## **HULL JAX**

*Research on Teacher  
 Identity* Pocket Books

The author describes the  
 advancing civilization of  
 the Aztecs destroyed by  
 Spanish conquest

*General History of the  
 Things of New Spain*

Holley Trent

An unabridged translation  
 of a 16th century

Dominican friar's history  
 of the Aztec world before  
 the Spanish conquest,

based on a now-lost  
 Nahuatl chronicle and

interviews with Aztec  
 informants. Duran traces

the history of the Aztecs  
 from their mythic origins

to the destruction of the  
 empire, and describes the

court life of the elite, the  
 common people, and life

in times of flood, drought,  
 and war. Includes an

introduction and

annotations providing  
 background on recent

studies of colonial Mexico,  
 and 62 b&w illustrations

from the original

manuscript. Annotation c.  
 by Book News, Inc.,

Portland, Or.

**Masters of Maria**

Cambridge University  
 Press

Primeros Memoriales is  
 here published for the  
 first time in its entirety

both in the original  
 Nahuatl and in English  
 translation. The volume  
 follows the manuscript  
 order reconstructed for  
 the Primeros Memoriales  
 by Francisco del Paso y  
 Troncoso in his 1905-1907  
 facsimile edition of the  
 collection of Sahaguntine  
 manuscripts he called  
 Codices Matritenses.

During the 1960s, Thelma

D. Sullivan, a Nahuatl  
 scholar living in Mexico,

began a paleographic  
 transcription of the

Primeros Memoriales,  
 along with an English

translation. After

Sullivan's death in 1981, a  
 group of her colleagues

finished, enlarged, and  
 annotated her project.

This long-awaited

publication makes  
 available to specialists

and interested laypersons  
 alike an invaluable portion

of the remarkable

Sahaguntine treasure of  
 information on sixteenth-

century Aztec society.  
A World Darkly Simon and

Schuster

Around 1542,

descendants of the Aztec  
 rulers of Mexico created

accounts of the pre-  
 Hispanic history of the

city of Tetzco, Mexico,  
 one of the imperial

capitals of the Aztec

Empire. Painted in iconic  
 script ("picture writing"),

the Codex Xolotl, the

Quinatzin Map, and the  
 Tlohtzin Map appear to

retain and emphasize  
 both pre-Hispanic content

and also pre-Hispanic  
 form, despite being

produced almost a  
 generation after the

Aztecs surrendered to  
 Hernán Cortés in 1521.

Yet, as this pioneering  
 study makes plain, the

reality is far more  
 complex. Eduardo de J.

Douglas offers a detailed  
 critical analysis and

historical

contextualization of the  
 manuscripts to argue that

colonial economic,  
 political, and social

concerns affected both  
 the content of the three

Tetzcoan pictorial  
 histories and their

archaizing pictorial form.  
 As documents composed

by indigenous people to  
 assert their standing as

legitimate heirs of the  
 Aztec rulers as well as

loyal subjects of the  
 Spanish Crown and good

Catholics, the Tetzcoan  
 manuscripts qualify as

subtle yet shrewd  
 negotiations between

indigenous and Spanish  
 systems of signification

and between indigenous  
 and Spanish concepts of

real property and political  
 rights. By reading the

Tetzcoan manuscripts as  
 calculated responses to

the changes and

challenges posed by Spanish colonization and Christian evangelization, Douglas's study significantly contributes to and expands upon the scholarship on central Mexican manuscript painting and recent critical investigations of art and political ideology in colonial Latin America.

**Primeros Memoriales**

Univ of California Press  
This book offers views of Aztec lives and their interactions in rituals, markets, courts, and on the battlefield.

Nahuatl in the Middle

Years University of Arizona Press

Discografie van een eeuw Noord-Amerikaanse indiaanse volksmuziek en van populaire muziek van musici met indiaans bloed of met indiaanse thema's.

Treatise on the Heathen

Superstitions that Today

Live Among the Indians

Native to this New Spain,

1629 University Press of

Colorado

In the aftermath of the sixteenth-century Spanish conquest of Mexico, Spanish friars and authorities partnered with indigenous rulers and savants to gather detailed information on Aztec history, religious beliefs, and culture. The pictorial books they created served the Spanish as

aids to evangelization and governance, but their content came from the native intellectuals, painters, and writers who helped to create them.

Examining the nine major surviving texts, preeminent Latin American art historian Elizabeth Hill Boone explores how indigenous artists and writers documented their ancestral culture.

Analyzing the texts as one distinct corpus, Boone shows how they combined European and indigenous traditions of documentation and considers questions of motive, authorship, and audience. For Spanish authorities, she shows, the books revealed Aztec ideology and practice, while for the indigenous community, they preserved venerated ways of pictorial expression as well as rhetorical and linguistic features of ancient discourses. The first comparative analysis of these encyclopedias, *Descendants of Aztec Pictography* analyzes how the painted compilations embraced artistic traditions from both sides of the Atlantic.

