The Spanish paperback edition of the New York Times bestselling picture book about empathy and

kindness, sure to soothe aches big and small When something sad happens, Taylor doesn't know where to turn. All the animals are sure they have the answer. The chicken wants to talk it out, but Taylor doesn't feel like chatting. The bear thinks Taylor should get angry, but that's not quite right either. One by one, the animals try to tell Taylor how to act, and one by one they fail to offer comfort. Then the rabbit arrives. All the rabbit does is listen . . . which is just what Taylor needs. With its spare, poignant text translated into Spanish by Andrea Montejo and irresistibly sweet illustrations, El conejo escuchó is about how to comfort and heal the people in your life, by taking the time to carefully, lovingly, gently listen.

Each year, Israel's young men and women are drafted into compulsory military service and are required to engage directly in the Israeli-Palestinian conflict. This conflict is by its nature intensely complex and is played out under the full glare of international security. So, how does Israel's education system prepare its young people for this? How is Palestine, and the Palestinians against whom these young Israelis will potentially be required to use force, portrayed in the school

system? Nurit Peled-Elhanan argues that the textbooks used in the school system are laced with a pro-Israel ideology, and that they play a part in priming Israeli children for military service. She analyzes the presentation of images, maps, layouts and use of language in History, Geography and Civic Studies textbooks, and reveals how the books might be seen to marginalize Palestinians, legitimize Israeli military action and reinforce Jewish-Israeli territorial identity. This book provides a fresh scholarly contribution to the Israeli-Palestinian debate, and will be relevant to the fields of Middle East Studies and Politics more widely.

Born in New York in 1936, Joan Jonas has been a towering figure in postwar Conceptual and experimental Performance art since the 1960s, when she began her pioneering exploration of gender and identity through a combination of myth, choreography and new media. In 2007, she was a visiting professor at the world-famous Ratti Foundation in Como, Italy. While there, she turned to a text by art historian Aby Warburg (whose writings on Hopi imagery and ritual inspired Jonas' 2005 performance "The Shape, the Scent, the Feel of Things") to create "The Hand Reverts to Its Own Movement," a solo performance centered on the act of drawing. This substantial new monograph spans 40 years of the artist's groundbreaking output and introduces her new performance on the occasion of its world premiere in Como.

"A surprise best-seller which, apparently, has the power to turn even the most feeble of us into axe-wielding lumberjacks." —Independent The latest Scandinavian publishing phenomenon is not a Stieg Larsson-like thriller; it's a book about chopping, stacking, and burning wood that has sold more than 200,000 copies in Norway and Sweden and has been a fixture on the bestseller lists there for more than a year. Norwegian Wood provides useful advice on the rustic hows and whys of

taking care of your heating needs, but it's also a thoughtful attempt to understand man's age-old predilection for stacking wood and passion for open fires. An intriguing window into the exoticism of Scandinavian culture, the book also features enough inherently interesting facts and anecdotes and inspired prose to make it universally appealing. The U.S. edition is a fully updated version of the Norwegian original, and includes an appendix of U.S.-based resources and contacts. "A how-to guide as well as a celebration of wood—its scent, its variability, and the way it can connect modern life to simpler times . . . You don't need to have a wood-burning stove or fireplace to be captivated by the craft and lore surrounding a Stone Age method of creating heat." —The Boston Globe "The book has spread like wildfire." —Daily Mail "A how-to book with poetry at its heart." —The Times Literary Supplement

A family story of epic scale, by the author of NORWEGIAN WOOD and THE BELL IN THE LAKE. "An intricate story about war, family, secrets and, yes, wood ... An engaging, satisfying read" The Times "So cleverly plotted, and it builds up such effortless dramatic momentum as it zeroes in on its conclusion" Scotsman Edvard grows up on a remote mountain farmstead in Norway with his taciturn grandfather, Sverre. The death of his parents, when he was three years old, has always been shrouded in mystery - he has never been told how or where it took place and has only a distant memory of his mother. But he knows that the fate of his grandfather's brother, Einar, is somehow bound up with this mystery. One day a coffin is delivered for his grandfather long before his death - a meticulous, beautiful piece of craftsmanship. Perhaps Einar is not dead after all. Edvard's desperate quest to unlock the family's tragic secrets takes him on a long journey - from Norway to the Shetlands, and to the battlefields of France - to the discovery of a very unusual inheritance. The Sixteen Trees of the Somme is about the love of wood and finding your own self, a beautifully intricate and moving tale that spans an entire century. A TIMES BESTSELLER Mytting's book is as much a romantic historical thriller as it is a book of promise, a page-turner as it is a reflective journey into selfhood, history, life's meaning and individual moral responsibility - Mika Provata-Carlone, Bookanista Translated from the Norwegian by Paul Russell Garrett
