### **Romani Writing** BoD - Books on Demand

This 2002 book is a guide to Italian usage for students who have already acquired the basics of the language and wish to extend their knowledge. Unlike conventional grammars, it gives special

attention to those areas of vocabulary and grammar which cause most difficulty to English-speakers. Careful consideration is given throughout to questions of style, register, and politeness which are essential to achieving an appropriate level of formality or informality in writing and speech. It surveys the contemporary linguistic scene in Italy and gives ample space to the new varieties of Italian that are emerging in modern Italy. The influence of the dialects in shaping the development of Italian is also acknowledged. Clear, readable and easy to consult via its two indexes, this is an essential reference for learners seeking access to the finer nuances of the Italian language.

The Roma (commonly known as "Gypsies") have largely been depicted in writings and in popular culture as an illiterate group. However, as Romani Writing shows, the Roma have a deep understanding of literacy and its implications, and use writing for a range of different purposes. While some Romani writers adopt an "oral" use of the written medium, which aims at opposing and deconstructing anti-Gypsy stereotypes, other Romani authors use writing for purposes of identity-building. Writing is for Romani activists and intellectuals a key factor in establishing a shared identity and introducing a common language that transcends linguistic and geographical boundaries between different Romani groups. Romani authors, acting in-between different cultures and communication systems, regard writing as an act of cultural mediation through which they are able to rewrite Gypsy images and negotiate their identity while retaining their ethnic specificity. Indeed, Romani Writing demonstrates how Romani authors have started to create self-images in which the Roma are no longer portrayed as "objects", but become "subjects" of written representation.