*A Demon of the Air*

Penguin

Love lasts forever in this value-priced paranormal

romance collection featuring eight couples who discover that eternal happiness is the key to conquering evil. *The Demigod's Legacy*: Demigod cougar shifter Tito Perez couldn't protect his family in pre-colonial Tenochtitlan, so he won't risk endangering another in modern New Mexico. But when December Farmer shows up to collect child support for a daughter he never knew about, danger of all sorts finds them. This immortal shapeshifter may have no choice but to cast aside his precious humanity and become the unflinching warrior he's never wanted to be. *Immortal Flame*: After a horrific accident, Peter Blackstone arrives in Allison La Croix's ER and heals himself before her eyes. Peter traded his soul to save his wife, and now he will hunt criminals forever. Can Allison find a way to unlock his forgotten, passionate spirit? *Of Eternal Life*: Dr. Abilene Miller is shocked when a dead man jerks back to life in her arms and infuriated when he kidnaps her. He thinks she's part of a conspiracy; she thinks he's insane. Only together can they find out the truth—and brave the risks they run in loving each other. The

Nymph's Labyrinth: Shapeshifting nymph Ariadne Papadakis must keep the truth of the nymphs' existence far out of reach from American archeologist Beau Morris. But will the task force her to sacrifice her own happiness? Secrets of the Sky: Sparrow Reed might look like an angel, but she's actually a witch who can change into a songbird. When her best friend's problems drop Sparrow in an underworld fraught with threats, Rowen Aerion of the Knights of the Fog has his hands full trying to keep her alive—and his love may be her biggest danger of all. Embrace the Desire: Destroyer Payne can't believe his good luck when his father, the lord of the underworld, orders him to take the lovely Chanta Timbers through her transition from human to half-goddess. Chanta is both drawn to and frightened by the beast that lurks under his skin. But only by defying the gods to pursue this attraction do they stand a chance in the coming war. Immortal Love: Bécquer is handsome, well-read, poetic, and ... an immortal literary agent who exists on human blood. Not that it matters since his

relationships are strictly business—until he crosses paths with Carla, who rewrites his script. The Gettysburg Vampire: College student Abby Potter takes advantage of ghosts' popularity in Gettysburg, Pennsylvania, by inventing a vampire folktale for the annual holiday production. Problem is, her leading man—a history professor at the college and a renowned Civil War reenactor—is a little too convincing in the role. Sensuality Level: Sensual *Wrath of the Old Gods Box Set 1* Penguin UK A year has passed since the ancient gods of myth and legend returned and irrevocably changed humankind as we know it. All across the earth, survivors of the initial onslaught have now abandoned their faith in the modern world and have begun to worship the pagan deities once again. The United States hangs perilously close to ruin as the newly resurgent Aztec Empire begins its final assault against the country. In this maelstrom of chaos and destruction, a small group of individuals holds the key to either stop or to aid this terrible menace. Across these devastated lands, Tara

Weiss searches for her lost brother, aided by the trickster god and the vampire-like Patrick Gyle. Tyrone Gatlin, a US Army deserter, is guided by dreams of a great spirit as he makes a dangerous journey across the flooded areas of the Deep South. Tepiltzin, high priest of the flayed god Xipe Totec, is torn between devotion to his family and of his responsibilities in the new empire. Meanwhile, Detective Valerie Mendoza travels across the nightmarish landscapes of Hell in order to find and rescue the one man she loves, Dr. Paul Dane. The Wrath of the Old Gods series features a unique blend of multiple genres that encompasses mythology, real world politics, fantasy, horror, war, survival and high adventure, all wrapped up in a thrilling, post-apocalyptic setting. This is John Triptych at his very best! Wrath of the Old Gods Series: Book 1 The Gloom Book 1.5 Pagan Apocalypse (YA series) Book 2 Canticum Tenebris Book 2.5 The Fomorians (YA series) Book 3 A World Darkly Book 3.5 Eye of Balor (YA series) Book 4 Mortuorum Luctum **The Angel's Fire** Page Publishing Inc

Understanding teachers' professional identities and their development is key to unpacking teachers' professional lives, the quality of their instruction, their motivation and commitment to teach, and their career decision-making. This book features a number of scholars from around the world who represent a variety of disciplines, scientific paradigms, and inquiry methods in researching teacher identity. By bringing these chapters together, this volume initiates active scholarly conversations and extends the boundaries of teacher identity research and practice. This collection of chapters provides significant insight into teacher identity and will be essential reading for pre-service and in-service teachers, teacher educators, school administrators, professional developers, and policy makers at various levels.

