Aesthetics Xlibris Corporation

Intended for all readers--including magicians, detectives, musicians, orthopedic surgeons, and anthropologists--this book offers a thorough account of that most intriguing and most human of appendages: the hand. In this illustrated work, John Napier explores a wide range of absorbing subjects such as fingerprints, handedness, gestures, fossil remains, and the making and using of tools.

Chambers's Encyclopaedia: Chivasso-Elephant Orenda Books

This book is about the intersection of storytelling and science. Recognizing that humans are hard-wired for narrative, this collection of new essays integrates the two in a special way to teach science in the K-6 classroom. As science education changes its focus to concepts that bridge various disciplines, along with science and engineering practices, storytelling offers opportunities

to enhance the science classroom. Lesson plans are provided, each presenting a story, its alignment with science (Next Generation Science Standards), language arts (Common Core State Standards) and theater arts standards (National Core Arts Standards). Instructional plans include a rationale, preparation, activities and assessment.

The Wisdom of the Serpent Himalayan Academy Publications

This volume provides comparative perspectives on issues related to education, culture, sustainable development and nation-building in India and Canada. It takes cognizance of current research in Indo-Canadian comparative studies and is meant to facilitate further research in these areas. It importantly highlights the trends and growth areas in comparative social science and humanities research between the countries. The chapters in this volume discuss the research that scholars have recently undertaken in both countries and the impact that such comparative research has on developing partnerships, learning methodologies, and socio-cultural narratives that empower interdisciplinary research. The chapter authors take up important issues related to community college development, mental health in education, multilingual education, indigenous populations

and their education and development. They discuss issues related to bilateral and foreign trade agreements as well as policies of the two countries on climate change research. Lastly, they discuss indigenous performance cultures and sports in the two countries and the long history of migration from India to Canada. The volume is of interest to a wide readership from the humanities and social sciences, particularly readers interested in Indo-Canadian scholarship.

Constable's miscellany of original and selected publications Deep Democracy Exchange

This unique work is an annotated collection and collation of Western writing on Indian dance from the period of Marco Polo's travels to India to the formulation of the anti-devadasi bill in 1930, and a little beyond. The book reproduces more than 250 extracts from important texts, which provide examples of how dance in India was perceived as an art, as well its position in the broader cultural, religious, social, and ethical environment. Though some excerpts from these texts are cited in other writings on Indian dance history, there is no other available work that reproduces such a large number of historical writings on Indian dance and places them in a fluid historical context.

You Call That Music?!: Korean Popular Music Through the Generations provides a critical overview of the history of Korean popular music from 1920 to the 2000s from the perspective of cultural history. First published in Korean in 2017 by one of the best-known critics, Lee Young-Mee, this book is a timely and much-needed source of information on Korean popular music of the past hundred years. Through this English translation, readers are able to make meaningful connections between specific forms of Korean popular music of various periods and the contemporaneous Korean social and political circumstances. Structured around the central theme of generational conflict, the book provides readers with an accessible way to engage with Korea's social history and a greater understanding of how specific musical works, genres and styles fit into that history. Its strong narrative force helps illuminate the connections between modern Korean social history and the particular trends of musical production and their reception through the decades. You Call That Music?! is an invaluable resource for those researching and studying Korean popular music specifically as well as Korea's cultural and social history.

Tirumantiram is one of the seminal texts of Saiva Siddhanta which has powerfully influenced millions of southern Indians for generations. Its author, Tirumular, was a legendary yogi who through his famous mantra 'God is Love' preaches that God is one and so is mankind. A Tamil classic of 3047 verses, Tirumantiram is categorised under 9 Tantras and each Tantra into chapters. The introduction gives a bird's eye view of the text and detailed notes on Tirumular, Saiva Siddhanta and the Tantras. Apart from its literary merits, the book blazes a number of spiritual trails brimming with devotion. This English translation, along with some of the notes, are by Dr. B. Natarajan, a profound Tamil scholar. Sri M. Sundararaj has written a commentary incorporated in the introduction and some of the notes. Dr N. Mahalingam is the General Editor of the book. This book is meant for students of Saivism and devotional literature all over the world.

Drawing from nature experience, dance, anthropology, and shamanism, Dr. Eline Kieft explores improvised movement as a pathway to insight, healing, transformation, and direct interaction with source. Dancing in the Muddy Temple takes the reader on a journey through multiple layers of embodied spirituality based in movement and embedded in the land. Addressing existential questions outside of mainstream religions, the book seeks possibilities for a spirituality that dances with the sacred life force within and all around us. Starting within the body, and always using movement as a way of knowing, Kieft expands on further concrete and subtle layers of connection. A sensorial immersion in the land develops into an expansion of consciousness and meeting intangible aspects of nature. After exploring the role of ceremony in contemporary times, the book concludes with an unexpected chapter on healing, drawing together insights for a dynamic approach to health and wholeness as innate part of an embodied spirituality. Moving seamlessly between her personal, professional, and academic background, Kieft creates an unusual scholarship in which bodily and autobiographical narrative are neatly interwoven with interdisciplinary literature. Its uniqueness lies in a radical integration of theory and practice, which brings an aliveness to the material that stirs an inquisitive desire to move, rooted in language that inspires confidence for personal inquiry into a rich and complex territory. This inspiring book offers an intricate road map to explore and strengthen the interwovenness of various layers of self, surroundings and the sacred, distilling tools for a practical, moving spirituality of the everyday.

