Edible Gardens LA founder

Lauri Kranz shares her secrets for planning, planting, growing, and maintaining luscious edible gardens, no matter the setting or size of the plot. Through gorgeous gardens created for her well-known clientele, including James Beard award-winning chefs, celebrities, rock stars, and more, Lauri shares her essential methods for growing abundant organic food. This practical guide

is built around Lauri's philosophy that nourishment and beauty are not separate goals. It's also at the forefront of a gardening revolution, where more and more people are craving a patch of land for growing and the trend is toward edible gardens over ornamental gardens. *A Garden Can Be Anywhere* reveals Lauri's knack for providing both beauty and bounty in her clients' outdoor spaces. Garden for Every Season

Does your heart skip a beat at the thought of planting new flower beds? Does the smell of freshly tilled ground make you weak in the knees? Does the thought of cooking with your own herbs and vegetables excite you? Passion for gardening touches each of us in a different way, and in *The Ultimate Gardener* you'll meet others who share your zeal. Laugh at anecdotes of gardeners who try to cut corners and end up making extra work for themselves, and pets who fail to realize that

gardens are off-limits. Share the joy every gardener feels when those first tiny sprouts pop out each spring, or your prize tomatoes make it through a midsummer storm. Whether your garden is a tiny rooftop terrace or acreage as far as the eye can see, every gardener will recognize the infatuation with growing things that winds through each and every story. And no matter how successful you might be with your own garden, you're certain to glean a few new ideas from the

passionate gardeners who generously share what they know about designing a small-space garden, soil preparation, and starting plants from seeds, growing amazing herbs and low-maintenance roses, and many other subjects near and dear to a gardener's heart. You'll be inspired, too, by the stunning photos throughout. *The Ultimate Gardener* will delight you and motivate you to create the garden of your dreams.

From Seed to Plant *Old Farmer's Almanac*

In *Field Guide to Urban Gardening*, author Kevin Espiritu of *Epic Gardening* shares the basics of growing plants, offers tips on how to choose the right urban gardening method, and troubleshoots the most common problems you'll encounter. If you think it's impossible to grow your own food because you don't have a large yard or you live in the city...think again. There is a plethora of urban gardening options to create beautiful, productive edible gardens no matter

where you live. The key to succeeding as an urban gardener is to choose the method(s) that make sense for your unique living situation and then give your plants what they need to thrive. Kevin helps you do just that. But he doesn't stop there. He also provides in-depth garden plans, from upcycled DIY projects and intensive hydroponic systems to beautiful and functional raised beds. Urban gardening is a real, growing, and important movement in today's world. This fact-packed

book is your roadmap to get growing today. Urban gardening techniques featured include:

Inspired by her own training in permaculture, Linda Woodrow has devised a totally integrated organic system of gardening that

combines science with common sense. In *The Permaculture Home Garden* she draws us into a warmly welcoming household where everyone shares the planting, helps to tend the hens, and relaxes after a satisfying day's work. Step-by-step instructions and helpful diagrams make it easy to plan and plant a garden to suit your taste and space - a garden that not only looks wonderful but also yields bountiful fruit, herbs and vegetables.

Southern Living
As surely as gardens change with the seasons, gardening is ever changing. New plants, techniques, materials, and lifestyles are constantly broadening the choices you have and reshaping the way you garden in the West. In response to this natural evolution, the editors of *Sunset*-the West's most trusted source of gardening information for more than 80 years-have completely redesigned and updated *The Western Garden Book* in this new 2012 Ninth

Edition. Following the best-selling success of the previous editions of The Western Garden Book, this edition includes a fresh new look, thousands of color photographs, fresh illustrations, and an easy-to-follow format. Written by experts for gardeners in the West, this book is an indispensable reference for beginning and expert gardeners alike. The New Western Garden Book features include: A photo gallery shows the West's most innovative gardens, from all-edibles front

yards to stylish water-wise and fire-wise gardens to living walls and green roofs-all with ideas you can use. Climate Zone Maps and growing-season graphs for all regions of the West including Alaska and Hawaii. A new "Plant Finder" section helps you choose plants for their garden's problem areas or for special effects. "A to Z Plant Encyclopedia" lists some 8,000 plants that thrive in the West, including more than 500 new ones. Gorgeous color photographs illustrate all

plant entries-for the first time ever in The Western Garden Book. "Gardening From Start to Finish" is a new visual guide that leads readers through all steps of making a garden, from soil prep through planting, growing and care, with special sections on natives, veggies, grasses and more.