*Immortal Passion*

University of Oklahoma Press

The Treatise of Hernando Ruiz de Alarcón is one of the most important surviving documents of early colonial Mexico. It was written in 1629 as an aid to Roman Catholic

churchmen in their efforts to root out the vestiges of pre-Columbian Aztec religious beliefs and practices. For the student of Aztec religion and culture is a valuable source of information. Hernando Ruiz de Alarcón was born in Taxco, Guerrero, Mexico, in the latter part of the sixteenth century. He attended the University of Mexico and later took holy orders. Sometime after he was assigned to the parish of Atenango, he began writing the Treatise for his fellow priests and church superiors to use as a guide in suppressing native "heresy." With great care and attention to detail Ruiz de Alarcón collected and recorded Aztec religious practices and incantations that had survived a century of Spanish domination (sometimes in his zeal extracting information from his informants through force and guile). He wrote down the incantations in Nahuatl and translated them into Spanish for his readers. He recorded rites for such everyday activities as woodcutting, traveling, hunting, fishing, farming, harvesting, fortune telling, lovemaking, and the curing of many diseases, from toothache to

scorpion stings. Although Ruiz de Alarcón was scornful of native medical practices, we know now that in many aspects of medicine the Aztec curers were far ahead of their European counterparts.

**The History of the Indies of New Spain**

Independently Published Mexico-Tenochtitlan, in the year Twelve-House: the vast, teeming city of the Aztecs at the height of its glory. As the novel opens, the Chief Minister's trusted slave Yaotl is escorting a sacrificial victim up the steps of the Great Pyramid to celebrate the Festival of the Raising of Banners. Used to the bloodstained rites of the War-God's priests, Yaotl is unperturbed at the ritual slaughter of the so-called Flowery Death. When the victim runs amok and leaps to his death before he can be sacrificed, Yaotl's only worry is how to explain it to his master. But when more bodies start to appear and the Emperor Montezuma starts asking questions about the soothsayers who have vanished from his impregnable prison, Yaotl realises he needs some answers soon. The secrets he uncovers will unlock nightmares from his own youth and

threaten the future of everything he knows. *Tezcatlipoca* University of Oklahoma Press

Tezcatlipoca: Trickster and Supreme Deity brings archaeological evidence into the body of scholarship on “the lord of the smoking mirror,” one of the most important Aztec deities. While iconographic and textual resources from sixteenth-century chroniclers and codices have contributed greatly to the understanding of Aztec religious beliefs and practices, contributors to this volume demonstrate the diverse ways material evidence expands on these traditional sources. The interlocking complexities of Tezcatlipoca’s nature, multiple roles, and metaphorical attributes illustrate the extent to which his influence penetrated Aztec belief and social action across all levels of late Postclassic central Mexican culture. *Tezcatlipoca* examines the results of archaeological investigations—objects like obsidian mirrors, gold, bells, public stone monuments, and even a mosaic skull—and reveals new insights into the supreme deity of the

Aztec pantheon and his role in Aztec culture.

**In the Palace of Nezahualcoyotl** University of Texas Press

This substantial collection of papers on indigenous astronomical knowledge is quite unequalled in its scope and extent. The authors are drawn from a variety of academic disciplines, including anthropology, archaeology, astronomy, engineering, art history, history of science, history of religion, folklore, and mythology, and bring a variety of academic perspectives to bear upon aspects of celestial knowledge and perception in diverse social contexts from many different parts of the globe. The Americas provide the main geographical focus, with twenty of the 32 papers concerning indigenous north American groups such as the Navajo, Lakota, Zuni and Blackfoot, the Mixe and Tzotzil Maya of southern Mexico, the Andean highlands and the Amazonian region of Peru, and southern coastal Brazil. The remaining twelve articles extend to the Arab world, sub-Saharan Africa, southern India, Java, Melanesia, Australia and Polynesia, with a few addressing

broader synthetic themes. For a number of the culture areas dealt with in some detail here, other published information about sky knowledge is extremely scant.

**Daily Life of the Aztecs on the Eve of the Spanish Conquest**

University of Texas Press

Birds and Beasts of Ancient Mesoamerica links Precolumbian animal imagery with scientific data related to animal morphology and behavior, providing in-depth studies of the symbolic importance of animals and birds in Postclassic period Mesoamerica. Representations of animal deities in Mesoamerica can be traced back at least to Middle Preclassic Olmec murals, stone carvings, and portable art such as lapidary work and ceramics. Throughout the history of Mesoamerica real animals were merged with fantastical creatures, creating zoological oddities not unlike medieval European bestiaries. According to Spanish chroniclers, the Aztec emperor was known to keep exotic animals in royal aviaries and zoos. The Postclassic period was characterized by an iconography that was shared from central Mexico to the Yucatan

