Crack Capitalism, argues that radical change can only come about through the creation, expansion and multiplication of weak points, or "cracks" in the capitalist system. John Holloway's previous book, *Change the World Without Taking Power*, sparked a world-wide debate among activists about the most effective methods of resisting capitalism. Now Holloway rejects the idea of a disconnected plurality of struggles and finds a unifying contradiction -- the opposition between the time we spend working as part of the system and our excess "doing" where we revolt and refuse to be subsumed. Clearly and accessibly presented in the form of 33 theses, *Crack Capitalism* is set to

reopen the debate among radical scholars and activists seeking to break capitalism.

The fourth book in the NYT bestselling *Expanse* series, *Cibola Burn* sees the crew of the *Rocinante* on a new frontier, as the rush to colonize the new planets threatens to outrun law and order and give way to war and chaos. Now a Prime Original series. HUGO AWARD WINNER FOR BEST SERIES Enter a new frontier. "An empty apartment, a missing family, that's creepy. But this is like finding a military base with no one on it. Fighters and tanks idling on the runway with no drivers. This is bad juju. Something wrong happened here. What you should do is tell everyone to leave." The gates have opened the way to a thousand new worlds and the rush to colonize has begun. Settlers looking for a new life stream out from humanity's home planets. *Ilus*, the first human colony on this vast new frontier, is being born in blood and fire. Independent settlers stand against the overwhelming power of a corporate colony ship with only their determination,

courage, and the skills learned in the long wars of home. Innocent scientists are slaughtered as they try to survey a new and alien world. The struggle on *Ilus* threatens to spread all the way back to Earth. James Holden and the crew of his one small ship are sent to make peace in the midst of war and sense in the midst of chaos. But the more he looks at it, the more Holden thinks the mission was meant to fail. And the whispers of a dead man remind him that the great galactic civilization that once stood on this land is gone. And that something killed it. *The Expanse* *Leviathan Wakes* *Caliban's War* *Abaddon's Gate* *Cibola Burn* *Nemesis* *Games* *Babylon's Ashes* *Persepolis Rising* *Tiamat's Wrath* *Leviathan Falls* *Memory's Legion* *The Expanse Short Fiction Drive* *The Butcher of Anderson Station* *Gods of Risk* *The Churn* *The Vital Abyss* *Strange Dogs* *Auberon* *The Sins of Our Fathers* *Canaanite Myth and Hebrew Epic* Springer Nell'ottavo capitolo della serie *Expanse* l'equipaggio della *Rocinante* sta combattendo contro l'autoritario e

invulnerabile impero di Duarte. Millecento portali sono stati aperti verso i sistemi solari intorno alla galassia. E, mentre l'umanità costruisce il suo impero interstellare sulle rovine aliene, i misteri e le minacce diventano più profondi. Nei sistemi scoperti attraverso l'apertura dei portali, Elvi Okoye inizia una ricerca disperata per scoprire la natura di un genocidio antecedente alla nascita degli esseri umani e per trovare armi necessarie a combattere una guerra che sembra persa in partenza. Tuttavia il prezzo della conoscenza potrebbe essere molto alto. Nel cuore dell'impero intanto, Teresa Duarte si prepara ad assumere il peso dell'ambizione divina di suo padre. Nel frattempo l'equipaggio sparpagliato della Rocinante muove una coraggiosa azione di retroguardia contro il regime autoritario di Duarte e l'impero diventa teatro di guerra. Tutto sembra essere perduto in una battaglia in cui l'umanità sembra stia per capitolare.

The Superstitious Muse
Simon and Schuster
Completely revised and updated, this new edition provides a readable, beautifully illustrated

journey through world cultures and the vibrant array of sky mythology, creation stories, models of the universe, temples and skyscrapers that each culture has created to celebrate and respond to the power of the night sky. Sections on the archaeoastronomy of South Asia and South East Asia have been expanded, with original photography and new research on temple alignments in Southern India, and new material describing the astronomical practices of Indonesia, Malaysia and other Southeast Asian countries. Beautiful photographs of temples in India and Asia have been added, as well as new diagrams explaining the alignment of these structures and the astronomical underpinnings of temples within the Pallava and Chola cultures. From new fieldwork in the Four Corners region of North America, Dr. Penprase has included accounts of Pueblo skywatching and photographs of ceremonial kivas that help elucidate the rich astronomical knowledge of the Pueblo people. The popular "Archaeoastronomy of Skyscrapers" section of the book has been

updated as well, with new interpretations of skyscrapers in Indonesia, Taiwan and China. With the rapid pace of discovery in astronomy and astrophysics, entirely new perspectives are emerging about dark matter, inflation and the future of the universe. The Power of Stars puts these discoveries in context and describes how they fit into the modern perspective of cosmology, which has arisen from the universal human response to the sky that has inspired both ancient and modern cultures.

