mobilization tactics that helped free Soviet Jews and reshaped the Jewish American experience from the Johnson era through the Reagan-Bush years What do these things have in common? Ingrid Bergman, Passover matzoh, Banana Republic®, the fitness craze, the Philadelphia Flyers, B- grade spy movies, and ten thousand Bar and Bat Mitzvah sermons?	Nothing, except that social movement activists enlisted them all into the most effective human rights campaign of the Cold War. The plight of Jews in the USSR was marked by systemic antisemitism, a problem largely ignored by Western policymakers trying to improve relations with the Soviets. In the face of governmental apathy, activists in the United States hatched a	bold plan: unite Jewish Americans to demand that Washington exert pressure on Moscow for change. A Cold War Exodus delves into the gripping narrative of how these men and women, through ingenuity and determination, devised mass mobilization tactics during a three- decade-long campaign to liberate Soviet Jews—an endeavor that would ultimately lead to one of the most

significant mass emigrations in Jewish history. Drawing from a wealth of archival sources including the travelogues of thousands of American tourists who smuggled aid to Russian Jews, Shaul Kelner offers a compelling tale of activism and its profound impact, revealing how a seemingly disparate array of elements could be woven together to forge a movement

and achieve the seemingly impossible. It is a testament to the power of unity, creativity, and the unwavering dedication of those who believe in the cause of human rights. *When Parents Die* NYU Press This new edition covers the entire course of grieving, from the immediate aftermath of a parent's death through to the point of recovery, paying particular attention to the many circumstances

that can prolong and complicate mourning. **The Joyful Family** Oxford University Press In this thoughtful book, Allen and Linda Anderson walk you through the numbing pain and dreadful sense of loss that arise when a beloved animal dies. They offer solace to help you deal with grief, remember and honor key moments in the animal's life, find comfort through

groups and with professionals, and get past the depression. They also include exercises, affirmations, and meditations to use through the various stages of grief. The Andersons' caring, practical advice covers all aspects of pet loss, offering guidance on: helping children grieve, honoring your religious beliefs, grieving for runaway pets,

helping others know what to say or do to console you, planning an appropriate memorial ceremony or tribute. The book also explores the concept of after-death experiences of departed companion animals and relates many beautiful stories, including the Rainbow Bridge story, that reinforce the love and sense of peace that come from honoring the place animals hold in our lives.

This book offers a fresh insight into working practices with children and young people who are experiencing the death of a family member, friend, school peer or in their social network.

Bridging the gap between theory and practice, the book's practical skills focus is informed by the latest research findings on

children and young people's experience of grief. The wide-ranging content includes: - a comprehensive review of theoretical approaches to bereavement - the impact of different types of grief on children - working with children who have been bereaved in traumatic circumstances, such as through criminal behaviour - skills development. The list of resources, case studies

and exercises encourage critical engagement with the counselling theory and promote reflexive practice. Trainees in counselling, psychotherapy and social work, as well as teachers and mental health workers, will find this an invaluable resource for working with this vulnerable client group. **Just Give Emma Name** Marilyn C F Willis This book is for people who feel

comfortable communicating through their hands and for those who wish to feel more ease in transmitting care through touch. It is for people whose responsibility or job or gift is to oversee or to help take care of the elderly and ill members of our society ... Water: Walking with Jesus the Messiah by Dr. Kathleen Ware Harris is a collection of personal meditations and reflections that come from spending time with the Lord as she lived her life and traveled the world. In 1999, she began writing them and emailing them to friends. To quote the author, "Deliberately taking time to spend in prayer and meditation, helps us to know the Lord." It is her hope that the reader will find inspiration and support in their own spiritual walk with God in Jesus Christ.

My testimony begins with a little bit of History about a Supreme Court case that changed the face(s) of

America. Of course my story has a section titled, Once Upon a Time.

However, I didnt exactly meet a Prince or live happily ever after. I lived among the non-fruits of the spirit like debauchery, selfish ambition, immorality and discord. This lifestyle eventually brought me to my knees and the only way out was to look up. By giving my testimony at a local church I was able to experience

spiritual healing and share my story with you.

Review SAGE *From beloved New York Times bestselling author and award-winning journalist—the definitive guide to Judaism's end-of-life rituals, revised and updated for Jews of all backgrounds and beliefs. From caring for the dying to honoring the dead, Anita Diamant explains the Jewish practices that make mourning a loved one an opportunity to experience the full range of*

emotions—grief, anger, fear, guilt, relief—and take comfort in the idea that the memory of the deceased is bound up in our lives and actions. In Saying Kaddish you will find suggestions for conducting a funeral and for observing the shiva week, the shloshim month, the year of Kaddish, the annual yahrzeit, and the Yizkor service. There are also chapters on coping with

particular losses—such as the death of a child and suicide—and on children as mourners, mourning non-Jewish loved ones, and the bereavement that accompanies miscarriage. Diamant also offers advice on how to apply traditional views of the sacredness of life to hospice and palliative care. Reflecting the ways that ancient rituals and customs have been adapted in light of contemporary

wisdom and needs, she includes updated sections on taharah (preparation of the body for burial) and on using ritual immersion in a mikveh to mark the stages of bereavement. And, celebrating a Judaism that has become inclusive and welcoming. Diamant highlights rituals, prayers, and customs that will be meaningful to Jews-by-choice, Jews of color, and LGBTQ Jews.

Concluding chapters discuss Jewish perspectives on writing a will, creating healthcare directives, making final arrangements, and composing an ethical will.

Throughout  
history,  
Japanese  
women have  
excelled in  
poetry - from  
the folk songs  
of the Kojiki  
(Record of

Matters)  
compiled in  
712 and the  
court poetry  
of the 9th to  
the 14th  
centuries, on  
through the  
age of haikai  
and kanshi to  
the 19th  
century, into  
the  
contemporary  
period when  
books of  
women's  
poems have  
created a

sensation. This anthology presents examples of the work of more than 100 Japanese women poets, arranged chronologically, and of all the major verse forms: choka, tanka, haikai (haiku), kanshi (verse written in Chinese), and free verse. The poems describe not just seasonal changes and the vagaries of love - which form the thematic core of traditional Japanese poetry - but also the devastations of war, childbirth, conflicts between child-rearing and work, experiences as refugees, experiences as non-Japanese residents in Japan, and more. Sections of poetry open with headnotes, and the editor has provided explanations of terms and references for those unfamiliar with the Japanese language. Other useful tools include a glossary of poetic terms, a chronology, and a bibliography that points the reader toward other works by and about these poets. There is no comparable collection available in English. Students and anyone who appreciates poetry and Japanese culture will treasure this magnificent anthology. Editor and translator Hiroaki Sato is a past winner of the PEN America translator prize and the Japan-United States Friendship

Commission's  
1999 literary  
translation  
award.
