This book offers a clear and constructive account of the nature and attributes of God. It addresses the doctrine of God from exegetical, historical, and constructive-theological perspectives, bringing the biblical portrayal of God in relationship to the world into dialogue with prominent philosophical and theological questions. The book engages questions such as:

Does God change?	God.
Does God have emotions? Does God know the future? Is God entirely good and loving? How can God be one and three?	<i>Electrical Wiring, Industrial Shipbuilding and Shipping Record Shipping World & Shipbuilder</i>
