Additional chapters are concerned with the historical development of English language teaching, its current institutional organisation as well as assessment and evaluation.

All Latin American countries have most major factors related to English Language Teaching (ELT) in common, but many are notably different from countries in Europe, Asia and Africa. This book is about ELT specifically in Latin America, past, present and future. Between August 2018 and July 2020, Paul Davies published, edited and wrote articles for the 24 monthly numbers of an open access online magazine, English Language Teaching in Latin America. This book contains most of his articles in that magazine and citation of articles by other contributors.

Literary critics such as C. T. Hsia called Pai Hsienying a "rare talent" who according to another critic, "has absorbed the diverse techniques of contemporary Western literature to temper and modernize his writing; however, the characters he writes about remain Chinese people and the stories he tells remain Chinese tales." Widely acclaimed as a classic of contemporary fiction, Taipei People has been frequently compared to James Joyce's Dubliners. Henry Miller considers Pai Hsienying "a master of portraiture." The collection of fourteen stories from this reprint

edition has already been translated to great acclaim into French, German, Italian, Dutch, Hebrew, Japanese, and Korean.
