700 images.

**The Encyclopedia of Murder and
Mystery** Mainstream Publishing
Provides an illustrated history of Scottish
Highland clans and their associated

tartans.

**Collins Scottish Clan and Family
Encyclopedia** Charles Randall
International

The Encyclopedia of New York State is
one of the most complete works on the
Empire State to be published in a half-
century. In nearly 2,000 pages and 4,000
signed entries, this single volume
captures the impressive complexity of
New York State as a historic crossroads
of people and ideas, as a cradle of
abolitionism and feminism, and as an

apex of modern urban, suburban, and rural life. The Encyclopedia is packed with fascinating details from fields ranging from sociology and geography to history. Did you know that Manhattan's Lower East Side was once the most populated neighborhood in the world, but Hamilton County in the Adirondacks is the least densely populated county east of the Mississippi; New York is the only state to border both the Great Lakes and the Atlantic Ocean; the Erie Canal opened New York City to rich farmland upstate . . . and to the west. Entries by experts chronicle New York's varied areas, politics, and persuasions with a cornucopia of subjects from environmentalism to higher education to railroads, weaving the state's diverse regions and peoples into one idea of

New York State. Lavishly illustrated with 500 photographs and figures, 120 maps, and 140 tables, the Encyclopedia is key to understanding the state's past, present, and future. It is a crucial reference for students, teachers, historians, and business people, for New Yorkers of all persuasions, and for anyone interested in finding out more about New York State.

The Encyclopedia of Romantic Literature, 3 Volume Set HarperCollins UK

A hip and contemporary guide to all things tartan, this book explores the patterns, fabrics and fashions which have evolved from the clans of Scotland.

The Complete Book of Tartan

Southwater Publishing

'Something of a doubtful mist still hangs over these Highland traditions, nor can it

be entirely dispelled by the most ingenious researches of modern criticism...! So wrote D.C.Stewart in the Preface to the first edition of The Setts of the Scottish Tartans published in 1950. His definitive work did much to remedy the situation, but subsequent further research made the need for a new book apparent. The author combines practical experience with a grasp of Highland social history in this book, which although aimed specifically at the amateur tartan-weaver, contains much of which will be of interest to students of either subject. The weaver is provided with precise hints on the special requirements of weaving tartan including threadcounts, accompanied by historical notes for 228 tartans, 142 of them illustrated in glowing colours which seem

to reflect the lakes, sky, hills and valleys of Scotland. There are concise and informative articles on tartan pattern, colour, yarn, thread counts, yarn thicknesses and the actual weaving of the cloth. The basis of any tartan, as the author points out, is a simple two-colour check which may be varied by the addition of over-checks, bands and stripes in contrasting colours so arranged as to give a balanced and harmonious pattern. The author's interest in tartan brought him early into contact with the Scottish Tartans Society and with the late Donald C. Stewart with whom he collaborated over several years in a serious study of the subject, collaboration which resulted in the publication of a number of books, most recently his definitive work Tartan: The

Highland Textile. His advice has been sought on the design of new tartans, notably the American Bicentennial, but his main interest is in the old ones. As one of the few specialist handweavers of tartan, he concentrated on making facsimiles and wove a reproduction of a pre-1745 plaid for the National Trust for Scotland's Centre at Culloden. In 1994 he handed his extensive archive, covering about one hundred years of serious tartan research, to the Highland Regional Archive for its preservation and for the benefit of future students.

Highland Heritage John Wiley & Sons

Tartan is one of the most enduring symbols of Scottish pride, in a fascinating history and directory, updated for this new edition.

Tartan Illustrated Directory Springer

Each year, tens of thousands of people flock to Grandfather Mountain, North Carolina, and to more than two hundred other locations across the country to attend Scottish Highland Games and Gatherings. There, kilt-wearing participants compete in athletics, Highland dancing, and bagpiping, while others join clan societies in celebration of a Scottish heritage. As Celeste Ray notes, however, the Scottish affiliation that Americans claim today is a Highland Gaelic identity that did not come to characterize that nation until long after the ancestors of many Scottish Americans had left Scotland. Ray explores how Highland Scottish themes and lore merge with southern regional myths and identities to produce a unique style of commemoration and a complex

sense of identity for Scottish Americans in the South. Blending the objectivity of the anthropologist with respect for the people she studies, she asks how and why we use memories of our ancestral pasts to provide a sense of identity and community in the present. In so doing, she offers an original and insightful examination of what it means to be Scottish in America.

Tartan John Wiley & Sons

The most distinctive of Scotland's history, nationally and internationally, is that of kinship.

Scottish Clan & Family Encyclopedia

Lorenz Books

Introduction to the heritage of Scotland's clan and family history

The Secret Life of Tartan Southwater

A guide to the surnames of Scotland with

each entry covering the history, land areas, castles and tartans. Includes 240 tartans and maps.

Children's Illustrated Encyclopedia

Dorling Kindersley Ltd

The Encyclopedia covers the genre from 1920 to 1994. The genre, however, can be very confusing: films often have several titles, and many of the stars have more than one pseudonym. In an effort to clarify some of the confusion, the authors have included all the information available to them on almost 3,300 films. Each entry includes a listing of the production company, the cast and crew, distributors, running times, reviews with star ratings whenever possible, and alternate film titles. A list of film series and one of the stars' pseudonyms, in addition to a 7,900

name index, are also included.

