Here? Luna & Sol Pty

“A beautifully written and well-researched cultural criticism as well as an honest memoir” (Los Angeles Review of Books) from the author of the popular New York Times essay, “To Fall in Love with Anyone, Do This,” explores the romantic myths we

create and explains how they limit our ability to achieve and sustain intimacy. What really makes love last? Does love ever work the way we say it does in movies and books and Facebook posts? Or does obsessing over those love stories hurt our real-life relationships? When her parents divorced after a twenty-eight year marriage and her own ten-year relationship ended, those were the

questions that Mandy Len Catron wanted to answer. In a series of candid, vulnerable, and wise essays that takes a closer look at what it means to love someone, be loved, and how we present our love to the world, “Catron melds science and emotion beautifully into a thoughtful and thought-provoking meditation” (Bookpage). She delves back to 1944, when her grandparents met in a coal mining town in Appalachia, to her own dating life as a professor in Vancouver. She uses biologists’ research into dopamine triggers to ask whether the need to love is an innate human drive. She uses literary theory to show why we prefer certain kinds of

love stories. She urges us to question the unwritten scripts we follow in relationships and looks into where those scripts come from. And she tells the story of how she decided to test an experiment that she’d read about—where the goal was to create intimacy between strangers using a list of thirty-six questions—and ended up in the surreal situation of having millions of people following her brand-new relationship. “Perfect fodder for the romantic and the cynic in all of us” (Booklist), *How to Fall in Love with Anyone* flips the script on love. “Clear-eyed and full of heart, it is mandatory reading for anyone coping with—or curious about—the challenges

of contemporary courtship” (The Toronto Star).

I would love to say that you make me weak at the knees, but to be quite upfront and completely truthful, you make my body forget it has knees at all. One day, while browsing an antique store in Helena, Montana, photographer Tyler Knott Gregson stumbled upon a vintage Remington typewriter for sale. Standing up and using a page from a broken book he was buying for \$2, he typed a poem without thinking, without planning, and without the ability to

revise anything. He fell in love. Three years and almost one thousand poems later, Tyler is now known as the creator of the Typewriter Series: a striking collection of poems typed onto found scraps of paper or created via blackout method. *Chasers of the Light* features some of his most insightful and beautifully worded pieces of work-poems that illuminate grand gestures and small glimpses, poems that celebrate the beauty of a life spent chasing the light.

*Old Souls* First Second  
A riveting firsthand account of one man's mission to investigate and document some of the most astonishing phenomena of our time—children who speak of past life memory and

reincarnation. All across the globe, small children spontaneously speak of previous lives, beg to be taken “home,” pine for mothers and husbands and mistresses from another life, and know things that there seems to be no normal way for them to know. From the moment these children can talk, they speak of people and events from the past—not vague stories of centuries ago, but details of specific, identifiable individuals who may have died just months, weeks, or even hours before the birth of the child in question. For thirty-seven years, Dr. Ian Stevenson has traveled the world from Lebanon to suburban Virginia investigating and documenting more than two thousand of

these past life memory cases. Now, his essentially unknown work is being brought to the mainstream by Tom Shroder, the first journalist to have the privilege of accompanying Dr. Stevenson in his fieldwork. Shroder follows Stevenson into the lives of children and families touched by this phenomenon, changing from skeptic to believer as he comes face-to-face with concrete evidence he cannot discount in this spellbinding and true story.

Here and there, a song is played... Within it, you can hear the Echoes of Old Souls.

From the whimsical to the troubling, Nika Harper's debut collection of short stories imagines a world where death may not be the end. A family's legacy can live on, an artist can continue painting his perfection, and local

ghost stories may be more than tall tales. Harper weaves stories of love and loss, hopes and horrors, that question the true meaning of "forever." Messages from Michael Penguin UK  
New essays on theological, political, and contemporary themes, by the Pulitzer Prize winner Marilynne Robinson has plumbed the human spirit in her renowned novels, including *Lila*, winner of the National Book Critics Circle Award, and *Gilead*, winner of the Pulitzer Prize and the National Book Critics Circle Award. In this new essay collection she trains her incisive mind on our modern political climate and the mysteries of faith. Whether she is investigating how the

work of great thinkers about America like Emerson and Tocqueville inform our political consciousness or discussing the way that beauty informs and disciplines daily life, Robinson's peerless prose and boundless humanity are on full display. *What Are We Doing Here?* is a call for Americans to continue the tradition of those great thinkers and to remake American political and cultural life as "deeply impressed by obligation [and as] a great theater of heroic generosity, which, despite all, is sometimes palpable still." Would you like to understand the deeper spiritual meaning of