Persepolis Rising

University Press of Kentucky
A novelette set in the hard-scrabble world of James S. A. Corey's NYT-bestselling Expanse series, The Butcher of Anderson Station deepens the story of Colonel Fred Johnson's past as seen on the fifth episode of Season 1 of The Expanse. Now a Prime Original series. This story will be available in the complete Expanse story collection, Memory's Legion. HUGO AWARD WINNER FOR BEST SERIES A new story set in the world of the Expanse. One day, Colonel Fred Johnson will be hailed as a hero to the

system. One day, he will meet a desperate man in possession of a stolen spaceship and a deadly secret and extend a hand of friendship. But long before he became the leader of the Outer Planets Alliance, Fred Johnson had a very different name. The Butcher of Anderson Station. This is his story. Humanity has colonized the solar system -- Mars, the Moon, the Asteroid Belt and beyond -- but the stars are still out of our reach. Jim Holden is XO of an ice miner making runs from the rings of Saturn to the mining stations of the Belt. When he and his crew stumble upon a derelict ship, the Scopuli, they find themselves in possession of a secret

they never wanted. A secret that someone is willing to kill for -- and kill on a scale unfathomable to Jim and his crew. War is brewing in the system unless he can find out who left the ship and why. Detective Miller is looking for a girl. One girl in a system of billions, but her parents have money and money talks. When the trail leads him to the Scopuli and rebel sympathizer Holden, he realizes that this girl may be the key to everything. Holden and Miller must thread the needle between the Earth government, the Outer Planet revolutionaries, and secretive corporations -- and the odds are against them. But out in the Belt, the rules are different, and one small ship can change the fate of the universe.--

A novella set in the hard-scrabble world of James S. A. Corey's NYT-bestselling Expanse series, *The Churn* takes the bestselling sci-fi series to the dark world of organized crime, drugs, secrets, and murder that shaped the Rocinante's mechanic, Amos. Now a Prime Original series. This story will be available in the complete Expanse story collection, *Memory's*

Legion. HUGO AWARD WINNER FOR BEST SERIES

Before his trip to the stars, before the Rocinante, Timmy was confined to a Baltimore where crime paid you or killed you. Unless the authorities got to you first. On a future Earth beset by overpopulation, pollution, and poverty, people do what they must to survive. The Churn follows a crime boss named Burton as his organization is threatened by a new private security force tasked with cleaning up the city. When the police start cracking down, Burton and his footsoldiers-loyal lieutenant Erich, former prostitute Lydia, and young enforcer Timmy-become increasingly desperate to find a way out. From award-winning author Gareth L. Powell, the second book in the critically acclaimed Embers of War space opera series. The former warship Trouble Dog and her crew of misfits is called upon by the House of Reclamation to investigate a distress call from the human starship the Lucy's Ghost. Her crew abandon their crippled ship and seek refuge abroad an abandoned, slower-than-light generation ship launched ten thousand years before by an alien race. However, the enormous ship contains deadly secrets of its own. Recovered war criminal, Ona Sudak, faces a firing squad for her actions in the Archipelago War. But, at the last moment, she is smuggled out of her high security prison. The Marble Armada has called for her to accompany its ships as observer and liaison, as it spreads itself across the human Generality, enforcing the peace at all costs. The alien ships will not tolerate resistance, and all dissenters are met with overwhelming and implacable force. Then her vessel intercepts messages from the House of Reclamation and decides the Trouble Dog

has a capacity for violence which cannot be allowed to endure. As the Trouble Dog and her crew fight to save the crew of the Lucy's Ghost, the ship finds herself caught between chaotic alien monsters on one side, and on the other, destruction at the hands of the Marble Armada.

