Guide to the south of France and to the north of

Italy Hunter Publishing, Inc

Get inspired and plan your next trip with Fodor's ebook travel guide to Provence & the French Riviera (including the Alpilles, Arles, Marseille, and the Central Coast, with highlights in between). Intelligent Planning: Discover all of the essential, up-to-date travel insights you expect in a Fodor's guide, including Fodor's Choice dining and lodging, top experiences and attractions, and detailed planning advice. Easy

Navigation for E-Readers: Whether you're reading this ebook from start to finish or jumping from chapter to chapter as you develop your itinerary, Fodor's makes it easy to find the information you need with a single touch. In addition to a traditional main table of contents for the ebook, each chapter opens with its own table of contents, making it easy to browse. Full-Color Photos and Maps: It's hard not to fall in love with Provence & the French Riviera as you flip through a vivid full-color photo

album. Explore the layout of city centers and popular neighborhoods with easy-to-read full-color maps. Plus get an overview of French geography with the convenient atlas at the end of the ebook. What's Covered? Get to Know Provence & the French Riviera: Famed for its Lavender Route, the honey-gold hill towns of the Luberon, and vibrant cities like Aix and Marseilles, Provence was dazzlingly abstracted in geometric daubs of paint by van Gogh and

Cézanne. Still haunted by the genius of van Gogh, Arles remains fiercely Provençal and is famed for its folklore events. The spiky Alpilles mountains guard treasures like les Bauz-de-Provence: bewitched by its ville morte (dead town) and luxurious l'Oustau de la Baumannière inn. Avignon and the Vaucluse are the heart of Provençal delights. Presided over by its medieval Palais des Papes, Avignon is an ideal gateway for exploring the nearby Roman ruins of Orange. About 10 miles

east of Avignon is the Sorgue Valley, where everybody goes “flea”-ing in the famous antiques market at l’Isle-sur-la-Sorgue. For one day, join all those fashionable folk for whom café squatting, people watching, and boutique shopping are a way of life in Aix-en-Provence (one of France’s 10 richest towns). Enjoy the elegant 18th-century streets, then track the spirit of Cézanne at his famous studio and nearby Mont Ste-Victoire. Head south to become a Calanques castaway

before diving into Marseille, one of France’s most vibrant and colorful cities. The French Riviera can supply the visitor with everything his heart desires—and his purse can stand. Home to sophisticated resorts beloved by billionaires, remote hill villages colonized by artists, Mediterranean beaches, and magnificent views, the Côte d’Azur stretches from Marseille to Menton. Thrust out like two gigantic arms, divided by the Valley of the Var at Nice, the Alpes-Maritime

peaks protect the length of that favored coast from St-Tropez to the Italian frontier. Note: This ebook edition is adapted from Fodor’s Provence & the French Riviera, 9th Edition but differs in some content. Additionally, the ebook edition includes photographs and maps that will appear on black-and-white devices but are optimized for devices that support full-color images.

Shortlisted for Cycling Book of the Year at the Cross British Sports Book Awards 2015 Cycling

journalist Felix Lowe makes the leap from raconteur to rouleur, taking to the saddle for the first time to complete his very own grand tour of Europe. Lowe's light-hearted and entertaining travelogue charts his progress as he cycles 2,800 kilometres from Barcelona to Rome, crossing three countries and cycling over three mountain ranges, taking in some of cycling's most fabled climbs. As he follows in the tracks of some of the world's greatest wheelmen, Lowe

puts professional cycling's three major stage races – the Tour de France, Vuelta a España and Giro d'Italia – under the microscope, whilst capturing the potent mix of madness, humour and human spirit that make people identify with the sport so strongly. Powered by local delicacies and his trademark blend of self-deprecating humour and barbed wit, Lowe takes readers on an immersive journey through the Catalonian countryside, over the Pyrenean foothills and the rolling

plains of Languedoc, through the flowery fields of Provence, over winding Alpine passes, between the vineyards and olive groves of Piedmont, and down the Apennine backbone of Italy. His epic quest traces the footsteps of the celebrated Carthaginian general Hannibal, who led his own pachyderm peloton of 37 elephants over the Alps and all the way to the gates of Rome. As much about the regions traversed as the cyclists who have left their sweat in the soil, Lowe's

insightful account celebrates the sport, examines the psychology of both the crazed amateur and the pedalling pro, and delves into the awesome march of a military genius who almost brought the Roman Empire to its knees.

This is the first English-language anthology to provide a compendium of primary source material on the sublime. The book takes a chronological approach, covering the earliest ancient traditions up through the early and late modern periods and into contemporary theory. It takes an inclusive,

interdisciplinary approach to this key concept in aesthetics and criticism, representing voices and traditions that have often been excluded. As such, it will be of use and interest across the humanities and allied disciplines, from art criticism and literary theory, to gender and cultural studies and environmental philosophy. The anthology includes brief introductions to each selection, reading or discussion questions, suggestions for further reading, a bibliography and index - making it an

ideal text for building a course around or for further study. The book's apparatus provides valuable context for exploring the history and contemporary views of the sublime.
