*Nocterra #7* First Second

An alien abduction has left behind only those younger than sixteen, older than sixty-five, or too "disabled" to work. In other words, people who weren't a threat--until now. Twins Sam and Wyatt are ready to chuck their labels, break free from their captors, and inspire others to do the same. It's time for "the last picked" to step into the game. Jason Walz pairs vivid world-building and a fast-paced adventure in a beautiful story of sibling devotion. With humor and action, Last Pick shares an empowering message about the dangers of labeling and writing people off.

The Camino de Santiago is a 500 mile, historic pilgrimage route to Santiago de Compostela in northwestern Spain. It is walked by thousands every year, both Christians and non-believers. To mark his 50th birthday, the brilliant Norwegian cartoonist Jason decided that walking the length of the Camino was what he needed to do. On the Camino is Jason's memoir of that trek — 32 days and 500 miles from St. Jean Pied de Port to Finisterre, observing with the eye of an artist,

chronicling both the good (people, conversations) and the bad (blisters, bedbugs). Full of quiet incidents, odd encounters, small triumphs, and the occasional setback, On the Camino is the latest graphic novel by a master cartoonist.

BY THE HORNS is an epic, sci-fi fantasy comic book series set in a dangerous world of magic and technology written by Markisan Naso, illustrated by Jason Muhr and colored by Andrei Tabacaru, published monthly by Scout Comics. Elodie hates unicorns. For nearly a year, she's dedicated her life to killing them all for trampling her husband. Exiled from her village home for selfishly neglecting her duties, Elodie and her companion, Sajen, search the continent of Solothus to exact bloody revenge. But to make unicorns extinct she'll need to fake an alliance with Zoso and Rigby, two of the very beasts she hates most, and battle four wind sorcerers who are extracting magic from all the mystical creatures on the continent. With the ability to rip off the unicorn horns and combine them to form wizard-slaying weapons, Elodie has a fighting chance. But will she decide to use those gifts to save magic in the world? Or destroy all the unicorns left alive?

**Batman: Three Jokers** DC Comics

This book features five yarns—all brand new with the exception of the aforementioned “Low Moon,” which is collected into book form for the first time. The new stories lead off with “Emily Says Hello,” a typically deadpan Jason tale of murder, revenge and sexual domination. Then, the wordless “&” tells two tales at once: one about a skinny guy trying to steal enough money to save his ill mother, and the other about a fat guy murderously trying to woo his true love. The reason we follow these two parallel stories becomes obvious only on the very last page, in Jason’s inimitable genre-mashing style. “Early Film Noir” can best be described as *The Postman Always Rings Twice* meets *Groundhog Day*. But starring cavemen. And finally, “You Are Here” features alien kidnappings, space travel, and the pain and confusion of family ties, culminating in an enigmatic finale that rivals Jason’s greatest twists. Funny, poignant, and wry, *Low Moon* shows one of the world’s most acclaimed graphic novelists at the absolute peak of his powers.

*Taking Eden* Image Comics

New York Times Book Review Editors' Choice “A brilliant, honest, necessary book that exposes the intricacies of the human brain while showing us the way creativity and friendship can anchor us. This is a must-read for anyone who has ever wondered if they see the world a little differently.”

–Ada Limón A New Yorker cartoonist illustrates his lifelong struggle with OCD in cartoon vignettes frank and funny Jason Adam Katzenstein is just trying to live his life, but he keeps getting sidetracked by his over-active, anxious brain. Mundane events like shaking hands or sharing a drink snowball into absolute catastrophes. Jason has Obsessive Compulsive Disorder, a mental illness that compels him to perform rituals in order to protect himself from dangers that don't really exist. He checks, washes, over-thinks, rinse, repeat. He does his best to hide his embarrassing compulsions, and sometimes this even works. He grows up, worries about his first kiss, falls in love with making cartoons, moves to New York City — which is magical and gross, etc. All the while, half his energy goes into living his life, while the other half is devoted to the increasingly ridiculous rituals he's decided to maintain to keep himself from fully short-circuiting. Then, he fully short-circuits. At his absolute lowest, Jason finally decides to do the things he's always been told to do to get better: exposure therapy and medication. These are the things that have always freaked him out, and they continue to freak him out. Also, they help him recover. Everything is an Emergency is a comic about all the self-destructive stories someone tells himself, over and over, until they start to seem true. In images surreal, witty, and confessional, Jason shows us that OCD can be funny, even when it feels like it's ruining your life.

*The Dream-Quest of Unknown Kadath* belongs to Lovecraft's famous Dream Cycle. The protagonist Randolph Carter dreams three times of a majestic sunset city, but each time he is abruptly snatched away before he can see it up close. When he prays to the gods of dream to reveal the whereabouts of the phantasmal city, they do not answer, and his dreams of the city stop altogether. Undaunted, Carter resolves to go to Kadath, where the gods live, to beseech them in person. However, no one has ever been to Kadath and none even knows how to get there. In dream, Randolph Carter descends "seventy steps" and speaks of his plan to the priests Nasht and Kaman-Thah, whose temple - the Cavern of Flame - borders the Dreamlands. The priests warn Carter of the great danger of his quest and suggest that the gods withdrew his vision of the city on purpose. Howard Phillips Lovecraft (1890-1937) was an American author who achieved posthumous fame through his influential works of horror fiction. He is now regarded as one of the most significant 20th-century authors in his genre. Some of Lovecraft's work was inspired by his own nightmares. His interest started from his childhood days when his grandfather would tell him Gothic horror stories.
