The poetry of Jalal Al-Din Rumi is featured on 50 lavishly illustrated cards and a hardcover book. Each of the cards bears a quotation from a Rumi poem on one side and a glorious color work of Middle-Eastern Sufi or Islamic classical art on the other side.

As one of the most respected spiritual explorers of recent times, Ram Dass sparked a revolution with the publication of his 2-million-copy classic, *Be Here Now*. Since then, he has been a beacon for spiritual seekers worldwide, challenging us to find new sources of meaning and purpose in our lives. *Be Love Now* is a remarkable blend of autobiography and timeless spiritual insights. From his beginnings as a Harvard psychologist and psychedelic adventurer to his profound encounters with his Indian guru, Neem Karoli Baba, and moving beyond the reawakening brought on by his near-fatal illness, Ram Dass strikes a practical, humorous, soul-stirring chord in today's egotistical and lonely world. While offering us his rich life experiences, he also holds out a timeless, wonderfully universal adventure that will open our hearts and minds.

Mother Teresa's relationship with God and her commitment to those she served—the poorest of the poor—is here powerfully explored in her own words. Taken largely from her private lessons to her sisters, published here for the first time, *Where There is Love, There is God* unveils her extraordinary faith in and surrender to God's will. This book is in some way a sequel to *Mother Teresa: Come Be My Light*, in which her own very private spiritual struggles were explained. Sent to alleviate the sufferings of the poor, she assumed their struggles and pain in the depths of her heart. This led to particularly intense anguish which she lived through with heroic courage and fidelity over several decades. As important as this aspect of her life is, that remarkable testimony of her life and her words intensifies the need and desire to know more of her thought. There is much she can teach us as we face our daily struggles or sufferings, which can at times be unusually severe. *Where There is Love, There is God*, though not an exhaustive anthology of Mother Teresa's teaching, nonetheless shows what she believed and taught about important issues that confront all people. Due to her constant interaction with people of diverse backgrounds, no life situation was foreign to her and in this book her role is primarily one of teacher and guide. Love is perhaps the word that best summarizes Mother Teresa's life and message. The title reflects what she proclaimed during her entire life: God is alive, present, and "still loves the world through you and through me". Mother Teresa sought to be an extension of God's heart and hands in the world of today. She was called to be a missionary of charity, a carrier of God's love to each person she met, especially those most in need. Yet she did not think that this was a vocation uniquely hers; each person is in some way called to be a carrier of God's love. Through the practical and timely advice she offers, Mother Teresa sets

us on the path to closer union with God and greater love for our brothers and sisters. MOTHER TERESA (1910–1997) was born in Skopje (present-day Macedonia), and joined the Sisters of Loreto in Dublin in 1928. She left the Loreto order in 1948 to begin the Missionaries of Charity in Calcutta. Her service to the poorest of the poor became her life's work. She was awarded the Nobel Peace Prize in 1979 and was beatified in 2003. Editor of *Mother Teresa: Come Be My Light*, FATHER BRIAN KOLODIEJCHUK, M.C., Ph.D., was associated with Mother Teresa for twenty years and is now director of the Mother Teresa Center, which has offices in California, Mexico, India, and Italy. "What you are doing I cannot do, what I'm doing you cannot do, but together we are doing something beautiful for God, and this is the greatness of God's love for us—To give us the opportunity to become holy through the works of love that we do because holiness is not the luxury of the few. It is a very simple duty for you, for me, you in your position, in your work and I and others, each one of us in the work, in the life that we have given our word of honor to God....You must put your love for God in a living action." -Mother Teresa, *From Where There is Love, There is God*

Matt Hopwood set off with just a small bag and a walking stick, no possessions and an open mind to walk many hundreds of miles the length and breadth of the country. He relied entirely on the generosity of strangers for shelter and asked people to tell him their transforming stories. They did. All of these deeply enthralling, profoundly honest stories weave a web of tenderness, connection, compassion and community. For some people their love story will span decades and tell a tale of romantic love evolving through the passing years. Others' stories express fleeting moments of connection, care, concern. Most love stories are marked by sadness and loss. Some stories are concerned with maternal and paternal love, others with a love of place, a visceral connection with spirit through landscape. Love stories also connect deeply with our identities, in how we belong and how we are welcomed in society. Each story is different. Each beautiful. Each valuable.

This handbook includes state-of-the-art research on love in classical, modern and postmodern perspectives. It expands on previous literature and explores topics around love from new cultural, intercultural and transcultural approaches and across disciplines. It provides insights into various love concepts, like romantic love, agape, and eros in their cultural embeddedness, and their changes and developments in specific cultural contexts. It also includes discussions on postmodern aspects with regard to love and love relationships, such as digitalisation, globalisation and the fourth industrial revolution. The handbook covers a vast range of topics in relation to love: aging, health, special needs, sexual preferences, spiritual practice, subcultures, family and other relationships, and so on. The chapters look at love not only in terms of the universal concept and in private, intimate relationships, but apply a broad concept of love which can also, for example, be referred to in postmodern workplaces. This volume is of interest to a wide readership, including researchers, practitioners and students of the social sciences, humanities and behavioural sciences. In the 1970s through the 90s, I was told that globalization was homogenizing cultures into a worldwide monoculture. This volume, as risky and profound as the many adventures of love across our multiplying cultures are, proves otherwise. The authors' revolutionary and courageous work will challenge our sensibilities and expand the boundaries of what we understand what love is. But that's what love does: It communicates what is; offers what can be; and pleads for what must be. I know you'll enjoy this wonderful book as much as I do! Jeffrey Ady, Associate Professor (retired), Public Administration Program, University of Hawaii at Manoa, Founding Fellow, International Academy for Intercultural Research The International Handbook of Love is far more than a traditional compendium. It is a breath-taking attempt to synthesize our anthropological and sociological knowledge on love. It illuminates topics as diverse as Chinese love, one-night stands, teen romance or love of leaders and many more. This is a definitive reference in the field of love studies. Eva Illouz,