peninsula and south to Belize. In addition to highlighting the symbolic importance of nonhuman creatures in general, the volume focuses on the importance of the calendrical and astronomical symbolism associated with animals and birds. Inspired by and dedicated to the work of Mesoamerican scholar Cecelia Klein and featuring imagery from painted books, monumental sculpture, portable arts, and archaeological evidence from the field of zooarchaeology, *Birds and Beasts of Ancient Mesoamerica* highlights the significance of the animal world in Postclassic and early colonial Mesoamerica. It will be important to students and scholars studying Mesoamerican art history, archaeology, ethnohistory, and zoology. *General History of the Things of New Spain: Rhetoric and moral philosophy* University Press of Colorado "Anonimo Mexicano is housed in the Bibliotheque Nationale de Paris. Its first complete publication here includes a full English translation, an accurate transcription of the original document's classical Nahuatl, a

modern Nahuatl version for philological comparison, and comprehensive annotation. This definitive edition thus will be valuable for anthropologists, ethnohistorians, folklorists, linguists, Mesoamerican specialists, philologists, and others. Moreover, anyone interested in the epic origin tales of peoples and nations will find interest in Anonimo Mexicano's grand narrative of dynastic wars, conquests, and migrations, cast in mythological terms."--*Résumé de l'éditeur. The Encyclopedia of Native Music* Duke University Press From one of the top parenting websites' a comprehensive naming guide featuring the unique Babynames.com popularity ratings. Forget those traditional lists of names and their meanings-in guiding readers step-by-step through the naming process, as well as the seven things to consider, this book will help parents decide upon a name perfectly suited to their child and family. The only baby name book to draw upon the opinions of 1.2 million parents, each listing features a

popularity rating derived from website feedback as well as the top personality traits associated with the name. Readers can also browse lists of names organized in unique ways such as names for sports fans or fiction lovers, and names to be avoided. [Monographs of the School of American Research](#) University of Oklahoma Press Focusing on central Mexico and the Andes (colonial New Spain and Peru), the contributors deepen scholarly knowledge of colonial history and literature, emphasizing the different ways people became and lived their lives as "indios" in this new study. *Tezcatlipoca* Holley Trent Mexico, 1517. The Aztec capital is awash with fear and rumours. A strange figure has been seen running through the streets. A being with the face of a snake, his body covered in glittering green plumage: Quetzalcoatl - the Feathered Serpent. Is it an omen? Or is it the god himself, come to warn of impending disaster? Yaotl, the Chief Minister's slave, has more immediate matters to worry about. Engaged in a desperate search for his son, he's on the run from his vengeful master, the

all-powerful Lord Feathered-in-Black. Attempting to escape his master's bloodthirsty warriors, Yaotl stumbles on a dismembered, unrecognisable corpse. As he pieces together the clues to who the dead man was and how he died, Yaotl finds himself drawn into an affair of greed, jealousy and lust among the ancient, secretive society of the feather workers, the Aztec's foremost craftsmen.

*Shadow of the Lords*

Jabberwocky Literary Agency, Inc.

From Ancient Rome to Colonial Mexico compares the Christianization of the Roman Empire with the evangelization of Mesoamerica, offering novel perspectives on the historical processes involved in the spread of Christianity. Combining concepts of empire and globalization with the notion of religion from a postcolonial perspective, the book proposes the method of analytical

comparison as a point of departure to conceptualize historical affinities and differences between the ancient Roman Empire and colonial Mesoamerica. An international team of specialists in classical scholarship and Mesoamerican studies engage in an interdisciplinary discussion involving ideas from history, anthropology, archaeology, art history, iconography, and philology. Key themes include the role of religion in processes of imperial domination; religion's use as an instrument of resistance or the imposition, appropriation, incorporation, and adaptation of various elements of religious systems by hegemonic groups and subaltern peoples; the creative misunderstandings that can arise on the "middle ground"; and Christianity's rejection of ritual violence and its use

of this rejection as a pretext for inflicting other kinds of violence against peoples classified as "barbarian," "pagan," or "diabolical." From Ancient Rome to Colonial Mexico presents a sympathetic vantage point for discussing and attempting to decipher past processes of social communication in multicultural contexts of present-day realities. It will be significant for scholars and specialists in the history of religions, ethnohistory, classical antiquity, and Mesoamerican studies. Publication supported, in part, by Spain's Ministry of Economy and Competitiveness. Contributors: Sergio Botta, Maria Celia Fontana Calvo, Martin Devecka, György Németh, Guilhem Olivier, Francisco Marco Simón, Paolo Taviani, Greg Woolf, David Charles Wright-Carr, Lorenzo Pérez Yarza Translators: Emma Chesterman, Benjamin Adam Jerue, Layla Wright-Contreras
