Winner of the American Book Award (2023)

**Longlisted for the PEN/Jacqueline Bograd

Weld Award (2023)** The long-awaited first full biography of legendary jazz saxophonist and composer Sonny Rollins. Sonny Rollins has long been considered an enigma. Known as the “Saxophone Colossus,” he is widely acknowledged as one of the greatest jazz improvisers of all time, winning Grammys, the Austrian Cross of Honor, Sweden’s Polar Music Prize and a National Medal of Arts. A bridge from bebop to the avant-garde, he is a lasting link to the golden age of jazz,

pictured in the iconic “Great Day in Harlem” portrait. His seven-decade career has been well documented, but the backstage life of the man once called “the only jazz recluse” has gone largely untold—until now. Based on more than 200 interviews with Rollins himself, family members, friends, and collaborators, as well as Rollins’ extensive personal archive, *Saxophone Colossus* is the comprehensive portrait of this legendary saxophonist and

composer, civil rights activist and environmentalist. A child of the Harlem Renaissance, Rollins’ precocious talent landed him on the bandstand and in the recording studio with Bud Powell, Thelonious Monk, Charlie Parker, Miles Davis and Dizzy Gillespie, or playing opposite Billie Holiday. An icon in his own right, he recorded *Tenor Madness*, featuring John Coltrane; *Way Out West*; *Freedom Suite*, the first civil rights-themed album of the hard bop era; *A Night at the*

Village Vanguard; and the 1956 classic *Saxophone Colossus*. Yet his meteoric rise to fame was not without its challenges. He served two sentences on Rikers Island and won his battle with heroin addiction. In 1959, Rollins took a two-year sabbatical from recording and performing, practicing up to 16 hours a day on the Williamsburg Bridge. In 1968, he left again to study at an ashram in India. He returned to performing from 1971 until his retirement in 2012. The story of Sonny

Rollins—innovative, unpredictable, larger than life—is the story of jazz itself, and Sonny’s own narrative is as timeless and timely as the art form he represents. Part jazz oral history told in the musicians’ own words, part chronicle of one man’s quest for social justice and spiritual enlightenment, this is the definitive biography of one of the most enduring and influential artists in jazz and American history. *Billboard* A&C Black (Berklee Press). An essential guide for all

songwriters and Beatles fans, this book explores John Lennon's songwriting genius with a guided tour through 25 of his Beatles-era hits. Author John Stevens explains Lennon's intuitive talent from a technical point of view, through the lens of songwriting's three basic elements: melody, harmony and lyric. He shows how Lennon fashioned songs that were at once politically and socially relevant during the '60s, yet remain ageless and timeless today. Features in-depth

musical analysis of: A Hard Day's Night * Ticket to Ride * Norwegian Wood * Strawberry Fields Forever * Come Together * and more. John Stevens is a songwriting professor at Berklee College of Music. For more than 20 years, he has taught "The Music of John Lennon," one of the most popular courses in the Berklee curriculum. "You've got the Beatles' records and the John Lennon records; now with this book, you can have the Owner's Manual. This will tell you how the songs are built

and how they work. Good stuff." Marshall Crenshaw, Singer/Songwriter

Focus: Music of South Africa provides an in-depth look at the full spectrum of South African music, a musical culture

that epitomizes the enormous ethnic, religious, linguistic, class, and gender diversity of the nation itself. Drawing on extensive field and archival research, as well as her own personal experiences, noted ethnomusicologist and South African native Carol A. Muller looks at how South Africans have used music to express a sense of place in South Africa, on the African continent, and around the world. Part One, *Creating Connections*, provides introductory materials for

the study of South African Music. Part Two, *Musical Migrations*, moves to a more focused overview of significant musical styles in twentieth-century South Africa -- particularly those known through world circuits. Part Three, *Focusing In*, takes the reader into the heart of two musical cultures with case studies on South African jazz and the music of the Zulu-language followers of Isaiah Shembe. The accompanying CD offers vivid examples of traditional, popular, and

classical South African musical styles.
