This epic poem written by Dante Alighieri between c. 1308 and his death in 1321 is widely considered the preeminent work of Italian literature, and is seen as one of the greatest works of world literature. The Divine Comedy serves as the physical (scientific), political, and spiritual guidebook of Dante's Fourteenth Century universe. The poem's imaginative and allegorical vision of the afterlife is a culmination of the medieval world-view as it had developed in the Western Church. It helped establish the Tuscan dialect, in which it is written, as the standardized Italian language. It is divided into three parts: Inferno, Purgatorio, and Paradiso. On the surface, the poem describes Dante's travels through Hell, Purgatory, and Heaven; but at a deeper level, it represents allegorically the soul's journey towards God. At this deeper level, Dante draws on medieval Christian theology and philosophy, especially Thomistic philosophy and the Summa Theologica of Thomas Aquinas. Consequently, the Divine Comedy has been called "the Summa in verse".

In his introduction, the translator says: "I suppose that a very great majority of English-speaking people, if they were asked to name the greatest epic poet of the Christian era in Western Europe, would answer Dante." THE DIVINE COMEDY continues to be widely read today, whether for its religious inspiration or for the sheer power of its verse. The first part of the epic, THE INFERNO, tells how the narrator "loses his way," and finds himself in a strange landscape he's never seen before. There he encounters the shade of the ancient Roman poet, Virgil, who offers to lead him through the nine circles of Hell. The damned of Dante's imagination, it's quite clear, have condemned themselves through their actions or inactions to become permanent prisoners of the nether regions. Down, down, down, go Dante and his guide, meeting friend and foe alike, with horror piled upon horror. Finally, they must climb Satan's body to find the only possible exit from this terrible place-- where once more the poet will "see again the stars." A first-rate modern rendering of a literary classic!

The Divine Comedy (the Inferno, the Purgatorio, and the Paradiso) Penguin

The Divine Comedy (Hell) describes Dante Alighieri's journey through Hell (Inferno), guided first by the Roman epic poet Virgil and then by Beatrice. Dante called the poem "Comedy" because poems in the ancient world were classified as High ("Tragedy") or Low ("Comedy"). Low poems had happy endings and were of everyday or vulgar subjects, while High poems were for more serious matters. Dante was one of the first in the Middle Ages to write of a serious subject in the low and vulgar Italian language and not the Latin language as one might expect for such a serious topic. "The Divine Comedy" is an allegory where each canto may contain many alternate meanings. Dante's allegory is complex. Guided by the poet Virgil, Dante plunges to the very depths of Hell and embarks on his arduous journey towards God. Together they descend through the nine circles of the underworld and encounter the tormented souls of the damned - from heretics and pagans to gluttons, criminals and seducers - who tell of their sad fates and predict events still to come in Dante's life. In this first part of his "Divine Comedy", Dante fused satire and humor with intellect and soaring passion to create an immortal Christian allegory of mankind's search for self-knowledge and spiritual enlightenment. "The Divine Comedy" is often lauded for its particularly human qualities: Dante's skillful delineation of the characters he encounters in Hell, Purgatory, and Paradise; his bitter denunciations of Florentine and Italian politics; and his powerful poetic imagination. Dante's

use of real characters allowed him the freedom of not having to involve the reader in description, and to make room in his poem for the discussion of a great many subjects of the utmost importance, thus widening its range and increasing its variety. "The Divine Comedy" is recommended reading for anyone interested in literature and medieval history.

The "Divine Comedy" was entitled by Dante himself merely "Commedia," meaning a poetic composition in a style intermediate between the sustained nobility of tragedy, and the popular tone of elegy. The word had no dramatic implication at that time, though it did involve a happy ending. The poem is the narrative of a journey down through Hell, up the mountain of Purgatory, and through the revolving heavens into the presence of God. In this aspect it belongs to the two familiar medieval literary types of the Journey and the Vision. It is also an allegory, representing under the symbolism of the stages and experiences of the journey, the history of a human soul, painfully struggling from sin through purification to the Beatific Vision. Contained in this volume is the first part of the "Divine Comedy," the "Inferno" or "Hell," from the translation of Charles Eliot Norton.

Dante's Inferno a real medieval encyclopedia of scientific, political, philosophical, moral and religious knowledges. It is considered to be the preeminent work in Italian and world literature. The Divine Comedy is a result work of the whole second part of Dante's life; it is his last and most mature creation. The poet's view of the world is delivered in this work to the fullest extent. Dante acts here as the last great medieval poet; the poet who continues to develop medieval literature. Inferno is represented in a form of a huge tunnel, consisting of concentric circles, which narrowing end approaches the centre of the earth. After going through the Hell's threshold, where the souls of weak and vain people dwell, they enter the first Circle, Limbo that contains the souls of virtuous pagans who did not learn true belief but nearly approached it, so they were put out of hellfire. Dante watches here such representatives of Antic culture as Aristotle, Euripides, Homer etc. The Hell's "antiquity" is inducted to underline that Antic culture is not signed by Christ, it is pagan and, as a result, it is not sinful.

Inferno begins with Dante lost in a dark wood, assailed by beasts he cannot evade, and unable to find the straight way to salvation. Conscious that he is ruining himself and that he is falling into a dark place, Dante is at last rescued by Virgil, and the two of them begin their journey to the underworld. Allegorically, the Inferno represents the Christian soul seeing sin for what it really is, and the three beasts represent three types of sin: the self-indulgent, the violent, and the malicious. The Divine Comedy represents a vision of the afterlife of the medieval world-view as it had developed in the Western Church by the 14th century. The narrative describes Dante's travels through Hell, Purgatory, and Paradise, while allegorically the poem represents the soul's journey towards God. The poem is widely considered to be the pre-eminent work in Italian literature and one of the greatest works of world literature. This cloth-bound book includes a Victorian inspired dust-

jacket, and is limited to 100 copies.