The Encyclopedia of All Nations

Routledge

Completely updated and revised: the latest in window & bed covering ideas, and now with an extensive Bed Covering section, *The Encyclopedia Window & Bed Coverings* is Charles Randall's newest creation based upon his original masterwork: *The Encyclopedia of Window Fashions*. This new book continues the tradition of blending historical, classic and contemporary offerings. *The Encyclopedia of Window & Bed Coverings* is a must have for interior designers, homeowners, and decorating enthusiasts alike. With more full-color and black & white illustrations than ever before, this book presents countless

combinations of window and bedding treatments for any room in the home: from a simple rod pocket curtain to a period style masterpiece. 304 pages of cost-saving ideas, yardage calculations and fullness charts, you will quickly see why this book has not only become the industry standard for window decor inspiration, but also the world's best-selling window decorating book.

The Encyclopedia Britannica UNC Press Books

Delightfully illustrated with coloured plates of tartans, this volume offers a detailed account of the history and traditions of the clans of Scotland. Written by F. W. S. and J. M. P., two Scottish historians, this book provides a fascinating look at the customs and beliefs of the clans, as well as their

significant role in Scotland's history. This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work is in the "public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

The most distinctive of Scotland's history, nationally and internationally, is that of kinship.

The Encyclopedia of the Solid Earth Sciences Rowman & Littlefield Fiction. LGBTQIA Studies. The playful and poignant novel *LITTLE BLUE ENCYCLOPEDIA (FOR VIVIAN)* sifts through a queer trans woman's unrequited love for her straight trans friend who died. A queer love letter steeped in desire, grief, and delight, the story is interspersed with encyclopedia entries about a fictional TV show set on an isolated island. The experimental form functions at once as a manual for how pop culture can help soothe and mend us and as an exploration of oft-overlooked sources of pleasure, including karaoke, birding, and butt toys.

Ultimately, *LITTLE BLUE ENCYCLOPEDIA (FOR VIVIAN)* reveals with glorious detail and emotional nuance the woman the narrator loved, why she loved her, and the depths of what she has lost.

Tartans Legare Street Press

From *AMETHYST* to *ARTESIAN SPRING*, from *COAL GAS* to *CONTINENTAL DRIFT*, from *SEISMOGRAM* to *STROMATOLITE*, the *Encyclopedia of the Solid Earth Sciences* provides a comprehensive modern reference text for all the subdisciplines of the Earth Sciences. The *Encyclopedia* is primarily intended for professional earth scientists and those specializing in related subjects. However, it will also provide an important reference for students of the Earth Sciences and those needing information on terms in current usage.

The book contains three main styles of entry: articles up to 1500 words on major topics such as plate tectonics, standard entries of up to a couple of hundred words on topics such as groups of minerals, and brief definitions of, for instance, individual minerals.

The Encyclopedia of Window and Bed Coverings Taylor & Francis

The *Encyclopedia of Romantic Literature* is an authoritative three-volume reference work that covers British artistic, literary, and intellectual movements between 1780 and 1830, within the context of European, transatlantic and colonial historical and cultural interaction. Comprises over 275 entries ranging from 1,000 to 6,500 words arranged in A-Z format across three fully cross-referenced volumes

Written by an international cast of leading and emerging scholars Entries explore genre development in prose, poetry, and drama of the Romantic period, key authors and their works, and key themes Also available online as part of the Wiley-Blackwell Encyclopedia of Literature, providing 24/7 access and powerful searching, browsing and cross-referencing capabilities

Tartan Courier Corporation

This fascinating book shows how tartan has become a badge of honor and a declaration of belonging not only for the native Scots, but for their descendants and admirers around the globe.

The Illustrated Encyclopedia of Tartan
Syracuse University Press

The Hutchinson Illustrated Encyclopedia of British History is a comprehensive and

authoritative guide to the people, events, and ideas that have shaped Britain from prehistory to the present day. The editors have also sought to convey the truth that history is more than simply a compilation of facts from the past. The editors have included as much factual information as possible in each A-Z entry, and numerous tables and statistics are included, as well as many specially-created maps and plans. The chronological relationships of past events and lives are conveyed through various detailed subject chronologies (attached to the relevant A-Z entries). A large thematic chronology, following the A-Z text, provides a visual reference to the relationship between the events of British/Irish history and events elsewhere in the world. And the cultural context of

as many entries as possible has been brought to life via a wide range of illustrations, which provide a wealth of visual detail and, often, a key to past conceptions. Interspersed in the text are 21 specially commissioned, extended feature articles from noted historians that provide the analysis and the sense of the broad sweep of history that would otherwise be impossible to convey in an A-Z reference book.

Tartan Shephard-Walwyn Publishers Focusing on cultural expressions that are most likely to intermingle with copyright law, trademark and IP-adjacent regulations, this book examines contemporary issues in technology, intellectual property law, and culture. Intangible Cultural Heritage can consist of traditional knowledge, songs,

craftsmanship, dance, and other practices, as well as the associated cultural artefacts and spaces; a widely varied global living heritage, transmitted generationally, must be allowed to organically evolve, often defying the process of identification so desirable in the realm of legal protections. This nebulous essence is particularly ill-suited to modern legal frameworks that can conflate the creative outputs that copyright is meant to protect with shared cultural practices. Combining a legal perspective with historical tact, the book develops a theoretical model to track the interaction amongst these issues as well as to make policy recommendations based on the existing and projected possible future outcomes. Several chapters of the book will be

dedicated to contemporary issues where this framework and interaction are currently developing, focussing on law and technology issues with archiving and museums, online platforms and copyright infringement, and

communities and creative production in virtual worlds. The book will be of interest to students and scholars in the field of copyright law and intellectual property law.
