This fictional story is about a young man who works as a clerk in Algiers. He seems to lack the basic emotions and reactions that are required of him. He observes the facts of life from the outside and when involved in a violent incident the results in a disturbing trial, he considers his own feelings and the actions of others with a calm and almost ironic truthfulness.

*The Autobiography of the People in Verse* Upfront Publishing  
 From Ismail Kadare, winner of the inaugural Man Booker International Prize – a novelist in the class of Coetzee, Pamuk, Márquez, and Rushdie – the stunning new translation of one of his major works. In the early fifteenth century, as winter falls away, the people of Albania know that their fate is sealed. They have refused to negotiate with the Ottoman Empire, and war is now inevitable. Soon enough, dust kicked up by Turkish horses is spotted from a citadel. Brightly coloured banners, hastily constructed minarets, and tens of thousands of men fill the plain below. From this moment on, the world is waiting to hear that the fortress has fallen. The Siege tells the enthralling story of the weeks and months that follow – of the exhilaration and despair of the battlefield, the constantly shifting strategies of war, and those whose lives are held in the balance, from the Pasha himself to the artillerymen, astrologer, blind poet, and harem of women who accompany him. "Believe me," the general said. "I've taken part in many sieges but this," he waved towards the castle walls, "is where the most fearful carnage of our times will take place. And you surely know as well as I do that great massacres always give birth to great books. You really do have an opportunity to write a thundering chronicle redolent with pitch and blood, and it will be utterly different from the graceful whines composed at the fireside by squealers who never went to war." Brilliantly vivid, as insightful as it is compelling, *The Siege* is an unforgettable account of the clash of two great civilisations, and a portrait of war that will resonate across the centuries.

*Standard Albanian* Psychology Press

The tender plant of Albanian literature grew in a rocky soil. It was late to evolve and its development, indeed its very existence, was threatened in many periods. "Albanian Literature: A Short History" tells the story of the survival and growth of Albanian creative writing beginning with the earliest thirteenth century texts of

Theodor of Shkodra, tracing the development of the modern literature of Buzuku, Budi and Bogdani, the incorporation of the Muslim influences of Frakulla and Kycyku and continuing with the works of Cajupi and Kadare during the reign of King Zog and the Hoxha administration. A unique book that illuminates an under-researched subject, "Albanian Literature" is an essential reference guide for all those interested in Balkan cultures, in comparative literature and in European cultural history in general.

Gender bias in school textbooks takes many forms and is often subtle and difficult to detect. It creates and sustains a view of the world in which male activity and male persons are of primary importance and of greatest value, while female activity and female persons are marginalised, made invisible or downgraded. This book has been produced in response to the lack of information on gender bias in existing textbooks in the countries of the Commonwealth. Section I presents three major studies of primary school textbooks, one in the Caribbean, one in Asia and one in Africa. Section II describes inclusive language and provides guidelines for textbook writers and producers. Section III assists teachers and teacher educators to develop strategies. Section IV provides a guide to evaluating gender bias in specific textbooks and other materials used in primary school classrooms.

Albania is not well known by outsiders; it was deliberately closed to the outside world during the communist era. Now it has thankfully become free again, its borders are open and it can be visited, and it is increasingly integrating with the rest of Europe and beyond. Unfortunately, Albania has had its share of problems in the post-communist era; it's a land of destitution and despair, thanks in part to the Albanian mafia, which has turned the country into one of blood-feuds, kalashnikovs, and eternal crises. Yet, Albania is, in essence, a European nation like any other and

will soon, it is to be hoped, advance and take its proper place in Europe and the world. The second edition of the *Historical Dictionary of Albania* relates the history of this little-known country through a detailed chronology, an introduction, a bibliography, appendixes, and over 700 cross-referenced dictionary entries on significant persons, places, and events; institutions and organizations; and political, economic, social, cultural, and religious facets.

'That which puzzled and fascinated me whenever I met Lasgush was this sensation of the impossible. It was impossible to get on with him as you did with others. The moment you were at him, or rather, the moment you knocked at his door, suddenly all became another thing. There was another logic, another code, other words, wrapped up in another meaning. .when you went to Lasgush's, it was more than going abroad. You believed you dropped somewhere beyond our time, beyond the everyday way of looking at things. One more step and it looked as if you would cross the borders of life and would find yourself in Dante's nothingness. .He was unpredictable, corrosive like acid, creepy, startling. His laugh was like as if beyond our life, mirthless, and his sadness had no grief. As for his anger, it was such as well, luxurious, cold, whereas his contempt was radiating from afar, as if adorned with silver.' (Kadare, In My Studio. pp 207, 208, 209. My translation) -All this Saussurean lava of meaning has its own matchless 'crater' from where it erupts and reaches us time and again, endlessly. Lasgush's Word has its own individual suspension, chiselled by the hand of a true master. It is breathlessly succinct and, in all probability, on a par with the best ever created. Lasgush says that his Word is: 'Mystery that burns in a thread of lightning.' (My Fiery Tongue)