physical illness, parenting handicapped children, drug addiction, alcoholism, the death of a loved one, accidents, deafness, and blindness? Your Soul's Plan (which was originally published under the title *Courageous Souls: Do We Plan Our Life Challenges Before Birth?*) explores the premise that we are all eternal souls who plan our lives, including our greatest challenges, before we are born for the purpose of spiritual growth. Through compelling profiles of people who knowingly planned the experiences mentioned above, Your Soul's Plan shows that suffering is not purposeless, but rather imbued with deep meaning. Working with four

gifted mediums, author Robert Schwartz reveals the significance of each person's life plan and allows us a fascinating look into the "other side." Each personal story focuses on a specific life challenge, organized by type for easy reference. Accessible both to those familiar with the metaphysical aspects of spirituality and to the general reader, the moving narratives that comprise Your Soul's Plan help readers awaken to the reality that they are transcendent, eternal souls. With this stirring book as a guide, feelings of anger, resentment, guilt, and victimization are healed and transformed into acceptance, forgiveness, gratitude,

and peace. Robert Schwartz is also the author of *Your Soul's Gift: The Healing Power of the Life You Planned Before You Were Born*, which explores the pre-birth planning of spiritual awakening, miscarriage, abortion, caregiving, abusive relationships, sexuality, incest, adoption, poverty, suicide, rape, and mental illness. There's also a chapter about the pre-birth planning we do with our future pets. Reflections From An Old Soul What's the book is about and what the reader should expect This book is a

reflection of me the author, and the journey that I have chosen to travel along the designed high ways and by ways of my life. The different persons whom have been in and out of it, and the experiences that I have shared with them, as each individual has left a signature mark on my life as if they were signing a registry. The personal battles I had to fight in surviving as a child and right into my adult life as it progresses. Watching my mother struggled as we grow, and she lived to see us pursue our dreams. Being a father and is able to pass on a legacy to my children which was broken by mine, but I persevered, and I'm rebuilding that legacy I welcome you the reader in gasping

these simple life lines, and as you are able to visualize some of my experiences, I can assure you that you will find some of these words similar to what you have been through. I hope the stories will make you reflect on some of your past experiences, and maybe what you're at present feeling, as you walk with me on this journey. I do hope as you read this book you will be able to make a difference in interpreting the various literatures that I was able to visualize and share with you.

Reflections From An Old Soul Simon and Schuster

The diaries of a remarkable young woman who was determined to live a meaningful and happy life despite her

struggle with cystic fibrosis and a rare superbug—from age fifteen to her death at the age of twenty-five—the inspiration for the original streaming documentary *Salt in My Soul* “An exquisitely nuanced chronicle of a terrified but hopeful young woman whose life was beginning and ending, all at once.”—Los Angeles Times Diagnosed with cystic fibrosis at the age of three, Mallory Smith grew up to be a determined, talented young woman who inspired others even as she privately raged against her illness. Despite the daily challenges of endless medical treatments and a deep understanding that she'd never lead a normal life, Mallory was determined to

“Live Happy,” a mantra she followed until her death. Mallory worked hard to make the most out of the limited time she had, graduating Phi Beta Kappa from Stanford University, becoming a cystic fibrosis advocate well known in the CF community, and embarking on a career as a professional writer. Along the way, she cultivated countless intimate friendships and ultimately found love. For more than ten years, Mallory recorded her thoughts and observations about struggles and feelings too personal to share during her life, leaving instructions for her mother to publish her work posthumously. She hoped that her writing would offer insight to those living

with, or loving someone with, chronic illness. What emerges is a powerful and inspiring portrait of a brave young woman and blossoming writer who did not allow herself to be defined by disease. Her words offer comfort and hope to readers, even as she herself was facing death. *Salt in My Soul* is a beautifully crafted, intimate, and poignant tribute to a short life well lived—and a call for all of us to embrace our own lives as fully as possible.

 This book adopts an optimistic view of aging. It does not prescribe. It provides

no magic nostrums for eternal youth. Instead, its author Adolfo Quezada, a counselor of many years, centers on the soul and the spirit. If there is any instruction in *Old Soul, Young Spirit*, it is in helping you to explore a path to contentment in aging. It does this by describing ideals, the best way to think about such vital matters as loss, fear, uncertainty, one's purpose, death and, of course, love. This is a short book, but it is long on thought.
