L'auteur étudie l'expression verbale et non verbale, faisant du féminin un enjeu critique qui pense en différences et non en hiérarchie. L'écriture devient le lieu privilégié où vie, histoire, gender et genre convergent. Les femmes écrivent, lisent et s'inventent. En voleuses de langues, elles font un travail sur le langage, sur les caractéristiques récurrentes de l'oralité et sur les métaphores. La parole jaillit, à la fois ferme et hésitante, dans "un grain de voix" qui est à la fois sens et personne. L'écriture est proche de la voix. Les

femmes transgressent ainsi l'injonction séculaire "sois belle et tais-toi. Elles se font entendre, inauguralement.

Longtemps délaissé par les historiens et les écrivains, la Guerre de 14-18 est devenue très visible au XXI<sup>e</sup> siècle. Des travaux ont été entrepris par les historiens et les romanciers font revivre l'univers des tranchées. Cet ouvrage défriche le champ en prenant en considération un nombre important de romans français et étrangers. Tout en faisant ressortir la part de l'héritage littéraire entrant dans la représentation de la réalité, il interroge un paradoxe qui semble dominer la littérature s'inspirant de la première Guerre. Pourquoi des hommes désireux de témoigner se sont-ils tournés vers la fiction pour la dire? *Journal général de l'imprimerie et de la librairie* Manchester University Press

MARIE ANTOINETTE is back in print with a gorgeous new package! To forge an incredibly powerful political alliance, thirteen-year-old Marie Antoinette of Austria is betrothed to Dauphin Louis Auguste, who will one day be the king of France. To prepare the princess for becoming queen, she must be trained to write, read, speak French, dress, act . . . even breathe. Things become more difficult for her when she is separated from her family and sent to the court of Versailles to meet her future husband. Opinionated and headstrong Marie Antoinette must find a way to fit in at the royal court, and get along with her fiancé. The future of Austria and France falls upon her shoulders. But as she lives a luxurious life inside the palace gates, out on the streets the people of France face hunger and poverty. Through the pages of her diary, Marie captures the isolation, the lavish parties and gowns, her struggle to find her place, and the years leading up to her ascendance of the throne . . . and a revolution.

From Normandy to the Caribbean Islands, this innovative biographical pursuit follows Adèle Hugo on her reckless journey of unrequited love – and the writer who chased after her more than 150 years later. It's 1863. The daughter of the most famous writer in the world, Victor Hugo, who has ambitions as a writer and composer, suddenly leaves her family's home on the Channel Islands bound for Nova Scotia. She is in pursuit of a young British soldier, with whom she is desperately in love, but who has rejected her. Eight years later, after stalking him to the Caribbean, where he's stationed with the army, Adèle Hugo is brought back to Paris by a benevolent former slave woman who has taken pity on her. She is admitted to an asylum where she dies decades later, rich from the inheritance of the rights to her father's books. This story of hopeless love has inspired writers, composers, and a well-known film by François Truffaut. Yet much about Adèle Hugo's tragic life has remained shrouded in mystery – not least the true character and identity of the soldier who ultimately contributed to her undoing. Mark Bostridge was drawn to Adèle's story in his twenties, thanks in part to the François Truffaut film, and has been following her story ever since. Now he sets out in pursuit of the truth about her, travelling halfway across the world, acting as sleuth and tracking down the descendants of the soldier she loved. In so doing he recognises the source of his fascination with the aspects

of Adèle's life that reflect and parallel his own. The result is a moving book about the pain of loving too much and of parents loving too little; about the ways in which we are haunted by the dead; and about our insatiable appetite for other people's stories which possess us and invade our own lives. *In Pursuit of Love* is part memoir and part travelogue, as well as an invigorating new approach to the writing of biography.

Talk of repair has become ubiquitous in recent years. In the age of trauma culture, art and literature have a new purpose: to do justice, to console, comfort, and heal. Drawing on works of twenty-first-century French-language literature, this monograph shows how literature can not only serve as a means of "personal development", but expand our capacity for empathy, help repair the "brokenness" implied in victimhood, and redress individual and collective traumas. Centered on a critical reflection on discourses of repair (and reparations), it questions the canonical theories on the functions of literature and proposes a new way of writing (and reading) literary history.

'Never mind those self-help manuals urging that some classic novel may change your life; in this sparkling study of the birth, growth and afterlife of Hugo's evergreen blockbuster, David Bellos argues that *Les Misérables* already has' Boyd Tonkin, *Economist* 'Any reader who hasn't yet embarked on Hugo's book might be converted to the idea by this one' Daniel Hahn, *Spectator* The extraordinary story of how a simple tale of love and revolution, the poor and the downtrodden – Victor Hugo's beloved classic *Les Misérables* – conquered the world. There has never been a book like it. It is the most widely read and frequently adapted story of all time, on stage and on film. But why is *Les Misérables* the novel of the century? David Bellos's remarkable new book brings to life the extraordinary story of how Hugo managed to write his epic novel despite a revolution, a coup d'état and political exile; how he pulled off the

deal of the century to get it published, and set it on course to become the novel that epitomizes the grand sweep of history in the nineteenth century. Packed full of information about the background and design of *Les Misérables*, this biography of a masterpiece nonetheless insists that the moral and social message of Hugo's ever-popular novel is just as important for our century as it was for its own. *The Novel of the Century* is a book as rich, remarkable and long-lasting as the novel at its heart. *Les Misérables* is available as a Penguin Classic, in an acclaimed new translation by Christine Donougher, with an introduction by Robert Tombs.

**Paris as Revolution** Random House Through close readings of a selection of European novels and novellas written between 1340 and 1827, this study of "analytical fiction" examines how unconsummated love stories probe the frailty of self-knowledge. Tracing elements of what the French call the roman d'analyse in the works of Boccaccio, Marguerite de Navarre, Cervantes, Marie de Lafayette, Samuel Richardson, Jane Austen, and Stendhal, Adele Kudish discusses how the metaphor of unconsummated love is deployed to represent a fundamental lack of insight into the self. Rather than depicting the

mind as transparent, analytical fiction deals in the opacity of the mind. Narrators and characters are faced with deception, misprision, doubt, and confusion, leading to self-deception, jealousy, and crises of self. The European Roman d'Analyse reads such epistemological failures as symptoms of a more fundamental preoccupation with the human psyche as un-chartable and bizarre. In this way, the authors of romans d'analyse enact a larger philosophical project: an anatomy of the psyche wherein we are unable-or unwilling-to know ourselves.

In nineteenth-century Paris, passionate involvement with revolution turned the city into an engrossing object of cultural speculation. For writers caught between an explosive past and a bewildering

future, revolution offered a virtuoso metaphor by which the city could be known and a vital principle through which it could be portrayed. In this engaging book, Priscilla Ferguson locates the originality and modernity of nineteenth-century French literature in the intersection of the city with revolution. A cultural geography, *Paris as Revolution* "reads" the nineteenth-century city not in literary works alone but across a broad spectrum of urban icons and narratives. Ferguson moves easily between literary and cultural history and between semiotic and sociological analysis to underscore the movement and change that fueled the powerful narratives defining the century, the city, and their literature. In her understanding and reconstruction of the guidebooks of Mercier, Hugo, Vallès, and others, alongside the novels of Flaubert, Hugo, Vallès, and Zola, Ferguson reveals that these works are themselves revolutionary performances, ones that challenged the modernizing city even as they transcribed its emergence. This title is part of UC Press's Voices Revived program, which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach, and impact.