BAUDOLINO gravita em torno dos prazeres da corte de Frederico Hohenstaufen, conhecido como Barbarossa, à época da Terceira Cruzada. A história engloba justamente o período entre 1152 e 1204, começando com a ascensão de Barbarossa ao trono e terminando com a conquista de Constantinopla pela temida ordem dos cavaleiros templários. A trama é protagonizada por Baudolino - adolescente, criativo e mentiroso que dá título à obra - e Niceta Coniate, personagem inspirado em um historiador e orador que viveu na corte de Constantinopla. A narrativa retrocede, enquanto Baudolino conta a Niceta suas aventuras e desventuras, numa mistura de fantasia e realidade, História e faz-de-conta. Tudo isso temperado por inúmeras situações cômicas. No intervalo, Eco embaralha os seus personagens inventados e produz o mais recorrente efeito de seu texto: interferir em acontecimentos históricos conhecidos por meio de atos ou circunstâncias vividas pelos personagens fictícios.

**Chronicle in Stone** Cambridge University Press

Eugénie Grandet is a novel first published in 1833 by French author Honoré de Balzac. While he was writing it he conceived his ambitious project, *La Comédie humaine*, and almost immediately prepared a second edition, revising the names of some of the characters so that Eugénie Grandet then fitted into the section: *Scenes from provincial life (Scènes de la vie de province)* in the *Comédie*. He dedicated the edition to Maria Du Fresnay, who was then his lover and was the mother of his daughter, Marie-Caroline Du Fresnay. Eugénie Grandet is set in the town of Saumur, which should have been familiar to Balzac since he grew up in Tours about 35 miles away. The two towns are both on the Loire, with châteaux, and of similar size. Tours was much more important historically and politically, which may explain why Balzac allows the impression in the opening that the Grandet residence was Saumur's most important building. Though Balzac grew up in the aftermath of the Revolution, he came to adulthood in Paris under the restored Bourbon monarchy (Louis XVIII & Charles X) and wrote most of what we know under the July Monarchy (1830-1848) of Louis Philippe, which came to power when the revolution of 1830 deposed the Bourbon monarchy. It is worth noting that though the Republic had replaced the Livre with the Franc (of equal value), both continued to circulate, as did the Louis. (wikipedia.org) About the author: Honoré de Balzac born Honoré Balzac; (20 May 1799 - 18 August 1850) was a French novelist and playwright. The novel sequence *La Comédie humaine*, which presents a panorama of post-Napoleonic French life, is generally viewed as his magnum opus. Owing to his keen observation of detail and unfiltered representation of society, Balzac is regarded as one of the founders of realism in European literature. He is renowned for his multi-faceted characters; even his lesser characters are complex, morally ambiguous and fully human. Inanimate objects are imbued with character as well; the city of Paris, a backdrop for much of his writing, takes on many human qualities. His writing influenced many famous writers, including the novelists Émile Zola, Charles Dickens, Marcel Proust, Gustave Flaubert, and Henry James, and filmmakers François Truffaut and Jacques Rivette. Many of Balzac's works have been made into films and continue to inspire other writers. James called him "really the father of us all." An enthusiastic reader and independent thinker as a child, Balzac had trouble adapting to the teaching style of his grammar school. His willful nature caused trouble throughout his life and frustrated his ambitions to succeed in the world of business. When he finished school, Balzac was apprenticed in a law office, but he turned his back on the study of law after wearying of its inhumanity and banal routine. Before and during his career as a writer, he attempted to be a publisher,

printer, businessman, critic, and politician; he failed in all of these efforts. *La Comédie Humaine* reflects his real-life difficulties, and includes scenes from his own experience. Balzac suffered from health problems throughout his life, possibly owing to his intense writing schedule. His relationship with his family was often strained by financial and personal drama, and he lost more than one friend over critical reviews. In 1850, Balzac married Ewelina Hańska (née Contessa Rzewuska), a Polish aristocrat and his longtime love. He died in Paris six months later. (wikipedia.org)

Masterful in its simplicity, *Chronicle in Stone* is a touching coming-of-age story and a testament to the perseverance of the human spirit. Surrounded by the magic of beautiful women and literature, a boy must endure the deprivations of war as he suffers the hardships of growing up. His sleepy country has just thrown off centuries of tyranny, but new waves of domination inundate his city. Through the boy's eyes, we see the terrors of World War II as he witnesses fascist invasions, allied bombings, partisan infighting, and the many faces of human cruelty—as well as the simple pleasures of life. Evacuating to the countryside, he expects to find an ideal world full of extraordinary things, but discovers instead an archaic backwater where a severed arm becomes a talisman and deflowered girls mysteriously vanish. Woven between the chapters of the boy's story are tantalizing fragments of the city's history. As the devastation mounts, the fragments lose coherence, and we perceive firsthand how the violence of war destroys more than just buildings and bridges.