Just as the earth is moved by the universe, you, me, every human, every life form, and every thing is moved by the universe as well. This movement feeling, the sense of the universe's gravity field or what Einstein called space time, is not just felt by astronauts. All of us feel moved by gravity all the time. When you let gravity move you, when you are moved by space time, you are moved by the universe. When you are moved in this way, you are showing the dance of the ancient one, and are in contact with the space between us, with the subtle experience of being moved by what I shall explain is a system mind possibly the most powerful system mind available to us. Arnold Mindell, The Dance of the Ancient One, Spring 2013 In his latest book, Mindell expands on his earlier concept of the processmind as he develops the notion of space time dreaming or dance of the ancient one in his rigorous efforts toward the elucidation of a ToE (or theory of everything). Space time dreaming weaves together essential spiritual concepts from the Eastern mystical tradition of the Tao and Wu Wei of Chinese philosophy, along with modern Western field and space

theories in quantum physics such as gravity, space time, unified field theories, indeterminacy and entanglement. He draws upon personal field ideas (i.e., the unconscious), interpersonal social field and role theory from psychology and sociology, then adds concepts of intersubjectivity and entanglement from transpersonal and integral psychology. On a group level, he incorporates interdependence from organizational system mind models and places it all in the context of ecology, of Gaia, and then the larger universe. One World concepts, such as the Unus Mundus from mystical and alchemical traditions that work at a more essential or non-dual level to unite seeming opposites, facilitate the coming together of all of these varied perspectives in his framing of the space time dreaming concept, experientially accessible as The Dance of the Ancient One. Each chapter contains either an exercise to do in pairs or a small group, or an inner work exercise, so that you can facilitate yourself and experience the space time dreaming states directly. Transcripts of discussions with his students are distributed throughout the book, and engagingly contribute to a diverse and resonant learning experience.

SOON TO BE A MAJOR TV SHOW, FROM THE NETWORK BEHIND THE WALKING DEAD '[W]hen I found Rice's work I absolutely loved how she took that genre and (...) made [it] feel so contemporary and relevant' Sarah Pinborough, bestselling author of Behind Her Eyes '[Rice wrote] in the great tradition of the gothic' Ramsey Campbell, bestselling author of The Hungry Moon After a 15 year wait LESTAT is back in Anne Rice's long awaited new Vampire Chronicles novel. The vampire world is in crisis - their kind have been proliferating out of control and, thanks to technologies undreamed of in previous centuries, they can communicate as never before. Roused from their earth-bound slumber, ancient ones are in thrall to the Voice, which commands that they burn fledgling vampires in cities from Paris to Mumbai, Hong Kong to Kyoto and San Francisco. Immolations, huge massacres, have commenced all over the world. Who - or what - is the Voice? What does it desire, and why? There is only one vampire, only one blood drinker, truly known to the entire world of the Undead. Will the dazzling hero-wanderer, the dangerous rebel-outlaw Lestat heed the call to unite the Children of Darkness as they face this new twilight? Anne Rice's epic, luxuriant, fiercely ambitious new novel brings together all the worlds and beings of the legendary Vampire Chronicles, from present-day New York and Ancient Egypt to fourth-century Carthage and Renaissance Venice; from Louis de Pointe du Lac; Armand the eternally young; Mekare and Maharet; to Pandora and Flavius; David Talbot, vampire and ultimate fixer from the Secret Talamasca; and Marius, the true child of the Millennia. It also introduces many other seductive supernatural creatures, and heralds significant new blood.

Hall Tor Books

The tribal initiation of the shaman, the archetype of the serpent, exemplifies the death of the self and a rebirth into transcendent life. This book traces the images of spiritual initiation in religious rituals and myths of resurrection, poems and epics, cycles of nature, and art and dreaming. It dramatizes the metamorphosis from a common experience of death's inevitability into a transcendent freedom beyond individual limitations. "This is a classic work in analytical psychology that offers crucial insights on the meaning of death symbolism (and its inevitably accompanying rebirth and resurrection symbolism) as part of the great theme of initiation, of which [Henderson] is the world's foremost psychological interpreter. This material is really the next step after the hero myth that Joseph Campbell has made so popular, and provides an understanding of how not to use the hero myth in an inflated way as a psychology of mastery, but as an attainment progressively to be died beyond. [Henderson] is helped by the presence of Maud Oakes, who is a trained anthropologist with exquisite taste in her choice of mythic materials and respect for their original contexts."--John Beebe

Dance has a long a varied history. This book focuses on the beautiful and unique dances of Scotland and Ireland. Many of the earliest books, particularly those dating back to the 1900's and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

Constable's Miscellany of Original and Selected Publications in the Various Departments of Literature, Science, & the Arts BRILL

Nefrayona was a warrior, nothing about her was normal and nothing that she will become, will be normal. She is to be a savior for a land that has forgotten the old ways. It is a land both beautiful and deadly, a land she must choose or it will choose her and that will not be a choice, she could survive. Every thing anyone has known or will know, will not be enough to save Majes. So it will be left to an ancient protector, a girl who must find her way, the royal guard, a hunter and a healer, a select few who must come to terms with their own demons, then band together and save the one thing that binds them together.

