EDIT: Updates for 2017! Added more spells, illustrations and a glossary. I compiled this Book of Shadows from a collection of spells I have been using since I started down my path. This book contains over 100 spells, a list of runes, how they can be used in spell casting and even crafting your own spells. I've collected these spells from several different sources, mostly from witches I have met in my travels and covens I have been a part of. I've tweaked a few of these spells to fit my needs from time to time and you can do the same as the words aren't what give the spells power, your energy is what really matters, so feel free to do the same and change what you want to suit your own needs. The craft of Magic is a constant fluctuating living thing and our ancestors have borrowed, changed, and made from scratch what we practice today. I hope this book helps you grow as a person and a spellcrafter. -Brittany Nightshade-Brittany Nightshade

Since Phyllis Currot first published *Book of Shadows*, the story of her spiritual journey and initiation as a High Priestess in the Wiccan community, *Witchcraft* has captured America's imagination as a theme for fiction, television shows, and films. Now America's highest-profile Witch returns to dispel more myths and misrepresentations of her faith, and to share a practical guide to the beautiful spiritual rituals and philosophies behind Wiccan tradition. Rich with enchanting stories from Currot's own experiences and detailed advice for creating potions, working with Nature, and finding the Divine within, *Witch Crafting* is much more than just another superficial recipe book. Currot's unique guidebook integrates the inspiration of religious wisdom with sound, practical information. *Witch Crafting* reveals how to: incorporate Wiccan practices into your daily life; master the secret arts of effective spell casting; create sacred space and personal rituals; perform divinations for insight and success; and tap the magical power of altered states, such as dreaming meditation, prayer, and trance. Perfect for beginners or seasoned practitioners, *Witch Crafting* is the ideal handbook for anyone seeking to unlock the divine power that makes real magic happen, and to experience the power and gifts of the universe more fully.

The author of *Book of Shadows* digs deep into the practices and principles of Witchcraft to provide a comprehensive guidebook that anyone—novices and seasoned practitioners alike—can use to incorporate the beauty and power of Wicca into their own daily lives. Phyllis Currot's first book, *Book of Shadows*, was an inspirational, spiritual memoir that chronicled her journey from Ivy League-educated, New York City attorney to Wiccan High Priestess. By inviting readers of all faiths to share in her own personal transformation, Phyllis debunked many of the myths surrounding Wicca and revealed it for what it really is: a spiritual movement whose tenets of Goddess worship and reverence for Nature were a great deal more accessible and familiar than she'd ever expected. Far from being just another mechanical spell book, *Witch Crafting* is the first book to offer readers not only the how-to of Witchcraft, but also the why-to, explaining the profound spiritual tenets behind Wiccan techniques. Filled with both traditional and innovative shamanic practices, Phyllis also provides an empowering new definition of magic and reexamines the ethics under which Witchcraft is practiced, offering a groundbreaking alternative to the Threefold Law. With enchanting stories from Currot's own experiences, *Witch Crafting* will also teach you how to: • Master the secret arts of effective spellcasting • Create sacred space and personal rituals • Perform divinations for spiritual insight and earthly success • Tap into the power of altered states, such as dreaming, meditation, prayer, and trance • Keep a magical journal and create your own Book of Shadows Rich with detailed advice for making magic, working with Nature, and finding the Divine within, as well as thought-provoking evaluations of this remarkable spirituality, *Witch Crafting* is the special volume that you've been searching for. Whether you are a beginner or have been practicing Witchcraft for years, whether you worship in a coven or on your own, *Witch Crafting* is the ideal handbook for you, or anyone seeking to unlock the divine power that makes real magic happen and experience the ecstasy, energy, and gifts of the Universe more fully.

A Book of Shadows is a book containing religious texts and instructions for magical rituals found within the Neo-pagan religion of Wicca. The first Book of Shadows was created by Gerald B. Gardner, (an author as well as an amateur archaeologist and anthropologist), in the late 1940's or early 1950's, which he used in his Bricket Wood coven and then in later covens which he founded. The concept was adopted by other traditions. The current Book of Shadows is a compilation of manuscripts found in his museum after his death.

Merry Meet! I've compiled this Book of Shadows from a collection of spells I have been using since I started down my path. This book contains a wide array of love spells and a section on Futhark Runes and how they can be used in spell casting and crafting. I've collected these spells from several different sources, mostly from witches I have met while learning about the craft. I've tweaked a few of these spells to fit my needs from time to time and you can do the same as the words aren't what give the spells power, your energy and intention is what really matters, so feel free to do the same and change what you want to suit your own needs. I've included a lengthy section on The Futhark Runes and their meaning so that you can learn about these ancient symbols of power granted to Odin by the Norns. With this knowledge you can incorporate the runes into your own rituals or even engrave them into objects to make your own powerful magickal artifacts. The craft of Magic is a constant fluctuating living thing and our ancestors have borrowed, changed, and made from scratch what we practice today. I hope this book helps you grow as a person and a spell crafter. -Brittany Nightshade

In the tradition of American Horror Story and The Craft, a young girl discovers a magical spell book and dives headfirst into the occult—but this powerful book comes with a dangerous warning: OPEN AT YOUR OWN RISK. All Melanie wants is a blank book to keep a journal of her private thoughts. One day while browsing in a used bookshop, she finds the perfect blank book—smooth black leather with strange symbols in gold embossing. But once she gets home, Melanie finds herself too intimidated by the heavy vellum pages to write her trivial thoughts on them. Her Wiccan friend Lara tells her it's better suited to be a magical spell book, called The Book of Shadows. Melanie doesn't know much about that stuff, but Lara, her boyfriend Caleb, and his friend Lucas, get her started by writing their own made up spells inside the book's tempting pages. What they didn't expect was a new spell showing up inside the book—and in handwriting none of them recognize. Soon they discover that the spells suggested by The Book of Shadows itself do work—but not without wreaking havoc on the lives of the four teenagers.

The Books of Shadows Harmony

This book has been written as a guide to some of the advanced techniques of ritual circle building within the overall tradition of modern Wicca. It is intended for anyone who is currently practising Witchcraft, of any form, who wishes to explore advanced techniques beyond his or her current style of ritual practice. This book has been entitled; 'Beyond the Book of Shadows' because it is a sincere attempt to explain and develop Wiccan ritual practice beyond where the 'Book of Shadows' left off; especially regarding the awareness of the energetic side of ritual. It is primarily focused on just two practices; the setting up of a magical circle and the invoking of Divine force into it. Together these form the two fundamentals of Wiccan magic ritual. The idea is that if these two practices are learnt correctly and done to the best of our ability, then everything else will fall into place and evolve quite naturally. What really goes on in a Wiccan circle (or indeed, in any ritual circle), on a magical level, is rarely written about. This book is an attempt to remedy this gap, by being a guide to conducting the fundamentals of ritual and an inspiration to the mystery of ritual. For when any ritual truly comes alive it enters into the other world and takes us with it. Wicca, for all its idiosyncrasies and differences has, at its heart, a pure diamond of divine mysteries. It is one of the very few mystery religions we still have with us today.
