L. Mencken Willa Cather (1873-1947) was an American writer best known for her novels of the Plains and for *One of Ours*, a novel set in

World War I, for which she was awarded the Pulitzer Prize in 1923. She was elected a fellow of the American Academy of Arts and Sciences in 1943 and received the gold medal for fiction from the National Institute of Arts and Letters in 1944, an award given once a decade for an author's total accomplishments. By the time of her death she had written twelve novels, five books of short stories, and a collection of poetry.
