Since the earliest days of the movie industry, Hollywood has mythologized itself through stories of stardom. A female protagonist escapes the confines of rural America in search of freedom in a western dream factory; an ambitious, conceited movie idol falls from grace and discovers what it means to embody true stardom; or a fading star confronts Hollywood's obsession with youth by embarking on a determined mission to reclaim her lost fame. In its various forms, the stardom film is crucial to understanding how Hollywood has shaped its own identity, as well as its claim on America's collective imagination. In the first book to focus

exclusively on these modern fairy tales, Karen McNally traces the history of this genre from silent cinema to contemporary film and television to show its significance to both Hollywood and broader American culture. Drawing on extensive archival research, she provides close readings of a wide range of films, from *Souls for Sale* (1923) to *A Star is Born* (1937 and 1954) and *Judy* (2019), moving between fictional narratives, biopics, and those that occupy a space in between. McNally considers the genre's core set of tropes, its construction of stardom around idealized white femininity, and its reflections on the blurred boundaries between myth, image, and reality. *The Stardom Film* offers an original understanding of one of Hollywood's most enduring genres and why the allure of fame continues to fascinate us.

The third of Judy Garland's five husbands, Sid Luft was the one man in her life who stuck around. He was chiefly responsible for the final act of Judy's

meteoric career, producing her iconic, Oscar-nominated performance in *A Star Is Born* and expertly shaping her concert career. Previously unpublished, and only recently found, Sid Luft's intimate autobiography tells their story. Their romance lasted Judy's lifetime, despite the separations, the reconciliations, and the divorce. Under Luft's management, Judy Garland came back, bigger than ever, building a singing career that rivaled Sinatra's. However, Judy's drug dependencies and suicidal tendencies put a tremendous strain on their relationship. Despite everything, Sid never stopped loving Judy and never forgave himself for not being able to ultimately save her from the demons that drove her to an early death. *Nobody's Perfect* Henry Holt and Company "A Star is Bored is an absolute knockout. Riotously funny and wickedly tender." — Taylor Jenkins Reid, New York Times bestselling author of *Daisy Jones and the Six* "Wildly funny and irreverent... Lane's writing lifts the novel far above its gossamer Hollywood setting, suffusing [the

novel] with a complex sensitivity." - The New York Times Book Review A hilariously heartfelt novel influenced in part by the author's time assisting Carrie Fisher. People Magazine Best Book of Summer 2020 - Named a Must-Read Summer book by Town & Country - Named One of the 14 Best Books of Summer 2020 by Harper's Bazaar - One of Library Journal's 2020 "Titles to Watch" - One of the 30 Best Beach Reads According to Parade Magazine She needs an assistant. He needs a hero. Charlie Besson is tense and sweating as he prepares for a wild job interview. His car is idling, like his life, outside the Hollywood mansion of Kathi Kannon, star of stage and screen and People magazine's Worst Dressed list. She's an actress in need of assistance, and he's adrift and in need of a lifeline. Kathi is an icon, bestselling author, and award-winning movie star, most known for her role as Priestess Talara in a blockbuster sci-fi film. She's also known in another role: Outrageous Hollywood royalty. Admittedly so. Famously so. Chaotically so, as Charlie quickly discovers. Charlie gets the job, and

his three-year odyssey is filled with late-night shopping sprees, last-minute trips to see the aurora borealis, and an initiation to that most sacred of Hollywood tribes: the personal assistant. But Kathi becomes much more than a boss, and as their friendship grows Charlie must make a choice. Will he always be on the sidelines of life, assisting the great forces that be, or can he step into his own life's leading role? Laugh-out-loud funny, and searingly poignant, Byron Lane's *A Star is Bored* is a novel that, like the star at its center, is enchanting and joyous, heartbreaking and hopeful. [A Star Is Found](#) Macmillan + ORM The host of the podcast *You Must Remember This* explores Hollywood's golden age via the cinematic life of Howard Hughes and the women who encountered him. Howard Hughes's reputation as a director and producer of films unusually defined by sex dovetails with his image as one of the most prolific womanizers of the twentieth century. The promoter of bombshell actresses such as Jean Harlow and Jane Russell, Hughes supposedly

included among his off-screen conquests many of the most famous actresses of the era, among them Billie Dove, Katharine Hepburn, Ava Gardner, Ginger Rogers, and Lana Turner. Some of the women in Hughes's life were or became stars and others would stall out at a variety of points within the Hollywood hierarchy, but all found their professional lives marked by Hughes's presence. In *Seduction*, Karina Longworth draws upon her own unparalleled expertise and an unprecedented trove of archival sources, diaries, and documents to produce a landmark—and wonderfully effervescent and gossipy—work of Hollywood history. It's the story of what it was like to be a woman in Hollywood during the industry's golden age, through the tales of actresses involved with Howard Hughes. This was the era not only of the actresses Hughes sought to dominate, but male stars such as Errol Flynn, Cary Grant, and Robert Mitchum; directors such as John Ford, Howard Hawks, and Preston Sturges; and studio chiefs like Irving Thalberg, Darryl Zanuck, and David O. Selznick—many of whom were complicit in

