Stone Age National Geographic Books

Popular history, science, and geography topics brought out of the classroom and into your home with fast facts, activities, and quizzes. Some subjects are too interesting to be left at school! Carry on your love of history at home with Ancient Egypt--an activity-packed guide to one of history's most fascinating civilizations. Divided into sections, the book starts with fast facts on topics such as the pharaohs, the afterlife, religion, and the pyramids and ends with charts of famous Egyptian gods and rulers. Using this information, you can complete the puzzles in the main

part of the book, plus there are hands-on activities such as designing a mummy's case and writing in hieroglyphs. Finally, test your newfound knowledge with the quick quizzes (with answers supplied). You can keep track of your achievements throughout with a star chart to fill in every time you finish a page. Note to parents: The Eyewitness Workbooks series is devised and written with the expert advice of educational and reading consultants and is designed to appeal to children ages 8 years and up. First published in 2007-2009, this series has been fully

revised and updated for 2020.

Flying Machine Dorling Kindersley Ltd
Travel back in time to find out about the fantastical wildlife that lived on Earth before we did. From the first living cells to fearsome dinosaurs and giant mammals, take a journey through prehistory to find out about the supersized, the scary, and the downright bizarre animals and plants that inhabited Earth in ancient times. Broken down by plant or animal type, there are profiles on 50 key species, with famous favourites such as mighty Tyrannosaurus and huge woolly mammoths, as well as lesser-known organisms, including sail-backed Dimetrodon and aeroplane-sized pterosaur Quetzalcoatlus. Learn about the primeval world itself and how the Earth has changed over time, how fossils form, and the arrival of early humans. Detailed artworks bring the past to life, while pronunciation guides help with tricky names, and a visual index provides a quick overview of all the key species in the book. My Book of Dinosaurs and Prehistoric Life is an ideal first ebook about early plants and animals, and is sure to be a hit with fact-obsessed young fans

of all things dinosaurs and other prehistoric life.

Volcano and Earthquake DK Publishing (Dorling Kindersley)

Discover how humans created their world from the objects they left behind - from the US Constitution to the first iPhone - in DK's latest history ebook. From the beginning of human history, the one thing that has defined us is our talent for making things, from basic technology and everyday objects, such as bowls and hand axes, to high-tech inventions, such as supersonic aircraft, smart devices, and Mars rovers. Objects speak volumes about a civilization, telling us how our ancestors lived - as well as what they believed in and valued. A bronze cat mummy shows us how highly the ancient Egyptians valued their feline companions, while a

mechanical tiger toy tells the story of rising tensions between an Indian sultan and European colonisers. With stunning, specially commissioned photography, *Civilization* shows you the objects that our ancestors treasured - from the jewellery worn by the Mesopotamians to the prized ritual vessels used by the people of the Shang dynasty - and gives you an insight into what gave each culture its own identity. From astrolabes and aeroplanes to vacuum cleaners and X-rays, DK uses its hallmark visual style to weave the extraordinary legacy of our creativity into a unique view of world history that will change the way you see the objects all around us.