The seventh book in the NYT bestselling Expanse series, Persepolis Rising finds an old enemy returning home with more power and technology than anyone thought possible, and the crew of the aging gunship Rocinante tries to rally forces against the new invasion. Now a Prime

Original series. HUGO AWARD WINNER FOR BEST SERIES An old enemy returns. In the thousand-sun network of humanity's expansion, new colony worlds are struggling to find their way. Every new planet lives on a knife edge between collapse and wonder, and the crew of the aging gunship Rocinante have their hands more than full keeping the fragile peace. In the vast space between Earth and Jupiter, the inner planets and belt have formed a tentative and uncertain alliance still haunted by a history of wars and prejudices. On the lost colony world of Laconia, a hidden enemy has a new vision for all of humanity and the power to enforce it. New technologies clash with old as the history of human conflict returns to its ancient patterns of war and subjugation. But human nature is not the only enemy, and the forces being unleashed have their own price. A price that will change the shape of humanity -- and of the Rocinante -- unexpectedly and forever. . . Physiognomy and ekphrasis are two of the most important modes of description in antiquity and represent the necessary precursors of scientific description. The primary way of divining the characteristics and fate of an individual, whether inborn or acquired, was to observe the patient's external characteristics and behaviour. This volume focuses initially on two types of descriptive literature in Mesopotamia: physiognomic omens and what we might call ekphrastic description. These modalities are traced through ancient India, Ugaritic and the Hebrew Bible, before arriving at the physiognomic features of famous historical figures such as Themistocles, Socrates or Augustus in the Graeco-Roman world, where physiognomic discussions become intertwined with

typological analyses of human characters. The Arabic compendial culture absorbed and remade these different physiognomic and ekphrastic traditions, incorporating both Mesopotamian links between physiognomy and medicine and the interest in characterological 'types' that had emerged in the Hellenistic period. This volume offer the first wide-ranging picture of these modalities of description in antiquity. *Memory's Legion. Tutti i racconti* Pluto Press From the earliest times, the medicinal properties of certain herbs were connected with deities, particularly goddesses. Only now with modern scientific research can we begin to understand the basis and rationality that these divine connections had and, being preserved in myths and religious stories, they continued to have a significant impact through the present day. Riddle argues that the pomegranate, mandrake, artemisia, and chaste tree plants substantially altered the development of medicine and fertility treatments. The herbs, once sacred to Inanna, Aphrodite, Demeter, Artemis, and Hermes,

eventually came to be associated with darker forces, representing the instruments of demons and witches. Riddle's ground-breaking work highlights the important medicinal history that was lost and argues for its rightful place as one of the predecessors *Tiamat's Wrath. L'ira di Tiamat (The Expanse #8)* Institute for the Study of Ancient Cultures From BSFA Award winning author Gareth L. Powell comes the first in a new epic sci-fi trilogy exploring the legacies of war. The sentient warship Trouble Dog was built for violence, yet following a brutal war, she is disgusted by her role in a genocide. Stripped of her weaponry and seeking to atone, she joins the House of Reclamation, an organisation dedicated to rescuing ships in distress. When a civilian ship goes missing in a disputed system, Trouble Dog and her new crew of loners, captained by Sal Konstanz, are sent on a rescue mission. Meanwhile, light years away, intelligence officer Ashton Childe is tasked with locating the poet, Ona Sudak, who was aboard the missing spaceship. What Childe doesn't know is that

Sudak is not the person she appears to be. A straightforward rescue turns into something far more dangerous, as Trouble Dog, Konstanz and Childe find themselves at the centre of a conflict that could engulf the entire galaxy. If she is to save her crew, Trouble Dog is going to have to remember how to fight...

The following study is a revised version of Thomas Mann's doctoral dissertation submitted to Yale University Graduate School in 1975. Its origins can be traced back to seminar papers written for Professor W. Sibley Towner while Mann was still a student at Yale Divinity School. Further work on the topic was done in a seminar with Professor Brevard S. Childs. The purpose of this study is to investigate the form and function of motifs of divine presence and guidance in the Old Testament.