the bedroom and boardroom exploitation that stifled and disappointed so many of the women who came to Los Angeles with hopes of celluloid triumph. In his films, Howard Hughes commodified male desire more blatantly than any mainstream filmmaker of his time and in turn helped produce an incredibly influential, sexualized image of womanhood that has impacted American culture ever since. As a result, the story of him and the women he encountered is about not only the murkier shades of golden-age Hollywood, but also the ripples that still slither across today's entertainment industry and our culture in general. Praise for *Seduction* "Guaranteed to engross anyone with any interest at all in Hollywood, in movies, in #MeToo and in the never-ending story of men with power and women without." —New York Times Book Review "The stories Longworth uncovers—about Katharine Hepburn and Jane Russell, yes, but also Ida Lupino and Faith Domergue and Anita Loos—are so rich, so compelling, that they urge you to question how much else in history has been

lost within the swirling vortex of Great Men." —Atlantic "A compelling and relevant must-read." —Entertainment Weekly *The Stardom Film* Hal Leonard Publishing Corporation Why do so many people care so much about celebrities? Who decides who gets to be a star? What are the privileges and pleasures of fandom? Do celebrities ever deserve the outsized attention they receive? In this fascinating and deeply researched book, Sharon Marcus challenges everything you thought you knew about our obsession with fame. Icons are not merely famous for being famous; the media alone cannot make or break stars; fans are not simply passive dupes. Instead, journalists, the public, and celebrities themselves all compete, passionately and expertly, to shape the stories we tell about celebrities and fans. The result: a high-stakes drama as endless as it is unpredictable. Drawing on scrapbooks, personal diaries, and vintage fan mail, Marcus traces celebrity culture back to its nineteenth-century roots, when people the world over found themselves captivated by

celebrity chefs, bad-boy poets, and actors such as the "divine" Sarah Bernhardt (1844-1923), as famous in her day as the Beatles in theirs. Known in her youth for sleeping in a coffin, hailed in maturity as a woman of genius, Bernhardt became a global superstar thanks to savvy engagement with her era's most innovative media and technologies: the popular press, commercial photography, and speedy new forms of travel. Whether you love celebrity culture or hate it, *The Drama of Celebrity* will change how you think about one of the most important phenomena of modern times.

From New Yorker film critic Richard Brody, *Everything Is Cinema: The Working Life of Jean-Luc Godard* presents a "serious-minded and meticulously detailed . . . account of the lifelong artistic journey" of one of the most influential filmmakers of our age (The New York Times). When Jean-Luc Godard wed the ideals of filmmaking to the realities of autobiography and current events, he changed the nature of cinema. Unlike any earlier films, Godard's work shifts fluidly from fiction to documentary, from criticism to art. The man himself also projects shifting images—cultural hero, fierce loner, shrewd businessman. Hailed by filmmakers as a—if not the—key influence on cinema, Godard has entered the modern canon, a figure as mysterious as he is indispensable. In *Everything Is Cinema*, critic Richard Brody has

amassed hundreds of interviews to demystify the elusive director and his work. Paying as much attention to Godard's technical inventions as to the political forces of the postwar world, Brody traces an arc from the director's early critical writing, through his popular success with *Breathless*, to the grand vision of his later years. He vividly depicts Godard's wealthy conservative family, his fluid politics, and his tumultuous dealings with women and fellow New Wave filmmakers. *Everything Is Cinema* confirms Godard's greatness and shows decisively that his films have left their mark on screens everywhere. Although food has been part of motion pictures since the silent era, for the most part it has been treated with about as much respect as movie extras: it's always been there on the screen but seldom noticed. For the most part filmmakers have settled on three basic ways to treat food: as a prop in which the food is usually obscured from sight or ignored by the actors; as a transition

device to compress time and help advance the plot; as a symbol or metaphor, or in some other meaningful way, to make a dramatic point or to reveal an aspect of an actor's character, mood or thought process. This hugely expanded and revised edition details 400 food scenes, in addition to the 400 films reviewed for the first edition, and an introduction tracing the technical, artistic and cultural forces that contributed to the emergence of food films as a new genre--originated by such films as *Tampopo*, *Babette's Feast* and more recently by films like *Mostly Martha*, *No Reservations* and *Ratatouille*. A filmography is included as an appendix. *Me and My Shadows* HarperCollins

The question follows Lorna Luft to this day: "What's it like to be Dorothy's daughter?" Although by appearances glamorous and truly

thrilling, growing up as the daughter of Judy Garland was anything but a journey over the rainbow. With unsparing candor, Lorna Luft offers the first-ever insider portrait of one of Hollywood's most celebrated families: a rare story of a little girl, her half-sister Liza, and her baby brother trying desperately to hang on to the mother whose life seemed destined to burn brightly but briefly. Lorna makes an extraordinary journey back into the spiral of love, addiction, pain, and loss that lurked behind a charmed facade. Filled with behind-the-scenes dramas, hilarious untold stories, and little-known details of Garland family life, *Me and My Shadows* is a tribute to Lorna's victory over her own past, a story of hope, of love and its limitations, and a deeply moving testament to the healing powers of embracing one's past and charting a course of self-love and discovery.
