This repertoire of simplified classical and folk music is intended for students who are new to the piano, but who already knows how to read music and place their fingers on the instrument. This is not a learning method, but a sheet music support, classified from the simplest to the most complicated

piece. It is designed to help you grow from beginner to intermediate pianist. Classical music is a great way to learn the piano, however, it is not always enjoyed by novice pianists. This is why I only chose well-known and short pieces in order to combine enjoyment and improvement. This is the secret to progress quickly!