Dark Prisms Saint-Paul From a New York Times bestselling and Hugo award-winning author comes a modern masterwork of science fiction, introducing a captain, his crew, and a detective as they unravel a horrifying solar system

wide conspiracy that begins with a single missing girl. Now a Prime Original series. Humanity has colonized the solar system—Mars, the Moon, the Asteroid Belt and beyond—but the stars are still out of our reach. Leviathan Wakes

Hachette UK
Eons ago, the Earth was a battlefield. Mighty armies clashed, led by giant warriors meticulously skilled in the art of combat. These wars would shape man's destiny and live on for centuries in legend, song and religious lore -- brutal and terrible conflicts that began lifetimes earlier on another planet. In the astonishing third volume of Zecharia Sitchin's *The Earth Chronicles*, the internationally renowned scholar parts the mists of myth and time to return to the violent beginnings of humanity -- employing ancient text, religious documents and archaeological findings to

reconstruct epic events that support the existence of extraterrestrial "god" who once set nation against nation, army against army, and man against man.

Embers of War Hachette UK

The fifth book in the NYT bestselling Expanse series, *Nemesis* drives the crew of the *Rocinante* apart, and as they struggle to survive, the inner planets fall victim to an enemy's catastrophic plan. Now a Prime Original series. HUGO AWARD WINNER FOR BEST SERIES A thousand worlds have opened, and the greatest land rush in human history has begun. As wave after wave of colonists leave, the power structures of the old solar system begin to buckle. Ships are disappearing without a trace. Private armies are being secretly formed. The sole remaining protomolecule sample is stolen. Terrorist attacks previously considered impossible bring the inner planets to their knees. The sins of the past are returning to exact a terrible price. And as a new human order is struggling to be born in blood and fire, James Holden and the crew of the *Rocinante* must

struggle to survive and get back to the only home they have left. *Nemesis* Games is a breakneck science fiction adventure following the bestselling *Cibola Burn*. A compelling new portrait of the lost realm of Lemuria, the original motherland of humanity • Contains the most extensive and up-to-date archaeological research on Lemuria • Reveals a lost, ancient technology in some respects more advanced than modern science • Provides evidence that the perennial philosophies have their origin in Lemurian culture Before the Indonesian tsunami or Hurricane Katrina's destruction of New Orleans, there was the destruction of Lemuria. Oral tradition in Polynesia recounts the story of a

splendid kingdom that was carried to the bottom of the sea by a mighty "warrior wave"--a tsunami. This lost realm has been cited in numerous other indigenous traditions, spanning the globe from Australia to Asia to the coasts of both South and North America. It was known as Lemuria or Mu, a vast realm of islands and archipelagoes that once sprawled across the Pacific Ocean. Relying on 10 years of research and extensive travel, Frank Joseph offers a compelling picture of this motherland of humanity, which he suggests was the original Garden of Eden. Using recent deep-sea archaeological finds, enigmatic glyphs and symbols, and ancient records shared by cultures divided by great distances that document the story of this sunken world, Joseph painstakingly re-creates a picture of this civilization in which people lived in rare harmony and possessed a sophisticated technology that allowed them to harness the weather, defy gravity, and conduct genetic investigations far beyond what is possible today. When disaster struck Lemuria, the survivors

made their way to other parts of the world, incorporating their scientific and mystical skills into the existing cultures of Asia, Polynesia, and the Americas. Totem poles of the Pacific Northwest, architecture in China, the colossal stone statues on Easter Island, and even the perennial philosophies all reveal their kinship to this now-vanished civilization.

Margins of Writing, Origins of Cultures Harvard University Press

Tiamat is the Primal Dragon Goddess, the first one, who gave birth to the gods of the universe," the Mother of Everything, the self-procreating womb, the source of all life and all manifestation. The

work described in this book was inspired by the Babylonian epic known as the "Enuma Elish," one of the oldest Creation myths in the world. The Grimoire of Tiamat presents a complete system of magick based around the Mesopotamian primordial goddess Tiamat and the eleven demons she created to aid her in her fight against the new order of gods lead by Marduk. The book is divided into three sections: first, a lengthy introduction of the theme and cosmology, followed by individual workings for each of the eleven demon-gods, and then a concluding appendix of thematically related workings focusing directly on Tiamat and Kingu. The

second section, *The Children of Tiamat*, presents ways of working with each of the eleven demon-gods, prefaced with an explanation of the techniques that follow and the use of the Key of Night, a master sigil that is employed throughout the workings as a way to access the Nightside. The final section of *The Grimoire of Tiamat* is an appendix that returns the focus to Tiamat as it takes the form of a guided meditation within the waters of Tiamat, a ritual for two participants invoking Tiamat and Kingu, a rite of malefica, and a discussion of the underworld in Mesopotamian belief, followed by a chthonic guided path working.
