The Chronicles of Rhoda. Bloomsbury Publishing USA

The Water-Babies, A Fairy Tale for a Land Baby is a children's novel by the Reverend Charles Kingsley. Written in 1862-63 as a serial for Macmillan's Magazine, it was first published in its entirety in 1863. It was written as part satire in support of Charles Darwin's The Origin of Species. The book was extremely popular in England, and was a mainstay of British children's literature for many decades, but eventually fell out of favour in part due to its prejudices (common at the time) against Irish, Jews, Americans, and the poor.The protagonist is Tom, a young chimney sweep, who falls into a river after encountering an upper-class girl named Ellie and being chased out of her

house. There he drowns and is transformed into a "water-baby,"[2] as he is told by a caddisfly-an insect that sheds its skin-and begins his moral education. The story is thematically concerned with Christian redemption, though Kingsley also uses the book to argue that England treats its poor badly, and to question child labour, among other themes. Tom embarks on a series of adventures and lessons, and enjoys the community of other water-babies once he proves himself a moral creature. The major spiritual leaders in his new world are the fairies Mrs. Doasyouwouldbedoneby (a reference to the Golden Rule), Mrs. Bedonebyasyoudid, and Mother Carey. Weekly, Tom is allowed the company of Ellie, who became a water-baby after he did. Grimes, his old master, drowns as well, and in his final adventure, Tom travels to the end of the world to attempt to help the man where he is being punished for his misdeeds. Tom helps Grimes to find repentance, and Grimes will be given a second chance if he can successfully perform a final penance. By proving his willingness to do things he does not like, if they are the right things to do, Tom earns himself a return to human form, and becomes "a great man of science" who "can plan railways, and steam-engines, and electric telegraphs, and rifled guns, and so forth." He and Ellie are united, although

the book states that they never marry (claiming that in fairy tales, no one beneath the rank of prince and princess ever marries)..... Charles Kingsley (12 June 1819 - 23 January 1875) was a broad church priest of the Church of England, a university professor, social reformer, historian and novelist. He is particularly associated with Christian socialism, the working men's college, and forming labour cooperatives that failed but led to the working reforms of the progressive era. He was a friend and correspondent with Charles Darwin..... Jessie Willcox Smith (September 6, 1863 - May 3, 1935) was one of the most prominent female illustrators in the United States during the Golden Age of American illustration. She was a prolific contributor to respected books and magazines during the late 19th and early 20th centuries. She illustrated stories and articles for clients such as Century, Collier's, Leslie's Weekly, Harper's, McClure's, Scribners, and the Ladies' Home Journal. She had an ongoing relationship with Good Housekeeping, including the long-running Mother Goose series of illustrations and creating all the covers from 1915 to 1933. Among the more than 60 books that Smith illustrated were Louisa May Alcott's Little Women and An Old-Fashioned Girl, Henry Wadsworth Longfellow's Evangeline, and Robert Louis Stevenson's A Child's Garden of Verses....

Hark! hark! the dogs bark,The beggars are coming to town;Some in rags and some in tags,And some in a silken gown.Some gave them white bread,And some gave them brown,And some gave them a good horse-whip,And sent them out of the town.Little Jack Horner sat in the corner,Eating a Christmas pie;He put in his thumb, and pulled out a plum,And said, oh! what a good boy am I. *A Child's Garden of Verses - Illustrated by Jessie Willcox Smith* E-Kitap Projesi & Cheapest Books

Mother Goose – The Old Nursery Rhymes is a collection of fairy tales and nursery rhymes, penned by the legendary (and only some claim imaginary), ‘Mother Goose.’ They have inspired many folklorists and illustrators (including Arthur Rackham, Jessie Willcox-Smith and Jennie Harbour) – as well as countless generations of children and parents. Harbour’s Mother Goose was originally published in 1900, to instant critical acclaim. Jennie Harbour (1893 – 1950) was an immensely talented and popular illustrator. Despite this, very little is known about her life. She managed to capture the public’s imagination with her delicate and ethereal illustrations. They most commonly featured subtle yet bold washes of colour, with few of the thick black outlines so common in other illustrations of the day. Vibrant colours and Art Deco patterns full of energy and emotion characterise Harbour’s work. The illustrations are presented in conjunction with the Mother Goose Nursery Rhymes – both aspects further refining and elucidating the other. Pook Press celebrates the great ‘Golden Age of Illustration’ in children’s literature – a period of unparalleled excellence in book illustration from the 1880s to the 1930s. Our collection showcases classic fairy tales, children’s stories, and the work of some of the most celebrated artists, illustrators and authors.

A Child’s Garden of Verses is a book written by Robert Louis Stevenson – it is here accompanied by the splendid illustrations of Jessie Willcox Smith. Stevenson (1850 – 1894), was a Scottish novelist, poet, essayist and travel writer, most famous for penning Treasure Island, and the Strange Case of Dr. Jekyll and Mr. Hyde. His A Child’s Garden of Verses is a collection of poetry, which first appeared in 1885, under the title of Penny Whistles. It contains about 65 poems including the cherished classics ‘Foreign Children’, ‘The Lamplighter’, ‘The Land of Counterpane’, ‘Bed in Summer’, ‘My Shadow’ and ‘The Swing’. Jessie Willcox Smith (1863 – 1935) was one of the most prominent female illustrators in the United States during the Golden Age of American Illustration. She was also a prolific contributor to literary novels and magazines during the late nineteenth and twentieth centuries. Most notable was her ongoing relationship with Good Housekeeping, including the long-running ‘Mother Goose’ series. Smith’s style changed drastically through her life. In the beginning of her career she used dark lined borders to delineate brightly coloured objects, and in later works she masterfully softened lines and colours – until they almost disappeared. Presented alongside the text, her illustrations bring further joy to Robert Louis Stevenson’s poetry. Pook Press celebrates the great ‘Golden Age of Illustration’ in children’s literature – a period of unparalleled excellence in book illustration. We publish rare and vintage Golden Age illustrated books, in high-quality colour editions, so that the masterful artwork and story-telling can continue to delight both young and old.