Tourist Mosaic of Belarus New York : Putnam

In Will Elliott's World's End, the third volume in The Pendulum Trilogy, Levaal is facing the final battle in this age-old war between worlds and forces more ancient than any human, god, or dragon. When Eric Albright, a luckless London slacker, and his pal Stuart Casey went through a battered red door under a railway bridge, the last thing they expected to find was another world. There lay the strange, dark realm of Levaal, whose tyrant lord Vous has ascended to godhood. The great wall which has divided the land has been brought down, setting loose a horde of demonic Tormentors. In their sky prisons, the dragons are stirring, set to defy their slumbering creator and steal humanity's world. Shilen, a dragon cloaked in human form, has convinced Eric and Aziel, Vous's daughter, to help free the dragons from their sky-prison, or Earth will be destroyed. She promises great power, and safety for all Eric's favoured people, but Shilen has an ulterior motive, for the dragons wish to control humankind completely. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Nation-Building, Education and Culture in India and Canada Strategic Book Publishing

The Ghost Dance religion that swept through the Plains Indian tribes in the early 1890s was embraced wholeheartedly by the Pawnees. It was a message of hope to a people devastated by the attacks of enemy tribes, the encroachment of white settlers, and the outbreak of epidemics. For the Pawnees, who were looking to the U.S. government and trying unsuccessfully to farm their land, the Ghost Dance movement promised salvation: a restoration of the Indian dead, the buffalo, and the old times. Alexander Lesser shows how the Ghost Dance brought about a partial revival of traditional Pawnee culture and its dances and songs. The ancient guessing hand game, remembered best by a tribe starved for the joy of play, became an important part of the Ghost Dance ritual. What had been a gambling game, a representation of warfare played by men, was transformed into a sacred game played by both sexes as an expression of faith or good fortune.? Lesser surveys the history of the Pawnee Indians and their relations with the federal government and describes in detail the Ghost Dance hand games that were the chief intellectual product of Pawnee culture? from the onset of the messianic movement to the original publication of this book in 1933. Citing such authorities as James Mooney and Stewart Culin, Lesser produced an enduring classic, now introduced by Alice Beck Kehoe, a professor of anthropology at Marquette University and the author of The Ghost Dance: Ethnohistory and Revitalization.

Sanskrit Drama: Its Origin and Decline University of Pittsburgh Pre

The Encyclopedia of Music in the 20th Century is an alphabetically arranged encyclopedia of all aspects of music in various parts of the world during the 20th century. It covers the major musical styles--concert music, jazz, pop, rock, etc., and such key genres as opera, orchestral music, bebop, blues, country, etc. Articles on individuals provide biographical information on their life and works, and explore the contribution each has made in the field. Illustrated and fully cross-referenced, the Encyclopedia of Music in the 20th Century also provides Suggested Listening and

Further Reading information. A good first point of reference for students, librarians, and music scholars--as well as for the general reader.

The Study of Man Routledge

Resources include a Hindu timeline, comparisons of 12 world religions, a children's primer and more.

Chambers's Encyclopædia Abhinav Publications

After an extraordinary career in dance - as a performer, choreographer, and teacher - Daniel Nagrin has now written an extraordinary book. In it he explores the roots of his aesthetic philosophy, influenced by Stanislavski, Helen Tamiris, Joseph Chaikin and the Open Theatre, and his work on and off Broadway as an actor and dancer. *Dance and the Specific Image* includes over one hundred improvisational structures that Nagrin created with his new company, the Workgroup, and has taught in dance classes and workshops all over the United States. Designed primarily for dancers, many can be adapted for actors and even musicians. In the 1960s, at a time when many modern dancers were working with movement as abstraction, Nagrin turned instead toward

movement as metaphor. His passionate belief that dance must speak of people led him to found the Workgroup, a small company of dancers who, in the early 1970s, devoted themselves to the practice and performance of improvisation. Nagrin invites the reader into the mind of a dancer totally absorbed in his art, one who writes with wisdom and authority about what it means to be an artist.

Dance and the Specific Image Sahitya Akademi

The nineteen Teaching Sessions presented in this book also explain the specific steps involved in conducting many ancient ceremonies that, collectively, can create a personal lifestyle that produces peace, harmony, and balance within the Sacred Circle of Life. The words to the songs associated with those ceremonies are printed in the Appendix.