author of *The End of Love: A sociology of Negative relationships*. Oxford University Press. "This is not a volume to be read in a single sitting (though I almost did, due to a protracted hospital stay), nor is it romantic or inspirational reading (though, in some cases, I had hoped for more narrative examples and case studies. Rather it is a highly diverse scholarly effort, a massive resource collection of research papers on love in a variety of contexts, personal and professional settings, and cultures. The work is well referenced providing a large number of resources for deeper exploration. .... We owe our thanks to the authors and editors of this "handbook" for work well done, though that word in the title should not lead readers to suspect that, enlightening as it is, this book is a vade mecum or practical tour guide that provides ready solutions to the vicissitudes and challenges of our love lives!" Wall Street Journal bestseller Have you ever struggled to feel worthy at work? Do you know or lead people who do? When Amelia Dunlop first heard the phrase "elevating the human experience" in a leadership team meeting with her boss, she thought, "He is crazy if he thinks we will ever say those words out loud to each other much less to a potential client." We've been conditioned to separate our personal and professional selves, but work is fundamental to our human experience. Love and

worth have a place in work because our humanity and authentic identities make our work better. The acknowledgement of our intrinsic worth as human beings and the nurturing of our own or another's growth through love ultimately contribute to higher performance and organizational growth. Now as the Chief Experience Officer at Deloitte Digital, a leading Experience Consultancy, Amelia Dunlop knows we must embrace elevating the human experience for the advancement and success of ourselves and our organizations. This book integrates the findings of a quantitative study to better understand feelings of love and worth in the workplace and introduces three paths that allow individuals to create the professional experience they desire for themselves, their teams, and their clients. The first path explores the path of the self, an inward path where we learn to love ourselves when we show up for work, and examines the obstacles that hinder us. The second path centers around learning to love and recognize the worth of another in our lives, adding to the worth we feel and providing a source of meaning to our lives. The third path considers the community of work and learning to love and recognize the worth of those we meet every day at work, especially for those who may be systematically marginalized, unseen, or unrepresented. Drawing on her own personal journey to find love and worth at work in her twenty-year career as a management consultant, Amelia also weaves together insights from philosophers, theologians, and sociologists with the stories of people from diverse backgrounds gathered during her research. *Elevating the Human Experience: Three Paths to Love and Worth at Work* is for anyone who has felt the struggle to feel worthy at work, as well as for those who have no idea what it may feel like to struggle every day just to feel loved and worthy, but love people and lead people who do. It's a practical approach to elevating the human experience that will lead to important conversations about values and purpose, and ultimately, meaningful change.

*Think Like a Monk* Springer Nature

Jay Shetty, social media superstar and host of the #1 podcast *On Purpose*, distills the timeless wisdom he learned as a monk into practical steps anyone can take every day to live a less anxious, more meaningful life. When you think like a monk, you'll understand: -How to overcome negativity - How to stop overthinking -Why comparison kills love -How to use your fear -Why you can't find happiness by looking for it -How to learn from everyone you meet -Why you are not your thoughts -

How to find your purpose -Why kindness is crucial to success -And much more... Shetty grew up in a family where you could become one of three things—a doctor, a lawyer, or a failure. His family was convinced he had chosen option three: instead of attending his college graduation ceremony, he headed to India to become a monk, to meditate every day for four to eight hours, and devote his life to helping others. After three years, one of his teachers told him that he would have more impact on the world if he left the monk's path to share his experience and wisdom with others. Heavily in debt, and with no recognizable skills on his résumé, he moved back home in north London with his parents. Shetty reconnected with old school friends—many working for some of the world's largest corporations—who were experiencing tremendous stress, pressure, and unhappiness, and they invited Shetty to coach them on well-being, purpose, and mindfulness. Since then, Shetty has become one of the world's most popular influencers. In 2017, he was named in the *Forbes* magazine 30-under-30 for being a game-changer in the world of media. In 2018, he had the #1 video on Facebook with over 360 million views. His social media following totals over 38 million, he has produced over 400 viral videos which have amassed more than 8 billion views, and his podcast, *On Purpose*, is consistently ranked the world's #1 Health and Wellness podcast. In this inspiring, empowering book, Shetty draws on his time as a monk to show us how we can clear the roadblocks to our potential and power. Combining ancient wisdom and his own rich experiences in the ashram, *Think Like a Monk* reveals how to overcome negative thoughts and habits, and access the calm and purpose that lie within all of us. He transforms abstract lessons into advice and exercises we can all apply to reduce stress, improve relationships, and give the gifts we find in ourselves to the world. Shetty proves that everyone can—and should—think like a monk.

*The Path to Being a Better Man* Many modern men are consumed by anger, frustration, aggression, and fear. We are unable to connect effectively as a spouse, a father, a friend, and even a leader. We push people away, lash out at those we love the most, and keep our inner struggles to ourselves. This disjunction from the outside world poisons our relationships and threatens our ability to find true fulfillment. But there is a path to a better version of the modern man. By confronting the inner challenges that inform our outward behaviors, we can reshape ourselves. With help and courage, we can set off on a new journey toward better relationships, more honest and effective communication, and an overall better life. Tony C. Daloz harnesses over thirty years of professional experience as a practicing psychologist and researcher, as well as his own personal journey, to illuminate the road to a well lived life. The path—and the journeyman—will never be perfect, but the journey itself will

lead to lasting positive change for ourselves and for our loved ones.
